

Those persons wishing to speak on any item included on the agenda, or on any matter within the subject matter jurisdiction of the City Council, are invited fill out and submit to the City Clerk a "Request to Speak" form (name and address optional) which is available at the entrance to the City Council Chambers. Additionally, members of the public may submit electronic public comments to [CityClerk@cityofchino.org](mailto:CityClerk@cityofchino.org) no later than 4:00 p.m. on the day of the meeting. In your email, please include the meeting date, agenda item you are commenting on, and your comment. All comments received by the deadline will be forwarded to the City Council for consideration before action is taken on the matter and will be entered into the record for the meeting specified in email received.

If you require a reasonable accommodation to participate in this meeting per your rights under the Americans with Disabilities Act or for any other reason, please contact the City Clerk's Office (909) 334-3306, at least 48 hours prior to the advertised starting time of the meeting.

Any documents produced by the City and distributed to a majority of the City Council regarding any item on this agenda will be made available in the City Clerk's Office during normal business hours at City Hall located at 13220 Central Avenue, Chino. In addition, such documents will be posted on the City's website at [www.cityofchino.org](http://www.cityofchino.org).

### **REPORT OUT OF CLOSED SESSION**

### **AGENDA ADDITIONS/REVISIONS**

### **INFORMATION**

External Agency Report for June 17, 2025. Receive and file the External Agency Report for  
June 17, 2025 (Covering Meetings from April 1 - April 30, 2025).

### **PUBLIC ANNOUNCEMENTS**

*This is the time and place for the Mayor to inform the public of all upcoming events and past  
occurrences of communitywide interest and concern.*

### **PUBLIC COMMENTS**

*This is the time and place for the general public to address the City Council about subjects that do  
not appear elsewhere on the agenda. Due to Council policy and Brown Act requirements, action will  
not be taken on any issues not on the Agenda. Ordinance No. 97-08 (Chino Municipal Code Section  
2.04.090) limits speakers to no more than five (5) minutes in which to address Council, except as  
provided under Government Code 54954.3(b)(2). If more than three (3) persons seek to address the  
same agenda item or the same subject matter, the Mayor shall establish a maximum period of time  
not to exceed thirty (30) minutes.*

### **CONSENT CALENDAR**

*At this time, members of the public may present testimony as to why an item should be removed  
from the Consent Calendar for separate discussion. Unless a member of the public or City Council  
requests that an item be removed from the Consent Calendar, all items will be acted upon as a  
whole and by one vote. Items placed on the Consent Calendar represent routine expenditures  
and/or actions that support ongoing City operations.*

1. Warrants. Approve expenses as audited and within budget for warrants 775889 to 776009 ,  
and Electronic Fund Transfers 524462E to 524511E, totaling \$2,845,198.46

2. Minutes. (a) Regular Meeting Minutes for June 3, 2025 (Council Member Comstock Absent-Excused); (b) Special Meeting Minutes for June 11, 2025 (Mayor Ulloa Absent-Excused).
3. Elected City Officials' Report Regarding Travel, Training, and Meetings. Receive and file the Elected City Officials' Report reflecting City Council business related expenses incurred by the City.
4. Report on Priority State and Federal Legislative Issues. Receive and file the Priority Legislative Items Report dated June 17, 2025; the Tracked State Legislation Report; and Position Letters on Legislation.
5. Amendment No. 2 to the Animal Shelter and Control Services Agreement No. 2022-037 Between the City of Chino and Inland Valley Humane Society & S.P.C.A. (IVHS). Approve Amendment No. 2 with IVHS to allow early transfer of certain response services and transitions to the Animal Resource Center of the Inland Empire (ARC), including clarified indemnification terms.
6. Notice of Completion - Ayala Park Improvements Phase 1B-Softball Fields 1-4 Project (PK231). Accept the Ayala Park Improvements Phase 1B-Softball Fields 1-4 Project complete by Act 1 Construction, Inc., Norco, CA; authorize the City Manager to file the Notice of Completion; and release the retention funds following the 35-day lien period.
7. Landscape and Streetlight Maintenance District Assessment for Fiscal Year 2025-26. Adopt Resolution No. 2025-031 directing the filing of an annual report; adopt Resolution No. 2025-032 approving the Engineer's Report; and adopt Resolution No. 2025-033 declaring its intention to order improvements for Assessment Districts.
8. Award a Construction Contract to Gentry Brothers, Inc. for the Citywide Slurry & Pavement Improvements FY2025 Project (NC251). Approve the plans and specifications for construction and award a construction contract to Gentry Brothers, Inc., Project NC251 for \$1,663,600; and authorize up to \$166,360 (10% of the contract amount) for construction contingencies.

## **PUBLIC HEARINGS**

***Prior to the vote of the City Council, any member of the audience will have the opportunity to address Council on any items listed under Public Hearings. Council requests, but it is not required, that you state your name and address prior to making any remarks.***

9. Introduction of Ordinance 2025-003 - Zoning Ordinance Amendment (PL25-0031). A proposed amendment to Title 20 (Zoning) of the Chino Municipal Code consisting of modifications and additions to Chapter 20.06 (Commercial Land Uses), Chapter 20.07 (Industrial Land Uses), Chapter 20.23 (Administration), and Chapter 20.24 (Glossary).

Staff Report By: Andrea Gilbert, City Planner

RECOMMENDATION: 1) Conduct a Public Hearing; 2) approve the introduction of Ordinance No. 2025-003, a proposed amendment to Title 20 (Zoning) of the Chino Municipal Code, consisting of modifications and additions to Chapter 20.06 (Commercial Land Uses), Chapter 20.07 (Industrial Land Uses), Chapter 20.23 (Administration), and Chapter 20.24 (Glossary), to be read by number and title only, and waive further reading of the Ordinance.

***ORDINANCE NO. 2025-003 - AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CHINO, CALIFORNIA, AMENDING SELECTED PROVISIONS OF THE ZONING CODE (TITLE 20 OF THE MUNICIPAL CODE) OF THE CITY OF CHINO. PL25-0031 (ZONE ORDINANCE AMENDMENT)***

10. Community Development Block Grant (CDBG) 2025-30 Consolidated Plan and 2025-26 One-Year Action Plan. Conduct a Public Hearing and approve the 2025-30 Five-Year Consolidated Plan, which includes the 2025-26 One-Year Action Plan governing the use of Community Development Block Grant (CDBG) Funds.

Staff Report By: Traci Rossetti-Smith, Senior Management Analyst

RECOMMENDATION: 1) Conduct a public hearing to receive comment; 2) approve the 2025-30 Five-Year Consolidated Plan, which includes the 2025-26 One-Year Action Plan governing the use of Community Development Block Grant (CDBG) funds; 3) Carryover an estimated amount of \$80,080.01 in unexpended funds from Program Year 2023-24; 4) authorize the City Manager to execute all required United States Department of Housing and Urban Development (HUD) documents and submit the 2025-30 Five-Year Consolidated Plan inclusive of the 2025-26 One-Year Action Plan to HUD; and 5) authorize staff to complete all federal environmental reviews per 24 Code of Federal Regulations (CFR), Part 58.

11. Adoption of Resolution 2025-030 - Annual Adjustment of Development Impact Fees, Park Development Fees & Administrative Fee for Fiscal Year 2025-26. Adopt Resolution 2025-030 authorizing the annual adjustment of Development Impact Fees, Park Development Fees & Administrative Fee for Fiscal Year 2025-26.

Staff Report By: Sylvia Ramos, Contracts & DIF Administrator

RECOMMENDATION: 1) Conduct a duly noticed public hearing in accordance with Government Code Section 66016; 2) find that the City's Development Impact Fee (DIF) program continues to represent the most expedient and equitable mechanism for financing the construction and improvement of public facilities necessitated by development; 3) adopt Resolution No. 2025-030 authorizing: (a) the annual adjustment of DIF based on the applicable Engineering News-Record (ENR) Construction Cost Index escalator, consistent with the City's adopted passthrough methodology; (b) the reduction of the Capital Administration Fee from 12% to 3% to reflect actual costs incurred by the City for administering the DIF program; and (c) the update of Residential Park Development Fees pursuant to the provisions of Title 18 of the Chino Municipal Code; and 4) authorize staff to implement the adjusted fees effective 60 days after adoption of Resolution No. 2025-30, in accordance with Government Code Section 66017.

12. Comprehensive User Fee Study. Conduct a Public Hearing and adopt Resolution No. 2025-029, updating user fees for City-provides services.

Staff Report By: Kim Sao, Director of Finance and Tony Thrasher, Willdan

RECOMMENDATION: Conduct a public hearing to consider the proposed Resolution No. 2025-029 to adopt new and changed City fees for service per the Comprehensive User Fee Study Report.

## **NEW BUSINESS**

13. Fiscal Year 2025-2026 Budget Adoption. Approve the Fiscal Year (FY) 2025-26 Proposed Budget and Appropriations Limit for Fiscal Year 2025-26 and authorize the City Manager to execute all necessary documents on behalf of the City.

Staff Report By: Kim Sao, Director of Finance

RECOMMENDATION: 1) Adopt Resolution No. 2025-034, approving the Fiscal Year (FY) 2025-26 Proposed Budget; 2) adopt Resolution No. 2025-035, approving the Appropriations Limit for Fiscal Year 2025-26; and 3) authorize the City Manager to execute all necessary documents on behalf of the City.

14. Award of Contract - Citywide Janitorial Services. Award a professional services contract with CCS Facility Services-Orange County Inc., Costa Mesa, CA for Citywide Janitorial Services in the amount of \$580,753.06, with four additional one-year options to renew.

Staff Report By: Jeff Benson, Parks & Facilities Manager

RECOMMENDATION: Award a professional services contract with CCS Facility Services-Orange County Inc., Costa Mesa, CA for Citywide Janitorial Services, in the amount of \$580,753.06 with four additional one-year options to renew and authorize the City Manager to execute all necessary documents on behalf of the City.

15. Amendment No. 5 to Professional Services Agreement with Kaplan Kirsch, LLC for Legal Services. Approve Amendment No. 5 to the Professional Services Agreement for legal services with Kaplan Kirsch, LLC, in the amount of \$220,000.

Staff Report By: Natalie Avila, Associate Engineer

RECOMMENDATION: Approve Amendment No. 5 to the professional services agreement for legal services with Kaplan Kirsch, LLC, (Contract 2022-285), in the amount of \$220,000, for a total contract amount not to exceed \$310,000; and authorize the City Manager to execute all necessary documents on behalf of the City.

16. Professional Services Agreement for Community Facilities District Program Management and Related Services. Award a Professional Services Agreement to David Taussig and Associates, Inc. for \$265,000 for the Community Facilities District Program Management and related services.

Staff Report By: Sylvia Ramos, Contracts & DIF Administrator

RECOMMENDATION: Award a Professional Services Agreement to David Taussig and Associates, Inc. for \$265,000 for the Community Facilities District Program Management and related services; and authorize the City Manager to execute the necessary documents on behalf of the City.

### **MAYOR AND COUNCIL REPORTS**

***This is the time and place for the Mayor and Council Members to report on prescheduled Council Committee Assignment Meetings that were held since the last Regular Council Meeting, and any other items of interest. Upon request by an individual Council Member, the City Council may choose to take action on any of the subject matters listed below.***

Mayor Ulloa

17. Community Support Fund - Mayor Ulloa. Approve community support fund contributions for multiple non-profits and community groups for the Fiscal Year 2024-25.

Staff Report By: Mayor Eunice M. Ulloa

RECOMMENDATION: Approve community support fund contributions of \$225 to Boy Scout Troop 201, \$225 to Boy Scout Troop 205, \$225 to Trail Life Troop 2678, \$225 to Chino American Little League, \$500 to Chino Youth Boxing Foundation, \$200 to Chino Girls Fastpitch, \$200 to Chino High School Sports Booster, \$200 to Chino Youth Museum, \$1,000 Rebel Ranch, \$200 to Don Lugo High School Sports Booster, \$200 to Food for Life Ministry, \$200 to HOPE Family Resource Center, \$250 to Kiwanis Club of Chino (Corn Feed Run), \$250 to Isaish's Rock, \$200 to Soroptimist International of the Chino Valley, and \$200 to UChooz Positive Youth.

External Agency Report for June 17, 2025.

**RECOMMENDATION**

Receive and file the External Agency Report for June 17, 2025 (Covering Meetings from April 1 - 30, 2025).

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above furthers the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built by fostering:

- Positive City Image
- Financial Stability
- Responsible Long-Range Planning
- Exemplary Leadership
- Public Service Excellence through Internal and External Partnerships

**BACKGROUND**

Members of the Chino City Council are assigned to represent the City on several external agencies, committees, boards, and task forces. While the frequency of meetings varies by agency, many meet monthly. Others meet quarterly, bi-monthly, or on an as-needed basis.

**ISSUES/ANALYSIS**

The attached Monthly Agency Report for June 17, 2025, summarizes recent discussions and actions during external meetings attended by City Council Members. It focuses on items that may impact or be of interest to the City of Chino, its residents, and its businesses. The report covers meetings that occurred from April 1 - 30, 2025.

# CITY OF CHINO

## MONTHLY AGENCY REPORTS

JUNE 17, 2025 - Covering meetings from April 1 – April 30, 2025

Members of the Chino City Council are assigned to represent the City on several external agencies, committees, boards, and task forces. This report summarizes the actions and discussions of those entities as they may impact or be of interest to the City of Chino, its businesses, and its residents.

### ANIMAL RESOURCE CENTER OF THE INLAND EMPIRE JOINT POWERS AUTHORITY

Council Representative: Curtis Burton | Staff Report by: Rogelio Huerta

No meeting during this reporting period.

**Next anticipated meeting date: May 6, 2025**

### CHAFFEY COLLEGE CHINO COMMUNITY CENTER OVERSIGHT COMMITTEE

Council Representative: Marc Lucio | Staff Report By: Silvia Avalos

No meeting during this reporting period.

**Next anticipated meeting date: June 17, 2025**

### CHINO VALLEY CHAMBER OF COMMERCE

Council Representative: Christopher Flores | Staff Report By: Ellyse Martinez

**Meeting Date: April 15, 2025**

On Saturday, April 12, Council Member Chris Flores and staff member Linda Hinojos attended the Empower Physical Therapy and Wellness Ribbon Cutting. Council Member Flores presented the business with a certificate of congratulations. The business is located at 5632 Philadelphia St., Suite 102.

**Next anticipated meeting date: May 20, 2025**

### CHINO BASIN DESALTER AUTHORITY

Council Representative: Curtis Burton | Staff Report By: Pete Vicario

**Meeting Date: April 22, 2025**

The Chino Basin Desalter Authority (CDA) reported that 399 acre-feet of water was delivered to the City of Chino in December.

The CDA Technical Advisory Committee (TAC) recommended the following, all of which were approved:

- Approval of the 1<sup>st</sup> Amendment to Lease the CDA administration offices located at 3550 E.

Philadelphia Street, Suite 170, in the City of Ontario from Adaya Slover Holdings, LLC. The new lease would begin July 1, 2025, for a duration of five years at a monthly rate of \$2,641.38. The FY 25/26 budget includes sufficient funds.

- Approval of the purchase of two Wemco Model C sludge transfer pumps from Flow-Systems, Inc. for the amount of \$61,983. Authorize the General Manager/CEO to execute the purchase order not to exceed \$70,000. These transfer pumps will be installed at the Chino II Desalter and will replace existing aging infrastructure. The current FY 24/25 budget covers \$60,000, with the remaining \$10,000 will be offset from the CIP budget in the FY 25/26.
- Approval of professional services agreement with Butier Engineering, Inc. for inspection services for the Chino II Desalter and Archibald Pump Station Roof Replacement Project for \$59,136.00. Authorized the General Manager/CEO to execute the purchase order not to exceed \$65,000. The FY 24/25 budget includes sufficient funds.
- Approval of professional services agreement with Cannon Corporation for Chino I Supervisory Control and Data Acquisition system programming for \$25,410.00. Authorized the General Manager/CEO to execute the purchase order not to exceed \$340,000. There is no impact on the budget.

**Next anticipated meeting date: May 27, 2025**

#### CHINO BASIN WATERMASTER

Council Representative: Curtis Burton | Staff Report By: Benjamin Orosco

**Meeting Date: April 24, 2025**

#### **Business Items**

- **2025 Update to the 2022 Chino Basin Watermaster Rules and Regulations.** A key topic of discussion was the safe yield court-approved reset methodology. The safe yield storage for the Chino Basin went from 700,000 acre-feet to 900,000 acre-feet. Safe yield storage refers to the maximum quantity of water that can be guaranteed during a critical dry period. It ensures that annual withdrawals do not exceed the annual rate of recharge, making the withdrawals within a safe level of extraction. Safe yield storage is the maximum amount of water that can be stored in the Chino Basin. Watermaster Board members unanimously approved the 2025 update to the 2022 Chino Basin Watermaster Rules and Regulations.
- **Selection process of a consultant for peer review of the Chino Valley model results for the 2025 safe yield reevaluation analysis.** The board discussed the importance of this review to ensure accuracy and transparency in the model's evaluation. Three options were presented, with the selection of a consultant from a pre-approved list of qualified bidders. This item was not budgeted, but there is the potential to use under-budgeted funds from the current fiscal year. This will be determined once the cost proposals are received. The selection process was approved by a majority vote (one opposed).

**Next anticipated meeting date: May 22, 2025**

**CHINO VALLEY INDEPENDENT FIRE DISTRICT - LIAISON TO BOARD OF DIRECTORS**

Council Representative: Karen Comstock | Staff Report By: Linda Reich

**Meeting Date: April 9, 2025****New Business.**

- **Properties Declared for Weed Abatement** – The Board adopted Resolution No. 2025-02 identifying properties throughout CVFD to be noticed for weed abatement in compliance with Ordinance No. 2022-01. Spring inspections will begin in May, and fall inspections in September. Fire Marshal O'Toole explained the weed abatement noticing and citation process. Passed on a vote of 5-0.
- **FY 2024/25 Mid-Year Budget Adjustments (Amendment #3)** – The Board approved Amendment #3 to the CVFD FY 2024/25 budget, with a net budget increase of \$233,313. Budget adjustments included a routine adjustment to account for City of Chino fire contract payments from the City to CVFD, which were \$518,286 higher than anticipated in the original CVFD budget. Finance Director Shaker reported that the most significant proposed budget adjustment results from higher than budgeted mutual aid response recoveries, increased coverage costs associated with out-of-area reimbursable incident responses, and salary and benefit costs associated with the recently adopted MOUs. Passed on a vote of 5-0.
- **Allocation of Surplus Funds to Reduce Pension Liabilities** – This item proposed the allocation of FY24 budget surplus funds toward reducing the pension liabilities as Budget Amendment #4. Fire Chief Williams recommended that this item be brought back to the Board at a future meeting and asked the Board to consider setting aside the surplus funds in a separate Facility Fund to provide the District with flexibility in case of unexpected cost increases related to the construction of Fire Station 68. Finance Director Shaker reviewed the terms of the previously adopted Chino Valley Fire District 115 Retirement Trust, which stated that up to one-third of annual excess revenues or budget surplus would be brought back to the Board for consideration.

Finance Director Shaker reviewed the budget surplus and identified one-time revenues that could not be applied toward reducing pension liabilities. The District's FY24 ACFR reported annual excess revenues in the General Fund (budget surplus) of \$15,802,824, excluding the 115 Trust. Of this amount, \$7,563,108 is attributable to one-time revenues (\$6,250,000 from the State of California for Station 68 and \$1.3 million of property tax recovery revenues recorded in 2024). Adjusted for these one-time revenues, unrestricted excess revenues for FY24 amounted to \$8,239,716. In accordance with the surplus policy, the one-third (1/3rd) calculation would generate \$2,746,572 in additional pension funding this fiscal year. Staff recommended continuing the prior year's practice of directing the full amount to the Chino Valley Fire District 115 Retirement Trust. The proposed amendment would authorize funding this amount from Unassigned Fund Balance as Budget Amendment # 4.

The Board of Directors agreed with the staff's recommendation to defer action on this item to a future Board meeting, due to the potential for unexpected costs related to Fire Station 68. No action was taken on this item.

- **Second Amendment to Fire Chief Employment Agreement** - The Board approved salary and benefit amendments to the Fire Chief's Employment Agreement, which include an increase to the Fire Chief's base salary of 1.25% on July 1, 2025, and an additional 1.25% on July 1, 2026. Passed on a vote of 5-0.

### **Board and Fire Chief Comments**

Fire Chief Williams reported on the following:

- On March 18, 2025, CVFD had a Quarterly Meeting with the City of Chino.
- On April 1 and 2, Fire Chief Williams provided testimony at the State Capitol in support of Senate Bill 74 (Seyarto). The bill would establish the Infrastructure Gap Fund, which, upon appropriation by the Legislature, provides grants of up to 20 percent of necessary remaining funding to cities and local agencies for critically delayed and vital infrastructure projects, including but not limited to roads, schools, and broadband, throughout California.
- Chino Valley Fire personnel participated in a self-defense and weapons safety training hosted by the Chino Police Department, equipping them with crucial skills to protect themselves and others in high-risk situations.
- On March 24, the Fire District received new Fire Hazard Severity Zone Maps for the Chino Valley Fire jurisdiction. Fire Marshal O'Toole provided a presentation related to the maps at the April 1 City of Chino Council meeting.

**Next anticipated meeting date: May 14, 2025**

### **CHINO VALLEY UNIFIED SCHOOL DISTRICT**

Council Representative: Curtis Burton | Staff Report By: Vivian Castro

**Meeting Date: April 17, 2025**

### **Action - Administration**

- **Federal Complaint to the U.S. Department of Education and President Trump's Administration** – The Board approved to direct the Superintendent to file a formal complaint to the U.S. Department of Education and President Trump's administration, citing California's violations of parental rights and student protections, and requesting immediate federal intervention, as amended. The item was approved unanimously, 5-0.
- **Title IX Complaint Against Governor Gavin Newsom and the California Department of Education**- The Board approved directing the Superintendent to file a formal Title IX complaint with the U.S. Department of Education's Office for Civil Rights against Governor Gavin Newsom and the California Department of Education for violating Title IX protections related to student safety, fairness in athletics, and privacy in restrooms and locker rooms. The item was approved unanimously, 5-0.
- **Resolution 2024/2025-63, Supporting Title IX and Fairness in Girls' Interscholastic Sports** – The Board adopted Resolution 2024/2025-63, Supporting Title IX and Fairness in Girls' Interscholastic Sports. The item was approved unanimously, 5-0.

- **Resolution 2024/2025-64, Supporting SB 19, Safe Schools and Places of Worship Act** – The Board adopted Resolution 2024/2025-64, Supporting SB 19 (Rubio), Safe Schools and Places of Worship Act. The item was approved unanimously, 5-0.

**Consent** – All items approved unanimously, 5-0.

- **Student Attendance Calendars for the 2026/2027, 2027/2028, and 2028/2029 School Years** - Approved the Student Attendance Calendars for the specified school years.
- **New Job Descriptions for the Campus Security Officer I; Campus Senior Security Officer; Patrol Security Officer I; Patrol Security Officer II; and Security Control Monitor; and Revisions to the Job Descriptions for Security Person, and Senior Security Officer** - Approved the new job descriptions for the specified positions.

**Next anticipated meeting date: May 1, 2025**

### CHINO VALLEY UNIFIED SCHOOL DISTRICT – MEASURE G OVERSIGHT COMMITTEE

Council Representative: Karen Comstock | Staff Report By: Silvia Avalos

**Meeting Date: April 30, 2025**

**Don Lugo High School – New Administration Building, Kitchen, and Pool Renovations** - Progress continues at the Don Lugo High School administration building. The building is roofed, and exterior painting, along with landscaping, will get underway at the end of April. Interior office spaces have received all mechanical, electrical, and plumbing rough-ins, wall panels, door frames, and glazing. Construction has started in the kitchen with demolition complete and rough-in underway. Modernization of the site's aquatic facilities will begin with the gymnasium renovations to follow. The site will receive ADA upgrades in the areas touched by construction.

**New Classroom and Administrative Office Furniture** - The following elementary school sites received new classroom and administrative office furniture over the winter break: Borba, Glenmeade Marshall, Walnut, and Dickson (Dickson was completed over spring break).

New classroom and administrative office furniture has been ordered for the following school sites and is scheduled to arrive and be set up over summer break: Cortez ES, Dickey ES, Newman ES, Magnolia JHS, Ramona JHS, and Buena Vista HS.

**Next anticipated meeting date: September 3, 2025**

### CITIZEN'S COMMITTEE FOR CIM & CIW

Council Representative: Marc Lucio | Staff Report By: Aaron Kelliher

**Meeting Date: April 8, 2025**

- CIM continues constructing a 50-bed Mental Health Facility on the deactivated D Yard. The facility is anticipated to be completed in the fall.

- A Cal State LA campus on site is set to open on May 27. A bachelor's program in liberal studies will be made available to inmates.
- An inmate fundraiser benefiting Special Olympics and Chino Youth Boxing will be held May 15-17.
- CIW is undergoing a comprehensive healthcare audit. Currently, the health care system at the facility has the second highest rating possible.
- There are several upgrades underway to help provide access for inmates with disabilities, including improving walkways.
- The total population is 1,200 inmates.
- Chaffey College will begin a summer session for inmate students, with 55 inmates planning to enroll.
- CIW will join with CIM and Chino PD for the Special Olympics Torch Run on June 6.

**Next anticipated meeting date: June 10, 2025**

**INLAND EMPIRE UTILITIES AGENCY (IEUA) REGIONAL SEWERAGE COMMITTEE**  
 Council Representative: Curtis Burton | Staff Report by: Benjamin Orosco

**Meeting Date: April 3, 2025**

**Approval of the Proposed Fiscal Years 2025/26 and 2026/27 Rates and Fees for the Regional Wastewater Program** - The Technical Advisory Committee (technical staff from member agencies) and the Policy Committee (elected officials appointed to the Committee) have not supported the rate increase. This item (Action Item A) did not receive a motion to vote on, and the item was not recommended to the IEUA Board.

The City of Chino Public Works Director Hye Jin Lee identified three main issues raised to the IEUA staff.

1. \$24M property tax fund transfer for preliminary engineering for the Chino Basin Program
2. Nearly \$90M bond issuance /debt service for future rates
3. Investigate the viability of calling for the sewer connection fees agencies have collected to reduce the rates.

IEUA staff stated that they would look into these issues, but did not have sufficient time to incorporate the fiscal analysis.

Despite the opposition from cities, on April 16, 2025, the IEUA Board approved the regional wastewater, recycled water, and water resources program rates and fees.

Below is the summary of the rates.

| Types of Rates and Fees   | FY 2025/26     |            | FY 2026/27     |            |
|---------------------------|----------------|------------|----------------|------------|
|                           | Rates and Fees | Adjustment | Rates and Fees | Adjustment |
| Monthly Sewer Rate        | \$27.02/month  | 9.0%       | \$29.45/month  | 9.0%       |
| Wastewater Connection Fee | \$8,620        | 0.0%       | \$8,620        | 0.0%       |
| Recycled Water Fixed Cost | \$5.11 M       | 3.0%       | \$5.26 M       | 3.0%       |
| Recycled Water Direct Use | \$506.85/AF    | 9.0%       | \$552.47/AF    | 9%         |
| Recycled Water Recharge   | \$208/AF       | 4.0%       | \$216.32/AF    | 4.0%       |
| One Water Connection Fee  | \$1,953        | 0.0%       | \$1,953        | 0.0%       |
| Meter Equivalent Unit     | \$1.17         | 2.6%       | \$1.20         | 2.6%       |

**Next anticipated meeting date: May 1, 2025**

**LEAGUE OF CALIFORNIA CITIES – INLAND EMPIRE DIVISION**  
 Council Representative: Marc Lucio | Staff Report by: Jackie Melendez

No meeting during this reporting period.

However, the League of California Cities City Leaders Summit was held in Sacramento, April 23-25. This event includes the League’s annual days of advocacy in Sacramento.

Mayor Pro Tem Curtis Burton and Council Member Marc Lucio attended the conference. They were joined by the Chino’s legislative advocate in Sacramento, Jason Gonsalves. During their trip to the Capitol, the Council Members met with Assembly Member Michelle Rodriguez to discuss several City-related issues. They also met with Jason Rhine, Senior Director of Legislative Affairs, and Brady Guertin, Legislative Advocate for Housing, Community Development, and Economic Development, to discuss key bills regarding local control over housing and land use.

Council Member Karen Comstock, who is on the League’s Board of Directors, attended the conference as well and participated in the board meeting.

**Next anticipated meeting date: May 29, 2025**

**OMNITRANS BOARD OF DIRECTORS**  
 Council Representative: Eunice Ulloa | Staff Report by: Dennis Ralls

**Meeting Date: April 2, 2025**

The Omnitrans Board of Directors received an update on OmniTrans participation in SBCTA's ONT Connector Project. The board was reminded that SBCTA and OmniTrans are working on an MOU to outline the operational and maintenance responsibilities OmniTrans is expected to take on after the project is completed. A memorandum of understanding identifying each agency's responsibility is still in the works.

The Board also received a report on the Fiscal Year 2026 Budget Parameters, which will be used to produce the upcoming fiscal year budget. Some key notes included an estimated return to 100% of planned service levels as the agency recovers from the impacts of the pandemic. Additionally, an increase in expenditures was influenced by salaries, benefits, insurance, and energy price increases. Staff estimates that next fiscal year's budget will be just under \$142M with \$118M in operational costs and almost \$24M in capital costs.

**Next anticipated meeting date: May 7, 2025**

**ONTARIO INTERNATIONAL AIRPORT AUTHORITY (OIAA)  
INTER-AGENCY COLLABORATIVE (ROUNDTABLE)**

Council Representative: Christopher Flores | Staff Report by: Jackie Melendez

No meeting during this reporting period.

**Next anticipated meeting date: TBD**

**SAN BERNARDINO COUNTY BOARD OF SUPERVISORS**

Staff Report By: Rogelio Huerta

**Meeting Date: April 8, 2025**

The Board approved an agreement with Jones Lang LaSalle Brokerage, Inc. This agreement extends their role in assisting the County to negotiate and secure potential ground leases on approximately 307 acres of land at Chino Airport.

**Meeting Date: April 29, 2025**

The Board of Supervisors voted to extend the El Prado Golf Course lease from September 1, 2025, to August 31, 2046, and to take the following actions:

- Update language regarding maintenance and repairs
- Adjust the fee schedule to set a minimum monthly fee of \$11,000, increasing by 4% annually starting the second year, for the 314 acres at Prado Regional Park used for a 36-hole golf course at 6555 Pine Avenue in Chino

**Next anticipated meeting date: May 6, 2025**

**SAN BERNARDINO COUNTY SOLID WASTE ADVISORY TASK FORCE**  
Council Representative: Christopher Flores | Staff Report by: Xochitl Huerta

**Meeting Date: April 30, 2025**

The April SWAT meeting covered a variety of legislative updates, primarily focusing on organic waste and food recovery bills. Key legislation discussed included AB 337, AB 411, AB 436, AB 1046, and SB 279:

- AB 337 focuses on enhancing the diversion of organic waste, particularly by improving food recovery efforts. The bill aims to reduce waste sent to landfills and improve access to nutritious food by requiring local jurisdictions to implement food recovery programs.
- AB 411 changes current rules to allow parts of livestock carcasses, such as those from animals that die naturally or are processed on farms, to be composted. This was previously not allowed, but the bill permits it if certain conditions are followed.
- AB 436 introduces a state planning guide for organic waste diversion. It provides local governments with a framework for developing and implementing effective diversion plans to meet state requirements. The impact of AB 436 will primarily be on the planning departments of local cities and counties, but it is driven by the state-level requirements. Local governments are the primary implementers of waste diversion strategies. The bill would provide them with the framework for creating and executing plans to meet those state requirements
- AB 1046 expands the edible food recovery program by mandating large food generators (like supermarkets, restaurants, and food distributors) to partner with food recovery organizations to ensure surplus food is redistributed to those in need, rather than wasted.
- SB 279 regulates organic waste management by establishing stricter compliance and reporting requirements for organic waste diversion. The bill ensures that local governments are tracking their progress and meeting state diversion goals, with enforcement mechanisms in place to ensure adherence.

The Board invited a CalRecycle representative to give a presentation on SB 1383 compliance evaluations. The presentation covered the programs under evaluation, the compliance process, field visits, the findings report, the enforcement timeline, and strategies for ensuring full compliance. It was noted that all jurisdictions will be evaluated at some point, with these evaluations occurring at least once every four years thereafter.

The City of Chino is one of 61 jurisdictions being evaluated on SB 1383, Short-Lived Climate Pollutants (SLCP) programs by the Jurisdiction Agency Compliance Enforcement Taskforce (JACE).

**Next anticipated meeting date: October 15, 2025**

**SAN BERNARDINO COUNTY TRANSPORTATION AUTHORITY (SBCTA) BOARD OF DIRECTORS**

Council Representative: Eunice Ulloa | Staff Report by: Dennis Ralls

**Meeting Date: April 2, 2025**

**SCAQMD Proposed Rules 1111 & 1121** - The Board received an updated presentation from the Southern California Air Quality Management District (SCAQMD) on revised language for amending Rules 1111 and 1121. These rules address gas-fired residential furnaces and water heaters. The proposed amended rules no longer require new or replacement units to be electric but impose target exceedance fines and fees on manufacturers for gas units that continue to be sold, which would fund incentives for customers who choose to convert to electric.

The spokesperson for SCAQMD asked that, given the updated language, the SBCTA retrack their previous letter of non-support. The SBCTA Board did not motion for the letter of non-support to be rescinded, keeping it in place. As rationale for maintaining their stance of non-support for the rule changes, board members explained that policies like these directly conflict with affordable housing mandates.

**Next anticipated meeting date: May 7, 2025****SBCTA – CITY SELECTION COMMITTEE**

Council Representative: Eunice Ulloa | Staff Report by: Jackie Melendez

No meeting during this reporting period.

**Next anticipated meeting date: TBD****SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS (SCAG) – GENERAL ASSEMBLY**

Award a Construction Contract to G&A Nelos Construction, Inc. for Water Service Lateral Replacement in Hampshire Village Project (WA255) Award a construction contract to G&A Nelos Construction, Inc. for the Hampshire Village Water Service Line Replacement Project (WA255) for \$629,295.44 and authorize up to \$62,929.54 (10% of the contract amount).

**Motion by Council Member Flores, seconded by Council Member Lucio, to approve the Consent Calendar items 1 and 3-17 as presented. The motion carried by the following vote:**

**AYES: ULLOA, BURTON, FLORES, AND LUCIO**

**NOES: NONE.**

**ABSENT: COMSTOCK**

**ITEMS PULLED FROM THE CONSENT CALENDAR**

2. Minutes. Regular Meeting Minutes for May 20, 2025 (Mayor Ulloa Absent-Excused).

**Motion by Council Member Lucio, seconded by Council Member Flores, to approve Consent Calendar Item 2 as presented. The motion carried by the following vote:**

**AYES: BURTON, FLORES, AND LUCIO**

**NOES: NONE.**

**ABSENT: COMSTOCK**

**ABSTAIN: ULLOA**

## **PUBLIC HEARING**

18. Introduction of Ordinance 2025-003 - Zoning Ordinance Amendment (PL25-0031). A proposed amendment to Title 20 (Zoning) of the Chino Municipal Code consisting of modifications and additions to Chapter 20.06 (Commercial Land Uses), Chapter 20.07 (Industrial Land Uses), Chapter 20.23 (Administration), and Chapter 20.24 (Glossary).

Staff Report By: Andrea Gilbert, City Planner

RECOMMENDATION: 1) Conduct a Public Hearing; 2) approve the introduction of Ordinance No. 2025-003, a proposed amendment to Title 20 (Zoning) of the Chino Municipal Code, consisting of modifications and additions to Chapter 20.06 (Commercial Land Uses), Chapter 20.07 (Industrial Land Uses), Chapter 20.23 (Administration), and Chapter 20.24 (Glossary), to be read by number and title only, and waive further reading of the Ordinance.

**Item No. 18, Introduction of Ordinance 2025-003 - Zoning Ordinance Amendment (PL25-0031), was pulled from the agenda and returned to staff.**

## **CONTINUED PUBLIC HEARING**

19. Annexation No. 9 of Territory into Existing Community Facilities District No. 2003-03 Improvement Area 5. Conduct a Public Hearing, Continued from the May 20, 2025 City Council Meeting, regarding Annexation No. 9 of Territory into Existing Community Facilities District No. 2003-03 Improvement Area 5.

Staff Report By: Kim Sao, Director of Finance and Heidi Schoeppe, Webb Municipal Finance

RECOMMENDATION: 1) Conduct a Public Hearing, continued from the May 20, 2025 City Council meeting; 2) adopt Resolution No. 2025-017 calling a special election for the purpose of approving an annexation into Improvement Area 5 of the Community Facilities District No. 2003-3; 3) adopt Resolution No. 2025-018, declaring results of the special election; and 4) authorize the City Manager to execute all documents on behalf of the City.

Mayor Ulloa announced the public hearing continued from the May 20, 2025 City Council meeting was open.

Kim Sao, Director of Finance, and Heidi Schoeppe, Webb Municipal Finance, provided a presentation on the item.

There being no requests to address the City Council on this item, Mayor Ulloa closed the public hearing.

Mayor Ulloa requested a motion to adopt Resolution No. 2025-017.

**Motion by Mayor Pro Tem Burton, seconded by Council Member Flores, to 1) Conduct a Public Hearing, continued from the May 20, 2025 City Council meeting; 2) adopt Resolution No. 2025-017 calling a special election for the purpose of approving an annexation into Improvement Area 5 of the Community Facilities District No. 2003-3; The motion carried by the following vote:**

**AYES: ULLOA, BURTON, FLORES, AND LUCIO**

**NOES: NONE.**

**ABSENT: COMSTOCK**

Mayor Ulloa directed the City Clerk to open the ballots and declare the results of the election.

