

AGREEMENT REGARDING FILL DIRT AND RELEASE

This Agreement Regarding Fill Dirt and Release (the “**Agreement**”) is made and entered into effective as of this _____ day of April, 2025, by and between the ORANGE COUNTY FLOOD CONTROL DISTRICT (the “**District**”) and the CITY OF CHINO (“**City**”). The District and City are sometimes referred to herein individually as a “**Party**” and collectively as the “**Parties**.”

RECITALS

A. The District is the fee simple owner of the real property at the southeast corner of Pine Avenue and Johnson Avenue located at 7319 Pine Avenue (Assessor’s Parcel Number 1057-191-01-0000) and 7363 Pine Avenue (Assessor’s Parcel No. 1057-191-02-0000), located in the City of Chino in San Bernardino County, California 91708 as shown on **Exhibit A**, attached hereto and incorporated herein (“**District Property**”).

B. The City desires fill dirt from the District Property for purposes of completing adjacent City road projects.

AGREEMENT

NOW, THEREFORE, in consideration of mutual promises set forth in this Agreement, the sufficiency of which is hereby acknowledged, and based on the facts stated in the Recitals above, which are incorporated herein as though fully set forth, the Parties agree to the following:

1. **Conditions Precedent.** The consummation of the transactions contemplated by this Agreement is contingent upon the satisfaction of the following conditions (“**Conditions Precedent**”). Prior to any work being performed on the District Property, the District shall have the right to receive from the City, review, and approve (which approval shall not be unreasonably withheld, conditioned, or delayed) any and all grading plans for the District Property approved by the City or any other governmental agency in connection with the City’s adjacent City road projects, and any grading plans for removal of fill materials from the District Property and restorative grading of the District Property after removal (“**Grading Plans**”). The Parties acknowledge and agree that the District has reviewed conceptual grading plans presented by the City to the District on January 23, 2025, County Property Permit No. FE23-0040 pertaining to proposed grading on the District Property. Based on this initial review of the conceptual grading plans, the District concluded that the proposed grading would not unreasonably interfere with the District’s use and was acceptable. The District’s review of the conceptual grading plans did not, however, constitute an approval of those grading plans and nothing herein shall constitute a pre-commitment on the part of the District to formally approve the conceptual grading plans in the future. The District agrees to cooperate with the City in reviewing and developing grading plans that would be acceptable to the District and the United States Army Corps of Engineers (“**Corps**”). Without limiting the foregoing language, the District agrees that the City shall be entitled to approximately 10,820 cubic yards of fill as set forth in **Exhibit A**.

2. **Cooperation.** The District agrees to reasonably cooperate with the City by executing any documents as may be reasonably required in connection with the City’s efforts to

satisfy the Conditions Precedent, including, without limitation, any documents requested by the Corps, or any other governmental agency.

3. Termination of Agreement. In the event any of the Conditions Precedent are not either satisfied on or before the date specified for satisfaction of each respective condition, or expressly waived by the Parties in writing, any Party shall have the right to terminate this Agreement by delivery of written notice to the other Parties. In the event of such termination, none of the Parties shall thereafter have any obligations to, or rights against, the other under this Agreement, except provisions herein which expressly survive termination. Notwithstanding anything to the contrary in the foregoing, this Section 3 shall not apply in the event of a breach of this Agreement by any Party.

4. Agreement to Transfer and Accept Fill Dirt. Subject to all of the terms, conditions, and provisions of this Agreement and the License issued in accordance with the provisions of section 4.A, below, and for the consideration herein set forth below, effective upon the satisfaction of the Conditions Precedent set forth above, the District agrees to allow the City, as City's sole responsibility and liability and City's sole expense, to excavate and transfer fill dirt from the District Property to adjacent City road projects, pursuant to Grading Plans approved by the District, in a volume not to exceed, in the aggregate, a total of approximately 10,820 cubic yards, and the City agrees to accept the transfer of such fill dirt and to be responsible for its complete removal from the District Property and transportation to the adjacent City road project. The City, as its sole responsibility and liability and at its sole expense, shall restore and re-grade the District Property pursuant to the aspect of the Grading Plans approved by the District that pertain to the District Property. The District's staff shall be permitted to inspect and approve the restoration of the District Property to ensure that restoration adheres to the Grading Plans approved by the District.

A. *License.* Upon final approval of the Grading Plans by the District and fulfillment of the other Conditions Precedent, above, the District will grant to the City and its agents, employees, representatives, and contractors, a non-exclusive temporary irrevocable license ("License"), for ingress and egress to the District Property to allow the City to excavate and remove the fill dirt set forth in Section 4, above. The License shall be in the form of a County Public Property Permit issued by OC Public Works/Public Property Permits ("CPP Process") and at a cost to the City of Ten Dollars (\$10.00) per cubic yard of soil for a maximum of 10,820 cubic yards of soils sought by the City for a total consideration of One Hundred Eight Thousand and Two Hundred Dollars (\$108,200.00), and subject to the conditions set forth in the permit during the CPP Process.

B. *Term.* The term of the License shall commence upon the satisfaction of the Conditions Precedent set forth above in Section 1 and shall terminate upon the earlier of (1) the completion of City's removal of the fill dirt set forth in Section 4, above; or (2) January 1, 2027, unless otherwise extended in a writing signed by the Parties.

C. *Insurance.* City agrees to maintain a program of self insurance or commercial insurance and provide to the District current Certificates of Insurance, including all endorsements if commercially insured required herein, necessary to satisfy the District that the insurance provisions of this Agreement have been complied with. City shall keep such insurance

coverage current, provide Certificates of Insurance and endorsements if commercially insured to the District during the entire term of this Agreement.

City agrees that City shall not operate on District Property at any time the required insurance is not in full force and effect as evidenced by a Certificate of Insurance and necessary endorsements or, in the interim, an official binder being in the possession of District.

If City fails to provide District with a valid Certificate of Insurance and endorsements, or binder at any time during the term of the License, District and City agree that this shall constitute a material breach of the License. Whether or not a notice of default has or has not been sent to City, said material breach shall permit District to take whatever steps necessary to interrupt any operation from or on District Property, and to prevent any persons, including, but not limited to, members of the general public, and Licensee's employees and agents, from entering the District Property until such time as District is provided with adequate evidence of insurance required herein.

All contractors performing work on behalf of City pursuant to this Agreement shall obtain insurance subject to the same terms and conditions as set forth herein for City. City shall not allow contractors or subcontractors to work if contractors have less than the level of coverage required by the County from the City under this License. It is the obligation of the City to provide written notice of the insurance requirements to every contractor and to receive proof of insurance prior to allowing any contractor to begin work within District Property. Such proof of insurance must be maintained by City through the entirety of this Agreement and be available for inspection by a District representative at any reasonable time.