City Clerk Natalie Gonzaga reported all ballots had been cast in connection with the election for the Proposed Annexation, and stated the election was declared closed. Ms. Gonzaga reported the results of the election were unanimously in favor of the proposition.

Mayor Ulloa requested a motion to adopt Resolution No. 2025-018 certifying the results of the election, declaring the election results for Annexation No. 9 to improvement area 5 of Community Facilities District No. 2003-3.

**Motion by Mayor Pro Tem Burton, seconded by Council Member Lucio, to adopt Resolution No. 2025-018, declaring results of the special election; and authorize the City Manager to execute all documents on behalf of the City. The motion carried by the following vote:**

**AYES: ULLOA, BURTON, FLORES, AND LUCIO**

**NOES: NONE.**

**ABSENT: COMSTOCK**

#### **NEW BUSINESS**

20. Intention to Establish Improvement Area 12 in CFD 2003-3 and Incur Bonded Indebtedness.  
Declaration of Intention to Establish Improvement Area 12 in Community Facilities District 2003-3 and incur Bonded Indebtedness for the Improvement Area.

Staff Report By: Kim Sao, Director of Finance and Heidi Schoeppe, Webb Municipal Finance

RECOMMENDATION: 1) Adopt Resolution No. 2025-022, declaring the City of Chino's intention to establish Improvement Area No. 12 in Community Facilities District (CFD) No. 2003-3; 2) adopt Resolution No. 2025-023 declaring the City of Chino's Intention to Incur Bonded Indebtedness for the proposed Improvement Area (IA) 12 of the CFD No. 2003-3; and 3) authorize the City Manager to execute all necessary documents on behalf of the City.

Kim Sao, Director of Finance, and Heidi Schoeppe, Web Municipal Finance, provided a presentation on the item. Mayor Ulloa asked for clarification on funding estimates, limits, and the remaining cost of improvements. Ms. Schoeppe responded that the bond amount is a projection based on current market and revenue trends, the higher fee limit allows for financial flexibility under favorable market conditions, and the remaining improvement costs would be covered by the developer through future improvement areas.

**Motion by Council Member Lucio, seconded by Council Member Flores, to 1) Adopt Resolution No. 2025-022, declaring the City of Chino's intention to establish Improvement Area No. 12 in Community Facilities District (CFD) No. 2003-3; 2) adopt Resolution No. 2025-023 declaring the City of Chino's Intention to Incur Bonded Indebtedness for the proposed Improvement Area (IA) 12 of the CFD No. 2003-3; and 3) authorize the City Manager to execute all necessary documents on behalf of the City. The motion carried by the following vote:**

**AYES: ULLOA, BURTON, FLORES, AND LUCIO**

**NOES: NONE.**

21. Solar Power Purchase Agreement with SiteLogIQ, Ontario, CA. Approval of a Solar Power Purchase Agreement with SiteLogIQ, Ontario, CA.

Staff Report By: Christopher Corbin, Deputy Director of Development Services

RECOMMENDATION: Approve a Power Purchase Agreement (PPA) with SiteLogIQ, Ontario, CA, that 1) provides for SiteLogIQ to construct, operate and maintain solar photovoltaic (PV) carports on the City property at 5450 Guardian Way (Chino Police Department); 2) obligates SiteLogIQ to sell and the City of Chino to purchase energy produced by the project at a fixed rate of \$0.171/kWh; and 3) authorize the City Manager to execute all necessary documents on behalf of the City.

Christopher Corbin, Deputy Director of Development Services, provided a presentation on the item.

Council Member Lucio inquired regarding the projected annual increases with Southern California Edison (SCE) and Mr. Corbin explained the annual increase of 11.1% from 2020-2024.

Mayor Pro Tem Burton asked why the project didn't begin at a facility such as the Civic Center, given the Police Department's existing energy efficiency. Mr. Corbin explained the Police Department is one of the largest energy consumers due to its extended operating hours. City Manager Reich explained the next priority is installing electric vehicle charging stations at public facilities, a process already underway. She noted an assessment can be done to determine if similar upgrades would benefit other facilities.

Council Member Lucio inquired about the obstruction of camera visibility once the carports are installed. Police Chief Mensen confirmed relocating security cameras have been included in the budget to address visibility concerns.

Mayor Ulloa inquired regarding the SCE's grid connection timeline and potential penalties for delays. Mr. Corbin clarified that the deadline refers to securing building permits by April 14, 2026, not the interconnection, which can be met. Mayor Ulloa also asked about implications if SiteLogic is sold or goes bankrupt within 25 years, and Mr. Corbin outlined the available options in such scenarios.

Mayor Pro Tem Burton inquired about maintenance fees, and Mr. Corbin explained that SiteLogic is responsible for all maintenance costs and repairs for the term of the contract.

**Motion by Mayor Pro Tem Burton, seconded by Council Member Flores, to Approve a Power Purchase Agreement (PPA) with SiteLogIQ, Ontario, CA, that 1) provides for SiteLogIQ to construct, operate and maintain solar photovoltaic (PV) carports on the City property at 5450 Guardian Way (Chino Police Department); 2) obligates SiteLogIQ to sell and the City of Chino to purchase energy produced by the project at a fixed rate of \$0.171/kWh; and 3) authorize the City Manager to execute all necessary documents on behalf of the City. The motion carried by the following vote:**

22. California Intergovernmental Risk Authority (CIRA) Membership and Participation in the General Liability and Workers' Compensation Programs. Adopt Resolution No. 2025-027 approving the City of Chino's membership into CIRA and participation in the General Liability and Workers' Compensation Programs.

Staff Report By: Terry Doyle, Director of Human Resources

RECOMMENDATION: Adopt Resolution No. 2025-027 approving the City of Chino's membership into CIRA and participation in the General Liability and Workers' Compensation Programs.

Terry Doyle, Director of Human Resources/Risk Management and Krystle Murillo, Deputy Director of Human Resources/Risk Management, provided a presentation on the item.

Council Member Lucio discussed the comparison of general liability and workers compensation coverage options. He explained the concerns of joining CIRA, due to the requirement of a 5 year membership.

Ms. Doyle provided the City Council with more information on the CIRA JPA. She explained the extra benefits such as the inclusion of a Third Party Administrator (TPA) and the included training services, which the City currently contracts out at an additional cost.

Council Member Lucio inquired about other providers who require a shorter membership commitment to join, such as the Public Risk Innovation Services Management (PRISM) who has an estimated deductible lower than CIRA. He expressed interest in seeing more information from other agencies before moving forward.

Council Member Burton felt inclined to move forward with the staff recommendation, but wished he had more time to decide.

Mayor Ulloa inquired about the additional cost of CIRA and how it may be offset by the extra services.

Ms. Doyle explained that when joining a new provider there is a requirement to join prior to July 1, therefore, additional time is not available to hold a study session for the City Council to discuss further options available for FY2025-26.

The City Council recommended that staff obtain coverage with PRISM for general liability and workers compensation insurance programs, and if unable to secure coverage with PRISM, continue coverage with the current provider.

**Motion by Council Member Lucio, seconded by Mayor Pro Tem Burton, to direct City staff obtain coverage with PRISM for general liability and workers compensation insurance programs, and if unable to secure coverage with PRISM, continue coverage with the current provider. The motion carried by the following vote:**

**AYES: ULLOA, BURTON, AND LUCIO**

**NOES: FLORES**

23. Approve a new policy for Utility Connections for the Sphere of Influence and Out-of-Boundary Service Agreements. Adoption of Resolution No. 2025-021 amending the Sanitary Sewer Policy to establish criteria for utility service requests within the Sphere of Influence and Out-of-Boundary service areas.

Staff Report By: Sylvia Ramos, Contracts & DIF Administrator

RECOMMENDATION: 1) Adopt Resolution No. 2025-021, superseding Resolution No. 2022-041 and amending the Sanitary Sewer Policy to establish criteria for sewer and water service requests within the City's Sphere of Influence and Out-of-Boundary service areas; and 2) authorize the City Manager to execute all necessary documents on behalf of the City.

Sylvia Ramos, Contracts & DIF Administrator provided a presentation on the item.

Mayor Ulloa inquired whether an irrevocable agreement to annex is still required when requesting a connection and whether it applies to the Accessory Dwelling Unit (ADU) or the entire property, Ms. Ramos clarified that the property owner must enter into the agreement, which applies to the entire property, with the ADU serving as trigger.

Mayor Ulloa expressed concerns regarding the out of boundary service agreement and recommended revising the policy so the Infrastructure/Streets Committee recommends to the City Council rather than issuing the will-serve letter directly, ensuring alignment and avoiding conflicts over project approvals.

City Attorney Galante clarified the Resolution should be updated to state that the Infrastructure/Streets Committee recommends authorization of an ability-to-serve letter, rather than issuing it directly, and advised making this change throughout the Resolution to ensure the final decision remains with the City Council. City Attorney Galante also confirmed that ADU agreements must apply to the entire property, not just the ADU, and recommended the Resolution specify that recommendations come from the Infrastructure/Streets Committee, even if the committee does not support the proposal.

**Motion by Mayor Pro Tem Burton, seconded by Council Member Lucio, to 1) Adopt Resolution No. 2025-021 to include modifications to the Resolution to require the Infrastructure/Streets Committee recommendation to the City Council on all utility connection requests, superseding Resolution No. 2022-041 and amending the Sanitary Sewer Policy to establish criteria for sewer and water service requests within the City's Sphere of Influence and Out-of-Boundary service areas; and 2) authorize the City Manager to execute all necessary documents on behalf of the City. The motion carried by the following vote:**

**AYES: ULLOA, BURTON, FLORES, AND LUCIO**

**NOES: NONE.**

**ABSENT: COMSTOCK**

24. Consideration to admit the City of Chino Hills as a New Member of the Animal Resource Center of the Inland Empire. Admit Chino Hills as a member agency in the ARC.

Staff Report By: Jackie Melendez, Assistant City Manager

RECOMMENDATION: Adopt Resolution No. 2025-028 to approve the admission of the City of Chino Hills as a New Member of the Animal Resource Center of the Inland Empire Joint Powers Authority.

Jackie Melendez, Assistant City Manager, provided a report on the item.

**Motion by Council Member Flores, seconded by Mayor Pro Tem Burton, to Adopt Resolution No. 2025-028 to approve the admission of the City of Chino Hills as a New Member of the Animal Resource Center of the Inland Empire Joint Powers Authority. The motion carried by the following vote:**

**AYES: ULLOA, BURTON, FLORES, AND LUCIO**

**NOES: NONE.**

**ABSENT: COMSTOCK**

25. Purchase of Real Property at 13218 6th Street. Approval of Agreement for Purchase of 13218 6th Street.

Staff Report By: Fred Galante, City Attorney

RECOMMENDATION: 1) Appropriate \$1,127,000 from the General Fund balance, 2) Adopt Resolution No. 2025-026, authorizing the Agreement for Purchase and Sale of Real Property and Joint Escrow Instructions to acquire the commercial property at 13218 6th Street from SKS Property Investment LLC in the amount of \$1,100,000, including \$4,500 for escrow and title fees, \$4,500 for conducting due diligence, and \$18,000 for remediation of the Business Environmental Risk (BER) findings, for a not to exceed total of \$1,127,000; and 3) authorize the City Manager to execute all documents on behalf of the City.

Fred Galante, City Attorney, provided a report on the item.

Linda Ziegler, resident, inquired regarding the property's location and the City's intended use. City Attorney Galante and Mayor Ulloa noted that the site has a strategic location since it is located across the street from Civic Center and is currently listed for sale.

**Motion by Council Member Flores, seconded by Council Member Lucio, to 1) Appropriate \$1,127,000 from the General Fund balance, 2) Adopt Resolution No. 2025-026, authorizing the Agreement for Purchase and Sale of Real Property and Joint Escrow Instructions to acquire the commercial property at 13218 6th Street from SKS Property Investment LLC in the amount of \$1,100,000, including \$4,500 for escrow and title fees, \$4,500 for conducting due diligence, and \$18,000 for remediation of the Business Environmental Risk (BER) findings, for a not to exceed total of \$1,127,000; and 3) authorize the City Manager to execute all documents on behalf of the City. The motion carried by the following vote:**

**AYES: ULLOA, BURTON, FLORES, AND LUCIO**

### **MAYOR AND COUNCIL REPORTS**

Mayor Ulloa

Mayor Ulloa reported on the following meetings and event including the Memorial Day event; CSPR Commission Interviews; West End Mayor's Roundtable meeting; California Institute for Men tour; Celebration of Life for Joe Fraga; Chino Youth Boxing Foundation 50th Anniversary banquet; Celebration of Life for Judge Ray Youngquist; Chino Valley Unified School District President Sonja Shaw's fundraiser; conference call to discuss water issues; City Manager

---

meeting; and closed session.

#### Mayor Pro Tem Burton

Mayor Pro Tem Burton reported on the following meetings and events including the Ribbon Cutting and Grand Opening for Smash Factor Golf; Public Works Week luncheon; Planning Commission meeting; Chino Basin Watermaster Board meeting; City Council Budget Workshop; Memorial Day event; Animal Resource Center meeting; League of California Cities meeting; Chino Basin Desalter Authority Finance Committee meeting; Chino Youth Boxing Foundation 50th Anniversary banquet; City Manager meeting; water issues meeting; Animal Resource Center Board meeting; closed session; and highlighted the City's Facts Page, encouraging the community to visit the page or reach out to the City for reliable up-to-date information.

#### Council Member Comstock

Council Member Comstock had an excused absence.

#### Council Member Flores

Council Member Flores thanked Linda Ziegler for her comments; wished Jerry Rowe a happy birthday; and thanked Terry Doyle, Director of Human Resources/Risk Management for her presentation.

#### Council Member Lucio

Council Member Lucio reported on the following meetings and events including the City Council Budget Workshop; American Legion Memorial Day event; City Manager meeting; California Institution for Men/Cal State Los Angeles degree program groundbreaking event; CSPR Commission interviews; CIM meeting; Celebration of Life for Joe Fraga; Chino Youth Boxing Foundation 50th Anniversary banquet; City Manager meeting; and wished Jerry Rowe a happy birthday.

#### City Manager's Report

City Manager Reich welcomed Mayor Ulloa back, noting that Mayor Pro Tem Burton did an excellent job leading the meetings during her absence.

#### City Attorney's Report

City Attorney Galante had no report.

#### Police Chief's Report

Police Chief Kevin Menson wished Jerry Rowe a happy birthday; spoke in honor of fallen Baldwin Park police officer Samuel Riveros; and highlighted the Special Olympics Torch Run, which took place on Monday, June 2, 2025, along Central Avenue.

#### Director's Report

There was no Director's report.

#### Fire Chief's Report

Deputy Fire Chief Jeremy Ault announced seven new firefighter paramedics are currently in orientation academy and will be introduced at an upcoming City Council meeting; and confirmed the Chino Valley Fire District is actively searching for a boxing challenger for the upcoming charity event.

---

**ADJOURN**

The meeting adjourned at 8:36 p.m. The next Regular Meeting of the City Council will be held on Tuesday, June 17, 2025 at 6:00 p.m. (Closed Session no earlier than 4:00 p.m. if necessary) in these Council Chambers.

APPROVED AND ADOPTED THIS 17TH DAY OF JUNE 2025.

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: ELECTED CITY OFFICIALS' REPORT REGARDING TRAVEL, TRAINING, AND MEETINGS.

PAGE: 2

---

### **BACKGROUND**

In accordance with Government Code Sections 53232.2 and 53232.3, implementing Assembly Bill (AB) 1234 on January 1, 2006, the City adopted Resolution No. 2005-093 establishing a Business-Related Expense Policy. On December 6, 2016, the City approved Resolution No. 2016-075 adopting the latest revisions to this policy. In addition to requiring local agencies to adopt a business-related expense policy, AB 1234 requires that Elected Officials provide a brief report on meetings attended at the expense of the local agency at the next regular meeting of the legislative body.

### **ISSUES/ANALYSIS**

In response to AB 1234, a report regarding Elected City Officials' Travel, Training, and Meetings (Exhibit A) was created and is placed on the City Council Agenda Consent Calendar, as needed. The documents that pertain to the items listed on Exhibit A are available for public inspection at the City Clerk's office located in City Hall at 13220 Central Avenue, Chino, CA.

Attachment – Exhibit A

**MEMORANDUM  
CITY OF CHINO  
ADMINISTRATION DEPARTMENT**

---

**CITY COUNCIL MEETING DATE: JUNE 17, 2025**

**TO: MAYOR AND CITY COUNCIL MEMBERS, CITY OF CHINO**

**FROM: LINDA REICH, CITY MANAGER**

---

**SUBJECT**

Report on Priority State and Federal Legislative Issues.

**RECOMMENDATION**

Receive and file the June 17, 2025 Government Relations Update, the Tracked State Legislation Report, and the Report on City Position Letters.

**FISCAL IMPACT**

There is no fiscal impact.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above furthers the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built by fostering:

- Positive City Image
- Financial Stability
- Responsible Long-Range Planning
- Exemplary Leadership
- Public Service Excellence through Internal and External Partnerships

### **BACKGROUND**

On April 2, 2024, the City Council adopted the Citywide Legislative Policy, which details guiding principles organized around respective legislative, policy, and regulatory matters. It supplements the Citywide Strategic Plan to build an effective and flexible legislative advocacy strategy.

The Policy authorizes Staff to formulate and approve official City responses for those legislative items with potentially significant impact on the City or that create an issue of timeliness for an official response, with the qualification that the position is determined to be consistent with the City's legislative policy.

Per the Policy, the Committee or Staff is to report to the City Council on any updates, recommendations, or actions taken by the Committee or Staff.

### **ISSUES/ANALYSIS**

The Government Relations Update includes legislative and government relations issues of note to the City (Attachment 1).

The Tracked State Legislation Report (Attachment 2) reflects the City's position on active bills being tracked during the current state legislative session.

The Report on City Position Letters (Attachment 3) includes communications submitted by the City on priority legislative and regulatory issues.

# City of Chino

## GOVERNMENT RELATIONS UPDATE (Attachment 1)

As of June 17, 2025

### FEDERAL UPDATE (Item 1)

#### Federal Budget

##### ***National League of Cities Article on H.R. 1***

On June 2, the National League of Cities posted an article on H.R. 1, the "One Big Beautiful Bill Act" (OBBBA), the comprehensive tax and spending package passed by the House in May 2025 and currently in the Senate. The article highlights issues of significance for local governments.

The article is available here: [10 Things for City Leaders to Know About "H.R. 1, The One Big Beautiful Bill"](#)

##### ***Congressional Budget Office Updated Analysis of H.R. 1***

On June 12, the Congressional Budget Office (CBO) released an updated analysis of H.R. 1. The CBO's findings indicate that the bill would have significant fiscal and social implications.

- **Debt Increase:** The CBO estimates the bill would add approximately \$2.6 trillion to the national debt over the next decade.
- **Tax Provisions:** The bill proposes permanent extensions of the 2017 tax cuts, including a new \$40,000 cap on the state and local tax (SALT) deduction. The CBO projects that these provisions benefit higher-income households disproportionately.
- **Medicaid:** The CBO projects that 7.8 million people would lose Medicaid coverage due to stricter eligibility requirements and work mandates.
- **Affordable Care Act (ACA):** An estimated 4 million individuals would lose health insurance coverage due to cuts in ACA funding.
- **Credit Rating:** Moody's downgraded the U.S. credit rating, citing concerns over the bill's potential impact on the national debt.

The report is available here: [Distributional Effects of H.R. 1, the One Big Beautiful Bill Act](#)

#### **FY26 Appropriations**

The Fiscal Year 2026 appropriations process is underway, with various committees reviewing funding requests and proposed allocations. The House Appropriations Committee is set to mark up the Defense and Homeland Security Appropriations Bills on June 12, 2025.

The Senate Appropriations Committee is accepting requests for Congressionally Directed Spending ("Earmarks"), allowing senators to advocate for funding priorities in their states (see below).

#### **City of Chino Earmark Requests**

Congresswoman Norma Torres requested \$3,414,750 from the Interior and Environment Appropriations Bill for the Benson Emergency Power Generator Project, and \$2,000,000 from the Transportation, Housing and Urban Development Appropriations Bill for the Chino Valley Entrepreneurship & Innovation Center.

Senator Alex Padilla requested \$2,000,000 for the City of Chino's Chino Youth Museum Project in the FY26 Transportation-HUD Appropriations bill.

The City also submitted earmark requests to Senator Adam Schiff.

## TRACKED STATE LEGISLATION REPORT (Attachment 2)

Item 2 provides a report on City of Chino-tracked state legislation to date. The positions noted on bills are based on the City Council's adopted Legislative Policy. Additional positions may be taken, or existing positions may be modified based on direction from the Legislative Committee or City Council.

### Legislative Update - House of Origin Deadline

Friday, June 6, was the deadline for bills to pass their house of origin -- the legislative house in which they were introduced. Bills that failed to meet this timeline were sent to the inactive file, meaning they are "dead" for the year, but are considered 2-year bills, eligible to move in 2026. Numerous bills that the City is tracking have moved to the inactive file and are excluded from the tracked state legislation reports for the rest of the year. Bills that are still "alive" will be considered by the other house, and if amended in the second house, come back to the house of origin for concurrence, through September 12, when the legislative year ends.

Summer recess will be from July 19 through August 17, with representatives on vacation and many spending time in their districts.

## POSITION LETTERS & MAJOR ISSUES (Attachment 3)

**SB 79 (Weiner), Oppose** – On June 3, 2025, City Manager Reich sent a letter to Senator Susan Rubio opposing SB 79.

**CIM and Joint Legislative Audit Committee** – On June 10, Mayor Ulloa and Council Member Lucio sent letters to Assembly Member Michelle Rodriguez and JLAC Chair John Harabedian thanking them for arranging a tour of CIM. City Manager Reich also sent a letter to CIM Warden Eric Mejia thanking him and his staff for the tour.

**Coalition of West End Mayors Letter to Governor Newsom** – On May 29, 2025, a letter spearheaded by Mayor Ulloa and signed by the Mayors of Chino, Chino Hills, Fontana, Montclair, Ontario, Rialto, and Upland was sent to Governor Newsom opposing the proliferation of state housing laws that usurp local control and local land use authority.

**City of Chino Testimony on South Coast AQMD Proposed Rules 1111 & 1121** – On Friday, June 6, Mayor Pro Tem Curtis Burton testified before the South Coast Air Quality Management District on Proposed Rules 1111 & 1121. Mayor Pro Tem Burton testified on behalf of the City of Chino against Proposed Rules 1111 & 1121, which would establish requirements to reduce NOx emissions from space and water heating systems by establishing manufacturer requirements to phase out the sale of gas systems for electric ones. Chino previously sent two letters in opposition — one opposing the original proposed rule and another opposing the amended rule. Testimony was limited to 45 seconds per speaker.

Over 200 individuals testified on the proposed rules, representing various stakeholders, including residents, environmental groups, elected officials, manufacturers, installers, labor, and businesses. After approximately 6 hours on this item, the Board voted NO, 7 (No) to 5 (Yes). However, after discussing additional potential amendments, the Board also voted to send the item back to the committee for further work and future consideration by the Board. The Chair noted that it is unlikely to happen this year. There were Board and public comments on possible procedural problems with the discussion and the motion to send it back to the committee.

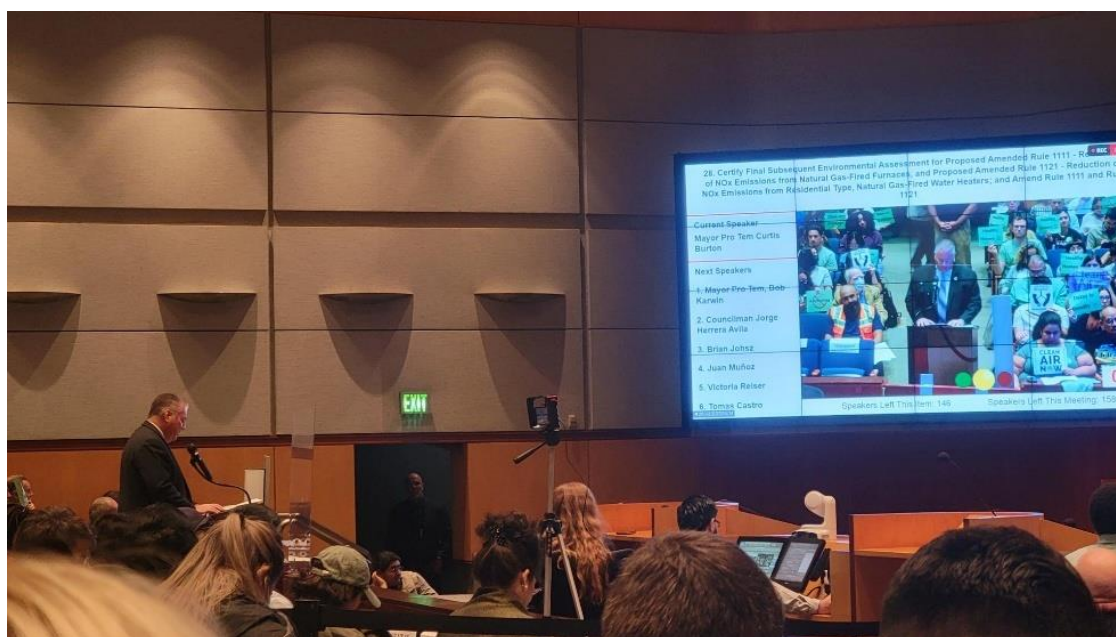

The vote on the original item was as follows:

**N** - CURT HAGMAN Supervisor, Fourth District County of San Bernardino

**N** - PATRICIA LOCK DAWSON Mayor, Riverside Cities of Riverside County Representative

**N** - LARRY MCCALLON Mayor Pro Tem, Highland Cities of San Bernardino County  
**Y** - HOLLY J. MITCHELL Supervisor, Second District County of Los Angeles  
**N** - JANET NGUYEN Supervisor, First District County of Orange  
**N** - BRENDA OLMOS Councilmember, Paramount Cities of Los Angeles County/Western Region  
**Y** - VERONICA PADILLA-CAMPOS Speaker of the Assembly Appointee  
**N** - V. MANUEL PEREZ Supervisor, Fourth District County of Riverside  
**Y** - NITHYA RAMAN Councilmember, Fourth District City of Los Angeles Representative  
**N** - CARLOS RODRIGUEZ Mayor Pro Tem, Yorba Linda Cities of Orange County  
**Y** - Chair - VANESSA DELGADO Senator (Ret.) Senate Rules Committee Appointee  
**Y** - Vice Chair - MICHAEL A. CACCIOTTI Council Member, South Pasadena Cities of Los Angeles County/Eastern Region

1 absent

## CHINO CITY COUNCIL LEGISLATIVE POLICY COMMITTEE MEETING

The Legislative Policy Committee is scheduled for June 17, 2025, at 3 p.m. in Council Chambers.

## STATE LEGISLATIVE CALENDAR – Recent and Upcoming Legislative Deadlines

- June 6 - Last day for each house to pass bills introduced in that house.
- June 9 - Committee meetings may resume.
- June 15 - Budget bill must be passed by midnight.
- July 18 - Last day for policy committees to hear and report bills. Summer Recess begins upon adjournment, provided Budget Bill has been passed.
- Aug. 18 - Legislature reconvenes from Summer Recess.
- Aug. 29 - Last day for fiscal committees to hear and report bills to the Floor.

- Sept. 2-12 - Floor session only. No committees may meet for any purpose, except Rules Committee, bills referred pursuant to Assembly Rule 77.2, and Conference Committees.
- Sept. 5 - Last day to amend on the Floor.
- Sept. 12 - Last day for each house to pass bills. Interim Recess begins upon adjournment.
- Oct. 12 - Last day for Governor to sign or veto bills passed by the Legislature before Sept. 12 and in the Governor's possession on or after Sept. 12.

## TRACKED STATE LEGISLATION REPORT (Attachment 2)

As of June 17, 2025

The Tracked State Legislation Report (Attachment 2) reflects the City's position on active bills being tracked during the current state legislative session.

### GOVERNANCE

#### **AB 259 (Rubio, Blanca, D) Open meetings: local agencies: teleconferences.**

**Current Text:** 04/21/2025 - Amended **HTML PDF**

**Status:** 05/14/2025 - Referred to Coms. on L. GOV. and JUD.

**Location:** 05/14/2025 - Senate Local Government

**Summary:** The Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. Current law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction, and the legislative body complies with prescribed requirements. Current law requires a member to satisfy specified requirements to participate in a meeting remotely pursuant to these alternative teleconferencing provisions, including that specified circumstances apply. Current law establishes limits on the number of meetings a member may participate in solely by teleconference from a remote location pursuant to these alternative teleconferencing provisions, including prohibiting such participation for more than 2 meetings per year if the legislative body regularly meets once per month or less. This bill would extend the alternative teleconferencing procedures until January 1, 2030. (Based on 04/21/2025 text)

**Priority:** (4) Standard

**Subject:** Governance

#### **ACR 44 (Pacheco, D) California Cities Week.**

**Current Text:** 05/20/2025 - Chaptered **HTML PDF**

**Status:** 05/20/2025 - Chaptered by Secretary of State - Chapter 66, Statutes of 2025

**Location:** 05/20/2025 - Assembly CHAPTERED

**Summary:** Would proclaim the week of April 20, 2025 to April 26, 2025, to be California Cities Week, and would encourage all Californians to be involved in their communities and be civically engaged with their local government. (Based on 05/20/2025 text)

**Position:** Support

**Priority:** (5) Track/Watch

**Subject:** Governance

**SB 634 (Pérez, D) Local government: homelessness.**

**SB 827 (Gonzalez, D) Local agency officials: training.**

**Current Text:** 05/12/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/05/2025 - Referred to Com. on L. GOV.

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** Current law imposes ethics training on specified local agency officials. Current law requires each training to be 2 hours and requires the officials to receive each training every 2 years, and as described otherwise, with the first training within one year of commencing service. Current law requires the local agency to maintain records of the trainings, as prescribed. This bill would expand which local agency officials are required to complete the above-described ethics training to include department heads, or other similar administrative officers, and would instead

require officials who commence service on or after January 1, 2026, to receive their initial training within 6 months of commencing service. The bill would require the local agency to publish the training records on its internet website, as specified. This bill would additionally require all local agency officials, as defined, to receive at least 2 hours of fiscal and financial training, as described. The bill would require the training to be received at least once every 2 years, as provided. The bill would exempt from these requirements specified local agency officials if they are in compliance with existing education requirements specific to their positions. (Based on 05/12/2025 text)

## HUMAN RESOURCES

### **AB 339 (Ortega, D) Local public employee organizations: notice requirements.**

**Current Text:** 05/23/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/03/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/03/2025 - Senate Rules

**Summary:** The Meyers-Milias-Brown Act contains various provisions that govern collective bargaining of local represented employees and delegates jurisdiction to the Public Employment Relations Board to resolve disputes and enforce the statutory duties and rights of local public agency employers and employees. Current law requires the governing body of a public agency to meet and confer in good faith regarding wages, hours, and other terms and conditions of employment with representatives of recognized employee organizations. Current law requires the governing body of a public agency, and boards and commissions designated by law or by the governing body, to give reasonable written notice, except in cases of emergency, as specified, to each recognized employee organization affected of any ordinance, rule, resolution, or regulation directly relating to matters within the scope of representation proposed to be adopted by the governing body or the designated boards and commissions. This bill would require the governing body of a public agency, and boards and commissions designated by law or by the governing body of a public agency, to give the recognized employee organization no less than 120 days' written notice before issuing a request for proposals, request for quotes, or renewing or extending an existing contract to perform services that are within the scope of work of the job classifications represented by the recognized employee organization. The bill would require the notice to include specified information, including the anticipated duration of the contract. The bill would also require the public agency, if an emergency or other exigent circumstance prevents the public agency from providing the written notice described above, to provide as much advance notice as is practicable under the circumstances. ### **AB 340 (Ahrens, D) Employer-employee relations: confidential communications.**

**Current Text:** 03/05/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/04/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/04/2025 - Senate Rules

**Summary:** Current law that governs the labor relations of public employees and employers, including, among others, the Meyers-Milias-Brown Act, the Ralph C. Dills Act, provisions relating to public schools, and provisions relating to higher education, prohibits employers from taking certain actions relating to employee organization, including imposing or threatening to impose reprisals on employees, discriminating or threatening to discriminate against employees, or otherwise interfering with, restraining, or coercing employees because of their exercise of their guaranteed rights. Those provisions of current law further prohibit denying to employee organizations the rights guaranteed to them by current law. This bill would prohibit a public employer from questioning a public employee, a representative of a recognized employee organization, or an exclusive representative regarding communications made in confidence between an employee and an employee representative in connection with representation relating to any matter within the scope of the recognized employee organization's representation. #### **AB 1109 (Kalra, D) Evidentiary privileges: union agent-represented worker privilege.**

**Current Text:** 02/20/2025 - Introduced [HTML](#) [PDF](#)

**Status:** 05/13/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 05/13/2025 - Senate Rules

**Summary:** Current law governs the admissibility of evidence in court proceedings and generally provides a privilege as to communications made in the course of certain relations, including the attorney-client, physician-patient, and psychotherapist-patient relationship, as specified. Under current law, the right of any person to claim those evidentiary privileges is waived with respect to a communication protected by the privilege if any holder of the privilege, without coercion, has disclosed a significant part of the communication or has consented to a disclosure. This bill would establish a privilege between a union agent, as defined, and a represented employee or represented former employee to refuse to disclose any confidential communication between the employee or former employee and the union agent made while the union agent was acting in the union agent's representative capacity, except as specified. The bill would permit a represented employee or represented former employee to prevent another person from disclosing a privileged communication, except as specified. (Based on 02/20/2025 text)

**Status:** 06/09/2025 - Referred to Com. on PUB. S.

**Location:** 06/09/2025 - Assembly Public Safety

**Summary:** Existing law defines an assault as an unlawful attempt, coupled with present ability, to commit a violent injury upon the person of another. Existing law defines a battery as any willful and unlawful use of force or violence upon the person of another. Under existing law, an assault or battery committed against specified professionals engaged in the performance of their duties, including peace officers, firefighters, and emergency medical personnel, is punishable by imprisonment in a county jail not exceeding one year, by a fine not exceeding \$2,000, or by both that fine and imprisonment. This bill would make an assault or battery committed against an employee of a public utility or other worker engaged in essential infrastructure work, as defined, punishable by imprisonment in a county jail not exceeding one year, by a fine not exceeding \$2,000, or by both that fine and imprisonment. By expanding the scope of these crimes, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on 05/23/2025 text)

## HUMAN SERVICES, RECREATION, QUALITY OF LIFE

**SB 16 (Blakespear, D) Homeless Housing, Assistance, and Prevention program: housing element: unsheltered and chronic homelessness: assessment and financing plan.**

**Current Text:** 04/24/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/09/2025 - Referred to Coms. on H. & C.D. and L. GOV.

**Location:** 06/09/2025 - Assembly Housing and Community Development

**Summary:** The Planning and Zoning Law requires a housing element to consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing. Current law requires the housing element to include, among other things, an assessment of housing needs and an inventory of resources and constraints that are relevant to meeting these needs. Current law establishes the Homeless Housing, Assistance, and Prevention program (HHAP) for the purpose of providing jurisdictions with grant funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges, as specified.(3)The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities. **SB 38 (Umberg, D) Second Chance Program.**

**Current Text:** 04/09/2025 - Amended [HTML](#) [PDF](#)

**Status:** 05/23/2025 - May 23 hearing: Held in committee and under submission.

**Location:** 04/28/2025 - Senate APPR. SUSPENSE FILE

**Summary:** Current law requires the Board of State and Community Corrections to administer a grant program to carry out the purposes of the Second Chance Program. Current law requires the grant program to, among other things, restrict eligibility to proposals that offer mental health services, substance use disorder treatment services, misdemeanor diversion programs, or a combination thereof. Current law also establishes the Second Chance Fund, a continuously appropriated fund, which is administered by the board. The Treatment-Mandated Felony Act makes it a crime for a person, who has 2 or more prior convictions for a felony or misdemeanor violation of specified controlled substances crimes, to possess a hard drug, as defined, unless it has been prescribed by a doctor, among others. Under current law, a defendant who has been charged with this crime can elect treatment, in lieu of a jail or prison sentence or probation, by pleading guilty or no contest and admitting the alleged prior convictions, waiving time for sentencing and the pronouncement of judgment, and agreeing to participate in, and complete, a detailed treatment program developed by a drug addiction expert and approved by the court. This bill would require the Second Chance grant program to authorize eligibility for proposals that offer mental health or behavioral health services and drug court or collaborative court programs, including the treatment program under the Treatment-Mandated Felony Act. By expanding the purpose of a continuously appropriated fund, this bill would make an appropriation. (Based on 04/09/2025 text)

**Status:** 06/05/2025 - Referred to Com. on W. P., & W.

**Location:** 06/05/2025 - Assembly Water, Parks and Wildlife

**Summary:** (1)The California Wildlife, Coastal, and Park Land Conservation Act, an initiative measure approved by the voters in the June 7, 1988, statewide primary election, provided bond funds for wildlife, coastal, and parkland conservation. The initiative measure authorizes the act to be amended by a 2/3 vote of the Legislature if the amendment is consistent with the purposes of the act. Existing law requires an applicant receiving state funds under the act to maintain any property acquired in perpetuity, as specified, to use the property only for the purposes stated in the act, and to make no other use, sale, or other disposition of the property except as authorized by a specific act of the Legislature. Existing law authorizes the County of San Bernardino to sell or exchange property it owns within the Chino Agricultural Preserve that was purchased with grant funds if it meets certain conditions. This bill would additionally authorize preservation of those lands or easements for park and recreational purposes, and would explicitly include, to the extent they are consistent with the purposes of the act, playgrounds, recreational venues, and preservation of historical resources as appropriate purposes. **AB 538 (Berman, D) Public works: payroll records.**

**Current Text:** 05/23/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/04/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/04/2025 - Senate Rules

**Summary:** Current law requires the Labor Commissioner to investigate allegations that a contractor or subcontractor violated the law regulating public works projects, including the payment of prevailing wages. Current law requires each contractor and subcontractor on a public works project to keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by the contractor or subcontractor in connection with the public work. Current law requires certified copies of records to be available upon request by the public and sets forth a process for the public to request the records either through the awarding body or the Division of Labor Standards Enforcement. Current law makes any contractor, subcontractor, agent, or representative who neglects to comply with the requirements to keep accurate payroll records guilty of a misdemeanor. This bill would require the awarding body, if a request is made by the public through the awarding body and the body is not in possession of the certified records, to obtain those records from the relevant contractor and make them available to the requesting entity. The bill would authorize the Division of Labor Standards Enforcement to enforce certain penalties if a contractor fails to comply with the awarding body's request within 10 days of receipt of the notice. **Status:** 05/21/2025 - Referred to Coms. on HOUSING and JUD.

**Location:** 05/21/2025 - Senate Housing

**Summary:** Current law within the Planning and Zoning Law describes various reforms and incentives enacted by the Legislature to facilitate and expedite the construction of affordable housing. Current law within the Planning and Zoning Law, in certain civil actions or proceedings against a public entity that has issued specified approvals for a housing development, authorizes a court to award all reasonably incurred costs of suit to a prevailing public entity or nonprofit housing corporation that is a real party in interest and the permit applicant of the low- or moderate-income housing if the court makes specified findings. This bill, where the applicant for a housing development is a prevailing party in an action brought by the applicant to enforce the public agency's compliance with a housing reform law as applied to the applicant's housing development project, would entitle an applicant for a housing development project to reasonable attorney's fees and costs and would require a court to impose fines on a local agency, as specified. The bill would prohibit a public agency from requiring the applicant to indemnify, defend, or hold harmless the public agency in any action alleging the public agency violated the applicant's rights or deprived the applicant of the benefits or protection provide by a housing reform law. **Status:** 06/03/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/03/2025 - Senate Rules

**Summary:** The California Disaster Assistance Act requires the Director of Emergency Services to provide financial assistance to local agencies for their personnel costs, equipment costs, and the cost of supplies and materials used during disaster response activities, incurred as a result of a state of emergency proclaimed by the Governor, subject to specified criteria. The act continuously appropriates moneys in the Disaster Assistance Fund and its subsidiary account, the Earthquake Emergency Investigations Account, without regard to fiscal year, for purposes of the act. This bill would enact the California Individual Assistance Act to establish a grant program to provide financial assistance, upon appropriation by the Legislature, to local agencies, community-based organizations, and individuals for specified costs related to a disaster, as prescribed. The bill would require the director to allocate from the fund, subject to specified conditions, funds to meet the cost of expenses for those purposes. (Based on 05/23/2025 text)

**Current Text:** 01/27/2025 - Introduced [HTML](#) [PDF](#)

**Status:** 06/03/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/03/2025 - Senate Rules

**Summary:** The Local Prepaid Mobile Telephony Services Collection Act, until January 1, 2026, suspends the authority of a city, county, or city and county to impose a utility user tax on the consumption of prepaid communications service and any charge that applies to prepaid mobile telephony service, as defined, on access to communication services or access to local “911” emergency telephone systems, and instead requires those taxes and charges to be applied during the period beginning January 1, 2016, and ending January 1, 2026, under any local ordinance to be at specified rates. The act requires that these local charges imposed by a city, county, or a city and county on prepaid mobile telephony services be collected from the prepaid consumer by a seller at the time of sale, as specified. Current law requires that all local charges be collected and paid to the California Department of Tax and Fee Administration pursuant to the Fee Collection Procedures Law and be deposited into the Local Charges for Prepaid Mobile Telephony Services Fund, and be transmitted to the city, county, or city and county, as provided. This bill would extend operation of the act until January 1, 2031. (Based on 01/27/2025 text)

**Status:** 06/05/2025 - Referred to Coms. on L. GOV. and JUD.

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** Existing law authorizes a local authority, by ordinance or resolution, to regulate the occupancy of a room or rooms, or other living space, in a hotel, inn, tourist home or house, motel, or other lodging for a period of less than 30 days. This bill would authorize a local agency, defined to mean a city, county, or city and county, to enact an ordinance to require a short-term rental facilitator, as defined, to report, in the form and manner prescribed by the local agency, the physical address, including 9-digit ZIP Code, of each short-term rental, as defined, during the reporting period, as well as any additional information necessary to identify the property as may be required by the local agency. The bill would authorize the local agency to impose an administrative fine or penalty for failure to file the report, and would authorize the local agency to initiate an audit of a short-term rental facilitator, as described. The bill would require a short-term rental facilitator, in a jurisdiction that has adopted an ordinance, to include in the listing of a short-term rental any applicable local license number associated with the short-term rental and any transient occupancy tax certification issued by a local agency. The bill would state these provisions do not preempt a local agency from adopting an ordinance that regulates short-term rentals, short-term rental facilitators, or the payment and collection of transient occupancy taxes in a manner that differs from those described in the bill. **Summary:** Current statutory law, the Documentary Transfer Tax Act, authorizes the imposition of a tax by a county or city, as provided, with respect to specified instruments that transfer specified interests in real property. Current law establishes the California Department of Tax and Fee Administration for the purpose of administering various taxes. This bill would require a person, as defined, that owns commercial property, as defined, in this state to register with the department, as provided. The bill would require every person owning commercial real property in this state to file an information return each year by a date determined by the department, as provided. The bill would require the information return to include specified information, including, among other requirements, whether any buildings or portions of buildings were vacant in the previous calendar year. The bill would authorize extensions of the time for a person to file an information return under specified circumstances, including for good cause. The bill would impose on any person who fails or refuses to timely furnish a return required by its provisions a penalty of \$100 per commercial property that the person fails or refuses to timely furnish the information return. The bill would authorize the Director of Finance to make a loan from the General Fund to the department to implement those provisions, and would require any loan to be repaid from revenues from penalties imposed. **Location:** 06/04/2025 - Senate Rules

**Summary:** The Planning and Zoning Law requires a city or county to adopt a comprehensive general plan for the city's or county's physical development that includes various elements, including, among others, a land use element that designates the proposed general distribution and general location and extent of the uses of the land in specified categories, and a circulation element that identifies the location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, as specified. This bill, the Local Electrification Planning Act, would require each city, county, or city and county, on or after January 1, 2027, but no later than January 1, 2030, to prepare and adopt a specified plan, or integrate a plan in the next adoption or revision of the general plan, that includes locally based goals, objectives, policies, and feasible implementation measures that include, among other things, the identification of opportunities to expand electric vehicle charging and other zero-emission vehicle fueling infrastructure, as specified, and includes policies and implementation measures that address the needs of disadvantaged communities, low-income households, and small businesses for equitable and prioritized investments in zero-emission technologies that directly benefit these groups. **Current Text:** 04/21/2025 - Amended [HTML](#) [PDF](#)

**Status:** 05/21/2025 - Referred to Com. on L. GOV.

**Location:** 05/21/2025 - Senate Local Government

**Summary:** Current law prescribes requirements for the disposal of surplus land by a local agency. Current law defines "exempt surplus land" to mean, among other things, land that is subject to a sectional planning area document, as described, and meets specified requirements, including that at least 25% of the units are dedicated to lower income households, as specified, and that is developed at an average density of at least 10 units per acre calculated with respect to the entire sectional planning area. This bill would change those requirements so that at a minimum, 25% of units that are proposed by the sectional planning area document as adopted prior to January 1, 2019, and are not designated for students, faculty, or staff of an academic institution must be dedicated to lower income households, as specified, and that the land must be developed at an average density of at least 10 units per acre, in accordance with certain requirements and calculated with respect to the entire sectional planning area and inclusive of housing designated for students, faculty, and staff of an academic institution. **Location:** 04/23/2025 - Senate Housing

**Summary:** The California Building Standards Law establishes the California Building Standards Commission (commission) within the Department of General Services. Existing law requires the commission to approve and adopt building standards and to codify those standards in the California Building Standards Code (code). The State Housing Law establishes statewide

construction and occupancy standards for buildings used for human habitation. Current law requires, among other things, the building standards adopted and submitted by the department for approval by the commission, as specified, to be adopted by reference, with certain exceptions. Current law authorizes any city or county to make changes in those building standards that are published in the code, including to green building standards. Current law requires the governing body of a city or county, before making modifications or changes to those green building standards, to make an express finding that those modifications or changes are reasonably necessary because of local climatic, geological, or topographical conditions. This bill would, from October 1, 2025, to June 1, 2031, inclusive, prohibit a city or county from making changes that are applicable to residential units to the above-described building standards unless a certain condition is met, including that the commission deems those changes or modifications necessary as emergency standards to protect health and safety. **Status:** 06/04/2025 - Referred to Coms. on L. GOV. and HOUSING.

**Location:** 06/04/2025 - Senate Local Government

**Summary:** The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. That law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit, if the development satisfies certain objective planning standards, including that the development is a multifamily housing development that contains two or more residential units. This bill would deem an adaptive reuse project a use by right in all zones, regardless of the zoning of the site, and subject to a streamlined, ministerial review process if the project meets specified requirements, subject to specified exceptions. In this regard, an adaptive reuse project, in order to qualify for the streamlined, ministerial review process, would be required to be proposed for an existing building that is less than 50 years old or meets certain requirements regarding the preservation of historic resources, including the signing of an affidavit declaring that the project will comply with the United States Secretary of the Interior's Standards for Rehabilitation for, among other things, the preservation of exterior facades of a building that face a street, or receive federal or state historic rehabilitation tax credits, as

specified. The bill would require an adaptive reuse project to meet specified affordability criteria. In this regard, the bill would require an adaptive reuse project for rental housing to include either 8% of the unit for very low income households and 5% of the units for extremely low income households or 15% of the units for lower income households. **AB 557 (McKinnor, D) California Factory-Built Housing Law.**

**Current Text:** 04/24/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/03/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/03/2025 - Senate Rules

**Summary:** The California Factory-Built Housing Law requires all factory-built housing after a specified date that is sold or offered for sale to first users within the state to bear insignia of approval issued by the department, deems that housing to comply with the requirements of all ordinances or regulations enacted by any city, city and county, county, or district that may be applicable to the construction of housing, as specified, and prohibits a city, city and county, county, and district from requiring submittal of plans for any factory-built housing manufactured, or to be manufactured pursuant to these provisions, as specified. Current law requires the department to provide by regulation for the qualification and disqualification of design approval agencies to perform approval of factory-built housing plans and specifications and makes approval by these agencies the equivalent of department approval. The law provides that any person who violates any of these provisions and other specified law is guilty of a misdemeanor, as specified. This bill would require plans or specifications of factory-built housing approved pursuant to these provisions to be approved by unit serial number and would authorize the approved plans or specifications to be used in subsequent development projects unless building standards relating to factory-built housing are modified, as specified. The bill would require the department and the design approval agencies to limit their review to the portions of a plan or specification that has not already received approval, as specified. **Current Text:** 05/05/2025 - Amended [HTML](#) [PDF](#)

**Status:** 05/20/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 05/20/2025 - Senate Rules

**Summary:** The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA exempts from its requirements various projects, including, but not limited to, housing projects that meet

certain requirements. This bill would exempt from the requirements of CEQA a housing development project, as defined, that meets certain conditions relating to, for example, size, density, and location, including specific requirements for any housing on the project site located within 500 feet of a freeway. The bill would require a local government, as a condition of approval for the development, to require the development proponent to complete a specified environmental assessment regarding hazardous substance releases. If a recognized environmental condition is found, the bill would require the development proponent to complete a preliminary endangerment assessment and specified mitigation based on that assessment. Because a lead agency would be required to determine whether a housing development project qualifies for this exemption, the bill would impose a state-mandated local program. **Current Text:** 04/10/2025 - Amended **HTML PDF**

**Status:** 06/09/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/09/2025 - Senate Rules

**Summary:** The Planning and Zoning Law requires a city or county to adopt a general plan for land use development that includes, among other things, a housing element. Current law, commonly referred to as the Housing Element Law, prescribes requirements for a city's or county's preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. Current law provides that a housing element or amendment is considered substantially compliant with the Housing Element Law when the local agency has adopted a housing element or amendment, the department or a court of competent jurisdiction determines the adopted housing element or amendment to be in substantial compliance with the Housing Element Law, and the department's compliance findings have not been superseded by subsequent contrary findings by the department or by a decision of a court of competent jurisdiction or the court's decision has not been overturned or superseded by a subsequent court decision or by statute. Current law requires the housing element to include an analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including, among others, locally adopted ordinances that directly impact the cost and supply of residential development. Current law also requires the analysis to demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need. This bill would require the housing element to include, in addition to the above-described analysis, a governmental constraints disclosure statement, as specified. (Based on 04/10/2025 text)

**Summary:** Current law requires a public agency to administer its programs and activities relating to housing and community development in a manner to affirmatively further fair housing, and take no action that is materially inconsistent with its obligation to affirmatively further fair housing. Current law defines “affirmatively furthering fair housing,” as provided. The Planning and Zoning Law requires that a housing element include, among other things, a program that sets forth a schedule of actions during the planning period. Current law requires the Department of Housing and Community Development to develop a standardized reporting format for programs and actions taken pursuant to the requirement to affirmatively further fair housing. This bill would require the department to develop the above-described standardized reporting format on or before December 31, 2026. (Based on 04/24/2025 text)

**Status:** 06/05/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/05/2025 - Senate Rules

**Summary:** The Planning and Zoning Law requires a local agency, as defined, to compile one or more lists that specify in detail the information required from any applicant for a postentitlement phase permit, as defined. Current law also establishes time limits for completing reviews regarding whether an application for a postentitlement phase permit is complete and compliant, and whether to approve or deny an application. If a local agency finds that a complete application is noncompliant, current law requires the local agency to provide the applicant with a list of items that are noncompliant and a description of how the application can be remedied by the applicant within specified time limits. Current law requires the time limits to be tolled, if the local agency requires review of the application by an outside entity, until the outside entity completes the review and returns the application to the local agency, as specified. This bill would prohibit the local agency from requiring or requesting more than 2 plan check and specification reviews in connection with an application for a building permit, as part of its review, except as specified. The bill, if a local agency finds that a complete application is noncompliant, would prohibit a local agency from requesting or requiring any action or inaction as a result of a building inspection undertaken to assess compliance with the applicable building permit standards that would represent a deviation from a previously approved building plan or similar approval for the building permit, except as specified. **Status:** 05/21/2025 - Referred to Coms. on HOUSING and JUD.

**Location:** 05/21/2025 - Senate Housing

**Summary:** Current law within the Planning and Zoning Law describes various reforms and incentives enacted by the Legislature to facilitate and expedite the construction of affordable housing. Current law within the Planning and Zoning Law, in certain civil actions or proceedings against a public entity that has issued specified approvals for a housing development, authorizes a court to award all reasonably incurred costs of suit to a prevailing public entity or nonprofit housing corporation that is a real party in interest and the permit applicant of the low- or moderate-income housing if the court makes specified findings. This bill, where the applicant for a housing development is a prevailing party in an action brought by the applicant to enforce the public agency's compliance with a housing reform law as applied to the applicant's housing development project, would entitle an applicant for a housing development project to reasonable attorney's fees and costs and would require a court to impose fines on a local agency, as specified. The bill would prohibit a public agency from requiring the applicant to indemnify, defend, or hold harmless the public agency in any action alleging the public agency violated the applicant's rights or deprived the applicant of the benefits or protection provide by a housing reform law. **Current Text:** 04/24/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/05/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/05/2025 - Senate Rules

**Summary:** Current law, beginning January 1, 2026, prescribes various statewide warehouse design and build standards for any proposed new or expanded logistics use developments, as specified, including, among other things, standards for building design and location, parking, truck loading bays, landscaping buffers, entry gates, and signage. Current law defines various terms, including "21st century warehouse," and "tier 1 21st century warehouse," for purposes of those provisions as logistics uses that, among other things, comply with specified building and energy efficiency standards, including requirements related to the availability of conduits and electrical hookups to power climate control equipment at loading bays, as specified. Existing law, subject to specified exceptions, defines "logistics use" for these purposes to mean a building in which cargo, goods, or products are moved or stored for later distribution to business or retail customers, or both, that does not predominantly serve retail customers for onsite purchases, and heavy-duty trucks are primarily involved in the movement of the cargo, goods, or products. This bill would clarify that a 21st century warehouse and a tier 1 21st century

warehouse are required to comply with those standards as are in effect at the time that the building permit for a development of a 21st century warehouse is issued and make other clarifying changes relating to permissibility of use of conduits and electrical hookups at loading bays at those locations. **Status:** 06/03/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/03/2025 - Senate Rules

**Summary:** The Subdivision Map Act requires prescribed security from a developer if the act or a local ordinance authorizes or requires the furnishing of security in connection with the performance of any act or agreement. Current law requires the Real Estate Commissioner to make an examination of any subdivision, and to, unless there are grounds for denial, issue to the subdivider a public report authorizing the sale or lease of the lots or parcels within the subdivision. Current law specifies the grounds for denial, including, among other things, the inability to demonstrate that adequate financial arrangements have been made for all offsite improvements included in the offering or the inability to demonstrate that adequate financial arrangements have been made for any community, recreational, or other facilities included in the offering. This bill, with respect to a residential development or project, would prohibit a local agency from requiring the furnishing of security in connection with the performance of any act or agreement related to an improvement that will be privately owned and maintained, and from conditioning the subdivision or any approval necessary for the development or construction of the project as a whole on the furnishing of that security related to an improvement that will be privately owned and maintained, if a security has been furnished for the same improvement pursuant to specified laws relating to real estate transactions, including with respect to the issuance of the public report by the Real Estate Commissioner described above. The bill would

also prohibit the Real Estate Commissioner, in issuing a public report for a residential development or project, from requiring the furnishing of a security in connection with the performance of any act or agreement related to an improvement that will be publicly owned and maintained if the Real Estate Commissioner determines that sufficient security has been furnished to a local agency for the same improvement, as provided. **Status:** 06/04/2025 - Referred to Coms. on L. GOV. and HOUSING.

**Location:** 06/04/2025 - Senate Local Government

**Summary:** The Permit Streamlining Act requires a public agency to determine whether an application for a development project is complete within specified time periods, as specified. The act requires a public agency that is the lead agency for a development project to approve or disapprove that project within specified time periods. Current law, the California Emergency Services Act, among other things, authorizes a local emergency to be proclaimed by the governing body of a city, county, or city and county, as specified, and grants political subdivisions various powers and authorities in periods of local emergency. This bill would require a local agency to approve or disapprove an application for a permit necessary to rebuild or repair an affected property, as defined and specified. The bill would require a local agency to approve an application, within 14 days of receipt of the application, for a construction permit for any of the specified structures intended to be used by a person until the rebuilding or repair of an affected property is complete. **Status:** 06/03/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/03/2025 - Senate Rules

**Summary:** The California Land Reuse and Revitalization Act of 2004 provides, among other things, that an innocent landowner, bona fide purchaser, or contiguous property owner, as defined, qualifies for immunity from liability from certain state statutory and common laws for pollution conditions caused by a release or threatened release of a hazardous material if specified conditions are met, including entering into an agreement for a specified site assessment and response plan. The act prohibits the Department of Toxic Substances Control, the State Water Resources Control Board, and a California regional water quality control board from requiring one of those persons to take a response action under certain state laws, except as specified. Existing law repeals the act on January 1, 2027. Current law provides that a person who qualifies for immunity under the act before January 1, 2027, shall continue to have that immunity on and after January 1, 2027. This bill would extend the repeal date of the act to January 1, 2037, and would provide that a person who qualifies for immunity under the act before January 1, 2037, shall continue to have that immunity on and after January 1, 2037, if the person continues to be in compliance with the requirements of the former act. **AB 1026 (Wilson, D) Planning and zoning: electrical corporations: energization.**

**Current Text:** 05/08/2025 - Amended [HTML](#) [PDF](#)

**Status:** 05/29/2025 - Read third time. Passed. Ordered to the Senate. (Ayes 71. Noes 0.) In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 05/29/2025 - Senate Rules

**Summary:** This bill would require an electrical corporation, to compile a list of information needed to approve or deny an application for energization, to post an example of a complete, approved energization application and an example of a complete energization application for a housing development project, and to make those items available by no later than July 1, 2026. The bill would also require an electrical corporation to determine if an application for energization is complete and provide notice or otherwise provide certain information under a specified procedure and timeframe. The bill would require an electrical corporation, upon approval of the application, to immediately transmit that determination to the applicant by electronic mail and, if applicable, by posting the response on its internet website, as specified. **Current Text:** 03/27/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/03/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/03/2025 - Senate Rules

**Summary:** Current law provides that specified recorded covenants, conditions, restrictions, or private limits on the use of land contained in specified instruments affecting the transfer or sale of any interest in real property are not enforceable against the owner of an affordable housing development, as defined, if an approved restrictive covenant affordable housing modification document has been recorded in the public record, as provided. As part of this process, current law requires the owner to submit to the county recorder a copy of the original restrictive covenant and any documents the owner believes necessary to establish that the property qualifies as an affordable housing development and requires the county counsel to determine, among other things, if the property qualifies as an affordable housing development and if a modification document may be recorded. Current law provides that these provisions do not

authorize any development that is not otherwise consistent with local general plans, zoning ordinances, and any applicable specific plan. This bill would extend those provisions to any housing development that is owned or controlled by an entity or individual that has submitted a development project application to redevelop an existing commercial property that includes residential uses permitted by state housing laws or local land use and zoning regulations and would make various conforming changes. **AB 1061 (Quirk-Silva, D) Housing developments: urban lot splits: historical resources.**

**Current Text:** 03/28/2025 - Amended [HTML](#) [PDF](#)

**Status:** 05/28/2025 - Referred to Coms. on HOUSING and L. GOV.

**Location:** 05/28/2025 - Senate Housing

**Summary:** Under the Planning and Zoning Law, the legislative body of a county or city may adopt ordinances that, among other things, regulate the use of buildings, structures, and land, as provided. The Subdivision Map Act vests the authority to regulate and control the design and improvement of subdivisions in the legislative body of a local agency and sets forth procedures governing the local agency's processing, approval, conditional approval or disapproval, and filing of tentative, final, and parcel maps. Current law requires a local agency to consider ministerially a specified proposed housing development or to ministerially approve a parcel map for an urban lot split if the development or parcel meets specified requirements, including, that the development or parcel is not located within a historic district or property included on the State Historic Resources Inventory or within a site that is designated or listed as a city or county landmark or historic property or district pursuant to city or county ordinance, as specified. Current law authorizes a local agency to impose specified objective standards on the development or parcel created by an urban lot split, but prohibits a local agency from, among other things, requiring setback for an existing structure or structure constructed in the same location and to the same dimensions of an existing structure. With respect to ministerial review of a housing development under the above-described provisions, this bill would, if the other specified requirements are met, instead require a local agency to consider ministerially a proposed housing development or that is not located on a parcel individually listed as a historical resource included in the State Historical Resources Inventory, as specified, or within a property individually designated or listed as a city or county landmark under a city or county ordinance. The bill would additionally prohibit the development from demolishing more than 25% of the exterior wall area or affecting the character-defining exterior features of a contributing structure, as specified. **AB 1154 (Carrillo, D) Accessory dwelling units: junior accessory dwelling units.**

**Current Text:** 02/20/2025 - Introduced [HTML](#) [PDF](#)

**Status:** 05/07/2025 - Referred to Coms. on HOUSING and L. GOV.

**Location:** 05/07/2025 - Senate Housing

**Summary:** The Planning and Zoning Law, among other things, provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Existing law prohibits a local agency from imposing parking standards for an accessory dwelling unit under certain circumstances, whether or not the local agency has adopted a local ordinance pursuant to the above provisions. Under existing law, those circumstances include, among others, if the accessory dwelling unit is located within 1/2 of one mile walking distance of public transit or there is a car share vehicle located within one block of the accessory dwelling unit. This bill would additionally prohibit a local agency from imposing any parking standards if the accessory dwelling unit is 500 square feet or smaller. This bill contains other related provisions and other existing laws. (Based on 02/20/2025 text)

#### **AB 1206 (Harabedian, D) Single-family and multifamily housing units: preapproved plans.**

**Current Text:** 06/09/2025 - Amended **HTML PDF**

**Status:** 06/09/2025 - From committee chair, with author's amendments: Amend, and re-refer to committee. Read second time, amended, and re-referred to Com. on L. GOV.

**Location:** 05/21/2025 - Senate Local Government

**Summary:** The Planning and Zoning Law provides for the adoption and administration of zoning laws, ordinances, rules and regulations by counties and cities and the implementation of those general plans as may be in effect in those counties or cities. In that regard, current law requires each local agency, by January 1, 2025, to develop a program for the preapproval of accessory dwelling unit plans. This bill would require each local agency, as defined and by July 1, 2026, to develop a program for the preapproval of single-family and multifamily residential housing plans, whereby the local agency accepts single-family and multifamily plan submissions for preapproval and approves or denies the preapproval applications, as specified. The bill would authorize a local agency to charge a fee to an applicant for the preapproval of a single-family or multifamily residential housing plan, as specified. The bill would require the local agency to post preapproved single-family or multifamily residential housing plans and the contact information of the applicant on the local agency's internet website. The bill would prohibit the preapproval program from applying to single-family or multifamily residential housing plans intended for use in certain communities and developments, as specified. The bill would require a local agency to either approve or deny an application for a single-family or multifamily residential housing unit, both as defined, within 30 days if the lot meets certain conditions and the application utilizes either a single-family or multifamily residential housing unit plan preapproved within the current triennial California Building Standards Code rulemaking cycle or a plan that is identical to a plan used in an application for a single-family or multifamily residential housing unit approved by the local agency within the current triennial California Building Standards Code rulemaking cycle. **Status:** 06/10/2025 - From committee chair, with author's amendments: Amend, and re-refer to committee. Read second time, amended, and re-referred to Com. on HOUSING.

**Location:** 06/04/2025 - Senate Housing

**Summary:** The Planning and Zoning law, among other things, authorizes a development proponent to submit an application for a development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards. The Housing Accountability Act, which is part of the Planning and Zoning Law, prohibits a local agency from disapproving, or conditioning approval in a manner that renders infeasible, a housing development project, as defined for purposes of the act, for very low, low-, or moderate-income households or an emergency shelter unless the local agency makes specified written findings based on a preponderance of the evidence in the record. That act states that it shall not be construed to prohibit a local agency from requiring a housing development project to comply with objective, quantifiable, written development standards, conditions, and policies appropriate to, and consistent with, meeting the jurisdiction's share of the regional housing need, except as provided. The act further provides that for its purposes, a housing development project or emergency shelter shall be deemed consistent, compliant, and in conformity with an applicable plan, program, policy, ordinance, standard, requirement, or other similar provision if there is substantial evidence that would allow a reasonable person to conclude that the housing development project or emergency shelter is consistent, compliant, or in conformity. The act requires a housing development project to be subject only to the ordinances, policies, and standards adopted and in effect when a preliminary application, as specified, was submitted, except as otherwise provided. The act defines "ordinances, policies, and standards" to include general plan, community plan, specific plan, zoning, design review standards and criteria, subdivision standards and criteria, and any other rules, regulations, requirements, and policies of a local agency, as defined, including those relating to development impact fees, capacity or connection fees or charges, permit or processing fees, and other exactions. This bill would include in the definition of "ordinances, policies, and standards" materials requirements, postentitlement permit standards, and any rules, regulations, determinations, and other requirements adopted or implemented by other public agencies, as defined. **Location:** 06/03/2025 - Senate Rules

**Summary:** The Permit Streamlining Act, among other things, requires each public agency to provide a development project applicant with a list that specifies the information that will be required from any applicant for a development project. The act requires a public agency that has received an application for a development project to determine in writing whether the application is complete within 30 calendar days and to immediately transmit the determination to the applicant of the development project. This bill would require that an application for a housing entitlement, as defined, be deemed complete upon payment of the permit processing fees and upon providing specified information, including, among other things, a description of the proposed housing development project and a list of the approvals requested by the applicant. The bill would require, on or before July 1, 2026, the Department of Housing and Community Development to adopt a standardized application form that applicants for a housing entitlement may use for the purpose of satisfying these requirements and would require, on or after October 1, 2026, a city, county, or city and county to accept an application submitted on the standardized application form. The bill would prohibit the city, county, or city and county from requiring submission of any other forms, beside the standardized application form, except as specified. (Based on 04/22/2025 text)

**Status:** 06/04/2025 - Referred to Coms. on L. GOV. and HOUSING.

**Location:** 06/04/2025 - Senate Local Government

**Summary:** The State Housing Law establishes statewide construction and occupancy standards for buildings used for human habitation. Current law authorizes a county's or city's governing body to prescribe fees for permits, certificates, or other forms or documents required or authorized under the State Housing Law. Current law entitles a permittee to reimbursement of the permit fees if the county or city fails to conduct an inspection of the permitted work for which the permit fees have been charged within 60 days of receiving notice of completion of the permitted work. This bill would require a county's or city's building department to prepare a residential building permit fee schedule and post the schedule on the county's or city's internet website, if the county or city prescribes residential building permit fees. **Status:** 06/05/2025 - Referred to Coms. on H. & C.D. and L. GOV.

**Location:** 06/05/2025 - Assembly Housing and Community Development

**Summary:** The Planning and Zoning Law provides for the creation of an accessory dwelling unit by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards. The law requires a local agency to submit an accessory dwelling unit ordinance to the Department of Housing and Community Development within 60 days after adoption. The law authorizes the department to submit written findings to a local agency as to whether the ordinance complies with the standards. If the department finds that the ordinance does not comply with the standards, the law requires the department to provide a local agency reasonable time, no longer than 30 days, to respond to its findings. If the local agency does not amend its ordinance in response to those findings or does not adopt a resolution with findings explaining the reason the ordinance complies with the standards and addressing the department's findings, the law requires the department to notify the local agency and authorizes the department to notify the Attorney General that the local agency is in violation of state law. This bill would invalidate the ordinance if the local agency fails to submit a copy of the ordinance to the department within 60 days of adoption or fails to respond to the department's findings that the ordinance does not comply with the standards within 30 days, as described above. **Status:** 06/04/2025 - In Assembly. Read first time. Held at Desk.

**Location:** 06/03/2025 - Assembly DESK

**Summary:** The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that contains certain mandatory elements, including a land use element and a housing element. Current law requires that the land use element designate the proposed general distribution and general location and extent of the uses of the land, as specified. Current law requires that the housing element consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing, as specified. Current law requires that the housing element include, among other things, an assessment of housing needs and an inventory of resources and constraints that are relevant to the meeting of these needs, including an inventory of land suitable for residential development, as provided. Current law, for the 4th and subsequent revisions of the housing element, requires the Department of Housing and Community Development to determine the existing and projected need for housing for each region, as specified, and requires the appropriate council of local governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each locality in the region. This bill would require that a housing development project, as defined, proposed within a specified distance of

a transit-oriented development (TOD) stop, as defined, be an allowed use on any site zoned for residential, mixed, or commercial development, if the development complies with applicable requirements, as specified. The bill would establish requirements concerning height limits, density, and floor area ratio in accordance with a development's proximity to specified tiers of TOD stops, as provided. The bill would provide that, for the purposes of the Housing Accountability Act, a proposed development consistent with the applicable standards of these provisions shall be deemed consistent, compliant, and in conformity with prescribed requirements, as specified. **SB 328 (Grayson, D) Hazardous waste generation and handling fees: Department of Toxic Substances Control oversight and postentitlement phase permit responses: housing development projects.**

**Current Text:** 05/23/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/05/2025 - Referred to Coms. on E.S & T.M. and REV. & TAX.

**Location:** 06/05/2025 - Assembly Environmental Safety and Toxic Materials

**Summary:** The hazardous waste control laws require the Department of Toxic Substances Control to regulate the handling and management of hazardous waste and hazardous materials. Current law, which is part of the Planning and Zoning Law, establishes time limits for a local agency, as defined, to complete reviews regarding whether an application for a postentitlement phase permit, as defined, is complete and compliant, and whether to approve or deny an application, as specified, and makes any failure to meet these time limits a disapproval of the housing development project and a violation of specified law. Upon the department receiving a request for a housing development project seeking oversight of investigation, characterization, and remediation activities, or for a request from a housing development project for a postentitlement phase permit that a local agency deemed complete that requires a response

from the department, this bill would require the department to provide written notice to the requestor within specified timelines regarding subsequent actions in the review process, as specified. The bill would require, for a housing development with 25 units or fewer, the department to provide the written notice within 60 business days of receiving the request. The bill would require, for a housing development with 26 units or more, the department to provide the written notice within 120 business days of receiving the request. (Based on 05/23/2025 text)

**Status:** 06/05/2025 - Referred to Com. on HEALTH.

**Location:** 06/05/2025 - Assembly Health

**Summary:** Current law provides for the licensure and regulation of alcohol or other drug recovery or treatment facilities by the State Department of Health Care Services. Current law prohibits operating an alcohol or other drug recovery or treatment facility to provide recovery, treatment, or detoxification services within this state without first obtaining a current valid license. If a facility is alleged to be providing those services without a license, existing law requires the department to conduct a site visit to investigate the allegation. Current law also authorizes the department to conduct announced or unannounced site visits to licensed facilities for the purpose of reviewing them for compliance, as specified. This bill would require the department to assign a complaint under its jurisdiction regarding an alcohol or other drug recovery or treatment facility to an analyst for investigation within 10 days of receiving the complaint. If the department receives a complaint that does not fall under its jurisdiction, the bill would require the department to notify the complainant, in writing, that it does not investigate that type of complaint. **Status:** 06/05/2025 - Referred to Coms. on L. GOV. and JUD.

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** Existing law authorizes a local authority, by ordinance or resolution, to regulate the occupancy of a room or rooms, or other living space, in a hotel, inn, tourist home or house, motel, or other lodging for a period of less than 30 days. This bill would authorize a local agency, defined to mean a city, county, or city and county, to enact an ordinance to require a short-term rental facilitator, as defined, to report, in the form and manner prescribed by the local agency, the physical address, including 9-digit ZIP Code, of each short-term rental, as defined, during the

reporting period, as well as any additional information necessary to identify the property as may be required by the local agency. The bill would authorize the local agency to impose an administrative fine or penalty for failure to file the report, and would authorize the local agency to initiate an audit of a short-term rental facilitator, as described. The bill would require a short-term rental facilitator, in a jurisdiction that has adopted an ordinance, to include in the listing of a short-term rental any applicable local license number associated with the short-term rental and any transient occupancy tax certification issued by a local agency. The bill would state these provisions do not preempt a local agency from adopting an ordinance that regulates short-term rentals, short-term rental facilitators, or the payment and collection of transient occupancy taxes in a manner that differs from those described in the bill. **SB 358 (Becker, D) Mitigation Fee Act: mitigating vehicular traffic impacts.**

**Current Text:** 05/27/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/09/2025 - Referred to Com. on L. GOV.

**Location:** 06/09/2025 - Assembly Local Government

**Summary:** The Mitigation Fee Act imposes various requirements with respect to the establishment, increase, or imposition of a fee by a local agency as a condition of approval of a development project. Current law requires a local agency that imposes a fee on a housing development for the purpose of mitigating vehicular traffic impacts to set the rate for that fee, if the housing development satisfies all of certain prescribed characteristics, to reflect a lower rate of automobile trip generation associated with such housing developments in comparison with housing developments without the prescribed characteristics, unless the local agency adopts findings after a public hearing establishing that the housing development, even with those characteristics, would not generate fewer automobile trips than a housing development without those characteristics. This bill would require those findings to be supported by substantial evidence in the record before or as part of the housing development project approval process. (Based on 05/27/2025 text)

**SB 415 (Reyes, D) Planning and zoning: logistics use: truck routes.**

**Current Text:** 04/24/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/09/2025 - Referred to Com. on L. GOV.

**Location:** 06/09/2025 - Assembly Local Government

**Summary:** Current law, beginning January 1, 2026, prescribes various statewide warehouse design and build standards for any proposed new or expanded logistics use developments, as specified, including, among other things, standards for building design and location, parking, truck loading bays, landscaping buffers, entry gates, and signage. Current law defines various

terms, including “21st century warehouse,” and “tier 1 21st century warehouse,” for purposes of those provisions as logistics uses that, among other things, comply with specified building and energy efficiency standards, including requirements related to the availability of conduits and electrical hookups to power climate control equipment at loading bays, as specified. Current law, subject to specified exceptions, defines “logistics use” for these purposes to mean a building in which cargo, goods, or products are moved or stored for later distribution to business or retail customers, or both, that does not predominantly serve retail customers for onsite purchases, and heavy-duty trucks are primarily involved in the movement of the cargo, goods, or products. This bill would clarify that a 21st century warehouse and a tier 1 21st century warehouse are required to comply with those standards as are in effect at the time that the building permit for a development of a 21st century warehouse is issued and make other clarifying changes relating to permissibility of use of conduits and electrical hookups at loading bays at those locations. The bill would revise the definition of “logistics use” for these purposes to instead mean a building that is primarily used as a warehouse for the movement or the storage of cargo, goods, or products that are moved to business or retail customers, or both, that does not predominantly serve retail customers for onsite purchases, and heavy-duty trucks are primarily involved in the movement of the cargo, goods, or products. **Status:** 06/05/2025 - Referred to Coms. on L. GOV. and H. & C.D.

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 governs the procedures for the formation and change of organization of cities and special districts and establishes a local agency formation commission in each county consisting of members appointed as provided. The act expresses the intent of the Legislature that each local agency formation commission, by January 1, 2002, establish written policies and procedures and exercise its powers in a way that encourages and provides planned, well-ordered, efficient urban development patterns, as specified. The act requires these written policies and procedures to include forms to be used for various submittals to the commission, as provided. The act requires each commission to provide access to notices and other information to the public on an internet website, as specified, including notice of all public hearings and commission meetings. This bill would require that each local agency formation commission establish the written policies and procedures described above. The bill would require that the written policies and procedures include any forms necessary for a complete application to the commission concerning a proposed change of organization or reorganization. **Status:** 06/05/2025 - Referred to Com. on L. GOV.

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** Existing law, the Mitigation Fee Act, imposes various requirements with respect to the establishment, increase, or imposition of a fee by a local agency as a condition of approval of a development project. If a local agency imposes any fees or charges on designated residential developments for the construction of public improvements or facilities, existing law imposes various conditions on the fees and charges. Among these conditions, existing law prohibits the local agency from requiring the payment of those fees or charges until the date the first

certificate of occupancy or first temporary certificate of occupancy is issued, whichever occurs first, except as specified. Existing law authorizes a local agency to require the payment of those fees or charges earlier if the local agency determines, among other things, that the fees or charges will be collected for, among other types of public improvements or facilities, public improvements or facilities related to providing fire, public safety, and emergency services to the residential development. This bill would specify that the public improvements or facilities related to providing fire, public safety, and emergency services for which a local agency may require the earlier payment of fees and charges under the above-described provisions include parkland and recreational facilities identified in the local agency's safety element for an emergency purpose, as specified. The bill would authorize a local hazard mitigation plan to be used in lieu of a safety element for this purpose until January 1, 2031. (Based on 05/08/2025 text)

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** Current law authorizes the infrastructure financing plan to provide for the division of taxes levied on taxable property in the area included within the district, as specified, and authorizes the public financing authority to issue bonds by adopting a resolution containing specified provisions, including a determination of the amount of tax revenue available or estimated to be available for the payment of the principal of, and interest on, the bonds. This bill would revise NIFTI-2 to instead authorize, for resolutions adopted under that act's provisions on or after January 1, 2026, a city, county, or city and county to adopt a resolution, at any time before or after the adoption of the infrastructure financing plan for an enhanced infrastructure financing district, to allocate property tax revenues, and to remove the authorization for adoption of a resolution that allocates revenues derived from local sales and use taxes imposed pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law or transactions and use taxes. The bill would also repeal the condition that the boundaries of the enhanced infrastructure financing district are coterminous with the city or county that established the district. **SB 710 (Blakespear, D) Property taxation: active solar energy systems: extension.**

**Current Text:** 05/23/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/05/2025 - In Assembly. Read first time. Held at Desk.

**Location:** 06/04/2025 - Assembly DESK

**Summary:** The California Constitution generally limits the maximum rate of ad valorem tax on real property to 1% of the full cash value of the property and defines "full cash value" for these purposes as the appraised value of real property when purchased, newly constructed, or a

change in ownership has occurred after the 1975 assessment. Pursuant to constitutional authorization, existing property tax law excludes from the definition of “newly constructed” for these purposes the construction or addition of any active solar energy system, as defined, through the 2025–26 fiscal year. Under existing property tax law, this exclusion remains in effect only until there is a subsequent change in ownership, but an active solar energy system that qualifies for the exclusion before January 1, 2027, continues to receive the exclusion until there is a subsequent change in ownership. Existing law repeals these exclusion provisions on January 1, 2027. This bill would, beginning with lien dates occurring on or after January 1, 2026, extend the exclusion indefinitely, and would limit the exclusion to qualified active solar energy systems, as defined. The bill would also remove the repeal of the existing active solar energy system exclusion. (Based on 05/23/2025 text)

**Summary:** The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and of certain land outside its boundaries, and requires the general plan to contain specified mandatory elements. Current law specifies that these provisions generally do not apply to a charter city, but requires a charter city to adopt a general plan that contains the mandatory elements, among other things. Current law prescribes a process to challenge the validity of a general plan. Among other things, existing law requires a petitioner to request a hearing or trial, as specified. Current law requires a court to set a date for the hearing or trial to be heard no later than 120 days after the filing of the request, as specified. Current law authorizes a court to continue for a reasonable time the date of the hearing or trial upon written motion and finding of good cause. Current law requires a court to grant the petitioner temporary relief if the court grants a continuance to a respondent, as specified. This bill would apply to the above-described process to challenge the validity of a general plan to a charter city and state that this is declaratory of existing law. The bill would limit the period for which a court may continue a trial or hearing, as described above, to no more than 60 days and would additionally authorize a court to grant a continuance on the court’s own motion. **Summary:** Current statutory law, the Documentary Transfer Tax Act, authorizes the imposition of a tax by a county or city, as provided, with respect to specified instruments that transfer specified interests in real property. Current law establishes the California Department of Tax and Fee Administration for the purpose of administering various taxes. This bill would require a person, as defined, that owns commercial property, as defined, in this state to register with the department, as provided. The bill would require every person owning commercial real property in this state to file an information return each year by a date determined by the department, as provided. The bill would require the information return to include specified information, including, among other requirements, whether any buildings or portions of buildings were vacant in the previous calendar year. The bill would authorize extensions of the time for a person to file an information return under specified circumstances, including for good cause. The bill would impose on any person who fails or refuses to timely furnish a return required by its provisions a penalty of \$100 per commercial property that the person fails or refuses to timely furnish the information return. The bill would authorize the Director of Finance to make a loan from the General Fund to the department to implement those provisions, and would require any loan to be repaid from revenues from penalties imposed. ### **AB 15 (Gipson, D) Open unsolved murder: review and reinvestigation.**

**Current Text:** 05/23/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/04/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/04/2025 - Senate Rules

**Summary:** Would require a law enforcement agency to review the casefile regarding an open unsolved murder upon written application by certain persons to determine if a reinvestigation would result in probative investigative leads, as specified. The bill would define an open unsolved murder as a murder committed after January 1, 1990, but no less than 3 years prior to the date of the application for case review, that was investigated by a law enforcement agency, for which all probative investigative leads have been exhausted and for which no suspect has been identified. If the review determines that a reinvestigation would result in probative investigative leads, this bill would require a reinvestigation, as specified. The bill would allow only one reinvestigation from being undertaken at any one time with respect to the same victim. (Based on 05/23/2025 text)

**Status:** 06/04/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/04/2025 - Senate Rules

**Summary:** Would make it a crime for a person to willfully threaten, by any means, including, but not limited to, an image or threat posted or published on an internet web page, to commit a crime at specified locations, including a daycare and workplace, with specific intent that the statement is be taken as a threat, even if there is no intent of actually carrying it out, if the threat, on its face and under the circumstances in which it is made is so unequivocal, unconditional, immediate, and specific as to convey to the person or persons threatened a gravity of purpose and an immediate prospect of execution of the threat, and if the threat causes a person or person to reasonably be in sustained fear for their own safety or the safety of others at the specified locations. This bill would make this crime, for a person 18 years of age or older, punishable as a wobbler by imprisonment in the county jail for not more than one year or by imprisonment in the county jail for 16 months or 2 or 3 years. If a person under 18 years of age commits this crime, the bill would make this crime punishable as a misdemeanor. By creating a new crime, this bill would create a state-mandated local program. **Summary:** The California Disaster Assistance Act requires the Director of Emergency Services to provide financial assistance to local agencies for their personnel costs, equipment costs, and the cost of supplies and materials used during disaster response activities, incurred as a result of a state of emergency proclaimed by the Governor, subject to specified criteria. The act continuously appropriates moneys in the Disaster Assistance Fund and its subsidiary account, the Earthquake Emergency Investigations Account, without regard to fiscal year, for purposes of the act. This bill would enact the California Individual Assistance Act to establish a grant program to provide financial assistance, upon appropriation by the Legislature, to local agencies, community-based organizations, and individuals for specified costs related to a disaster, as prescribed. The bill would require the director to allocate from the fund, subject to specified conditions, funds to meet the cost of expenses for those purposes. (Based on 05/23/2025 text)

**Location:** 06/03/2025 - Senate Rules

**Summary:** The Meyers-Millas-Brown Act contains various provisions that govern collective bargaining of local represented employees and delegates jurisdiction to the Public Employment Relations Board to resolve disputes and enforce the statutory duties and rights of local public agency employers and employees. Current law requires the governing body of a public agency to meet and confer in good faith regarding wages, hours, and other terms and conditions of employment with representatives of recognized employee organizations. Current law requires the governing body of a public agency, and boards and commissions designated by law or by the governing body, to give reasonable written notice, except in cases of emergency, as specified, to each recognized employee organization affected of any ordinance, rule, resolution, or regulation directly relating to matters within the scope of representation proposed to be adopted by the governing body or the designated boards and commissions. This bill would require the governing body of a public agency, and boards and commissions designated by law or by the governing body of a public agency, to give the recognized employee organization no less than 120 days' written notice before issuing a request for proposals, request for quotes, or renewing or extending an existing contract to perform services that are within the scope of work of the job classifications represented by the recognized employee organization. The bill would require the notice to include specified information, including the anticipated duration of the contract. The bill would also require the public agency, if an emergency or other exigent circumstance prevents the public agency from providing the written notice described above, to provide as much advance notice as is practicable under the circumstances. **Location:** 06/04/2025 - Senate Rules

**Summary:** Current law governs the business of buying, selling, and dealing in secondhand and used machinery and all ferrous and nonferrous scrap metals and alloys, also known as “junk.” Current law requires junk dealers and recyclers to keep a written record of all sales and purchases made in the course of their business, including the place and date of each sale or purchase of junk and a description of the item or items, as specified. Current law requires the written record to include a statement indicating either that the seller of the junk is the owner of it, or the name of the person they obtained the junk from, as shown on a signed transfer document. Current law prohibits a junk dealer or recycler from providing payment for nonferrous materials until the junk dealer or recycler obtains a copy of a valid driver’s license of the seller or other specified identification. Current law requires a junk dealer or recycler to preserve the written record for at least 2 years. This bill would require junk dealers and recyclers to include additional information in the written record, including the time and amount paid for each sale or purchase of junk made, and the name of the employee handling the transaction. The bill would revise the type of information required to be included in the description of the item or items of junk purchased or sold, as specified. (Based on 05/01/2025 text)

**Status:** 05/23/2025 - In committee: Held under submission.

**Location:** 04/30/2025 - Assembly APPR. SUSPENSE FILE

**Summary:** Would require the Office of Emergency Services (OES) to develop state recovery frameworks for California's catastrophic plans, as provided. The bill would also require the governing body of a political subdivision, as defined, to develop regional recovery frameworks for California's catastrophic plans and would require OES to provide technical assistance in this regard. This bill would require OES and the governing bodies of political subdivisions, in developing recovery frameworks, to incorporate lessons learned from recent major disasters. The bill would require the recovery frameworks to be consistent with guidance from the Federal Emergency Management Agency and to address, at a minimum, specified recovery support functions, including economic recovery, health and social services, and infrastructure systems. The bill would require OES to use, to the greatest extent possible, federal preparedness grant funding to offset the state, local, and tribal government costs associated with developing recovery frameworks. The bill would require the state and regional recovery frameworks to be completed by January 15, 2027. By imposing new duties on local agencies, this bill would impose a state-mandated local program. **SB 6 (Ashby, D) Controlled substances: xylazine.**

**Current Text:** 12/02/2024 - Introduced [HTML](#) [PDF](#)

**Status:** 06/09/2025 - Referred to Com. on PUB. S.

**Location:** 06/09/2025 - Assembly Public Safety

**Summary:** The California Uniform Controlled Substances Act categorizes controlled substances into 5 schedules and places the greatest restrictions on those substances contained in Schedule I. Under existing law, the substances in Schedule I are deemed to have a high potential for abuse and no accepted medical use while substances in Schedules II through V are

substances that have an accepted medical use, but have the potential for abuse. Current law restricts the prescription, furnishing, possession, sale, and use of controlled substances, and makes a violation of those laws a crime, except as specified. Current law defines drug paraphernalia and prohibits, among other things, the manufacture, sale, and possession, as specified, of drug paraphernalia. Current law excludes from these prohibitions any testing equipment that is designed, marketed, used, or intended to be used to analyze a substance for the presence of fentanyl, ketamine, gamma hydroxybutyric acid, or any analog of fentanyl. This bill would add xylazine to the list of Schedule III substances, as specified. If an animal drug containing xylazine that has been approved under the federal Food, Drug and Cosmetic Act is not available for sale in California, the bill would create an exception for a substance that is intended to be used to compound an animal drug, as specified. The bill would exclude from the prohibitions on paraphernalia any testing equipment to analyze a substance for the presence of xylazine. (Based on 12/02/2024 text)

**Status:** 06/09/2025 - Referred to Com. on PUB. S.

**Location:** 06/09/2025 - Assembly Public Safety

**Summary:** Current law makes it a crime to willfully threaten to commit a crime that will result in death or great bodily injury to another person, with the specific intent that the statement is to be taken as a threat that, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened a gravity of purpose and an immediate prospect of execution of the threat, and thereby reasonably causes the threatened person to be in sustained fear for their own safety or the safety of their immediate family, as defined. Under current law, this crime is punishable by imprisonment in a county jail for no more than one year for a misdemeanor, or by imprisonment in state prison for a felony. This bill would make a person who willfully threatens to commit a crime which will result in death or great bodily injury to any person who may be on the grounds of a school or place of worship, with specific intent and under certain circumstances, and if the threat causes a person or persons reasonably to be in sustained fear for their own safety or the safety of another person, guilty of a misdemeanor or felony punishable by imprisonment in a county jail for a specified term, except that if the person is under 18 years of age, the bill would make the person guilty of an infraction and require the person to be referred to specified services in lieu of being declared a ward of the court, as specified. **Summary:** Would prohibit school districts, county offices of education, or charter schools and their personnel, to the extent possible, from granting permission to an immigration authority to access the nonpublic areas of a schoolsite, producing a pupil for questioning by an immigration authority at a schoolsite, or consenting to a search of any kind of the nonpublic areas of a schoolsite by an immigration authority, unless the immigration authority presents a valid judicial warrant or court order. The bill would require a local educational agency and its personnel, when presented with a valid judicial warrant or court order to carry out the above-described actions, to (1) request valid identification and a written statement of purpose from the immigration authority and retain copies of those documents and (2), as early as possible, notify the designated local educational agency administrator of the request and advise the immigration authority that the local educational agency administrator is required to provide direction before access to the nonpublic areas of a schoolsite or pupil may be granted. The bill would require a local educational agency and its personnel, if an immigration authority does not present a valid judicial warrant or court order, to (1), as early as possible, notify the designated local educational agency administrator of the request, (2) deny the immigration authority access to the nonpublic areas of the schoolsite, and (3) make a reasonable effort to have the denial witnessed and documented. The bill would also prohibit a local educational agency and its personnel from disclosing or providing, in writing, verbally, or in any other manner, the education records of or any information about a pupil, pupil's family and household, school employee, or teacher to an immigration authority without a valid judicial warrant or court order directing the local educational agency or its personnel to do so. The bill would also require the Attorney General to publish model policies to assist K–12 schools in responding to immigration issues pursuant to the above-described requirements. **Status:** 06/05/2025 - Referred to Com. on L. GOV.

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** Existing law, the Mitigation Fee Act, imposes various requirements with respect to the establishment, increase, or imposition of a fee by a local agency as a condition of approval of a development project. If a local agency imposes any fees or charges on designated residential developments for the construction of public improvements or facilities, existing law imposes various conditions on the fees and charges. Among these conditions, existing law prohibits the local agency from requiring the payment of those fees or charges until the date the first certificate of occupancy or first temporary certificate of occupancy is issued, whichever occurs first, except as specified. Existing law authorizes a local agency to require the payment of those fees or charges earlier if the local agency determines, among other things, that the fees or charges will be collected for, among other types of public improvements or facilities, public improvements or facilities related to providing fire, public safety, and emergency services to the residential development. This bill would specify that the public improvements or facilities related to providing fire, public safety, and emergency services for which a local agency may require the earlier payment of fees and charges under the above-described provisions include parkland and recreational facilities identified in the local agency's safety element for an emergency purpose, as specified. The bill would authorize a local hazard mitigation plan to be used in lieu of a safety element for this purpose until January 1, 2031. (Based on 05/08/2025 text)

**Summary:** Existing law requires the county agency supervising the release of a person on postrelease community supervision to petition a court to revoke, modify, or terminate postrelease community supervision if the agency determines, following application of its assessment processes, that intermediate sanctions are not appropriate. This bill would require the county agency supervising the release of a person on postrelease community supervision to also petition a court to revoke, modify, or terminate postrelease community supervision if the person has violated the terms of their release for a 3rd time and the person has committed a new felony or misdemeanor. By imposing additional duties on county agencies administering postrelease community supervision, this bill would impose a state-mandated local program. (Based on 05/23/2025 text)

## TRANSPORTATION & INFRASTRUCTURE

### **AB 476 (González, Mark, D) Metal theft.**

**Current Text:** 05/01/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/04/2025 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 06/04/2025 - Senate Rules

**Summary:** Current law governs the business of buying, selling, and dealing in secondhand and used machinery and all ferrous and nonferrous scrap metals and alloys, also known as “junk.” Current law requires junk dealers and recyclers to keep a written record of all sales and purchases made in the course of their business, including the place and date of each sale or purchase of junk and a description of the item or items, as specified. Current law requires the written record to include a statement indicating either that the seller of the junk is the owner of it, or the name of the person they obtained the junk from, as shown on a signed transfer document. Current law prohibits a junk dealer or recycler from providing payment for nonferrous materials until the junk dealer or recycler obtains a copy of a valid driver’s license of the seller or other specified identification. Current law requires a junk dealer or recycler to preserve the written record for at least 2 years. This bill would require junk dealers and recyclers to include additional information in the written record, including the time and amount paid for each sale or purchase of junk made, and the name of the employee handling the transaction. The bill would revise the type of information required to be included in the description of the item or items of junk purchased or sold, as specified. (Based on 05/01/2025 text)

### **AB 978 (Hoover, R) Department of Transportation and local agencies: streets and highways: recycled materials.**

**Current Text:** 04/01/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/10/2025 - From committee: Do pass and re-refer to Com. on APPR. (Ayes 13. Noes 0.) (June 10). Re-referred to Com. on APPR.

**Location:** 06/10/2025 - Senate Appropriations

**Summary:** Current law requires a local agency that has jurisdiction over a street or highway, to the extent feasible and cost effective, to apply standard specifications that allow for the use of recycled materials in streets and highways, except as provided. Current law requires, until January 1, 2027, those standard specifications to allow recycled materials at or above the level allowed in the department's standard specifications that went into effect on October 22, 2018, for specified materials. This bill would indefinitely require a local government's standard specifications to allow recycled materials at a level no less than the level allowed in the department's specifications for those specified materials. If a local agency's standard specifications do not allow for the use of recycled materials at a level that is equal to or greater than the level allowed in the department's standard specifications on the basis that the use of those recycled materials at those levels is not feasible, the bill would require the local agency to provide the reason for that determination upon request. By increasing the duties of local agencies, the bill would impose a state-mandated local program. (Based on 04/01/2025 text)

**SB 71 (Wiener, D) California Environmental Quality Act: exemptions: environmental leadership transit projects.**

**Current Text:** 05/29/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/09/2025 - Referred to Com. on NAT. RES.

**Location:** 06/09/2025 - Assembly Natural Resources

**Summary:** The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA, until January 1, 2030, exempts from its requirements active transportation plans, pedestrian plans, or bicycle transportation plans for the restriping of streets and highways, bicycle parking and storage, signal timing to improve street and highway intersection operations, and the related signage for bicycles, pedestrians, and vehicles. This bill would extend the operation of the above-mentioned exemption indefinitely. The bill would also exempt a transit comprehensive operational analysis, as defined, a transit route readjustment, or other transit agency route addition, elimination, or modification, from the requirements of CEQA. Because a lead agency would be required to determine whether a plan qualifies for this exemption, the bill would impose a state-mandated local program. (Based on 05/29/2025 text)

**Status:** 06/05/2025 - Referred to Com. on L. GOV.

**Location:** 06/05/2025 - Assembly Local Government

**Summary:** Current law establishes the Office of Land Use and Climate Innovation in the Governor’s office for the purpose of serving the Governor and the Governor’s cabinet as staff for long-range planning and research and constituting the comprehensive state planning agency. Current law authorizes a local agency to finance infrastructure projects through various means, including by authorizing a city or county to establish an enhanced infrastructure financing district to finance public capital facilities or other specified projects of communitywide significance that provide significant benefits to the district or the surrounding community. This bill would require the office, upon appropriation by the Legislature, to establish the Infrastructure Gap-Fund Program to provide grants to local agencies for the development and construction of infrastructure projects, as defined, facing unforeseen costs after starting construction. The bill would authorize the office to provide funding for up to 20% of a project’s additional projected cost, as defined, after the project has started construction, subject to specified conditions, including, among other things, that the local agency has allocated existing local tax revenue for at least 45% of the initially budgeted total cost of the infrastructure project. When applying to the program, the bill would require the local agency to demonstrate challenges with completing the project on time and on budget and how the infrastructure project helps meet state and local goals, as specified. ### **AB 794 (Gabriel, D) California Safe Drinking Water Act: emergency regulations.**

**Current Text:** 04/10/2025 - Amended [HTML](#) [PDF](#)

**Status:** 05/27/2025 - Read second time. Ordered to third reading.

**Location:** 05/27/2025 - Assembly THIRD READING

**Summary:** The California Safe Drinking Water Act (state act) requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health. The state board's duties include, but are not limited to, enforcing the federal Safe Drinking Water Act (federal act) and adopting and enforcing regulations. Current law authorizes the state board to adopt as an emergency regulation, a regulation that is not more stringent than, and is not materially different in substance and effect than, the requirements of a regulation promulgated under the federal act, with a specified exception. This bill would provide that the authority of the state board to adopt an emergency regulation pursuant to these provisions includes the authority to adopt requirements of a specified federal regulation that was in effect on January 19, 2025, regardless of whether the requirements were repealed or amended to be less stringent. The bill would prohibit an emergency regulation adopted pursuant to these provisions from implementing less stringent drinking water standards, as provided, and would authorize the regulation to include monitoring requirements that are more stringent than the requirements of the federal regulation. The bill would prohibit maximum contaminant levels and compliance dates for maximum contaminant levels adopted as part of an emergency regulation from being more stringent than the maximum contaminant levels and compliance dates of a regulation promulgated pursuant to the federal act. **Status:** 06/04/2025 - Referred to Com. on E.Q.

**Location:** 06/04/2025 - Senate Environmental Quality

**Summary:** The California Global Warming Solutions Act of 2006, until January 1, 2031, authorizes the State Air Resources Board to adopt a regulation establishing a system of market-based declining aggregate emissions limits for sources or categories of sources that emit greenhouse gases (market-based compliance mechanism) that meets certain requirements. Current law requires the state board, in adopting the regulation to, among other things, establish a price ceiling for emission allowances sold by the state board. Current law requires the state board, in establishing the price ceiling, to consider specified factors, including the full social cost associated with emitting a metric ton of greenhouse gases. This bill would require the state board to instead consider the full social cost associated with emitting a metric ton of greenhouse gases, as determined by the United States Environmental Protection Agency in November 2023. (Based on 03/17/2025 text)

**SB 454 (McNerney, D) State Water Resources Control Board: PFAS Mitigation Program.**

**Current Text:** 05/23/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/05/2025 - Referred to Com. on E.S & T.M.

**Location:** 06/05/2025 - Assembly Environmental Safety and Toxic Materials

**Summary:** Existing law designates the State Water Resources Control Board as the agency responsible for administering specific programs related to drinking water, including, among others, the California Safe Drinking Water Act and the Emerging Contaminants for Small or Disadvantaged Communities Funding Program. This bill, which would become operative upon an appropriation by the Legislature, would enact a PFAS mitigation program. As part of that program, the bill would create the PFAS Mitigation Fund in the State Treasury and would authorize certain moneys in the fund to be expended by the state board, upon appropriation by the Legislature, for specified purposes. The bill would authorize the state board to seek out and deposit nonstate, federal, and private funds, require those funds to be deposited into the PFAS Mitigation Fund, and continuously appropriate the nonstate, federal, and private funds in the fund to the state board for specified purposes. The bill would authorize the state board to establish accounts within the PFAS Mitigation Fund. The bill would authorize the state board to expend moneys from the fund in the form of a grant, loan, or contract, or to provide assistance services to water suppliers and sewer system providers, as those terms are defined, for multiple purposes, including, among other things, to cover or reduce the costs for water suppliers associated with treating drinking water to meet the applicable state and federal maximum perfluoroalkyl and polyfluoroalkyl substances (PFAS) contaminant levels. The bill would require a water supplier or sewer system provider to include a clear and definite purpose for how the funds will be used to provide public benefits to their community related to safe drinking water, recycled water, or treated wastewater in order to be eligible to receive funds. The bill would require the state board to adopt guidelines to implement these provisions, as provided. (Based on 05/23/2025 text)

**Status:** 06/05/2025 - Referred to Coms. on E.S & T.M. and JUD.

**Location:** 06/05/2025 - Assembly Environmental Safety and Toxic Materials

**Summary:** The California Safe Drinking Water Act requires the State Water Resources Control Board to adopt primary drinking water standards for contaminants in drinking water based upon specified criteria and requires a primary drinking water standard to be established for hexavalent chromium. Current law authorizes the state board to grant a variance from primary drinking water standards to a public water system. This bill would prohibit a public water system that meets the total chromium maximum containment level (MCL) enforceable standard for drinking water in California from being held liable in any civil action brought by an individual or entity that is not a governmental agency related to hexavalent chromium in drinking water while implementing and in compliance with a state board-approved hexavalent chromium MCL compliance plan, or during the period between when it has submitted a hexavalent chromium MCL compliance plan for approval to the state board and action on the proposed compliance plan by the state board is pending, except as specified. **Status:** 06/09/2025 - Referred to Com. on E.S & T.M.

**Location:** 06/09/2025 - Assembly Environmental Safety and Toxic Materials

**Summary:** (1)Existing law requires the Department of Toxic Substances Control, on or before January 1, 2029, to adopt regulations to enforce specified covered perfluoroalkyl and polyfluoroalkyl substances (PFAS) restrictions, which include prohibitions on the distribution, sale, or offering for sale of certain products that contain specified levels of PFAS. Existing law requires the department, on and after July 1, 2030, to enforce and ensure compliance with those provisions and regulations, as provided. Existing law requires manufacturers of these products, on or before July 1, 2029, to register with the department, to pay a registration fee to the department, and to provide a statement of compliance certifying compliance with the applicable prohibitions on the use of PFAS to the department, as specified. Existing law authorizes the department to test products and to rely on third-party testing to determine compliance with prohibitions on the use of PFAS, as specified. Existing law requires the department to issue a notice of violation for a product in violation of the prohibitions on the use of PFAS, as provided. Existing law authorizes the department to assess an administrative penalty for a violation of these prohibitions and authorizes the department to seek an injunction to restrain a person or entity from violating these prohibitions, as specified. This bill would, on and after January 1, 2027, prohibit a person from distributing, selling, or offering for sale a cleaning product, cookware, dental floss, juvenile product, food packaging, or ski wax, as provided, that contains intentionally added PFAS, as defined, except for previously used products and as otherwise preempted by federal law. **Current Text:** 03/26/2025 - Amended [HTML](#) [PDF](#)

**Status:** 06/09/2025 - Referred to Com. on NAT. RES.

**Location:** 06/09/2025 - Assembly Natural Resources

**Summary:** The California Global Warming Solutions Act of 2006 requires the State Air Resources Board, in adopting rules and regulations to achieve the maximum technologically feasible and cost-effective greenhouse gas emissions reductions to ensure that the statewide greenhouse gas emissions are reduced to at least 40% below the 1990 levels no later than December 31, 2030. The act requires the Legislative Analyst's Office, until January 1, 2030, to annually submit to the Legislature a report on the economic impacts and benefits of those greenhouse gas emissions reduction targets. The act, until January 1, 2031, establishes the Independent Emissions Market Advisory Committee and requires the committee to annually report to the state board and the Joint Legislative Committee on Climate Change Policies on the

environmental and economic performance of the regulations establishing the market-based compliance mechanism and other relevant climate change policies. This bill would extend indefinitely the requirement for the Legislative Analyst's Office to annually submit to the Legislature the report on the economic impacts and benefits of those greenhouse gas emissions targets. The bill would require the committee, at a public hearing, to review the annual report by the Legislative Analyst's Office. (Based on 03/26/2025 text)

## POSITION LETTERS (Attachment 3)

As of June 17, 2025

Attachment 3 includes City of Chino position letters on legislation and regulations submitted since the prior report. The attached letter(s) were submitted on behalf of the City during this reporting period.

May 29, 2025

The Honorable Governor Gavin Newsom  
California State Capitol  
1021 O Street, Suite 9000  
Sacramento, CA 95814

**RE: EROSION OF LOCAL CONTROL OVER HOUSING AND LAND USE DECISIONS**

Dear Governor Newsom,

On behalf of the residents, businesses, and stakeholders of the cities of Chino, Chino Hills, Fontana, Montclair, Ontario, Rialto, and Upland, we write to firmly oppose the relentless proliferation of state housing laws that have overridden local control without regard for State-certified housing plans, effectively sidelining the voices of our community and undermining years of responsible local planning.

Since the elimination of redevelopment agencies (RDAs) in 2012, the ability of Chino, Chino Hills, Fontana, Montclair, Ontario, Rialto, and Upland to retain local control over development has been chipped away year after year by a litany of housing bills designed to increase ministerial or by-right housing approval processes. While Chino, Chino Hills, Fontana, Montclair, Ontario, Rialto, and Upland respect the pursuit of housing production amid a statewide crisis, the way forward is to work with cities to allow for growth in ways that make sense for their communities. Instead, cities have been virtually shut out of the process, and these new laws have diminished general plans, stripped away authority over local development, and left community members demanding answers from their local elected officials.

The Regional Housing Needs Allocation (RHNA), a distribution of housing units assigned to every California city, is an impossible number to attain that will not lead to the level of increased housing growth that it intends. The rigorous process of getting a housing element approved by the Department of Housing and Community Development (HCD) has left cities vulnerable to draconian penalties such as loss of grant funding and the Builder's Remedy. Most importantly, the laws are not providing affordable housing as intended.

Local control continues to be undermined by a slew of new bills each year. These bills override general plans, ignore local zoning and land use plans, and steadily erode the ability of residents and their local representatives to shape the future of their communities. Despite our opposition — as well as that of the League of California Cities and other municipalities statewide — we have been inundated with legislation that further limits our ability to plan for growth responsibly. SB 423 (Weiner, 2024), which significantly expanded ministerial approvals for affordable housing projects; SB 4 (Weiner, 2024), which requires a housing development project to be a "use by right" on land owned by an independent institution of higher education or a religious institution; and SB 9 (Atkins, 2021), which allows homeowners to subdivide their

lots and add up to two duplexes in most single-family neighborhoods, are just a small example of how the new laws diminish local control.

This year, many onerous bills have been introduced that will impose additional state housing dictates on issues of critical local significance. One such example, SB 79 (Wiener), defies cities' general plans and grants transit agencies unlimited land use authority on property they own or on which they have a permanent easement, regardless of the distance from a transit stop. Transit agencies would have the power to determine all aspects of development, including height, density, and design, without regard to local zoning or planning regulations.

And yet, housing prices are still spiraling out of control. It is imperative that we raise the question of how the state plans to evaluate these housing policies when the intended outcomes are currently not being achieved.

We have heard from our constituents, as well as local officials in neighboring cities, about the effects of these new housing laws. Our communities are suffering, and Sacramento has regrettably turned a blind eye to the effects these laws have had on cities across California.

The time to act is now. We ask that you meet with the cities of Chino, Chino Hills, Fontana, Montclair, Ontario, Rialto, and Upland so we can work together on a sustainable, reasonable process that addresses this decades-in-the-making housing crisis while keeping cities in the conversation and allowing us to grow in ways that include local discretion and public engagement.

Sincerely,

## CITY of CHINO

June 3, 2025

The Honorable Susan Rubio  
California State Senate, District 22  
1021 O St., Suite 8710  
Sacramento, CA 95814

**RE: SB 79 (Wiener), as amended May 29, 2025 - Transit-Oriented Development – OPPOSE**

Dear Senator Rubio,

The City of Chino urges you to vote NO on SB 79 (Wiener), which would disregard state-certified housing elements and provide land use authority to transit agencies without requiring developers to build housing, let alone affordable housing.

SB 79 doubles down on the recent trend of the state overriding its own mandated local housing elements. This latest overreaching effort forces cities in urban transit counties defined as “a county with more than 15 rail stations” to approve transit-oriented development projects near specified transit stops — up to seven stories high and a density of 120 homes per acre — without regard to the community's needs, environmental review, or public input. Similarly, cities in non-urban transit counties near specific transit stops would need to approve development projects by right, up to five stories high, with a density of 80 homes per acre.

Most alarmingly, SB 79 defies cities’ general plans and provides transit agencies unlimited land use authority on property they own or have a permanent easement, regardless of the distance from a transit stop. Transit agencies would have the power to determine all aspects of the development, including height, density, and design, without regard to local zoning or planning. This broad new authority applies to both residential and commercial development. Transit agencies could develop 100% commercial projects — even at transit stops — and not provide a single new home, while simultaneously arguing that more housing must be constructed around transit stops.

SB 79 will not spur much-needed housing construction in a manner that supports local flexibility, decision-making, and community input. State-driven ministerial or by-right housing approval processes fail to recognize the extensive public engagement associated with developing and adopting zoning ordinances and housing elements. California will never produce the number of homes needed with an increasingly state-driven, by-right housing approval process.

SB 79 (Weiner), as amended May 29, 2025  
June 3, 2025, p.2

What we really need is a sustainable state investment that matches the scale of this decades-in-the-making crisis. For these reasons, the City of Chino strongly opposes SB 79 and urges you to vote NO on this bill.

Sincerely,

Linda Reich  
City Manager

The Honorable John Harabedian  
Chair, Joint Legislative Audit Committee  
California State Assembly, District 41  
P.O. Box 942849  
Sacramento, CA 94249-0041  
Via Fax: (916) 319-2141

**RE: May 30, 2025 Joint Legislative Audit Committee Tour of California Institution for Men**

Dear Assembly Member Harabedian,

We write to thank you and Assembly Member Michelle Rodriguez for arranging the tour of the California Institution for Men. We found the tour to be informative and productive. The California Institution for Men has been an integral part of Chino's history and continues to be an essential part of our community. We appreciate the opportunity to visit the site in person and learn more about its operations.

As we discussed during the tour, our goal is to advocate for state resources to ensure CIM's facilities meet the needs of its programs and the safety and well-being of CIM staff, our residents, and the surrounding community. While we found the information provided helpful, the tour reinforced our concerns about the condition of the facility and the security of the site. We appreciate your interest in CIM and look forward to continuing to engage with you and Assembly Member Rodriguez on the proposed audit.

We appreciate your interest and that of the Joint Legislative Audit Committee in this important issue.

Best regards,

---

## CITY of CHINO

June 10, 2025

The Honorable Michelle Rodriguez  
California State Assembly, District 53  
P.O. Box 942849  
Sacramento, CA 94249-0053

**RE: May 30, 2025 Joint Legislative Audit Committee Tour of California Institution for Men**

Dear Assembly Member Rodriguez,

We write to thank you and Assembly Member Harabedian for arranging the tour of the California Institution for Men. We found the tour to be informative and productive. The California Institution for Men has been an integral part of Chino's history and continues to be an essential part of our community. We appreciate the opportunity to visit the site in person and learn more about its operations.

As we discussed during the tour, our goal is to advocate for state resources to ensure CIM's facilities meet the needs of its programs and the safety and well-being of CIM staff, our residents, and the surrounding community. While we found the information provided helpful, the tour reinforced our concerns about the condition of the facility and the security of the site. We appreciate your interest in CIM and look forward to continuing to engage with you and Assembly Member Harabedian on the proposed audit.

Please thank your staff for making the tour arrangements and for their open-door policy with our City.

Best regards,

---

Eunice Ulloa  
Mayor

## CITY of CHINO

June 10, 2025

Warden Eric Mejia  
California Institution for Men  
14901 Central Ave  
Chino, CA 91710

**RE: May 30, 2025, Visit to CIM**

Dear Warden Mejia,

I am writing to thank you for the tour of your facilities provided to Assembly Members Michelle Rodriguez and John Harabedian and City of Chino representatives on May 30. The California Institution for Men has been an integral part of Chino's history and continues to be an essential part of our community. We appreciate you allowing us to visit and learn more about your programs and operations.

As I stated during the tour, our goal is to advocate for state resources to ensure CIM's facilities meet the needs of your programs and the safety and well-being of your staff, our residents, and the surrounding community. We look forward to working with you on these efforts.

Please extend our appreciation to Public Information Officer Lt. Ignacio Vera, Sergeant Casey Parker, Sergeant Ramon Paredes, and CDCR Assistant Secretary of Legislative Affairs Sarah Larson for their hospitality and assistance in preparation for and throughout the tour.

Sincerely,

Linda Reich  
City Manager

cc: Chief Kevin Mensen

**MEMORANDUM  
CITY OF CHINO  
ADMINISTRATION DEPARTMENT**

---

**CITY COUNCIL MEETING DATE: JUNE 17, 2025**

**TO: MAYOR AND CITY COUNCIL MEMBERS, CITY OF CHINO**

**FROM: LINDA REICH, CITY MANAGER**

---

**SUBJECT**

Amendment No. 2 to the Animal Shelter and Control Services Agreement No. 2022-037 Between the City of Chino and Inland Valley Humane Society & S.P.C.A. (IVHS).

**RECOMMENDATION**

Approve the Second Amendment to the Animal Shelter and Animal Control Services Agreement, to allow the early transfer of dog bite response to the Animal Resource Center of the Inland Empire (ARC) beginning on June 20, 2025; including a phased transition of sheltered animals and associated records between June 23-30, 2025, with clarified indemnification terms; and authorize the City Manager to execute all necessary documents.

**FISCAL IMPACT**

No fiscal impact.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above further the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Responsible Long-Range Planning
- Public Service Excellence through Internal and External Partnerships

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: AMENDMENT NO. 2 TO THE ANIMAL SHELTER AND CONTROL SERVICES AGREEMENT NO. 2022-037 BETWEEN THE CITY OF CHINO AND INLAND VALLEY HUMANE SOCIETY & S.P.C.A. (IVHS).

PAGE: 2

---

## **BACKGROUND**

The City of Chino has historically partnered with the Inland Valley Humane Society (IVHS) for animal services, including sheltering, licensing, and low-cost vaccine clinics. In July 2024, the City of Chino collaborated with the City of Ontario to establish a centralized Animal Services Joint Powers Authority, now known as the Animal Resource Center of the Inland Empire (ARC). Since its formation, ARC has expanded from Chino and Ontario to include Montclair and the Unincorporated West-End Areas of San Bernardino County. The City of Chino Hills has formally requested to join ARC, which would bring the total membership to five if approved by all Member Agencies. ARC is scheduled to commence public operations and begin serving its member agencies on July 1, 2025.

## **ISSUES/ANALYSIS**

The Animal Resource Center of the Inland Empire (ARC) is scheduled to commence operations on July 1, 2025, necessitating the transfer of animals from member agencies prior to that date. This transition presents a logistical challenge for certain animal cases, specifically those involving bites, which require extended holding periods due to state-mandated ten-day quarantine requirements.

This amendment includes specific provisions to manage the transition:

- Early Transition of Dog Bite Calls: Effective June 20, 2025, ARC will assume responsibility for all dog bite reports and related services concerning Chino-originated cases.
- Phased Animal Transfer: A structured transfer of Chino-originated animals from IVHS to ARC will occur between June 23, 2025, and June 30, 2025. The City will be responsible for associated transfer costs and the provision of relevant animal records.
- Indemnification: The amendment establishes specific indemnification provisions for both the City and IVHS during this transition period, clarifying responsibilities for potential claims arising from the early transfer of services and animals.

Staff is requesting that the City Council approve the proposed second amendment to the Animal Services Agreement between the City of Chino and IVHS to facilitate a smooth transition of services.

Attachment - Amendment No. 2 to Agreement No. 2022-037

## SECOND AMENDMENT TO ANIMAL SHELTER AND ANIMAL CONTROL SERVICES AGREEMENT

THIS SECOND AMENDMENT (“**Amendment**”) is entered into effective as of June 17, 2025 (“**Amendment Effective Date**”), by and between the CITY OF CHINO, a municipal corporation (“**City**”) and THE HUMANE SOCIETY OF POMONA VALLEY, INC. dba INLAND VALLEY HUMANE SOCIETY & S.P.C.A., a nonprofit corporation (“**Humane Society**”). City and Humane Society are sometimes individually referred to herein as a “**Party**” and collectively as the “**Parties**.”

### RECITALS

A. The Parties entered into that certain Animal Shelter and Animal Control Services Agreement between City and Humane Society dated July 1, 2021 (“**Agreement**”), under which the City contracted with Humane Society for animal shelter and animal control services under the terms and conditions provided therein. Unless terminated, the Agreement automatically renewed for successive two (2) year Terms.

B. Section 13 of the Agreement provides in part as follows: (1) following the initial term of the Agreement, either Party may terminate the Agreement without cause upon at least 180 days’ prior written notice of the intent to terminate; (2) in the event of termination, Humane Society shall be paid for all work performed under the Agreement through the date of termination; and (3) in the event of termination, Humane Society shall cooperate with City in transferring the animals sheltered and animal control services to any other consultant or provider chosen by City to perform animal shelter and animal control services.

C. In a notice dated October 10, 2024, the City stated its intent not to renew the agreement with Humane Society, confirming the agreement will expire on June 30, 2025.

D. The Parties desire to amend the Agreement to effectuate a smooth transition of services from Humane Society to City’s new provider, the Animal Resource Center of the Inland Empire (“**ARC**”), a joint powers agency with its temporary operations center located at 1630 Shearwater Street, Ontario, California.

### AGREEMENT

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is agreed by and between the Parties as follows:

1. **Amendments to Agreement.** The Parties hereby agree to amend the Agreement as follows:
  - a. Early Transition of Dog Bite Calls and Related Services. Starting at midnight on June 20, 2025, Humane Society agrees that City’s provider, ARC, will respond to dog bite reports, including but not limited to receiving and responding to requests for service, coordination with the local health department on quarantine, sheltering

and quarantining the dog(s), and investigation and further steps relating to dangerous and/or vicious dog bite cases.

- b. Transition of Animals During Final Week of Service. The Parties agree to a phased, orderly transition of animals being sheltered by Humane Society that originated within the City during the final week of the Agreement term (June 23, 2025 through June 30, 2025). The City will facilitate receipt of such animals by ARC during this period during Humane Society’s animal shelter hours. Humane Society will provide all records related to identification, sheltering, and medical records related to such animals concurrent with their transition to ARC with any related copy or transfer fees to be paid by the City. City reserves the right to verify that such animals originated within the City for up to 10 days following acquisition of an animal by ARC and receipt of related records, and if appropriate, City may return any animals that originated outside of the City, and Humane Society shall accept any such animals within 5 days thereafter. The City shall be responsible for all costs incurred by Humane Society in transitioning the animals, as set forth in Paragraph 13.
  - c. Indemnification During Transition. In addition to the provisions established in Section 9 of the Agreement, City agrees to indemnify, defend, and hold harmless Humane Society, its agents, officers, directors or employees, from and against any and all liabilities, losses, claims, demands, actions, causes of action, proceedings, suits, damages, judgments, costs and expenses of litigation, including reasonable attorneys’ fees (“Claim”) arising out of the intentional or negligent acts or errors or omissions of City, its elected or appointed officials, officers, agents, and employees or the ARC, including its elected or appointed officials, officers, agents, and employees, related to the early transition of dog bite reports and the transition of animals that originated from the City as set forth in Subsections (a) and (b) above. However, if the Claim arises out of intentional conduct or gross negligence by Humane Society or its agents, officers, directors, or employees, then Humane Society will indemnify, defend, and hold City harmless pursuant to Section 9 of the Agreement.
2. **Capitalized Terms.** Any capitalized terms not defined herein shall have the meanings set forth in the Agreement.
3. **Counterparts.** This Amendment may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute but one and the same instrument. Electronic signatures and signatures provided by signature application shall be considered originals.
4. **Full Force.** Except as expressly set forth herein, the Agreement shall remain unmodified and in full force and effect.

SIGNATURES ON FOLLOWING PAGE

**IN WITNESS WHEREOF**, the Parties have executed this First Amendment to the Animal Shelter and Animal Control Services Agreement between the City of Chino and The Humane Society of Pomona Valley, Inc. dba Inland Valley Humane Society and SPCA as of the date first set forth above.

**CITY, a Municipal Corporation**

**MEMORANDUM  
CITY OF CHINO  
COMMUNITY SERVICES, PARKS & RECREATION DEPARTMENT**

---

CITY COUNCIL MEETING DATE: JUNE 17, 2025

**TO:** LINDA REICH, CITY MANAGER

**FROM:** SILVIA AVALOS, DIRECTOR OF COMMUNITY SERVICES, PARKS & RECREATION

---

**SUBJECT**

Notice of Completion – Ayala Park Improvements Phase 1B-Softball Fields 1-4 Project (PK231).

**RECOMMENDATION**

1) Accept the Ayala Park Improvements Phase 1B-Softball Fields 1-4 Project (PK231) completed by Act 1 Construction, Inc., Norco, CA, Contract #2025-041; 2) authorize the City Manager to file the Notice of Completion; and 3) release the retention funds following the 35-day lien period.

**FISCAL IMPACT**

The Project PK231 was completed within the adopted project budget. Reconciliation provided on Page 2.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above further the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Responsible Long-Range Planning
- Positive City Image

## **BACKGROUND**

On July 2, 2024, City Council awarded a construction Contract #2025-041 to Act 1 Construction, Inc., Norco, CA, in the amount of \$3,766,402.50 with contingencies of \$564,960.00 for a not-to-exceed contract amount of \$4,331,362.50, for the Ayala Park Improvements Phase 1B - Softball Fields 1-4 Project.

The project scope of work included removal and replacement of fencing, backstops, bleachers, and park furnishings. Additional concrete paving was added around the skate park, horseshoe pits, concession building and softball fields. New backstops, fencing, bleachers with shade covers, dugouts with shade covers, bullpens, and score keeper boxes were installed. A dust mitigation system was installed to service the infields of Fields 1-4. The scope of work was expanded during construction to include accessibility improvements to Building D, such as a lowered concession stand service window and new restroom fixtures. Infield renovation and outfield turf restoration were also included. The softball fields and surrounding areas now meet the current Americans with Disabilities Act (ADA) accessibility standards.

## **ISSUES/ANALYSIS**

During construction, there were several unforeseen issues identified in the field and addressed as modifications to the project. These modifications included accessibility improvements to Building D that were added to the project and included the installation of new restroom fixtures and lowering the service window to an accessible height (Change Order No.1). Re-routing of the stormwater line to connect with existing infrastructure, relocating the sewer lateral to avoid conflicts with the dugout shade structure footings and installing additional cleanouts (Change Order No. 2). Unknown underground utilities were identified to be in conflict with the proposed location of new sidewalk and shade shelter footings necessitating the removal or relocation of these structures. Infield renovations and outfield turf restoration was added to ensure playable surfaces were available. A broken gate valve was replaced with a ball valve on the potable service line for Building D and additional accessibility requirements were identified during inspection and added to the project (Change Order No. 3). The weed abatement and 90-day maintenance period was removed from the landscaping scope of work for the project and an additional water meter was eliminated resulting in a contract deduct (Change Order No. 4), bringing the total contract amount of the project to \$3,946,476.54.

The following is a summary of the final accounting of costs for project PK231:

| <b>Contract #2025-041</b>             | <b>Contract</b> | <b>Contingency</b> |
|---------------------------------------|-----------------|--------------------|
| Original Construction Contract Amount | \$3,766,402.50  | \$564,960.00       |
| Change Order No. 1                    | \$62,581.28     | -\$62,581.28       |
| Change Order No. 2                    | \$57,182.40     | -\$57,182.40       |
| Change Order No. 3                    | \$139,072.19    | -\$139,072.19      |
| Change Order No. 4                    | -\$78,761.83    | \$0                |
| Total Contract & Contingency Balance  | \$3,946,476.54  | \$306,124.13       |

Act 1 Construction, Inc. has satisfactorily completed all work within the project budget and has complied with the terms of the contract. A Notice of Completion has also been prepared for filing with the San Bernardino County Recorder's Office.

**BACKGROUND**

The Landscape and Lighting Districts are special assessment districts that were established to fund the installation, maintenance, and servicing of public landscaping and lighting improvements. These funds help keep public spaces clean, green, and well-lit, contributing to the safety and appearance of the community. Over the years, pursuant to the *Landscaping and Lighting Act of 1972* of the California Streets and Highways Code, the City formed six Landscape and Streetlight Maintenance Assessment Districts. This procedure authorized the City to recover costs that are incurred to provide the landscaping and street lighting maintenance services through a special benefit assessment district procedure.

Proposition 218 changed the procedural requirements for imposing, extending, or increasing landscape and lighting assessments. Due to these changes, the City Council, in 2002, adopted a policy to annex future developments into Landscape and Streetlight Maintenance District 2002-1, which has a consumer price index (CPI) escalator that allows the City to increase rates.

The CPI adjustment is determined by the United States Department of Labor, Bureau of Labor Statistics for all urban consumers in the Riverside - San Bernardino - Ontario area index from January 2024 - January 2025. This year, there is a 2.94% CPI increase for landscape and streetlight maintenance in District 2002-1.

In past years, City Council has approved a subsidy to the districts for landscape and lighting maintenance costs. As the costs associated with insurance, maintenance, water, and electricity change, the subsidy has also changed. Staff has reviewed the Fiscal Year 2023-24, 2024-25, and the new Fiscal Year 2025-26 information for expense, revenue, and subsidies from the engineer's reports provided by Webb Associates. The information is provided as follows:

|   | <b>FY23-24</b>        | <b>FY24-25</b>        | <b>FY25-26</b>        |
|---|-----------------------|-----------------------|-----------------------|
| Total Maintenance Cost  | \$1,195,873.80        | \$1,288,329.96        | \$1,289,400.84        |
| Total Revenues Collected  | \$673,432.71          | \$691,972.92          | \$700,519.17          |
| City's Subsidy*   | \$522,441.10          | \$596,357.03          | \$588,881.67          |
| Required City 50% Contribution<br>(General Benefit/Perimeter Areas) | \$507,189.88          | \$516,274.29          | \$507,513.91          |
| <b>Total City Cost</b>  | <b>\$1,029,630.98</b> | <b>\$1,112,631.32</b> | <b>\$1,096,395.58</b> |

\*The City Subsidy Contribution funds streetlight, tree, landscape maintenance, water, and electricity costs within the Maintenance Districts. It should be noted that the costs are off by one cent due to rounding issues.

A Proposition 218 mail ballot election, with majority support, would be required for any rate increase to the property owners in the districts above their current maximum assessment. Certain zones in Exhibit 1 had a 5% or less increase to their assessment for Fiscal Year 2025-26 since they were not at their maximum assessment. This increase does not trigger a proposition election and will adjust each year until it reaches the maximum rate.

Exhibit 1 enumerates the actual Fiscal Year 2024-25 assessments for the 75-1, 75-2, 76-1, 76-2 and 83-2 assessment districts and staff's recommended assessments for Fiscal Year 2025-26,

holding the per-zone assessments not-to-exceed their Fiscal Year 2024-25 amounts (except in those areas that the rate was below the maximum assessment).

Exhibit 2 enumerates the actual Fiscal Year 2024-25 assessments for the 2002-1 assessment district and staff's recommended assessments for Fiscal Year 2025-26 which includes a 2.94% CPI rate increase.

The administrative charges (salaries, advertising, consultant services, and other miscellaneous office charges) for all six districts, 75-1, 75-2, 76-1, 76-2, 83-2 and 2002-1 were spread proportionately among the individual assessment areas.

### **ISSUES/ANALYSIS**

For the City to continue assessing fees to maintain its landscape and lighting districts under the *Landscape and Lighting Act of 1972*, the City Council is required to approve or approve as modified, the attached resolutions in sequence. This process documents the City's intention to levy and collect assessments.

A public hearing is required even though the rates are not recommended for increases over the allowable costs under Proposition 218, and the hearing has been scheduled for Tuesday, July 15, 2025. Mailed notices are not required, only legal advertising and posting are mandated for this year. The Engineer's Report provides detailed information on all costs used in determining the proposed assessments and is on file for review in the Public Works Department.

NATALIE GONZAGA, CITY CLERK

RESOLUTION NO. 2025-032

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHINO, CALIFORNIA, APPROVING THE ENGINEER'S REPORT FOR ASSESSMENT DISTRICTS 75-1, 75-2, 76-1, 76-2, 83-2 AND 2002-1, IN ACCORDANCE WITH THE *LANDSCAPE AND LIGHTING ACT OF 1972*

WHEREAS, the City adopted a resolution initiating proceedings for the Landscape and Street Light Maintenance Districts; and

WHEREAS, an Engineer's Report was prepared and filed with the City Clerk.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CHINO AS FOLLOWS:

Section 1. That the City Council has heretofore duly adopted Resolution No. 2025-031 for Landscape and Street Light Maintenance Districts 75-1, 75-2, 76-1, 76-2, 83-2, and 2002-1, describing the improvements and location of the proposed annexations and directing the filing of an annual report, all pursuant to, and in accordance with, the provisions of the *Landscape and Lighting Act of 1972* (Part 2 of Division 15 of the *California Streets and Highways Code*).

Section 2. That the Director of Public Works, having prepared and filed said report with the City Clerk of the City of Chino for submission to the City Council, has done so in accordance with said Act, and said report has been duly received and filed by said City Council.

Section 3. That said, the City Council has examined and duly considered said report and hereby finds said report to be sufficient, and thereby approves said report in each and all respects, as filed, without change or modification.

Section 4. That said report, as so approved, shall constitute the Engineer's Report for all subsequent proceedings with respect to said Landscape and Street Light Maintenance Districts 75-1, 75-2, 76-1, 76-2, 83-2 and 2002-1 for the purpose of and pursuant to the provisions of said Act.

APPROVED AND ADOPTED THIS 17<sup>TH</sup> DAY OF JUNE 2025.

RESOLUTION NO. 2025-033

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHINO, CALIFORNIA, DECLARING ITS INTENTION TO ORDER IMPROVEMENTS FOR ASSESSMENT DISTRICTS 75-1, 75-2, 76-1, 76-2, 83-2 AND 2002-1, IN ACCORDANCE WITH THE *LANDSCAPE AND LIGHTING ACT OF 1972* AND SETTING A TIME AND PLACE FOR A PUBLIC HEARING ON SUCH ASSESSMENTS

WHEREAS, the *Landscape and Lighting Act of 1972* requires that each year the City Council consider proposed assessments and hold public hearings prior to adopting said assessments.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CHINO AS FOLLOWS:

Section 1. The City Council intends to levy and collect assessments within Assessment Districts 75-1, 75-2, 76-1, 76-2, 83-2 and 2002-1 during Fiscal Year 2025-26. The area of land to be assessed is located in the City of Chino, County of San Bernardino.

Section 2. The improvements to be made in these assessment districts are generally described as follows: maintenance of all streetlights and common landscaping as identified in the Engineer's Report, with the replacement of landscaping as needed.

Section 3. In accordance with this Council's Resolution No. 2025-031 directing the filing of an annual report, the Engineer of Work has filed with the City Clerk the report required by the *Landscape and Lighting Act of 1972*. All interested persons are referred to that report for a full and detailed description of the improvements, the boundaries of the assessments upon assessable lots and parcels of land within the assessment districts.

Section 4. On Tuesday, July 15, 2025, at 6:00 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed assessments. Said hearing will be held in the Council Chambers, 13220 Central Avenue, Chino, California.

Section 5. The City Clerk is authorized and directed to give notice of said hearing as required by the *Landscape and Lighting Act of 1972*.

APPROVED AND ADOPTED THIS 17<sup>TH</sup> DAY OF JUNE 2025.

AGENCY: CITY OF CHINO  
PROJECT: LANDSCAPE AND STREET LIGHT MAINTENANCE DISTRICT NO. 2002-1  
TO: CITY COUNCIL  
CITY OF CHINO  
STATE OF CALIFORNIA

**Report Pursuant to "Landscaping and Lighting Act of 1972"**

Pursuant to direction from the City Council (the "City Council") of the City of Chino (the "City"), State of California, submitted herewith is the Engineer's Report for Landscape and Street Light Maintenance District No. 2002-1 (the "Report"), consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscaping and Lighting Act of 1972" (the "Act"), as amended, commencing with Section 22500, Article XIII D, and which is in accordance with Resolution No. 2025-\_\_ adopted by the City of Chino City Council, San Bernardino County, California ordering the preparation of the Report for Landscape and Street Light Maintenance District No. 2002-1 (the "District"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2025, to June 30, 2026.

**SECTION 1**      **PLANS AND SPECIFICATIONS** of the improvements to be maintained and/or improved for the Fiscal Year. The plans and specifications show and describe the existing improvements and are sufficient in showing and describing the general nature, location, and extent of the improvements.

**SECTION 2**      The **METHOD OF ASSESSMENT APPORTIONMENT** calculates the receipt of special benefit and the general benefit derived from the installation and maintenance and servicing of the respective improvements located throughout the District, and the methodology used to apportion the total assessment to the properties within the District.

**SECTION 3**      A **COST ESTIMATE** of the improvements to be maintained and/or improved for the mentioned Fiscal Year.

**SECTION 4**      An **ASSESSMENT ROLL** showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the boundaries as shown on the Diagram.

i. Engineer's Statement

---

**WHEREAS**, on June 17, 2025, the City Council under the Act adopted its Resolution Initiating Proceedings for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for the District;

**WHEREAS**, the Resolution of Initiation directed Webb Municipal Finance, LLC to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of improvements to be maintained, an estimate of the costs of the maintenance, operations and servicing of the improvements for the District for the referenced Fiscal Year, a diagram for the District showing the area and properties to be assessed, and an assessment of the estimated costs of the maintenance, operations and servicing of the improvements, assessing the net amount upon all assessable lots and-or parcels within the District in proportion to the special benefit received;

**NOW THEREFORE**, the assessments are made to cover the portion of the estimated costs of maintenance, operation, and servicing of said improvements to be paid by the assessable real property within the District in proportion to the special benefit received.

i. Engineer's Statement

---

I, Matthew E. Webb, a Professional Civil Engineer (employed at Albert A. Webb Associates and retained through an agreement between Webb Municipal Finance, LLC, and my employer) do hereby assess and apportion the total amount of the costs and expenses upon the parcels of land within said District liable therefore and benefited thereby, in proportion to the estimated benefits that each parcel receives, respectively, from said maintenance, works of improvement, and appurtenances. Please note that Albert A. Webb Associates provides engineering advice and related consulting services. Albert A. Webb Associates is not a registered municipal advisor and does not participate in municipal advisory activities, and nothing in this Engineer's Report is, or should be interpreted to be, municipal advisory services or advice.

Executed this \_\_\_\_\_ day of \_\_\_\_\_ 2025.

STATE OF CALIFORNIA

## 1. Plans and Specifications

---

### Landscaping and Lighting Act of 1972: Improvements

The law allows the District, by direct benefit assessments, to provide funding for the installation, maintenance, operation, and administration of the following improvements:

- the installation, construction, repair, renovation, or replacement of public lighting facilities, including, but not limited to, traffic signals and streetlights;
- the installation or planting of landscaping in common landscape areas;
- the trimming of trees in common landscape areas;
- the installation or construction of statuary, fountains or other ornamental structures and facilities;
- the installation of park or recreational improvements;
- the maintenance and/or servicing of the above;
- the acquisition of land for park, recreational or open space purposes;
- the installation or construction of facilities appurtenant to the above or which are necessary or convenient for the maintenance and servicing; and
- Incidental expenses related to the District.

The Landscape and Lighting Act of 1972, Section 22573, provides that assessments be apportioned with reference to special benefit rather than according to assessed value. The section states:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to estimated benefits to be received by each such lot or parcel from the improvements. The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 {commencing with Section 5000}).”

The Act also provides for the classification of various areas within an assessment district into different zones where:

“By reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements; a zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements.”

As the assessments are levied on the basis of benefit, they are not a tax, and therefore are not governed by Article XIII A of the Constitution of the State of California.

Properties owned by public agencies, such as the city, county, state, or federal government, are no longer exempt from assessment pursuant to the passage of Proposition 218. However, said public parcels will not be assessed during Fiscal Year 2025-2026 because the City of Chino invoked an exemption as noted in Article 4.6 Section 53753.5. (b)(2) of Chapter 4 Part 1 of Division 2 of Title 5 of the Government Code:

“Any assessment imposed pursuant to a petition signed by the persons owning all parcels subject to the assessment at the time the assessment is initially imposed.”

When public property is not devoted to public use, it is assessed. Right-of-way owned by Southern California Edison Company and railroad operating right-of-way are also exempt from assessment.

### Landscape and Street Lighting District 2002-1

The plans and specifications for the improvements within the District are on file and available for public inspection in the office of the City Engineer and are part of this report to the same extent as if said documents were attached hereto. The Assessor’s maps identifying the boundaries of the parcels located within each zone are on file in the office of the County Assessor and are by reference made a part of this report to the same extent as if they were

## 1. Plans and Specifications

---

attached. A detailed parcel list is included as Appendix C. The general nature and extent of improvements are as follows:

The District was established to provide for the installation, ongoing maintenance, operation, and servicing of landscaping and public street lighting improvements installed in connection with the development of parcels within the District.

### Streetlights

The maintenance for streetlight improvements may include, but is not limited to, the repair, removal, and replacement of all or any part necessary to provide for the normal operation of streetlights. Routine repairs include replacing of the light bulb, lamp, glassware, fuse, or photocell. Extraordinary repair includes replacement of the ballast, luminaire, or correction of a wiring problem. Also included are the energy costs of the street light system.

### Landscaping

The maintenance for landscape improvements includes, but is not limited to, the repair, removal or replacement of the landscaping; providing for the life, growth, health and beauty of the landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, and treating for disease or injury; the removal of trimmings, rubbish, debris, other solid waste; the maintenance, repair and replacement necessary for all irrigation systems; and the removal of graffiti from walls immediately adjacent to the cultivated areas. Also included are the energy costs of the irrigation system.

The engineering drawings for the improvements to be operated and maintained by the District are on file in the office of the City Engineer and are available for public inspection during normal business hours.

## 2. Method of Assessment Apportionment

---

### Proposition 218 Compliance

On November 5, 1996, California voters approved Proposition 218, entitled “Right to Vote on Taxes Act,” which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts. Proposition 218 also requires that with certain specified exception, which are described below, all existing assessment districts must be ratified by the property owners within the District using the new procedures.

Some of these exceptions include:

- 1) Any assessments imposed exclusively to finance the capital cost or maintenance and operation expenses for streets.
- 2) Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed

However, even if assessments are initially exempt from Proposition 218, if the assessments are increased in the future, the City will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase).

Proposition 218 does not define the term “streets,” however, based on the opinions of the public agency officials, attorneys, assessment engineers, and Senate Bill 919, it has been determined that streets include all public improvements located within the street rights-of-way. This would include median and parkway landscaping, traffic signals, safety lighting, and street lighting.

Proposition 218 defines “assessment” as “any levy or charge upon real property by an agency for a special benefit conferred upon the real property,” California Constitution, Article XIII D, §2(b). A special assessment, sometimes called a “benefit assessment,” is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees, and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

### Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements, which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that “only special benefits are assessable” and requires a local government to “separate the general benefits from the special benefits conferred on a parcel.”

By its nature, most public improvements financed through an assessment district contain an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that portion of the cost of the improvement, which benefits the public generally to be separated from that portion of the cost of the improvement, which specially benefits assessed properties. Proposition 218 provides the following definition of “Special Benefit”:

“Special Benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit”.

## 2. Method of Assessment Apportionment

---

### Method of Assessment Apportionment

The law, including Article XIID of the Constitution of the State of California, requires and the statutes, including the Proposition 218 Omnibus Implementation Act (Government Code Section 53750 and following), provide that special assessments, as levied pursuant to the “Landscaping and Lighting Act of 1972,” must be based solely on the special benefit properties receive from the improvements. The statutes do not specify the method or formula that should be used to apportion the assessment in any special assessment district proceedings. The City of Chino has retained the firm of Webb Municipal Finance, LLC for the purpose of assisting the City of Chino in making an analysis of the facts in Landscape and Street Light Maintenance District No. 2002-1 and recommending to the City of Chino the correct apportionment of the assessment obligation.

In performing the analysis, it was necessary to identify the benefits that the improvements being financed will render to the properties within the boundaries of this Assessment District and to determine the extent to which such properties receive a direct and special benefit as distinguished from that of the general public.

The method of apportionment of assessment is described below.

### Street Lighting

The Street Lighting maintenance provided by the District applies to both Interior Street Lights and Perimeter Street Lights located within the District boundaries. The primary benefits of street lighting consist of safety for pedestrians, motorists and residents living and owning property in the District during the nighttime hours. Street lighting increases nighttime safety on the roads and streets by improving traffic circulation and reducing nighttime accidents, improved ingress and egress to property, improved access of emergency vehicles and reduction in vandalism and other criminal activities.

Interior Street Lights are defined as those located on streets that are not considered a Primary Arterial, Major Arterial, or Secondary Arterials as identified by the City’s General Plan. Based on their location and function, these lights provide a distinct and special benefit to all developed parcels within the District. Each and every parcel within the District receives a particular and distinct benefit from the operation and on-going maintenance of the Interior Street Lights over and above any general benefits that are provided and as such, the entire cost associated with these lights is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the District.

Perimeter Street Lights are defined as those lights located on streets that are classified as Primary Arterials, Major Arterials, or Secondary Arterials as identified by the City’s General Plan. Based on their location and function, the Perimeter Street Lights provide both special and general benefit to all developed parcels within the various Zones in the District. Due to the general benefit that is provided to the surrounding community from the operation and on-going maintenance of these lights, the City contributes 50 percent (50%) of the total annual cost related to the operation and maintenance for all perimeter lights with the various Zones in the District. The remaining 50 percent (50%) of the operation and maintenance cost is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the District.

### Landscaping

The landscape maintenance provided to the various zones within the District applies to both Interior Landscaping and Perimeter Landscaping. The primary benefits that well-maintained landscaping provide are the beautification and enhancement of the desirability of the surroundings. These improvements provide special benefit to those developments that are directly adjacent to the landscape improvements as well as some general benefit. It also creates surroundings that are more pleasant for the motorists, residents, equestrians, and pedestrians within the District. Interior Landscaping is defined as areas within the District boundaries that are not considered a Primary Arterial, Major Arterial, or Secondary Arterials as identified by the City’s General Plan. Each and every parcel within

## 2. Method of Assessment Apportionment

---

the District receives a particular and distinct benefit from the on-going maintenance of the Interior Landscaping over and above any general benefits that are provided and as such, the entire cost associated with these areas of landscaping is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the District.

Perimeter Landscaping is defined as areas within the District boundaries that are classified as Primary Arterials, Major Arterials, or Secondary Arterials as identified by the City's General Plan. Based on their location and purpose, the Perimeter Landscaping provides both special and general benefit to all developed parcels within the various Zones in the District. Due to the general benefit that is provided to the surrounding community from the on-going maintenance of these landscaped areas, the City contributes 50 percent (50%) of the total annual cost related to any perimeter landscape maintenance with the various Zones in the District. The remaining 50 percent (50%) of the maintenance cost is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the District.

### Annual Adjustments

Per direction of the District's Engineer's Report, commencing with Fiscal Year 2004-2005, the assessments may be increased annually for inflation, based on the Consumer Price Index – All Urban Consumers for the Los Angeles – Riverside-Orange County Area (CPI), as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor. Should the Bureau of Labor Statistics revise such index or discontinue the preparation of such index, this Department shall use a revised index or comparable system for determining fluctuations in the cost of living, as approved by the City Council. The Maximum Assessment is defined as the initial Assessment (approved by property owners within the District) adjusted annually by the CPI. If the proposed annual assessment for a given Fiscal Year is less than or equal to the calculated Maximum Assessment, then the proposed annual assessment is not considered an increased assessment.

In January 2018, the United States Department of Labor, Bureau of Labor Statistics, discontinued the Los Angeles - Riverside - Orange County Consumer Price Index and created a new Riverside - San Bernardino – Ontario Consumer Price Index. This new index is what was used to escalate the Maximum Assessment Rate, for each zone, by 2.94% for Fiscal Year 2025-2026.

Each of the parcels within the zones listed below has been deemed to receive proportional special benefit from the maintenance and operation of the improvements within that zone. The Fiscal Year 2025-2026 assessments per zone are as follows:

## 2. Method of Assessment Apportionment

Table 2-1 – Fiscal Year 2025-2026 Proposed Assessments

|         | Levy        | Benefit Units (BU) | Maximum Assessment per BU | Actual Assessment per BU | % of Maximum | Zone Costs  |
|---------|-------------|--------------------|---------------------------|--------------------------|--------------|-------------|
| Zone 01 | \$7,633.38  | 82                 | \$93.09                   | \$93.09                  | 100.00%      | \$7,633.38  |

### Future Annexations

It is anticipated that additional properties will be annexed to the District from time to time and will be assessed according to the adopted methodology and rates.

### 3. Cost Estimate

---

Annual costs for the Fiscal Year include maintenance, servicing and operation of public lighting and landscaping, and incidental expenses. Incidental expenses may include engineering, consulting, and legal costs for the administration of the District, finance department expenses for processing payments, and the cost of submittal of the annual assessments to the County of San Bernardino Auditor for placement on the tax roll.

The Fiscal Year 2025-2026 estimated costs of the improvements for the District were determined by the City and are summarized in Table 3-1.

### 3. Cost Estimate

AGENCY: CITY OF CHINO  
PROJECT: LANDSCAPE AND STREET LIGHT MAINTENANCE DISTRICT NOS. 75-1, 75-2, 76-1, 76-2, AND 83-2  
TO: CITY COUNCIL  
CITY OF CHINO  
STATE OF CALIFORNIA

### Report Pursuant to "Landscaping and Lighting Act of 1972"

Pursuant to direction from the City Council (the "City Council") of the City of Chino (the "City"), State of California, submitted herewith is the Engineer's Report for Landscape and Street Light Maintenance District Nos. 75-1, 75-2, 76-1, 76-2, and 83-2 (the "Report"), consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscaping and Lighting Act of 1972" (the "Act"), as amended, commencing with Section 22500, Article XIII D, and which is in accordance with Resolution No. 2025-\_\_\_ adopted by the City of Chino City Council, San Bernardino County, California ordering the preparation of the Report for Landscape and Street Light Maintenance District Nos. 75-1, 75-2, 76-1, 76-2, and 83-2 (the "Districts"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2025, to June 30, 2026.

**SECTION 1**      **PLANS AND SPECIFICATIONS** of the improvements to be maintained and/or improved for the Fiscal Year. The plans and specifications show and describe the existing improvements and are sufficient in showing and describing the general nature, location, and extent of the improvements.

**SECTION 2**      The **METHOD OF ASSESSMENT APPORTIONMENT** calculates the receipt of special benefit and the general benefit derived from the installation and maintenance and servicing of the respective improvements located throughout the District, and the methodology used to apportion the total assessment to the properties within the District.

**SECTION 3**      A **COST ESTIMATE** of the improvements to be maintained and/or improved for the mentioned Fiscal Year.

**SECTION 4**      An **ASSESSMENT ROLL** showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the boundaries as shown on the Diagram.

## i. Engineer's Statement

---

**WHEREAS**, on June 17, 2025, the City Council under the Act, adopted its Resolution Initiating Proceedings for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for the Districts;

**WHEREAS**, the Resolution of Initiation directed Webb Municipal Finance, LLC to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of improvements to be maintained, an estimate of the costs of the maintenance, operations and servicing of the improvements for the Districts for the referenced Fiscal Year, a diagram for the Districts showing the area and properties to be assessed, and an assessment of the estimated costs of the maintenance, operations and servicing of the improvements, assessing the net amount upon all assessable lots and-or parcels within the Districts in proportion to the special benefit received;

**NOW THEREFORE**, the assessments are made to cover the portion of the estimated costs of maintenance, operation, and servicing of said improvements to be paid by the assessable real property within the Districts in proportion to the special benefit received.

## i. Engineer's Statement

---

I, Matthew E. Webb, a Professional Civil Engineer (employed at Albert A. Webb Associates and retained through an agreement between Webb Municipal Finance, LLC, and my employer) do hereby assess and apportion the total amount of the costs and expenses upon the parcels of land within said Districts liable therefore and benefited thereby, in proportion to the estimated benefits that each parcel receives, respectively, from said maintenance, works of improvement, and appurtenances. Please note that Albert A. Webb Associates provides engineering advice and related consulting services. Albert A. Webb Associates is not a registered municipal advisor and does not participate in municipal advisory activities, and nothing in this Engineer's Report is, or should be interpreted to be, municipal advisory services or advice.

Executed this \_\_\_\_\_ day of \_\_\_\_\_ 2025.

ALBERT A. WEBB ASSOCIATES

---

MATTHEW E. WEBB  
PROFESSIONAL CIVIL ENGINEER NO. 37385  
ENGINEER OF WORK  
ON BEHALF OF THE CITY OF CHINO  
STATE OF CALIFORNIA

Final approval, confirmation and levy of the annual assessment and all matters in the Engineer's Report were made on the \_\_\_\_\_ day of \_\_\_\_\_ 2025, by adoption of Resolution No. \_\_\_\_\_ By City Council.

---

CITY CLERK  
CITY OF CHINO  
STATE OF CALIFORNIA

A copy of the Assessment Roll and Engineer's Report were filed in the City Clerk's Office on the \_\_\_\_\_ day of \_\_\_\_\_, 2025.

---

CITY CLERK  
CITY OF CHINO  
STATE OF CALIFORNIA

## 1. Plans and Specifications

---

### Landscaping and Lighting Act of 1972: Improvements

The law allows the Districts, by direct benefit assessments, to provide funding for the installation, maintenance, operation, and administration of the following improvements:

- the installation, construction, repair, renovation, or replacement of public lighting facilities, including, but not limited to, traffic signals and streetlights;
- the installation or planting of landscaping in common landscape areas;
- the trimming of trees in common landscape areas;
- the installation or construction of statuary, fountains or other ornamental structures and facilities;
- the installation of park or recreational improvements;
- the maintenance and/or servicing of the above;
- the acquisition of land for park, recreational or open space purposes;
- the installation or construction of facilities appurtenant to the above or which are necessary or convenient for the maintenance and servicing; and
- incidental expenses related to the District.

The Landscape and Lighting Act of 1972, Section 22573, provides that assessments be apportioned with reference to special benefit rather than according to assessed value. The section states:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to estimated benefits to be received by each such lot or parcel from the improvements. The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 {commencing with Section 5000}).”

The Act also provides for the classification of various areas within an assessment district into different zones where:

“By reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements; a zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements.”

As the assessments are levied on the basis of benefit, they are not a tax, and therefore are not governed by Article XIII A of the Constitution of the State of California.

Properties owned by public agencies, such as the city, county, state, or federal government, are no longer exempt from assessment pursuant to the passage of Proposition 218. However, said public parcels will not be assessed during Fiscal Year 2025-2026 because the City of Chino invoked an exemption as noted in Article 4.6 Section 53753.5. (b)(2) of Chapter 4 Part 1 of Division 2 of Title 5 of the Government Code:

“Any assessment imposed pursuant to a petition signed by the persons owning all parcels subject to the assessment at the time the assessment is initially imposed.”

When public property is not devoted to public use, it is assessed. Right-of-way owned by Southern California Edison Company and railroad operating right-of-way are also exempt from assessment.

### Landscape and Street Lighting Districts 75-1, 75-2, 76-1, 76-2, and 83-2

The plans and specifications for the improvements within the Districts are on file and available for public inspection in the office of the City Engineer and are part of this Report to the same extent as if said documents were attached hereto. The Assessor’s maps identifying the boundaries of the parcels located within each zone are on file in the office of the County Assessor and are by reference made a part of this Report to the same extent as if they were attached. A detailed parcel list is included as Appendix C. The general nature and extent of improvements are as follows:

## 1. Plans and Specifications

---

The Districts were established to provide for the installation, ongoing maintenance, operation, and servicing of landscape and public street lighting improvements installed in connection with the development of parcels within the Districts.

### Streetlights

The maintenance for streetlight improvements may include, but is not limited to, the repair, removal and replacement of all or any part necessary to provide for the normal operation of streetlights. Routine repairs include replacing of the light bulb, lamp, glassware, fuse, or photocell. Extraordinary repair includes replacement of the ballast, luminaire, or correction of a wiring problem. Also included are the energy costs of the streetlight system.

### Landscaping

The maintenance for landscape improvements include, but is not limited to, the repair, removal or replacement of the landscaping: providing for the life, growth, health and beauty of the landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, and treating for disease or injury; the removal of trimmings, rubbish, debris, other solid waste; the maintenance, repair and replacement, necessary for all irrigation systems, and the removal of graffiti from walls immediately adjacent to the cultivated areas. Also included are the energy costs of the irrigation system.

The engineering drawings for the improvements to be operated and maintained by the Districts are on file in the office of the City Engineer and are available for public inspection during normal business hours.

### Proposition 218 Compliance

On November 5, 1996, California voters approved Proposition 218, entitled “Right to Vote on Taxes Act,” which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts. Proposition 218 also requires that with certain specified exceptions, which are described below, all existing assessment districts must be ratified by the property owners within the District using the new procedures.

Some of these exceptions include:

- 1) Any assessments imposed exclusively to finance the capital cost or maintenance and operation expenses for streets.
- 2) Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed

However, even if assessments are initially exempt from Proposition 218, if the assessments are increased in the future, the City will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase).

Proposition 218 does not define the term “streets,” however, based on the opinions of the public agency officials, attorneys, assessment engineers, and Senate Bill 919, it has been determined that streets include all public improvements located within the street rights-of-way. This would include median and parkway landscaping, traffic signals, safety lighting, and street lighting.

Proposition 218 defines “assessment” as “any levy or charge upon real property by an agency for a special benefit conferred upon the real property,” California Constitution, Article XIII D, §2(b). A special assessment, sometimes called a “benefit assessment,” is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees, and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

### Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements, which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that “only special benefits are assessable” and requires a local government to “separate the general benefits from the special benefits conferred on a parcel.”

By its nature, most public improvements financed through an assessment district contain an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that portion of the cost of the improvement, which benefits the public generally to be separated from that portion of the cost of the improvement, which specially benefits assessed properties. Proposition 218 provides the following definition of “Special Benefit”:

“Special Benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit”.

## 2. Method of Assessment Apportionment

---

### Method of Assessment Apportionment

The law, including Article XIID of the Constitution of the State of California, requires and the statutes, including the Proposition 218 Omnibus Implementation Act (Government Code Section 53750 and following), provide that special assessments, as levied pursuant to the “Landscaping and Lighting Act of 1972,” must be based solely on the special benefit properties receive from the improvements. The statutes do not specify the method or formula that should be used to apportion the assessment in any special assessment district proceedings. The City of Chino has retained the firm of Webb Municipal Finance, LLC for the purpose of assisting the City of Chino in making an analysis of the facts in Landscape and Street Light Maintenance District Nos. 75-1, 75-2, 76-1, 76-2, and 83-2, and recommending to the City of Chino the correct apportionment of the assessment obligation.

In performing the analysis, it was necessary to identify the benefits that the improvements being financed will render to the properties within the boundaries of these Assessment Districts and to determine the extent to which such properties receive a direct and special benefit as distinguished from that of the general public.

The method of apportionment of assessment is described below.

### Street Lighting

The Street Lighting maintenance provided by the Districts applies to both Interior Street Lights and Perimeter Street Lights located within each District’s boundaries. The primary benefits of street lighting consist of safety for pedestrians, motorists and residents living and owning property in the Districts during the nighttime hours. Street lighting increases nighttime safety on the roads and streets by improving traffic circulation and reducing nighttime accidents, improving ingress and egress to property, improving access of emergency vehicles and reduction in vandalism and other criminal activities.

Interior Street Lights are defined as those located on streets that are not considered a Primary Arterial, Major Arterial, or Secondary Arterials as identified by the City’s General Plan. Based on their location and function, these lights provide a distinct and special benefit to all developed parcels within the Districts. Each and every parcel within the Districts receives a particular and distinct benefit from the operation and on-going maintenance of the Interior Street Lights over and above any general benefits that are provided and as such, the entire cost associated with these lights is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the Districts.

Perimeter Street Lights are defined as those lights located on streets that are classified as Primary Arterials, Major Arterials, or Secondary Arterials as identified by the City’s General Plan. Based on their location and function, the Perimeter Street Lights provide both special and general benefit to all developed parcels within the various Zones in the Districts. Due to the general benefit that is provided to the surrounding community from the operation and on-going maintenance of these lights, the City contributes 50 percent (50%) of the total annual cost related to the operation and maintenance for all perimeter lights with the various Zones in the Districts. The remaining 50 percent (50%) of the operation and maintenance cost is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the Districts.

### Landscaping

The landscape maintenance provided to the various zones within the Districts applies to both Interior Landscaping and Perimeter Landscaping. The primary benefits that well maintained landscaping provides are the beautification and enhancement of the desirability of the surroundings. These improvements provide special benefit to those developments that are directly adjacent to the landscape improvements as well as some general benefit. It also creates surroundings that are more pleasant for motorists, residents, equestrians, and pedestrians within the Districts.

## 2. Method of Assessment Apportionment

Interior Landscaping is defined as areas within each District's boundaries that are not considered a Primary Arterial, Major Arterial, or Secondary Arterials as identified by the City's General Plan. Each and every parcel within the Districts receives a particular and distinct benefit from the ongoing maintenance of the Interior Landscaping over and above any general benefits that are provided and as such, the entire cost associated with these areas of landscaping is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the Districts.

Perimeter Landscaping is defined as areas within each District's boundaries that are classified as Primary Arterials, Major Arterials, or Secondary Arterials as identified by the City's General Plan. Based on their location and purpose, the Perimeter Landscaping provides both special and general benefit to all developed parcels within the various Zones in the Districts. Due to the general benefit that is provided to the surrounding community from the ongoing maintenance of these landscaped areas, the City contributes 50 percent (50%) of the total annual cost related to any perimeter landscape maintenance with the various Zones in the Districts. The remaining 50 percent (50%) of the maintenance cost is assessed equally to each lot or parcel of benefiting tracts or parcel maps designated by Zones within the Districts.

Each of the parcels within the zones listed below have been deemed to receive proportional special benefit from the maintenance and operation of the improvements within that zone. The Fiscal Year 2025-2026 proposed assessments per zone are as follows:

**Table 3-1**  
**Fiscal Year 2025-2026 Proposed Assessments**

|               | Levy       | Benefit Units (BU) | Maximum Assessment per BU | Actual Assessment per BU | % of Maximum | Zone Costs  |
|---------------|------------|--------------------|---------------------------|--------------------------|--------------|-------------|
| 75-1          | \$1,640.64 | 32                 | \$51.27                   | \$51.27                  | 100.00%      | \$3,057.11  |
| 75-2          | \$3,887.62 | 41                 | \$94.82                   | \$94.82                  | 100.00%      | \$8,565.65  |
| 76-1          | \$5,612.73 | 38                 | \$165.84                  | \$147.70                 | 89.06%       | \$7,639.72  |
| 76-2          | \$6,665.58 | 114                | \$58.47                   | \$58.47                  | 100.00%      | \$13,856.57 |

### Future Annexations

There will be no future annexations to these Districts.

### 3. Cost Estimate

---

Annual costs for the Fiscal Year include maintenance, servicing and operation of public lighting and landscaping, and incidental expenses. Incidental expenses may include engineering, consulting and legal costs for the administration of the Districts, finance department expenses for processing payments, and the cost of submittal of the annual assessments to the County of San Bernardino Auditor for placement on the tax roll.

The costs budgeted to each District's zones, for the proposed Fiscal Year 2025-2026 assessments, were determined by the City and have been summarized in Table 3-1.

#### 4. Assessment Roll

---

The boundaries of Landscape and Street Light Maintenance Districts No. 75-1, 75-2, 76-1, 76-2, and 83-2 coincide with the boundaries of the parcels included within the Districts as of the time of the adoption of the Resolution of Intention and the Initiation of these proceedings.

Reference is made to the County Assessor's Roll and Maps for a detailed description of the lines and dimensions of any lot or parcel. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the "Report" applies.

Please refer to Appendix A for the Fiscal Year 2025-2026 Assessment Roll.

TOTAL PROPOSED ASSESSMENT FOR FISCAL YEAR 25-26: \$235,778.78

**MEMORANDUM  
CITY OF CHINO  
PUBLIC WORKS DEPARTMENT**

**CITY COUNCIL MEETING DATE: JUNE 17, 2025**

**TO: LINDA REICH, CITY MANAGER**

**FROM: HYE JIN LEE, PE, DIRECTOR OF PUBLIC WORKS**

**SUBJECT**

Award a Construction Contract to Gentry Brothers, Inc. for the Citywide Slurry & Pavement Improvements FY2025 Project (NC251).

**RECOMMENDATION**

1) Approve the plans and specifications for construction as approved by the Director of Public Works and award a construction contract to Gentry Brothers, Inc., for the Citywide Slurry & Pavement Improvements FY2025 Project (NC251) for \$1,663,600; 2) authorize up to \$166,360 (10% of the contract amount) for construction contingencies as allowable per the Public Contract Code; and 3) authorize the City Manager to execute the necessary documents on behalf of the City.

**FISCAL IMPACT**

Sufficient funds are budgeted in the Fiscal Year 2024-25 Capital Improvement Program (CIP) Budget for the Citywide Slurry & Pavement Improvements FY2025 Project (NC251). Expenditures incurred to date cover administrative soft cost for San Bernardino County Clerk filing and bid advertisement fees.

| <b>Total Remaining Budget:</b>   |                       |                     | <b>\$2,089,552</b>      |

\*RMRA = Road Maintenance Rehabilitation Account

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above further the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Positive City Image
- Superior Customer Service
- Financial Stability
- Responsible Long-Range Planning

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: AWARD A CONSTRUCTION CONTRACT TO GENTRY BROTHERS, INC. FOR THE CITYWIDE SLURRY & PAVEMENT IMPROVEMENTS FY2025 PROJECT (NC251).

## **BACKGROUND**

The Citywide Slurry & Pavement Improvements FY2025 (NC251) scope of work includes crack sealing, slurry sealing, pavement rehabilitation, curb ramp reconstruction, and striping of seven miles of residential street segments in the City. Slurry seal is the application of a mixture of water, asphalt emulsion, aggregate (very small, crushed rock), and additives to an existing asphalt pavement surface. This combined mixture of the emulsion and aggregates represents “slurry.” Slurry serves to seal the pavement surface to help protect the underlying pavement structure and provide a new driving surface. The roads chosen for slurry seal applications generally have low to moderate distress and narrow crack width.

In 2023, crack-sealing was performed in various neighborhoods throughout the City with the intent to return and complete slurry seal treatments at a later date. To increase effectiveness of the slurry treatment, the project will include the use of a Rubber Polymer Modified Slurry (RPMS). This slurry involves adding crumb rubber to a mixture of asphalt emulsion, aggregate, and additives. This type of slurry offers improved crack sealing and a more durable surface.

The project also includes deferred scope of pavement rehabilitation, slurry seal application, and curb ramp reconstruction on streets surrounding Chino High School. On January 5, 2021, the City Council approved a Reimbursement Agreement between the City and the Chino Valley Unified School District (CVUSD) for CVUSD to lead the design and construction of certain off-site street, pedestrian, and utility improvements associated with Chino High School’s reconstruction project. During construction, CVUSD’s contractor identified a discrepancy in the design plans and site conditions that expanded the limits and scope of work. The additional work triggered costly project change orders under the existing contracts. CVUSD and City staff agreed to de-scope certain curb ramps and corresponding pavement work from the contracted work. Both parties agreed that the remaining work would be constructed at a future date to avoid interruptions with the school schedule.

On April 15, 2025, City staff met with the CVUSD Director of Planning, Facilities, Planning & Operations to coordinate the NC251 project scope of work surrounding Chino High School. Construction staging, phasing, and traffic patterns were discussed as well as school activities during the summer. The City agreed to continue coordination with CVUSD throughout the duration of construction to limit disruption to the school.

## **ISSUES/ANALYSIS**

On May 1, 2025, staff solicited an Invitation for Bids (IFB#2025-0007) “Citywide Slurry & Pavement Improvements FY2024-25” on PlanetBids, following City procurement policies. On May 22, 2025, at 10:00 a.m., four (4) bids were received and opened, the results are shown below:

| <b>Rank</b> | <b>Contractor</b>     | <b>Business Location</b> | <b>Bid Amount</b> |
|-------------|-----------------------|--------------------------|-------------------|
| 1.          | Gentry Brothers, Inc. | Irwindale, CA            | \$1,663,600.00    |
| 2.          | R.J. Noble Company    | Orange, CA               | \$1,824,244.64    |
| 3.          | All American Asphalt  | Corona, CA               | \$2,102,788.00    |
| 4.          | Hardy & Harper, Inc   | Lake Forest, CA          | \$2,201,000.00    |

After evaluation of the bids, staff identified Gentry Brothers, Inc. as the lowest responsive and responsible bidder. Therefore, staff recommends that the City Council award a construction contract for \$1,663,600 with Gentry Brothers, Inc. for the Citywide Slurry & Pavement

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: AWARD A CONSTRUCTION CONTRACT TO GENTRY BROTHERS, INC. FOR THE CITYWIDE SLURRY & PAVEMENT IMPROVEMENTS FY2025 PROJECT (NC251).

Improvements FY2025 Project (NC251). Staff also recommends that the City Council authorize up to \$166,360 (10% of the contract amount) for construction contingencies as allowable per the Public Contract Code. Staff subsequently reviewed the Contractor's licensing, bonding, references, and list of subcontractors submitted for the project, and found all bid submittal documentation to be in order. The estimated project construction costs are itemized below:

| Project Task                              | Vendor                                | Total              |
|---|---------------------------------------|--------------------|
| Construction                              | Gentry Brothers, Inc.                 | \$1,663,600        |
| 10% Construction Contingency (1)          | As allowable per Public Contract Code | \$166,360          |
| Geotechnical Engineering Services (2)     | Geo-Advantec                          | \$38,930           |
| Overtime Inspections (3)                  | City Staff                            | \$5,000            |
| <b>Estimated Total Construction Cost:</b> |                                       | <b>\$1,873,890</b> |

*Note: (1) Note that, as in all the City's public works contracts, the contract itself provides the Director of Public Works authority to issue change orders of up to 10% of the original contract amount. When the Council approves the contract, it approves this authority. Ten percent is generally considered within the normal range of changed conditions on a public works construction project and, by providing change order authority upfront, Council helps to reduce the possibility of delay on a construction project.*

*(2) This agreement was processed administratively under the City Manager's approval in accordance with the City's procurement policy.*

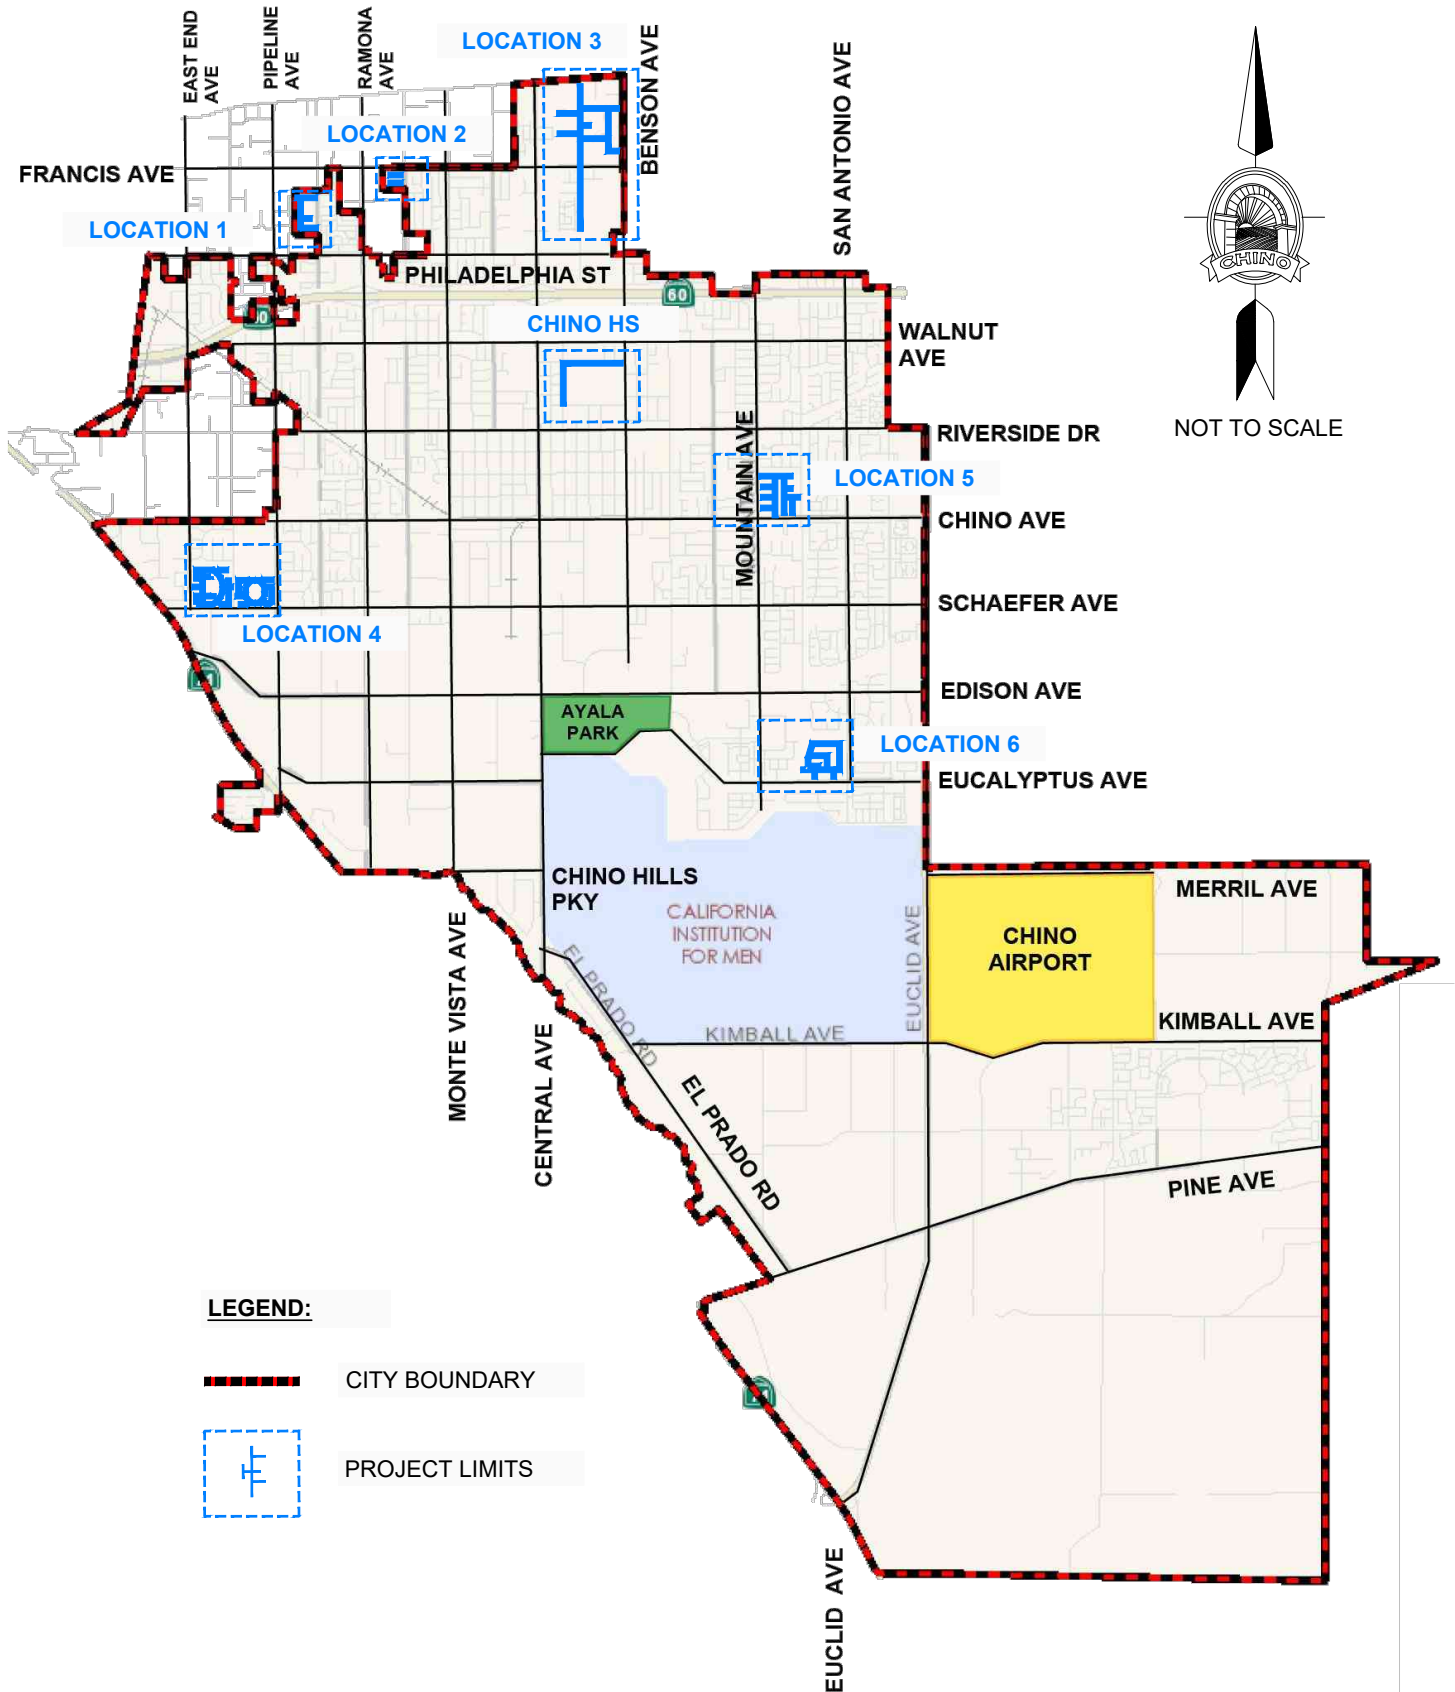

*(3) Overtime Inspection costs include but are not limited to potentially eight (8) weekend working days. This accounts for potential weekend work, if necessary, around Chino High School.*

This project is exempt from the California Environmental Quality Act (CEQA) according to Section 15301 of the CEQA Guidelines - Existing Facilities, which includes the operation, repair, and maintenance of highways, streets, sidewalks, gutters, bicycle and pedestrian trails, and other similar facilities. In compliance with CEQA Guidelines, a Notice of Exemption was filed with the San Bernardino County Recorder's Office at a cost of \$50 prior to the advertisement for bids.

## AGREEMENT

### CITYWIDE SLURRY & PAVEMENT IMPROVEMENTS FY2025 PROJECT (NC251)

**THIS AGREEMENT** is made and entered into this **17<sup>th</sup> day of June, 2025**, by and between THE CITY OF CHINO, a municipal corporation, hereinafter called "City", and **Gentry Brothers, Inc.**, hereinafter called "Contractor".

**WITNESSETH**, that the parties hereto mutually agree as follows:

**ARTICLE I:** For and in consideration of the payments and agreements hereinafter mentioned to be made and performed by City, Contractor agrees to perform and complete all of the work for the project entitled **Citywide Slurry & Pavement Improvements FY2025 Project (NC251)** in a good and workmanlike manner in accordance with all plans and specifications therefor, to furnish at Contractor's sole cost and expense all tools, equipment, labor, and materials necessary therefor, except such materials and equipment as are expressly stipulated to be furnished by City, and to do everything required by the Contract Documents.

**ARTICLE II:** Contractor shall be responsible for furnishing all labor, materials, equipment, tools, and services, furnishing and removing all plants, temporary structures, tools, and equipment, and doing everything required by this Agreement and by the Contract Documents. Contractor shall also be responsible for all losses and damages arising out of the performance of the Work, from the action of the elements, or from any unforeseen difficulties that may arise during the prosecution of the Work until its acceptance by City; for all risks of every description associated with the Work; and for all expenses resulting from the suspension or discontinuance of the Work. City shall pay Contractor, and Contractor shall receive, for completing the Work in accordance with the requirements of the Contract Documents and in full compensation therefor, the price named in the Bid Proposal. Subject to any additions or deductions that may be made by change order or amendment, and any penalties or damages that may be assessed against Contractor, Contractor shall receive a total contract amount of **One Million Six Hundred Sixty-Three Thousand Six Hundred Dollars and Zero Cents (\$1,663,600.00)** for completion of the contract work.

**ARTICLE III:** The City hereby employs said Contractor to perform the work according to the terms of this Agreement for the above-mentioned price(s), and agrees to pay the same at the time, in the manner, and upon the conditions stipulated in the Contract Documents; and the said parties for themselves, their heirs, executors, administrators, successors and assignees, do hereby agree to the full performance of the covenants herein contained.

**ARTICLE IV:** Contractor shall begin work within **fifty-five (55)** calendar days after receiving a Notice to Proceed from the City and the work shall be completed within **Eighty (80) working days**. If the work is not completed within said time period, liquidated damages shall apply.

**ARTICLE V:** The Notice Inviting Bids, the Summary of Work, the Instructions to Bidders, the Bid Documents, the Required Post-Bid Documents, the General Provisions, the Special Provisions, the Technical Specifications, and all other drawing, plans, or specifications for the Work (collectively, "Contract Documents") are hereby incorporated into and made part of this Agreement.

**ARTICLE VI:** Contractor shall indemnify, defend with legal counsel approved by City, and hold harmless City, its officers, officials, employees and volunteers from and against all liability, loss, damage, expense, cost (including without limitation reasonable legal counsel fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with Contractor's negligence, recklessness or willful

misconduct in the performance of work hereunder or its failure to comply with any of its obligations contained in this Agreement, except such loss or damage which is caused by the sole or active negligence or willful misconduct of the City. In instances where City is shown to have been actively negligent and where City's active negligence accounts for only a percentage of the liability involved, the obligation of Contractor will be for that entire portion or percentage of liability not attributable to the active negligence of City. Should conflict of interest principles preclude a single legal counsel from representing both City and Contractor, or should City otherwise find Contractor's legal counsel unacceptable, then Contractor shall reimburse the City its costs of defense, including without limitation reasonable attorneys' fees, expert fees and all other costs and fees of litigation. The Contractor shall promptly pay any final judgment rendered against the City (and its officers, officials, employees and volunteers) with respect to claims determined by a trier of fact to have been the result of the Contractor's negligent, reckless or wrongful performance. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Agreement.

**ARTICLE VII:** No officer or employee of the City shall have any financial interest in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is interested, in violation of any State statute or regulation. Similarly, Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

**ARTICLE VIII:** This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of San Bernardino, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of San Bernardino, State of California.

**ARTICLE IX:** Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Contractor shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

**ARTICLE X:** No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

**ARTICLE XI:** The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

**ARTICLE XII:** In the course of its work under this Agreement, the Contractor, its agents and employees shall be bound by and comply with all applicable federal, state and local laws and requirements.

**ARTICLE XIII:** The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed on the day

and year first above written.

**SUBJECT**

Introduction of Ordinance 2025-003 – Zoning Ordinance Amendment (PL25-0031).

**RECOMMENDATION**

1) Conduct a Public Hearing; 2) approve the introduction of Ordinance No. 2025-003, a proposed amendment to Title 20 (Zoning) of the Chino Municipal Code, consisting of modifications and additions to Chapter 20.06 (Commercial Land Uses), Chapter 20.07 (Industrial Land Uses), Chapter 20.23 (Administration), and Chapter 20.24 (Glossary), to be read by number and title only, and waive further reading of the Ordinance.

**FISCAL IMPACT**

There is no fiscal impact resulting from these changes to the Zoning Code. This item is a comprehensive update to assist in the implementation of the Zoning Code and does not involve any future expenditures.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above further the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Superior Customer Service
- Financial Stability
- Responsible Long-Range Planning

## **BACKGROUND**

The last Zoning Code update was approved by the City Council on April 18, 2023. The City of Chino is now pursuing amendments to its zoning ordinances to allow greater flexibility in permitted land uses in commercial locations. These updates are designed to align more closely with evolving economic trends and community priorities, with the objective of supporting business attraction, retention, and expansion citywide. By modernizing and expanding certain use allowances, the City seeks to cultivate a more dynamic and business-friendly environment that promotes new business development, drives job creation, supports local entrepreneurship, and enhances overall economic vitality. These proposed changes are part of a multi-faceted approach to strengthen the City's long-term fiscal health through increased sales tax generation and reinforcing Chino's economic resilience. This effort underscores the City of Chino's commitment to forward-thinking planning and sustainable economic development that benefits both residents and the broader business community.

The Zoning Code generally defines uses as being permitted by right, permitted by Administrative Approval (AA), or permitted with a Special Conditional Use Permit (SCUP). The AA process is reviewed by staff with approval being granted by the Director of Development Services. The SCUP process follows the same review process by staff but requires approval by the Planning Commission at a public hearing. The SCUP process can be both time-consuming and costly for prospective business owners seeking to establish a business within the City of Chino. To address this, the proposed Zoning Code amendments aim to streamline the approval process, enhance efficiency, and support business attraction and retention by modifying the approval process for commercial uses that have become more common and do not necessitate a stricter approval process. The draft ordinance is attached to City Council Ordinance No. 2025-003, with additions to the ordinance in bold red and deletions in strikethrough. Notations within the use regulation tables located within the draft ordinance have the following meanings:

- Permitted uses. A "P" means that a use is permitted by right in the respective zoning district and is not subject to discretionary review and approval.
- Conditionally permitted uses. A "C" means that a use requires approval of a special conditional use permit.
- Administratively permitted uses. An "A" means that a use requires approval through an administrative action.
- Not permitted. A "■" in a cell means that a use is not allowed in the respective zoning district.

The Planning Commission reviewed the proposed amendment on May 7, 2025, and recommended approval of the ordinance with no changes to the City Council by a 7-0 vote.

## **ISSUES/ANALYSIS**

The following is a summary of the requested changes to the Zoning Code:

### **Chapter 20.06 (Commercial Zoning Districts)**

Currently, the City has five commercial zoning districts which are Commercial Neighborhood (CN), Commercial General (CG), Commercial Office (CO), Commercial Regional (CR) and Commercial Service (CS). These districts range from small neighborhood commercial centers to larger regional centers. Table 20.06-1 includes all land uses permitted in commercial zones

as well as the approval process. The following updates are proposed to Table 20.06-1, Land Use Regulations for Commercial Zoning Districts:

- Trade and Vocational Schools are currently permitted with approval of a SCUP in all commercial zones. The proposed amendment would permit this use in all commercial zones subject to an AA.
- Gym/Athletic Instruction facilities are currently classified in three distinct categories which are major, minor, and small/boutique fitness studio. Major gym/athletic facilities are larger in nature and currently conditionally permitted in the CG, CO, CR and CS zoning districts. The proposed amendment would allow a major gym use through an AA in the CG, CO and CS zoning districts and by right in the CR zone. Minor facilities are currently permitted with an AA in all commercial zoning districts. The proposed amendment would maintain the AA requirement in the CN zoning district but permit minor facilities by right in all other commercial zones. Small boutique fitness studios currently require an AA in the CN, CO and CS zoning districts and the use is permitted by right in the CG and CR zones. The proposed amendment would permit this use by right in all commercial zoning districts.
- Retail, Thrift and Secondhand Stores are currently administratively permitted in the CG and CS zones and conditionally permitted in the CR zone. The proposed amendment will administratively permit the use in the CR zone, consistent with the permitting process in the other two zoning districts. The use is not permitted in either the CN or CO zoning district and will remain not permitted in these zones.
- Veterinary Clinics currently require a SCUP in the CG, CR and CS zones and are not permitted in the CN or CO zones. The proposed amendment would permit this use by right in all commercial zones.
- Automobile Rental is currently only permitted in the CG and CS zones with an AA, if there are 10 or fewer vehicles parked on-site. The proposed amendment will allow this use with an AA in all commercial zones subject to the requirement of 10 or fewer vehicles parked on-site. A SCUP will be required for facilities with more than 10 cars.
- Vehicle Repair and Maintenance is currently permitted by an AA in the CG and CS zone and permitted with a SCUP in the CR zone. The proposed amendment would update the approval process in the CR zone to an AA, consistent with the other commercial zones where the use is permitted.
- Restaurants and drive-thru restaurants currently require a SCUP in the CO and CS zoning districts. The proposed amendment would update this use to permitted by right in these zones, which is consistent with the approval process in other commercial zoning districts. A drive-thru in the CN zoning district will continue to require approval of a SCUP.
- Banquet Facilities are currently permitted by SCUP in the CG, CR and CS zoning districts. The proposed amendment will allow the use with an AA in the above zones. The use will continue to not be permitted in the CN and CO zoning districts.
- Hotels and Motels are currently conditionally permitted in the CG, CO and CR zones. The proposed amendment will permit the use by right in the above zones.

- Personal Services is currently permitted by right in all commercial zones except for the CO zone, which requires SCUP. The proposed amendment will update the approval in the CO zone to permitted by right.
- Tattoo and Piercing Establishments are currently classified as Personal Service, Restricted and conditionally permitted in the CS zone. The proposed amendment will remove tattoo and piercing from the definition of Personal Service, Restricted in the glossary of the Zoning Code (Chapter 20.24) and establish this use as a land use in Table 20.06-1 as permitted in the CS commercial zone.
- Commercial Recreation is currently permitted by SCUP in the CG and CR zones and not permitted elsewhere. The proposed amendment would allow this use through an AA in the CG, CO and CS zoning districts and by right in the CR zone. Additionally, the use Golf Courses, Miniature is proposed to be eliminated from the land use table as it falls within the definition of Commercial Recreation.

#### Chapter 20.07 (Industrial Zoning Districts)

Currently the City has four industrial zoning districts which are Business Park (BP), Light Industrial (M1), General Industrial (M2) and AD (Airport Development). These districts range from light to heavy industrial uses and also include uses at the Chino Airport. Table 20.07-1 includes all land uses permitted in industrial zones as well as the approval process. The following updates are proposed to Table 20.07-1 Land Use Regulations for Industrial Zoning Districts:

- Vehicle sales are currently not permitted in any industrial zoning district. There have been requests in the past to locate a vehicle sales office within industrial zones for specialized auto vehicle sales. The proposed amendment establishes the land use Vehicle Sales Office and permits the use by right in the BP, M1, and M2 industrial zones. The use will remain unpermitted in the AD zone.
- Hotels and Motels are currently permitted by right in the AD zone only. The proposed amendment would now allow hotels and motels subject to a SCUP in all industrial zones, including the AD zone.

#### Section 20.23.100 (Variances)

- The City's municipal code currently provides a variance procedure, which is to provide a method whereby minor departures from the application of development standards within the zoning code are permitted, when the strict application of the code would deprive a property a development right possessed by other properties in the same zone and vicinity. A minor variance currently allows a deviation of no more than 25 percent from a measurable standard, while a major variance allows a deviation of more than 25 percent of a measurable standard. The proposed amendment would establish the deviation threshold to no more than 50 percent for a minor variance and more than 50 percent for a major variance. These flexible applications can further accommodate unique site conditions by increasing their development capabilities, all while maintaining the overall intent of the City of Chino's Municipal Code. This will create equal and consistent development opportunities for properties throughout the City.

#### **PUBLIC NOTICE**

A notice was published in the *Chino Champion* on June 7, 2025. The notice meets the legal noticing requirements and is adequate in scope for this project. To date, no comments have been received.

### **ENVIRONMENTAL REVIEW**

The Zone Ordinance Amendment is exempt from the provisions of the California Environmental Quality Act ("CEQA") pursuant to Sections 15060(c)(3), Common Sense Exemption, in that it can be seen with certainty that there is no possibility for this action to have a significant effect on the environment, individual development applications will be reviewed under CEQA as they are proposed, and the changes are consistent with the goals and policies of the General Plan and will bring the City's code into compliance with State and Federal Laws.

ORDINANCE NO. 2025-003

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CHINO, CALIFORNIA, AMENDING SELECTED PROVISIONS OF THE ZONING CODE (TITLE 20 OF THE MUNICIPAL CODE) OF THE CITY OF CHINO. PL25-0031 (ZONE ORDINANCE AMENDMENT)

The City Council of the City of Chino, California, does hereby ordain as follows:

Section 1. Table 20.06-1 of the Chino Municipal Code is hereby revised as follows with the remainder of the Table remaining unchanged (additions in bold red; deletions in ~~strikethrough~~):

TABLE 20.06-1 LAND USE REGULATIONS FOR COMMERCIAL ZONING DISTRICTS

| Uses                                | Zoning Districts |     |     |     |     | Additional Regulations |

Section 3. Section 20.23.100 of the Chino Municipal Code is hereby revised as follows (additions in bold **red**; deletions in ~~strike through~~):

#### 20.23.100 – Variances

##### A. Minor Variance.

1. Purpose and Intent. The purpose of the minor variance procedure is to provide a method whereby minor departures from the strict application of the development standards contained in this Zoning Code is permitted, when the strict application of such would deprive a property a development right possessed by other property in the same zone and vicinity.
2. Applicability.
  - a. When the strict and literal interpretation, and enforcement of this Zoning Code would result in practical difficulties, unnecessary hardships, or results inconsistent with the general purpose of this Zoning Code, the Director of Community Development shall have the authority to grant a variance from the provisions of this Zoning Code, provided that the addition will not result in a deviation of more than **25-50** percent from a measurable standard. In no case, however, shall a variance be granted which authorizes a use, activity or property right that is not expressly permitted by this Zoning Code.

##### B. Major Variance.

1. Purpose and Intent. The purpose of the major variance procedure is to provide a method whereby departures from the strict application of the development standards contained in this Zoning Code is permitted, when the strict application of such would deprive a property a development right possessed by other property in the same zone and vicinity.
2. Applicability
  - a. When the strict and literal interpretation, and enforcement of this Zoning Code would result in practical difficulties, unnecessary hardships, or results inconsistent with the general purpose of this Zoning Code, the Planning Commission shall have the authority to grant a variance from the provisions of this Zoning Code, if the addition will result in a deviation of more than **25-50** percent from a measurable standard. In no case, however, shall a variance be granted which authorizes a use, activity or property right that is not expressly permitted by this Zoning Code.

Section 3. Section 20.24.020 of the Chino Municipal Code is hereby revised as follows with the remainder of the section remaining unchanged (deletions in **bold strikethrough**):

20.24.020 – Definitions

*Personal Services, Restricted.* An establishment other than a professional office that provides services as a primary use which are typically limited by specific use attributes or appearance, including but not limited to ~~tattoo parlors, body piercing~~, pawnshops, spas and hot tubs for hourly rental, massage establishments, and adult oriented businesses as defined in Title 5 of the Municipal Code.

Section 6. The City Council finds that this Ordinance is exempt from the California Environmental Quality Act (CEQA) under CEQA Guidelines Section 15061(b)(3), Common Sense Exemption, in that it can be seen with certainty that there is no possibility for this action to have a significant effect on the environment, and individual development applications will be reviewed under CEQA as they are proposed.

Section 12. Severability.

If any section, subsection, sentence, clause, phrase, or portion of this Ordinance, or the application thereof to any person or circumstances, is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such invalidity or unconstitutionality shall not affect any other provision or application, and to this end the provisions of this ordinance are declared to be severable. The City Council hereby declares that it would have adopted this ordinance and each section, subsection, sentence, clause, phrase, part or portion thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, parts or portions thereof be declared invalid or unconstitutional.

Section 13. This Ordinance shall be in full force and effect thirty (30) days after its second reading and adoption.

Section 14. Certification. The City Clerk of the City of Chino shall certify to the passage and adoption of this Ordinance and shall cause the same to be published in the *Chino Champion*, a newspaper of general circulation, within said City in accordance with the provisions of the Government Code.

PASSED, APPROVED AND ADOPTED THIS 1<sup>ST</sup> DAY OF JULY 2025.

**MEMORANDUM  
CITY OF CHINO  
DEVELOPMENT SERVICES DEPARTMENT**

---

**CITY COUNCIL MEETING DATE: JUNE 17, 2025**

**TO: LINDA REICH, CITY MANAGER**

**FROM: WARREN MORELION, AICP, DIRECTOR OF DEVELOPMENT SERVICES**

---

**SUBJECT**

Community Development Block Grant (CDBG) 2025-30 Consolidated Plan and 2025-26 One-Year Action Plan.

**RECOMMENDATION**

1) Conduct a public hearing to receive comment; 2) approve the 2025-30 Five-Year Consolidated Plan, which includes the 2025-26 One-Year Action Plan governing the use of Community Development Block Grant (CDBG) funds; 3) Carryover an estimated amount of \$80,080.01 in unexpended funds from Program Year 2023-24; 4) authorize the City Manager to execute all required United States Department of Housing and Urban Development (HUD) documents and submit the 2025-30 Five-Year Consolidated Plan inclusive of the 2025-26 One-Year Action Plan to HUD; and 5) authorize staff to complete all federal environmental reviews per 24 Code of Federal Regulations (CFR), Part 58.

**FISCAL IMPACT**

The City has received an allocation from HUD in the amount of \$585,259 for the 2025-26 CDBG Program Year. Corresponding program revenues and expenditures have been included in the FY 2025-26 budget.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above further the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Positive City Image
- Financial Stability
- Public Service Excellence through Internal and External Partnerships

## **BACKGROUND**

In accordance with HUD regulations, the City is required to prepare and submit a CDBG Consolidated Plan every five years. This plan directs the utilization of CDBG funds and includes a One-Year Action Plan for FY 2025-26 that outlines projects recommended for funding that are consistent with the needs and priorities identified in the Five-Year Consolidated Plan.

In preparing the Five-Year Consolidated Plan and accompanying One-Year Action Plan, the following efforts were undertaken:

1. On January 27, 2025, the Community Services Parks and Recreation Commission (Commission) received presentations from non-profit public service providers, followed by a comprehensive review of applicant projects by a selected sub-committee. The sub-committee prioritized and ranked the projects and made preliminary funding recommendations. Each program was evaluated based on need, eligibility, and consistency with the needs assessment included within the Consolidated Plan.
2. On February 10 and 20, 2025, community meetings were held at the Neighborhood Activity Center. These meetings fulfilled requirements outlined in the City's adopted CDBG Citizen Participation Plan. Community members, including residents, non-profit organizations, local government agencies, businesses and private developers were notified of the meetings in advance through public notices in the newspaper, flyers, social media, and email distribution providing ample opportunity for interested parties to provide valuable input and express any community needs or perceived gaps in services.
3. On February 24, 2025, following the comprehensive review of CDBG applicants, the sub-committee presented preliminary funding recommendations to the Commission. The Commission evaluated the recommendations and took appropriate action to forward the recommendations attached to the City Council agenda (Exhibit 1) for consideration.

In addition to public service applications, Capital Improvement Project (CIP) applications were received and reviewed by staff using the same criteria as the public service projects. Funding recommendations are also displayed in Exhibit 1.

## **ISSUES/ANALYSIS**

The primary objective of the CDBG program is "the development of viable urban communities by providing adequate housing, a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate-income." The One-Year Action Plan details the programs and projects to be funded with the City's 2025-26 CDBG allocation.

Evaluation criteria included the following:

- Meets HUD's national objectives and eligibility requirements.
- Consistent with the Needs Assessment; and
- Minimizes any duplication of service.

Exhibit 1 details the public services projects recommended for funding by the Commission and include corresponding proposed funding amounts with a minimum amount of \$10,000. The allocation for public service programs is \$87,789 which accounts for 15% of the total CDBG allocation, as established by HUD regulations. Additionally, Exhibit I presents staff's recommendation for projects to be funded under the CIP category in the amount of \$270,419.

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) 2025-30 CONSOLIDATED PLAN AND 2025-26 ONE-YEAR ACTION PLAN.

PAGE: 3

---

Each program year, HUD reviews the City's accomplishments and utilization of funds from the prior year through the Consolidated Annual Performance and Evaluation Report (CAPER). Major subject areas in the CAPER include a narrative that states financial resources, the number of households and persons assisted, and an assessment of annual performance. The CAPER assesses programs for low- and moderate-income families, economic development initiatives, social services programs, and various public improvement projects.

The public hearing being held during this City Council meeting meets HUD's Citizen Participation requirements for adopting the Five-Year Consolidated Plan and the One-Year Action Plan. A 30-day public review period began on Tuesday, April 1, 2025, and ended on Thursday, May 1, 2025. This period allowed community members to submit written input on the Five-Year and One-Year Plans. No comments were received during the public comment period. After final adoption, the Five-Year Consolidated Plan and the One-Year Action Plan will be submitted to HUD for review and approval.

In closing, the Commission respectfully presents its funding recommendations to the City Council. These recommendations have been thoroughly evaluated based on HUD requirements, alignment with the needs assessment, the potential for duplicating services, and the funding amounts available.

## **Executive Summary**

### **ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)**

#### **1. Introduction**

The Consolidated Plan is a five-year planning document required by the U.S. Department of Housing and Urban Development (HUD) to be submitted by all participating jurisdictions that receive HUD formula entitlement grant funds. The City of Chino receives Community Development Block Grant (CDBG) entitlement funds annually. The Consolidated Plan is designed to help participating jurisdictions analyze their housing, community, and economic development needs so that they can effectively utilize the grant funds allocated each year by HUD. CDBG was created through the Housing and Community Development Act of 1974 to develop viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low- and moderate-income. CDBG regulations require that at least 70 percent of all CDBG funds are used to benefit low- and moderate-income residents who are members of households that earn less than 80 percent of Area Median Income (AMI).

As an entitlement jurisdiction, the City must submit the Five-Year Consolidated Plan, as required by HUD, by the due date of “no less than 45 days prior to the start of the grantee's program year start date”. As Chino’s fiscal year begins July 1st, this means the Consolidated Plan and each subsequent Annual Action Plan is due to HUD on or around May 15th each year.

#### **2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview**

The Consolidated Plan contains a Needs Assessment and Market Analysis that provides insight into the different levels of need within the community and the market in which grant-funded programs will be implemented. The Needs Assessment incorporates national data from the American Community Survey (ACS) 5-Year Estimates and Comprehensive Housing Affordability Strategy (CHAS) data, in addition to specific local data. Based on this data and input from citizen participation, the Strategic Plan identifies the City’s priority needs, including the rationale for establishing allocation priorities and specific measurable goals to be addressed during the five-year period. Regulations governing the CDBG program require that each activity undertaken with CDBG funds meet one of the following three broad national objectives: 1) Benefit people with low- and moderate-income; 2) Aid in the prevention or elimination of slums and blight; 3) Meet an urgent need (such as earthquake, flood, or hurricane relief). Additionally, activities funded must also meet one of HUD’s eligible use categories.

According to HUD’s Consolidated Plan Final Rule, the overall goal of community planning and development programs is to develop viable urban communities by providing decent housing, a suitable

living environment, and expanding economic opportunities principally for low- and moderate-income persons as follows:

- **Decent Housing (DH):** includes assisting homeless persons to obtain appropriate housing and assisting persons at risk of becoming homeless; retention of the affordable housing stock; and increasing the availability of permanent housing in standard condition and affordable cost to low-income and moderate-income families, particularly to members of disadvantaged minorities, without discrimination on the basis of race, color, religion, sex, national origin, familial status, or disability. Decent housing also includes increasing the supply of supportive housing, which combines structural features and services needed to enable persons with special needs, including persons with HIV/AIDS and their families, to live with dignity and independence; and providing housing affordable to low-income persons accessible to job opportunities.
- **A Suitable Living Environment (SL):** includes improving the safety and livability of neighborhoods; increasing access to quality public and private facilities and services; reducing the isolation of income groups within a community or geographical area through the spatial de-concentration of housing opportunities for persons of lower-income and the revitalization of deteriorating or deteriorated neighborhoods; restoring and preserving properties of special historic, architectural, or aesthetic value; and conservation of energy resources.
- **Expanded Economic Opportunities (EO):** includes job creation and retention; establishment, stabilization, and expansion of small businesses (including micro-businesses); the provision of public services concerned with employment; the provision of jobs involved in carrying out activities under programs covered by this plan to low-income persons living in areas affected by those programs and activities; availability of mortgage financing for low-income persons at reasonable rates using nondiscriminatory lending practices; access to capital and credit for development activities that promote the long-term economic and social viability of the community; and empowerment and self-sufficiency opportunities for low-income persons to reduce generational poverty in federally assisted and public housing.

### Outcomes and Priority Needs Established

In addition to meeting one of the General Objective Categories above, HUD requires that project activities funded with entitlement funds also meet one of the following General Outcome Categories: Availability/Accessibility (1), Affordability (2), or Sustainability (3). Each activity funded will thus have a combination of the Objective and Outcome Category listed in the description (i.e. DH-2 would be Decent Housing that is Affordable), which allows for measuring of accomplishments for each of the Consolidated Plan's five years.

During the development of the FY 2025-2029 Consolidated Plan, the following priorities were established as a High Priority Need, with the required Objective and Outcome Category listed in parenthesis, and the programs to be funded/implemented are noted by bullet point:

- **Priority 1- Affordable Housing (DH-2) [High Need]:** Promote, preserve, and assist in the development of affordable housing for low- and moderate-income residents, special needs groups, those at-risk of homelessness, and disproportionately impacted residents.
- **Priority 2: Community Facilities and Infrastructure (SL-1) [High Need]:** Improve and expand facilities and infrastructure that serve low- and moderate-income neighborhoods and residents.
- **Priority 3: Public Services (SL-1) [High Need]:** Provide and improve access to public services for low- and moderate-income persons and those with special needs, as well as prevent and eliminate homelessness.
- **Priority 4: Community Preservation Services (SL-3) [High Need]:** Provide for the preservation of low- and moderate-income neighborhoods in the target areas.
- **Priority 5: Economic Development (EO-1) [Moderate Need]:** Provide for the economic development needs of low- and moderate-income persons and neighborhood target areas.
- **Priority 6- Administration and Planning (SL-1) [High Need]:** Provide for administration and planning activities to develop housing and community development strategies and programs needed to carry out actions that address identified needs in the Consolidated Plan in accordance with HUD regulations and provide Fair Housing services for all residents.

### 3. Evaluation of past performance

The City's CDBG funded programs undertaken over the last two Consolidated Plan Cycles have aided in solving neighborhood and community problems by providing a funding source for underserved needs. Specifically, the Public Improvement Projects have given low-income neighborhoods an improved street infrastructure system; public services have helped the City's elderly, youth, homeless, at-risk, victims of domestic violence, and other special needs groups; residents have benefitted from Fair Housing and Tenant/Landlord Counseling Services; residents have been provided affordable housing through construction of new housing units and down payment assistance; the housing stock has been sustained through rehabilitation of housing units/lead-based paint testing and abatement, and code enforcement; and supportive services have been provided to homeless persons/families and/or those at risk of becoming homeless.

All of these projects and experiences therein have helped guide the City in choosing the goals and projects for the new Consolidated Plan Cycle. As such, the City will be continuing the priorities and projects from the last plan, as there is still an unmet need due to the limited amount of grant funds received each year. It is anticipated that funding received in the next five years will not be sufficient to complete the entire remaining infrastructure projects needed within the low- and moderate-income areas identified in the City's Capital Improvement Plan (CIP). Moreover, affordable housing, public services, fair housing, and administration are still High priority needs in the community and will therefore receive continued funding. As Economic Development is a Medium level priority that has somewhat more restrictive regulations attached to it, it will be included in the Consolidated Plan, but may not be funded with CDBG funds during this cycle. Instead, the City will seek to fund that activity with leveraged resources and will evaluate funding with CDBG should funds become available.

#### 4. Summary of citizen participation process and consultation process

A Community Development Needs Survey was made available online through the City's website from February 1, 2025, through February 28, 2025. There was a total of 52 respondents. The survey was available in English and Spanish and responses were evenly spread across each council district; 15 percent of the responses were from seniors and 4 percent were from disabled residents. The priority needs and programs established were as follows:

- **Affordable Housing Needs:** First-time Homebuyer Assistance received the most responses at 42%, followed by Housing Rehabilitation (46% for owner and 42% for rental).
- **Community Facilities Needs:** Parks and Recreational Facilities received the most responses at 58% followed by Community Centers at 37%.
- **Economic Development and Job Creation Needs:** Business assistance grants and loans received the highest number of responses at 52% followed by Job Creation & Retention 42%.
- **Residential/Public Infrastructure Needs:** Water/sewer systems received the most responses at 52% followed by Streets/Alleys at 46%.
- **Community Preservation Services:** Graffiti removal received the most responses at 62% followed by Neighborhood Cleanups at 58%.
- **Community/Public Service Needs:** Anti-crime services received the highest number of responses at 65% followed by Homeless Prevention Assistance and Homeless Intervention at 50% each.

The City also conducted a fair housing survey during the same time period that resulted in 35 responses. Of these, 82 percent had not experienced housing discrimination. Those who did reported 5 incidents with landlords/property managers, one with a real estate agent, one with city staff, and one with another party. Two incidents occurred at an apartment complex, two at a house, and one was marked as not applicable. Discriminatory biases included race, gender, marital status, age, familial status, income source, and disability. Many didn't report the incidents due to uncertainty about where to report, perceived difficulty, or disbelief it would help. Nine respondents witnessed discriminatory advertising, and six knew someone who had faced discrimination. Seventy-seven respondents felt that access to schools, public transport, jobs, crime, insurance, and healthcare affected fair housing choice. Of the respondents, 77 percent were homeowners, and of the remaining renters 75 percent had roommates, with 17 percent being denied a lease. All respondents had reliable broadband access. When asked about improving outreach, 82 percent of respondents favored social media as a communication method.

The full survey results for each can be found in Appendix E.

#### **Additional outreach and consultation was conducted as follows:**

Additional outreach and consultation was conducted as follows:

- A Notice of Funding Availability (NOFA) was published in the *Chino Champion* on November 23, 2024, announcing the application period of November 25, 2024, through January 6, 2025.

- The Community Services Commission conducted their first public hearing on January 27, 2025, which was published in the *Chino Champion* on January 11, 2025. The purpose of the public hearing was to review comments on the needs, priorities, CDBG funding, past performance, and allow the CDBG applicants to present information on their applications for funding.
- Two Community Needs Public Input Meetings were held on February 10, 2025, and again on February 20, 2025, at the Neighborhood Activity Center to solicit citizen participation. These meetings were published in the *Chino Champion* on January 25, 2025.
- The CDBG Review Subcommittee rated and reviewed the applications received in February 2025.
- The Community Services Commission held a second public hearing on February 24, 2025, which was published in the *Chino Champion* on February 8, 2025. At this public hearing, the Commission made preliminary funding recommendations for public service projects.
- A notice was published in the *Chino Champion* on March 15, 2025, announcing the availability of the draft Plans for a 30-day public review and comment period beginning April 1, 2025, and ending May 1, 2025.
- On June 17, 2025, the City Council will hold a Public Hearing to review the Consolidated Plan and Annual Action Plan, make final funding awards, and approve the documents to be forwarded to HUD by the statutory deadline. A notice of this meeting and a public notice was published in the *Chino Champion* on May 31, 2025.

Copies of the City's Citizen Participation Plan, Participation/Public Comments, Outreach Materials Survey Results and Proof of Publication/Public Notices can be found in Appendices C, D, E, and F respectively.

## 5. Summary of public comments

Community residents and stakeholders attended several outreach events/meetings and received a presentation on the importance of the Consolidated Plan and Action Plan at each. In addition, the Community Needs Survey was distributed and questions were answered concerning each of the planning documents and participants commented on the extensive efforts made to reach out to the low- and moderate-income community through newspaper advertisements and flyers distributed to affordable housing sites, churches and other public places as well as the city website. Specific comments from each meeting are listed below, as well as in the appendix:

Community residents and stakeholders attended several outreach events/meetings and received a presentation on the importance of the Consolidated Plan and Action Plan at each. In addition, the Community Needs Survey was distributed and questions were answered concerning each of the planning documents and participants commented on the extensive efforts made to reach out to the low- and moderate-income community through newspaper advertisements and flyers distributed to affordable housing sites, churches, and other public places as well as the city website. Specific comments from each meeting are listed below, as well as in the appendix:

- Community Services Commission public hearing on January 27, 2025: No comments were received.

- Community Needs Public Input Meeting on February 10, 2025: Comments included the need to work with housing developers on affordable housing.
- Community Needs Public Input Meeting on February 20, 2025: No comments were received.
- Community Services Commission public hearing on February 24, 2025: No comments were received
- Draft Plans 30-day public review and comment period April 1, 2025, through May 1, 2025:
- City Council Public Hearing to approve Plans on June 17, 2025:

The full detail of all public comments and outreach efforts can be found in Appendices D and E.

## 6. Summary of comments or views not accepted and the reasons for not accepting them

All comments and input received by the City in the development of the Five-Year Consolidated Plan and Annual Action Plan were accepted and taken into consideration in the development of the Consolidated Plan and Annual Action Plan. There were no comments not accepted.

## 7. Summary

During the course of the next five years, the City of Chino anticipates receiving approximately \$550,000 per year to undertake various activities to meet the priorities and corresponding goals of the Consolidated Plan (all of which were determined to be a High Priority needs level) as follows:

**Priority 1- Affordable Housing (DH-2) [High Need]:** The City will fund programs for First-time Homebuyers Assistance and Housing Rehabilitation.

- *The quantifiable five-year goal is to assist approximately 50 households (10 per year).*

**Priority 2: Community Facilities and Infrastructure (SL-1) [High Need]:** The City will fund facilities and infrastructure improvement projects that serve low- and moderate-income neighborhoods and residents.

- *The quantifiable five-year goal is to assist approximately 5,000 low- and moderate-income people (1,000 per year from one project per year).*

**Priority 3: Public Services (SL-1) [High Need]:** The City will fund public services for low- and moderate-income persons and those with special needs, as well as prevent and eliminate homelessness.

- *The quantifiable five-year goal is to assist approximately 5,000 low- and moderate-income people (1,000 per year).*

**Priority 4: Community Preservation Services (SL-3) [High Need]:** The City will fund code enforcement, graffiti removal, and other programs that address the preservation of low- and moderate-income neighborhoods in the target areas.

- *The quantifiable five-year goal is to assist approximately 2,500 households (500 per year).*

**Priority 5: Economic Development (EO-1) [Moderate Need]:** The City will fund economic development projects that address the needs of low- and moderate-income persons and neighborhood target areas.

- *The quantifiable five-year goal is to create/retain approximately 50 jobs and assist 50 businesses (10 per year for each type).*

**Priority 6- Administration and Planning (SL-1) [High Need]:** The City will fund administration and planning activities to develop housing and community development strategies and programs needed to carry out actions that address identified needs in the Consolidated Plan in accordance with HUD regulations and that provide Fair Housing services for all residents.

- *The quantifiable five-year goal is to assist approximately 50 households (10 per year).*

## The Process

### PR-05 Lead & Responsible Agencies 24 CFR 91.200(b)

**1. Describe agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source**

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

| Agency Role        | Name  | Department/Agency               |
|--------------------|-------|---------------------------------|
| CDBG Administrator | CHINO | Development Services Department |

**Table 1 – Responsible Agencies**

### Narrative

The City's CDBG programs are administered by the Development Services Department, as shown above in Table 1.

### Consolidated Plan Public Contact Information

## **PR-10 Consultation – 91.100, 91.110, 91.200(b), 91.300(b), 91.215(I) and 91.315(I)**

### **1. Introduction**

The City of Chino seeks the input of residents, city departments, non-profit organizations, program beneficiaries and service providers required to create strategic, development plans for the city's needs for the 2025-2029 Consolidated Plan period.

**Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).**

In preparing the FY 2025-2029 Five-Year Consolidated Plan and FY 2025-2026 One-Year Action Plan, the City incorporated the information contained in the Consolidated Plan Needs Assessment. This included a wide range of service providers who were contacted to compile information on community needs. Agencies representing persons with HIV/AIDS, homeless persons, low-income youth, persons with disabilities, elderly persons, and persons with alcohol/substance abuse problems were contacted. Specifically, the City of Chino's consultation efforts included contacting the following agencies:

- City of Chino Development Services Department
- Inland Fair Housing and Mediation Board
- Chino Neighborhood House
- House of Ruth
- City of Chino Human Services Department
- Family Services Association
- Neighborhood Partnership Housing Services
- Inland Valley HOPE Partners
- Public Works Graffiti Abatement
- Code Enforcement Department

The city will continue to consult with the aforementioned agencies to address the public service needs of the community throughout the next five years. Staff will participate on local and regional boards on issues related to the Homeless. Tables 2 and 3 further detail the City's consultation efforts.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness**

San Bernardino County's leading authority addressing the region's homeless population in the San Bernardino County Homeless Partnership (SBCHP). SBCHP is composed of non-profit organizations,

educational institutions, community and faith-based organizations, private industry, federal, state, and local governments. The purpose of SBCHP is to promote a strong collaboration across agencies to strategize and execute the County's 10- Year Strategy to end chronic homelessness. The County of San Bernardino Office of Homeless Services (OHS), on behalf of SBCHP, submits applications to HUD for federal Continuum of Care (CoC) assistance to administer essential services to aid the homeless population in the County of San Bernardino. The City coordinates by attending multiple mandatory meetings as follows:

- West End Regional Committee-Once a month in Rancho
- West-end Regional Committee Follow ups-every other Thursday
- Homeless Coalition meeting & San Bernardino City/County Continuum of Care (CoC Interagency Council on Homelessness (ICH) and the Homeless Provider Network (HPN) -every 2 weeks
- Probation Homeless meeting: once a month
- The City of San Bernardino hosts a collaboration between all West-end cities once a month.

Not mandatory, but city staff attend the following meetings as possible:

- West-End Behavioral Collab- Quarterly-Christian Development Center
- West-end Committee - working with other Cities to explore county funding
- HOPE TEAM – SB Sheriff- covers Chino Hills every Monday morning
- HUD Meetings-random
- HMIS Meeting-random

The City of Chino is actively addressing homelessness through outreach, partnerships, and engagement. To accomplish this, the city deploys a team whose primary purpose is to meet people where they are and, through compassion and accountability, facilitate the journey from unsheltered to permanent housing.

The City of Chino has made direct investments in outreach response through the multiple meetings staff attend, relationships have been built with service providers that have opened up networking opportunities and allowed access to services for all unhoused people.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS**

The City of Chino does not administer an Emergency Solutions Grant (ESG), though staff does coordinate with the County's Continuum of Care regarding homelessness in the city.

**2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities**

**Table 2 – Agencies, groups, organizations who participated**

### Identify any Agency Types not consulted and provide rationale for not consulting

During the preparation of this FY 2025-2029 Consolidated Plan, the City consulted with all agencies that could provide valuable input to the development of the Plan. The City further coordinated with each agency that applied for CDBG funds in an effort to determine need and develop annual goals and objectives relative to both of these City planning documents. Time and financial resources limit the ability to consult with all possible agencies serving residents, though a focused effort is made each year to expand on these efforts.

### Other local/regional/state/federal planning efforts considered when preparing the Plan

| Name of Plan      | Lead Organization        | How do the goals of your Strategic Plan overlap with the goals of each plan?                    |
|-------------------|--------------------------|---|
| Continuum of Care | County of San Bernardino | This agency was consulted for statistics pertaining to homelessness within the County and City. |

**Table 3 – Other local / regional / federal planning efforts**

### Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(l))

Data from the California Department of Public Health and the San Bernardino County Health Care Agency identifies the percentage of young children with elevated lead blood levels. The City used this data to assess lead-based paint hazards. State agencies were also consulted to obtain updated housing and population information. The County of San Bernardino was contacted to obtain an array of data, including information regarding the number of households receiving rental assistance, homeless count, and other regional data. The San Bernardino County Health Care Agency was consulted regarding the number of residents living with HIV and AIDS and available HOPWA program resources.

### Narrative (optional):

N/A See narratives above.

## **PR-15 Citizen Participation – 91.105, 91.115, 91.200(c) and 91.300(c)**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

Citizen participation is one of the most important components of the Consolidated Plan process. The City of Chino initiated the following process for the FY 2025-2029 Consolidated Plan and FY 2025-2026 Annual Action Plan:

- A Notice of Funding Availability (NOFA) was published in the *Chino Champion* on November 23, 2024, announcing the application period of November 25, 2024, through January 6, 2025.
- The Community Services Commission conducted their first public hearing on January 27, 2025, which was published in the *Chino Champion* on January 11, 2025. The purpose of the public hearing was to review comments on the needs, priorities, CDBG funding, past performance, and allow the CDBG applicants to present information on their applications for funding.
- Two Community Needs Public Input Meetings were held on February 10, 2025, and again on February 20, 2025, at the Neighborhood Activity Center to solicit citizen participation. These meetings were published in the *Chino Champion* on January 25, 2025.
- The CDBG Review Subcommittee rated and reviewed the applications received in February 2025.
- The Community Services Commission held a second public hearing on February 24, 2025, which was published in the *Chino Champion* on February 8, 2025. At this public hearing, the Commission made preliminary funding recommendations for public service projects.
- A notice was published in the *Chino Champion* on March 15, 2025, announcing the availability of the draft Plans for a 30-day public review and comment period beginning April 1, 2025, and ending May 1, 2025.
- On June 17, 2025, the City Council will hold a Public Hearing to review the Consolidated Plan and Annual Action Plan, make final funding awards, and approve the documents to be forwarded to HUD by the statutory deadline. A notice of this meeting and a public notice was published in the *Chino Champion* on May 31, 2025.

Additionally, a Community Development Needs Survey was made available online through the City's website from February 1, 2025, through February 28, 2025. There was a total of 52 respondents. The survey was available in English and Spanish and responses were evenly spread across each council district. The priority needs and programs receiving the most responses for high need helped establish the priorities developed in the plan, which will be implemented over the next five years.

Copies of the City's Citizen Participation Plan, Participation/Public Comments, Outreach Materials Survey Results and Proof of Publication/Public Notices can be found in the Appendix.

### Citizen Participation Outreach

**Table 4 – Citizen Participation Outreach**

# Needs Assessment

## NA-05 Overview

### Needs Assessment Overview

The Needs Assessment of the Consolidated Plan identifies the City's needs as they relate to housing, homelessness, community development, and special needs populations. The housing needs assessment section evaluates household income, tenure (renter or owner), housing cost as a function of household income, disproportionate needs amongst racial and ethnic groups, and public housing needs. The homeless needs assessment examines the sheltered and unsheltered homeless population in San Bernardino County to inform the City's strategy to address homelessness during the next five years. The non-homeless special needs assessment section evaluates the needs of people who are not homeless, but due to various reasons are in need of services including but not limited to: elderly, frail elderly, severely mentally ill, developmentally disabled, physically disabled, persons with alcohol or other drug addictions, persons with HIV/AIDS and victims of domestic violence. The non-housing community development needs assessment section discusses the need for public facilities, public infrastructure improvements, and public services to benefit low- and moderate-income residents.

From this Needs Assessment, the City will identify those needs with the highest priority, which will form the basis for the Strategic Plan and the programs and projects to be administered during the five-year Consolidated Plan for FY 2025-2029. Information contained in the assessment is gathered through data analysis, consultations, and citizen participation. To assess community needs, the City examined data, held community meetings, conducted a Community Needs Survey, and consulted with local stakeholders. The Needs Assessment primarily relies on the following sources of data:

- American Community Survey (ACS)(2016-2020 current year estimates)
- Comprehensive Housing Affordability Strategy (CHAS data 2016-2020)
- 2024 Point- in- Time Homeless Count
- The California Association of Realtors (CAR) website was accessed to obtain information on current market trends and affordability
- The Housing Element and Development Codes were reviewed to provide insight on zoning and land use policies and units at risk of conversion
- Previous Consolidated Plans and other Community Strategic Plans were used to provide supporting data on demographics, City programs, needs, and strategies
- Various data requests were sent to County level staff from the Department of Health Services and Housing Authority

## NA-10 Housing Needs Assessment - 24 CFR 91.205 (a,b,c)

### Summary of Housing Needs

The following section describes the estimated housing needs projected for the next five-year period for the following categories of persons: extremely low-income, low-income, moderate-income, and middle-income families, renters and owners, elderly persons, persons with disabilities, including persons with HIV/AIDS and their families, single persons, large families, public housing residents, victims of domestic violence, families on the public housing and section 8 tenant-based waiting list, and discuss specific housing problems, including: cost burden, severe cost-burden, substandard housing, and overcrowding (especially large families).

To the extent that any racial or ethnic group has a disproportionately greater need for any income category in comparison to the needs of that category as a whole, an assessment of that specific need is completed. Disproportionately greater need exists when the percentage of persons in a category of need who are members of a particular racial or ethnic group is at least ten percentage points higher than the percentage of persons in the category as a whole.

Table 5 below illustrates percent change for population, households, and median income since the last Census.

| Demographics  | Base Year: 2009 | Most Recent Year: 2020 | % Change |
|---------------|-----------------|------------------------|----------|
| Population    | 82,210          | 89,170                 | 8%       |
| Households    | 20,150          | 23,060                 | 14%      |
| Median Income | \$72,872.00     | \$85,659.00            | 18%      |

**Table 5 - Housing Needs Assessment Demographics**

**Data Source:** 2000 Census (Base Year), 2016-2020 ACS (Most Recent Year)

### Population Change

According to the CHAS data, there has been an eight percent change in population over the last five years and a 14 percent increase in the number of households, with an 18 percent increase in median income.

According to the City's Housing Element, the Southern California Association of Governments (SCAG) estimates that from 2020 to 2040 the City is expected to see a significant increase in population (39.7 percent) outpacing neighboring jurisdictions such as Chino Hills, Rancho Cucamonga, and Ontario in growth in the next twenty years.

## Racial and Ethnic Composition

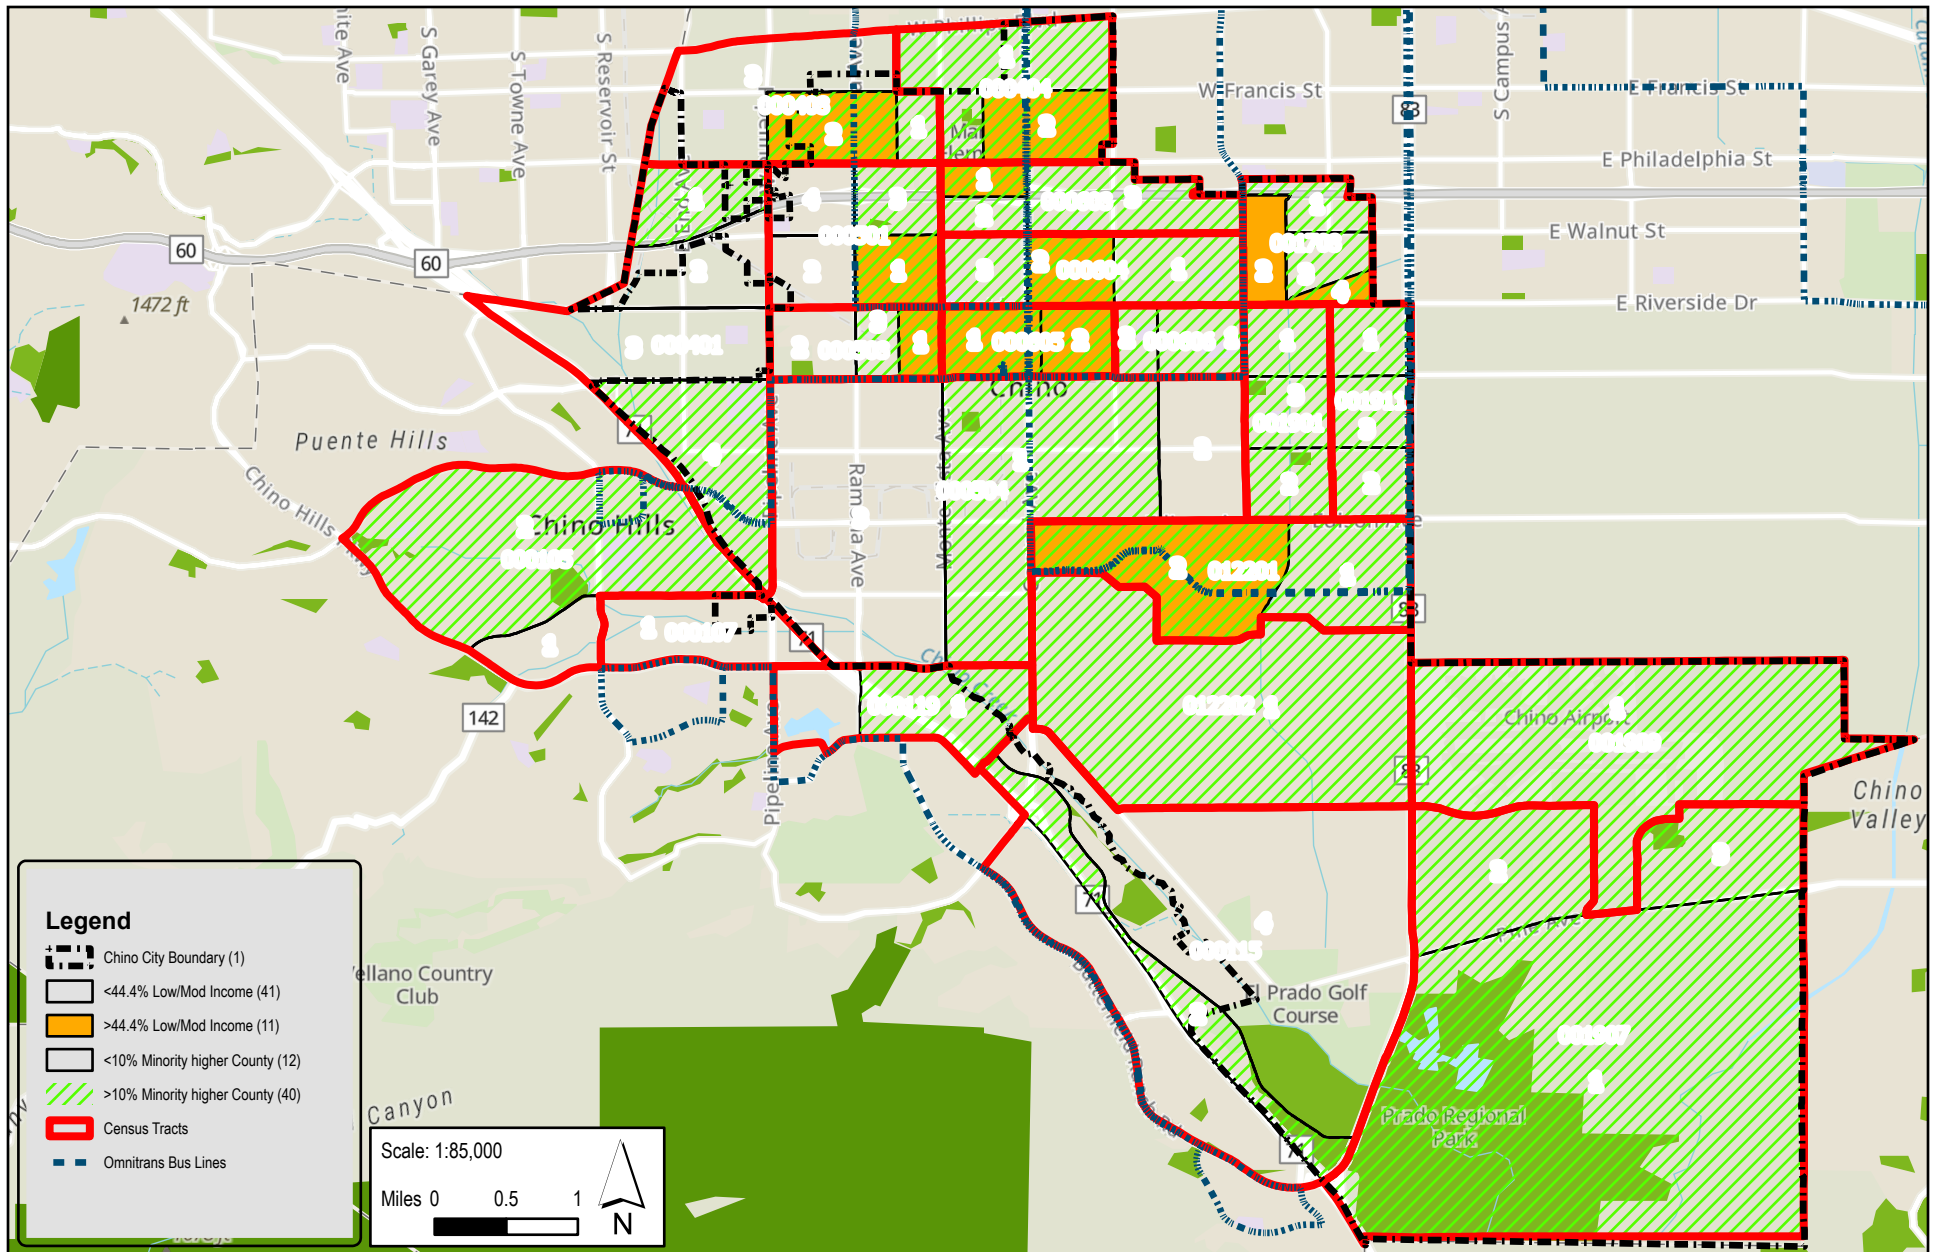

According to the ACS racial and ethnic composition data for both the City of Chino and the County of San Bernardino are similar, with over half of the population identifying as Hispanic or Latino representing; 52 percent in Chino and 53 percent in the County. Most of the City's population identified as White (49 percent) with the next largest population identifying as Some Other Race (23.5 percent). Additionally, 13 percent identified as Asian, 7 percent identified as two or more races, and 6.2 percent identified as Black. American Indian and Native Alaskan population and the Native Hawaiian or Other Pacific Islander population were under one percent in the County and in the City.

These figures indicate that Chino is a diverse community, with no single racial or ethnic group comprising a majority of the population. Racial and ethnic composition within cities is important to understand and analyze the different needs and implications for housing in communities. It is common for different racial and ethnic groups to have different household characteristics, income levels, and cultural backgrounds, which may affect their housing needs, housing choice and housing types. Cultural influences may reflect preference for a specific type of housing. Ethnicity can also correlate with other characteristics such as location choices, mobility, and income.

In the maps below, Figure 1 shows low- and moderate-income areas by income level category; Figure 2 shows the ethnic concentration areas; and Figure 3 shows Access to Transit and Affordable Housing in relation to areas of low- and moderate-income and racial/ethnic concentration.

## Households by Type and Income

Table 6 above illustrates the number of different household types in the City for different levels of income. Small Family Households consist of 2-4 family members, while large family households have more than 5 persons per household. Household characteristics of a community are important indicators of both current and future housing needs. According to the data, the following are characteristics of the household types in Chino:

- Small Families make up half of households representing 11,925 households (52 percent).
- Large families represent 17 percent of the households with 3,805 households.
- An additional 5,954 households contained one or more elderly (person 62-74 years of age) and 2,030 contained one or more frail elderly (person 75 years of age or older). This indicates that approximately 35 percent of households contain an elderly person.
- Approximately 3,739 households have one or more children under age six, representing about 19 percent of the total households.
- Approximately 7,985 households (35 percent) earn less than 80 percent of the HAMFI.

## Housing Needs Summary Tables

### 1. Housing Problems (Households with one of the listed needs)

## Housing Problem Assessment

According to HUD’s 2017 Report to Congress on Worst-Case Housing Needs, households with the worst-case needs are 1) renters with very- low-income (less than 50 percent of the Area Median Income) AND 2) do not receive housing assistance. The report further states that two types of priority problems determine whether households have worst case needs: 1) Severe rent burden- a renter household is paying more than one-half of its income for gross rent (rent and utilities) and 2) Severely inadequate housing refers to units having one or more serious physical problems related to heating, plumbing, and electrical systems or maintenance.

As related to Tables 7 and 8, HUD defines four (4) different housing problems as:

- 1) Lacks complete kitchen facilities: Household lacks a sink with piped water, a range or stove, or a refrigerator
- 2) Lacks complete plumbing facilities: Household lacks hot and cold piped water, a flush toilet and a bathtub or shower
- 3) Overcrowding / severe overcrowding: A household is considered to be overcrowded if there are more than 1.01 people per room. A household is considered severely overcrowded if there are more than 1.5 people per room.

4) Cost burden / severe cost burden: A household is considered cost burdened if the household pays more than 30 percent of its total gross income for housing costs. A household is considered severely cost burdened if the household pays more than 50 percent of its total income for housing costs. For renters, housing costs include rent paid by the tenant plus utilities. For owners, housing costs include mortgage payment, taxes, insurance, and utilities.

Based on the data above in Table 7, the following housing problems exist in Chino:

- 203 households are living in Substandard Housing - Lacking complete plumbing or kitchen facilities, the majority of which are renters
- 235 households are Severely Overcrowded - With >1.51 people per room (and complete kitchen and plumbing), the majority of which are renters
- 649 households are Overcrowded - With 1.01-1.5 people per room (and none of the above problems), with both renters and owners experiencing
- 3,860 households experience Housing cost burden greater than 50% of income (and none of the above problems), with both renters and owners experiencing
- 2,465 households experience Housing cost burden greater than 30% of income (and none of the above problems), with both renters and owners experiencing
- 125 households have zero/negative Income (and none of the above problems)

In addition to renters being more impacted than owners, data in Table 7 above also illustrate that low- and moderate-income households are disproportionately impacted by housing problems, compared to those earning higher income; thus, there is a high need for housing assistance targeted at the 4,355 households earning at or below 80 percent of AMI experiencing housing problems (2,590 renters and 1,765 owners) shown in Table 8.

Thus, there is still a high need for housing assistance to address affordability, overcrowding, and substandard housing.

## 2. Housing Problems 2 (Households with one or more Severe Housing Problems: Lacks kitchen or complete plumbing, severe overcrowding, severe cost burden)

|   | Renter    |             |             |              |       | Owner     |             |             |              |       |

**Table 10 – Cost Burden > 50%**

Data Source: 2016-2020 CHAS

#### Severe Cost Burden

As shown in Table 10 Severe Cost Burden impacts both renters and owners nearly equally regardless of tenure; however elderly households are disproportionately impacted representing 45 percent of renters and 51 percent of owners experiencing severe cost burden. There are 245 small family renter households, 90 large family renter households, 490 elderly renter households, and 255 other renter households for a total of 1,080 households that qualify as those with worst case housing need. Many of these households fall under the extremely- low-income category and would qualify for the Section 8 Voucher rental assistance program.

#### 5. Crowding (More than one person per room)

**Table 11 – Crowding Information – 1/2**

## Crowding

While overcrowding is typically caused by low-income and high housing cost, cultural practices also contribute as some cultures tend to have larger household sizes. Overcrowding rates also vary significantly by income, type, and size of household. Generally, low- and moderate-income households and large families experience a disproportionate share of overcrowding. Lack of adequate housing stock to accommodate larger families may also be an issue for renters as only 15 percent of the City's housing stock has four (4) or more bedrooms, of which only 1,101 units are renter-occupied. In contrast 50 percent of owner-occupied (6,266) housing units have four or more bedrooms.

As shown in Table 11 Crowding impacts renters more so than owners, especially small family households.

|                                  | Renter    |             |             |       | Owner     |             |             |       |

Table 12 – Crowding Information – 2/2

Data Source:  
Comments:

## Describe the number and type of single-person households in need of housing assistance.

Single-parent households often require special consideration and assistance due to their greater need for affordable and accessible day care, health care, and other supportive services. Many female-headed households with children may have lower incomes compared to two-parent households. Single, female mothers may also face social marginalization pressures that can limit their occupational choices and income earning potential, housing options and access to supportive services.

According to ACS 2018 data, the majority of single parent households in the City of Chino are female-headed (65.6 percent). The data shows that in San Bernardino County over 73 percent of single parent homes were headed by females. Overall, there were 986 single parent households living below the poverty level in the City of Chino, about 26 percent of all single parent households. Specifically, the City's Housing Element also identified the following single-person households who may be in need of housing assistance:

- Seniors Living Alone 1,425 Persons
- Single-Parent Households 3,815 Households
- Single-Parent, Female Headed Households with Children (under 18 years) 2,501 Households

Data pertaining to households with children present by income level and tenure is not readily available as Table 12 would suggest; however, the CHAS data reported 5,375 households with one or more children 6 years old or younger by income level as follows:

- 1,915 (0-30 percent AMI)
- 1,750 (>30-50 percent AMI)
- 1,710 (>50-80 percent AMI)

**Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.**

Physical and developmental disabilities can hinder access to traditionally designed housing units as well as potentially limit the ability to earn adequate income. Physical, mental, and/or developmental disabilities may deprive a person from earning income, restrict mobility, or make self-care difficult. Thus, persons with disabilities often have special housing needs related to limited earning capacity, a lack of accessible and affordable housing, and higher health costs associated with a disability. Additionally, some residents suffer from disabilities that require living in a supportive or institutional setting.

Housing opportunities for persons with disabilities can be addressed through the provision of affordable, barrier-free housing. Rehabilitation assistance can be targeted toward renters and homeowners with disabilities for unit modification to improve accessibility. According to the CHAS data there are 8,771 disabled residents in Chino.

In addition to overpayment difficulties experienced by seniors due to relatively fixed incomes, many seniors can experience various disabilities and self-care limitations. According to the ACS, 1,891 seniors in the City of Chino identified one or more disabilities.

The National Coalition Against Domestic Violence (NCADV) reports that:

- 34.9% of women in California experience physical violence, sexual violence, or stalking by an intimate partner in their lifetime.
- 31.1% of men in California experience physical violence, sexual violence, or stalking by an intimate partner in their lifetime.
- In one year alone there were over 160,000 domestic violence-related calls to law enforcement.
- Nearly half of those calls involved a weapon.
- Domestic violence hotlines receive approximately 13 calls every minute.

House of Ruth, a leading domestic violence service provider in San Bernardino County, provided services to 42 victims of domestic violence from Chino in 2023. The 2024 Point In Time Survey of the region's homeless reported that 17% of unsheltered homeless (5 people) were victims of domestic violence, dating violence, sexual assault and stalking in Chino. Victims of domestic violence are also typically in need of housing assistance. While it is difficult to determine the true number of victims needing assistance in

Chino, the California Department of Justice reported 318 calls received from the City in 2023, demonstrating a need for services and assistance.

Victims of domestic violence often face urgent housing needs, requiring safe and confidential shelter to escape abusive situations. The City of Chino addresses homelessness, which can include individuals fleeing domestic violence, through its Homeless Outreach Program and Engagement (HOPE), aiming to facilitate the transition from unsheltered situations to permanent housing. Additionally, the City partners with House of Ruth to provide confidential and free services such as counseling, community services, and residential programs for families affected by domestic violence. These initiatives highlight the ongoing efforts within the Chino area to support domestic violence victims in securing safe housing and essential services. Victims of domestic violence are also typically in need of housing assistance.

### **What are the most common housing problems?**

According to HUD data from Table 7, the most common housing problem is housing cost burden. This housing problem impacts both renter and owner households. To a much lesser degree, some households are affected by crowding and substandard housing (as defined by HUD). 3,860 households experience Housing cost burden greater than 50% of income (and none of the above problems), with both renters and owners experiencing and 2,465 households experience Housing cost burden greater than 30% of income (and none of the above problems), with both renters and owners experiencing.

### **Are any populations/household types more affected than others by these problems?**

Certain households may have more difficulty in finding adequate and affordable housing due to special circumstances. Special needs populations include seniors, persons with disabilities, female-headed households, large households, and farm workers. In addition, many often have lower incomes because on special needs identified below. Special Needs Groups in Chino were reported in the City's Housing Element as follows:

- Households with Seniors (65 years and over) 8,021 Households
- Seniors Living Alone 1,425 Persons
- Persons with Disabilities 5,691 Persons
- Persons with Developmental Disabilities (1) 274 Persons
- Large Households (5 or more persons per household) 4,853 Households
- Single-Parent Households 3,815 Households
- Single-Parent, Female Headed Households with
- Children (under 18 years) 2,501 Households
- People Living in Poverty 7,768 Persons
- Farmworkers (Agriculture, forestry, fishing, and hunting) 318 Persons

- Migrant Farmworkers(2) 106 Persons
- Seasonal Farmworkers (2) 667 Persons
- Permanent Farmworkers (2) 1,579 Persons
- Persons Experiencing Homelessness 31 Persons
- College/Graduate School Students 7,189 Persons

Additionally, low-and- moderate-income persons are most affected by these problems based on their limited income.

**Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered 91.205(c)/91.305(c)). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance**

According to the City's Housing Element and ACS 2018 data, 7,768 persons in the City of Chino were reported to be living in poverty, about 11 percent of the population. Native Hawaiian and Other Pacific Islander was the highest percent of persons living in poverty at 55.2 percent of the total Native Hawaiian and Other Pacific Island population. The lowest percentage of persons identified as living in poverty was the American Indian and Alaska Native population at about 1 percent living in poverty of all persons who reported American Indian and Alaska Native. Additionally, those who reported Some Other Race were disproportionately affected by poverty at 18.6 percent. About 15 percent of the Black population reported living in poverty and 12.9 percent of the Hispanic or Latino population reported living in poverty. The White, Asian, and those who reported two or more races had the lowest levels of poverty at 7.4 percent, 10.7 percent, and 9.5 percent, respectively.

Factors contributing to the rise in populations experiencing homelessness include unemployment and underemployment, a lack of affordable housing (especially for extremely low-income households), reductions in funding allocations directed to the poor, and the de-institutionalization of persons who are defined mentally ill.

**If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:**

Extremely low-income households that are experiencing severe housing cost burden are most at risk of becoming homeless. The methodology for estimating the number of households that may be at risk of homelessness is also outlined as follows: Of the 20,030 Households in Chino, approximately 35 percent (7,985) are considered low- and moderate-income; earning 0-80 percent of Area Median Income (AMI). Of these, 8 percent are extremely low-income (0-30 percent AMI), thus 1,602 households are considered at-risk.

The City of Chino has been allocated a RHNA of 2,113 housing units for very low-income households. As extremely low-income units represent half of the very low-income total, it can be concluded the City of Chino needs to anticipate a need for 1,057 housing units affordable to extremely low-income households in Chino over the next 5-8 years.

**Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness**

Housing instability encompasses a number of challenges, such as having trouble paying rent, overcrowding, moving frequently, or spending the bulk of household income on housing. The cost of housing as well as the health effects of substandard housing and forced evictions. Certain populations, such as children who move frequently and people who have spent time in prison, may be more affected by housing instability. Physical or mental illness and addiction disorders, as well as economic factors including the impact of high housing and medical costs impact homelessness. Lack of regular housing, neighborhood characteristics, physical and mental health challenges, elevated rates of childhood and chronic disease, stress, depression, anxiety, and suicide are all characteristics associated with instability and an increased risk of homelessness.

**Discussion**

N/A see discussions above.

## NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

### Introduction

A disproportionate need exists when members of a racial/ethnic group experience housing problems at a rate of 10 percentage points or greater than the proportion of the jurisdiction/income level as a whole. The following section assesses the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole for the population of low- and moderate-income households.

The four housing problems are:

1) Lacks complete kitchen facilities; 2) Lacks complete plumbing facilities; 3) More than one person per room; and/or 4) Cost Burden greater than 30%.

The housing problems experienced by race/ethnicity are identified in Tables 13-16 below and analyze disproportionate needs by income level.

### 0%-30% of Area Median Income

| Housing Problems               | Has one or more of four housing problems | Has none of the four housing problems | Household has no/negative income, but none of the other housing problems |
|--------------------------------|--|---------------------------------------|--|
| Jurisdiction as a whole        | 1,510                                    | 305                                   | 0  |
| White                          | 360                                      | 80                                    | 0  |
| Black / African American       | 105                                      | 0                                     | 0  |
| Asian                          | 310                                      | 80                                    | 0  |

Source:

\*The four housing problems are:

1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than one person per room, 4. Cost Burden greater than 30%

## Discussion

Typically, as income increases, the number of housing problems decreases for the overall jurisdiction. Based on the analysis above, disproportionate greater need is as follows:

Low-income households are disproportionately affected by housing problems in the jurisdiction as a whole, while the other income categories make up around 20 percent each.

- 0-30 1,510 20%
- 31-50 1,310 18%
- 51-80 3,325 45%
- 81-100 1,280 17%
- Total 7,425 100%

Among racial and ethnic groups, Very Low-income Pacific Islanders, Low-income Black, and Overall Hispanic households are disproportionately impacted by housing problems.

## NA-20 Disproportionately Greater Need: Severe Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

### Introduction

A disproportionate need exists when members of a racial/ethnic group experience severe housing problems at a rate of 10 percentage points or greater than the proportion of the jurisdiction/income level as a whole. The following section assesses the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole for the population of low- and moderate-income households.

The ACS defines a “selected condition” as owner- or renter occupied housing units having at least one of the following conditions:

1) lacking complete plumbing facilities; 2) lacking complete kitchen facilities; 3) more than 1.5 occupants per room; and 4) selected monthly housing costs greater than 50 percent of household income.

Tables 17-20 below analyze disproportionate needs by race and income level for severe housing problems.

### 0%-30% of Area Median Income

| Severe Housing Problems*       | Has one or more of four housing problems | Has none of the four housing problems | Household has no/negative income, but none of the other housing problems |
|--------------------------------|--|---------------------------------------|--|
| Jurisdiction as a whole        | 1,355                                    | 460                                   | 0  |

\*The four severe housing problems are:

1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than 1.5 persons per room, 4. Cost Burden over 50%

## Discussion

Typically, as income increases, the number of severe housing problems decreases for the overall jurisdiction. Based on the analysis above, disproportionate greater need is as follows:

Low-income households are disproportionately affected by housing problems in the jurisdiction as a whole, while the other income categories make up around 20 percent each.

- 0-30 1,355 27%
- 31-50 1,020 21%
- 51-80 1,980 40%
- 81-100 595 12%

Among racial and ethnic groups, Extremely-Low-income Asian, Very Low-income Pacific Islanders, Low-income Black, and Overall Hispanic households are disproportionately impacted by severe housing problems.

## NA-25 Disproportionately Greater Need: Housing Cost Burdens – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

### Introduction:

HUD defines cost burden as the extent to which gross housing costs, including utility costs, exceeds 30 percent of a given household's gross income. A household is considered severely cost burdened if gross housing costs, including utility costs, exceeds 50 percent of a household's gross income. A disproportionate need exists when members of a racial/ethnic group experience cost burden problems at a rate of 10 percentage points or greater than the proportion of the jurisdiction/income level as a whole. The following section assesses the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole for the population of low and moderate-income households.

Table 21 below analyzes disproportionate needs by race and income level for Cost Burden.

### Housing Cost Burden

| Housing Cost Burden            | <=30%  | 30-50% | >50%  | No / negative income (not computed) |
|--------------------------------|--------|--------|-------|-------------------------------------|
| Jurisdiction as a whole        | 13,925 | 4,585  | 4,395 | 160                                 |
| White                          | 4,080  | 1,250  | 1,080 | 90                                  |
| Black / African American       | 455    | 180    | 770   | 0                                   |
| Asian                          | 2,090  | 905    | 665   | 60                                  |
| American Indian, Alaska Native | 15     | 0      | 0     | 0                                   |
| Pacific Islander               | 40     | 4      | 75    | 0                                   |
| Hispanic                       | 6,740  | 2,195  | 1,745 | 4                                   |

**Table 21 – Greater Need: Housing Cost Burdens AMI**

Data Source: 2016-2020 CHAS

### Discussion:

Table 21 shows that the majority households experiencing overpayment/housing cost burden earn less than 50 percent of the median income, which is similar for all races. As a jurisdiction, households that experience cost burden (pay more than 30 percent or more of their income on housing were identified as follows:

- 13,925 (61 percent) of all households earn extremely low-income. Disproportionate need exists for American Indian/Alaskan Native with 100 percent of the households in this group having a problem; although only 15 households are represented.
- 4,585 (20 percent) of all households earn Very- low-income. There is no disproportionate need in this category.
- 4,395 (19 percent) of all households earn above Low- and moderate-income or above 50 percent of the AMI. Disproportionate need exists for Black/African American (55 percent) and Pacific Islander (63 percent)

## **NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)**

**Are there any income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?**

A summary of disproportionately greater need and housing cost burden is provided in the analysis above. Within nearly all income categories, Hispanic, Black/African American, Asian, American Indian/Alaskan Native, and Pacific Islander households have experienced a disproportionate amount of housing problems and housing cost burdens.

**If they have needs not identified above, what are those needs?**

As the majority of the housing stock is old and the majority of housing problems appear to be severe overpayment/cost burden and potentially overcrowding to accommodate for the lack of affordable housing of the appropriate size. Thus, affordable housing and increased economic opportunity to access higher median income appear to be the major needs for those disproportionately impacted.

**Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?**

The maps in Section NA-10 racial/ethnic groups located in specific areas or neighborhoods in relation to income and access to transit. Figure 1 shows low- and moderate-income areas by income level category; Figure 2 shows the racial/ethnic concentration areas; and Figure 3 shows Access to Transit and Affordable Housing in relation to areas of low- and moderate-income and racial/ethnic concentration.

## NA-35 Public Housing – 91.205(b)

### Introduction

The Housing Choice Voucher (Section 8) Program currently serves about 347 lower-income households in Chino. The waiting list for Chino has 798 applicants. The Tables below reflect data pertaining to the County of San Bernardino, which auto populates in the Consolidated Plan template.

**Table 25 – Ethnicity of Public Housing Residents by Program Type**

Data Source: PIC (PIH Information Center)

**Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:**

Not applicable to the City of Chino. The Housing Authority of the County of San Bernardino administers the 50 public housing units which are located in Chino.

**Most immediate needs of residents of Public Housing and Housing Choice voucher holders**

The County of San Bernardino is responsible for determining needs of its Public Housing Program and participants of its HCV Program.

**How do these needs compare to the housing needs of the population at large**

It is difficult to compare the housing needs of public housing residents and HCV holders to the population at large because participants of these affordable housing programs are not encountering the challenges of those not receiving the benefit of public housing programs. While monthly housing costs are limited for program participants of rental assistance programs, most of the City's low- and moderate-income renters were considered burdened by their housing cost. Choices may be limited for those with a voucher or they may experience discrimination from landlords not willing to participate in the Section 8 program.

**Discussion**

The vast number of people on waiting lists for public housing programs clearly show the high need for affordable housing. The voucher system places no rent limits on the units and the voucher holder can choose housing that rents at levels higher than the Fair Market Rents (FMRs), making it a very popular program. While the voucher system allows households to have greater access to housing since they may choose to live anywhere that accepts Section 8, many landlords tend to dislike accepting the vouchers based on their fear of having lower-income tenants. Advertisements containing discriminatory phrases such as "No Section 8" are one area where voucher holders may experience bias; another is when they physically visit complexes that will not accept their voucher. Thus, fair housing services may be needed by residents using the voucher program.

## NA-40 Homeless Needs Assessment – 91.205(c)

### Introduction:

The 2024 Point-in-Time (PIT) Homeless count found that 4,255 homeless persons were living in San Bernardino County. Approximately 72% were unsheltered and living in a place not meant for human habitation and 28 percent were sheltered. In the City of Chino, 43 people were identified as homeless all of whom identified as unsheltered. This represents an increase of 15 homeless people since the last count in 2023.

### Homeless Needs Assessment

| Population   | Estimate the # of persons experiencing homelessness on a given night |             | Estimate the # experiencing homelessness each year | Estimate the # becoming homeless each year | Estimate the # exiting homelessness each year | Estimate the # of days persons experience homelessness |
|--|--|-------------|--|--|---|--|
|  | Sheltered  | Unsheltered |  |  |   |  |
| Persons in Households with Adult(s) and Child(ren) | 0  | 0           | 0  | 0  | 0   | 0  |
| Persons in Households with Only Children           | 0  | 0           | 0  | 0  | 0   | 0  |
| Persons in Households with Only Adults             | 0  | 0           | 0  | 0  | 0   | 0  |
| Chronically Homeless Individuals                   | 0  | 0           | 0  | 0  | 0   | 0  |
| Chronically Homeless Families                      | 0  | 0           | 0  | 0  | 0   | 0  |
| Veterans   | 0  | 0           | 0  | 0  | 0   | 0  |
| Unaccompanied Child                                | 0  | 0           | 0  | 0  | 0   | 0  |
| Persons with HIV                                   | 0  | 0           | 0  | 0  | 0   | 0  |

Table 26 - Homeless Needs Assessment

Data Source  
Comments:

Indicate if the homeless population is:                      Has No Rural Homeless

**If data is not available for the categories "number of persons becoming and exiting homelessness each year," and "number of days that persons experience homelessness," describe these categories for each homeless population type (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth):**

Characteristics of the City's homeless population is provided to the extent the PITS captured information at the city level was reported as follows:

- **Chronic Homeless Individuals:** HUD defines a chronically homeless individual as an unaccompanied homeless individual (living in an emergency shelter or is unsheltered) with a disabling condition, who has been continuously homeless for a year or more, or has had at least four episodes of homelessness in the past three years. The 2024 PITS estimates there are 9 chronically homeless Chino, and 3 with a chronic health condition – approximately 31% and 10% respectively of the homeless population.
- **Victims of Domestic Violence:** 5 of the homeless people reported being Victims of Domestic Violence.
- **Incarcerated:** 6 of the homeless people reported being Incarcerated in the last 12 Months.
- **Homeless for the first time in the past 12 months:** 14 people reported that they become homeless for the first time in the past 12 months.
- **Veterans and their Families:** The County's 2024 PITS found no veterans among Chino's unsheltered homeless.
- **Unaccompanied Youth:** The 2024 PITS found 2 people who reported coming from Foster Care.
- **HIV/AIDS:** The 2024 PITS found no homeless people living with HIV/AIDS.
- **Disabled:** 12 of the homeless people reported being disabled (5 from substance abuse, 2 mental, 2 physical, 3 developmental).

**Nature and Extent of Homelessness: (Optional)**

| <b>Race:</b>                     | <b>Sheltered:</b> | <b>Unsheltered (optional)</b> |
|----------------------------------|-------------------|-------------------------------|
| White                            | 0                 | 12                            |
| Black or African American        | 0                 | 1                             |
| Asian                            | 0                 | 0                             |
| American Indian or Alaska Native | 0                 | 0                             |

| <b>Race:</b>      | <b>Sheltered:</b> | <b>Unsheltered (optional)</b> |
|-------------------|-------------------|-------------------------------|
| Pacific Islander  | 0                 | 0                             |
| <b>Ethnicity:</b> | <b>Sheltered:</b> | <b>Unsheltered (optional)</b> |
| Hispanic          | 0                 | 15                            |
| Not Hispanic      | 0                 | 14                            |

Data Source

Comments:

### **Estimate the number and type of families in need of housing assistance for families with children and the families of veterans.**

The County of San Bernardino was unable to provide the number of Chino households on the waitlist for housing assistance. Thus, the City cannot estimate the number and type of families in need of housing assistance for families with children and the families of veterans.

### **Describe the Nature and Extent of Homelessness by Racial and Ethnic Group.**

The 2024 Point-in-Time count categorized the number of unsheltered individuals in Chino by race and ethnicity. The count found that 41% of all unsheltered individuals were White, 52% were Hispanic, 3% were Black and 3% were of multiple races.

### **Describe the Nature and Extent of Unsheltered and Sheltered Homelessness.**

The 2024 homeless survey reports there are 0 sheltered and 43 unsheltered homeless in Chino.

### **Discussion:**

Throughout the country homelessness has become an increasing problem. Factors contributing to the rise in homelessness include a lack of housing affordable to low- and moderate-income persons, increases in the number of persons whose income fall below the poverty level, reductions in subsidies to the poor, drug/alcohol abuse, and the deinstitutionalization of the mentally ill. The County suffers from a severe lack of affordable housing for both renters and buyers. The inability of homeless people to afford housing is compounded by the limited employment and entitlement options available to homeless people. With limited working skills, homeless people earn only modest wages. Moreover, cutbacks in federal assistance programs also play a critical part in the plight of the homeless. This has been particularly true with public assistance programs, where benefit levels have not kept pace with the cost of living.

Those who are at-risk of homelessness are those who are experiencing extreme difficulty maintaining housing and have no reasonable alternatives of obtaining subsequent housing. Contributing factors putting people at-risk include eviction, loss of income, low-income, disability, unaffordable

increase in the cost of housing, discharge from an institution without subsequent housing in place, irreparable damage or deterioration to residence, and fleeing from family violence.

## **NA-45 Non-Homeless Special Needs Assessment - 91.205 (b,d)**

### **Introduction:**

HUD requires that the Consolidated Plan include a review of relevant data regarding the housing needs of persons that have special supportive housing needs, but who are not homeless. Certain segments of the population, such as elderly, disabled, victims of domestic violence, and persons with HIV/AIDS may experience conditions that make it difficult for them to access affordable housing. Physical or medical conditions, space or supportive service requirements, income, or other factors may impede a household's ability to obtain decent and affordable housing. This section briefly describes the characteristics of some of the special needs populations in Chino.

### **Describe the characteristics of special needs populations in your community:**

Special need populations are identified as the elderly, disabled, victims of domestic violence, and persons with HIV/AIDS. Characteristics are identified below. Several service providers are available to help special needs populations. Safety net services allow special needs populations to save limited financial resources on items such as transportation, after-school care, and food/clothing. Additionally, fair housing enforcement and rental assistance vouchers are valuable housing resources for special needs populations. The service and housing needs of special needs populations were determined by the input of community stakeholders, government agencies, and service providers.

The elderly and disabled populations are often impacted by limited mobility, increased health complications, and fixed income. Common service needs include transportation and in-home services. Accessibility housing needs of the disabled population, including the elderly, can typically be addressed through housing rehabilitation programs that provided improvements such as ramps, grab bars, wider doorways, and specialized kitchen cabinets.

Victims of domestic violence often face urgent housing needs, requiring safe and confidential shelter to escape abusive situations.

Persons with HIV/AIDS are considered a special needs group due to their need for health care and supportive services. Persons with HIV/AIDS may also face bias and misunderstanding about their illness that may affect their access to housing. Furthermore, these households may also have special needs in that they may have trouble balancing their incomes with medical expenses due to their illness, putting them at-risk of becoming homeless.

### **What are the housing and supportive service needs of these populations and how are these needs determined?**

Supportive services required for special needs populations include case management, medical or Affordability needs of special needs groups can usually be addressed through rental subsidies and affordable housing development. These households tend to have lower-incomes and as a result often

have greater needs for affordable housing, healthcare, and child-care. Without access to affordable housing, many of these households may be at risk of becoming homeless. These groups are also particularly vulnerable to discrimination, as confirmed by complaints received by the Fair Housing Foundation, which identifies familial status and disability as prevalent discrimination complaint issues.

Affordable housing with childcare centers or in close proximity to schools, public transportation, and recreation facilities can address critical needs of lower-income single-parent families. Households with an elderly head-of-household have special housing needs due to three concerns: fixed income, health care costs, and physical disabilities. Seniors are often retired and have relatively lower, fixed incomes. At the same time, however, health costs are rising. Many may have become disabled and require special home care or assistance with daily chores and home tasks. These characteristics indicate a need for smaller, lower cost housing units with easy access to public transportation and to health care facilities. Persons with disabilities have a greater need for affordable housing as well as supportive services. In addition to health care services, persons with disabilities need affordable and accessible housing as well as accessible transportation. In order to provide accessible housing, special designs and/or accommodations may be necessary. These may include ramps, holding bars, wider doorways, lower sinks and cabinets, and elevators. Housing should be accessible through the use of special design features to accommodate wheelchairs and persons with mobility limitations. Due to their specific housing needs, persons with disabilities are vulnerable to discrimination by landlords, who may not be familiar with the reasonable accommodation protections contained in the Fair Housing Act.

#### **Discuss the size and characteristics of the population with HIV/AIDS and their families within the Eligible Metropolitan Statistical Area:**

Persons with HIV/AIDS are considered a special needs group due to their need for health care and supportive services. Persons with HIV/AIDS may also face bias and misunderstanding about their illness that may affect their access to housing. Furthermore, these households may also have special needs in that they may have trouble balancing their incomes with medical expenses due to their illness, putting them at-risk of becoming homeless.

As of December 2024, 32 people were living with HIV in Chino. Demographic data regarding the characteristics of the People Living with HIV Disease (PLWHD) include the following:

- Gender: 88% male, 13% female, and none were transgender
- Race/Ethnicity: 72% Hispanic, 6% White, 9% Asian, and 13% Black
- Age: With the greatest percentage age 50 and older (56%), followed by age 30-39 (22%), 40-49 (19%), and only 3% for ages 20-29.
- Housing: The Majority live with relatives/friends (41%) or in rental housing (28%), while 12% were homeless.

**If the PJ will establish a preference for a HOME TBRA activity for persons with a specific category of disabilities (e.g., persons with HIV/AIDS or chronic mental illness), describe their unmet need for housing and services needed to narrow the gap in benefits and services received by such persons. (See 24 CFR 92.209(c)(2) (ii))**

N/A, the City does not receive HOME funds.

**Discussion:**

Residents with special needs include, but are not limited to the elderly, frail elderly, severe mentally ill, developmentally disabled, physically disabled, persons with alcohol and other drug addictions, persons with HIV/AIDS and victims of domestic violence. Challenges these special needs populations face includes low -income and high housing cost. This segment of the population also struggles for a decent quality of life that includes basic necessities, adequate food and clothing and medical care.

In the last five years, the City has provided CDBG public service funds for activities including support services for victims of domestic violence, homeless persons and those at-risk of becoming homeless, as well as nutritional meals program for low-income seniors, medical, dental, and development/anti-crime services for low-income youth, therapeutic services for the disabled, and literacy services for illiterate adults. Based on the prevalence of special needs groups in the city, there will be a high need to continue providing these types of services during the next five (5) years.

## **NA-50 Non-Housing Community Development Needs – 91.215 (f)**

### **Describe the jurisdiction's need for Public Facilities:**

Under the CDBG Program, grantees may use funds to undertake a variety of public facilities and public improvement projects. In general, public facilities and public improvements are interpreted to include all facilities and improvements that are publicly owned, or that are owned by a nonprofit and open to the general public. Examples include: 1) Infrastructure improvements (construction or installation) including, but not limited to streets, sidewalks, curbs, and water and sewer lines; 2) Neighborhood facilities including, but not limited to public schools, libraries, recreational facilities, parks, playgrounds; and facilities for persons with special needs such as facilities for the homeless or domestic violence shelters, nursing homes, or group homes for the disabled.

The City places a High Priority level on non-housing community development needs including those associated with neighborhood services such as graffiti removal and code compliance, public facilities improvements such as park and community center rehabilitation or ADA improvements and infrastructure improvements including sidewalks, curbs, gutters, driveway approaches, alleys and pedestrian crossings. In addition, Persons who are physically disabled often have accessibility needs. The Americans with Disabilities Act (ADA) provides comprehensive civil rights protection to persons with disabilities in the areas of public accommodation, employment, state and local government services, and telecommunications. The design, implementation, and maintenance of all park facilities must comply with ADA. Persons of all abilities must have the opportunity to participate in recreational activities. The City will continue to work toward compliance with ADA. CDBG funds may be budgeted for pedestrian ramps and toward upgrading of public facilities, community parks, and other areas where accessibility improvements are identified.

### **How were these needs determined?**

The Non-Housing Community Development Needs section is based on consultations with City staff, social service providers, public agencies, and community feedback. Under the CDBG Program, funds can be used for public facilities and improvement projects, including infrastructure (streets, sidewalks, water lines), neighborhood facilities (schools, parks, shelters), and special needs facilities (nursing homes, group homes). The City prioritizes neighborhood services, park and community center rehab, and infrastructure improvements like sidewalks, curbs, and pedestrian crossings. Accessibility for people with disabilities is a key focus, with efforts to comply with the Americans with Disabilities Act (ADA). CDBG funds may be used for ADA-compliant pedestrian ramps and upgrades to public facilities and parks.

Parks and Recreational Facilities received the most responses at 58% followed by Community Centers at 37%.

### **Describe the jurisdiction's need for Public Improvements:**

The sidewalks, curbs, gutters, driveway approaches, alleys, pedestrian crossings and streetlights located within the city's low- and moderate-income areas are among the oldest infrastructure in the City and are in need of improvement to preserve neighborhood aesthetics, increase pedestrian and motorist safety, promote more efficient traffic circulation and deter crime while promoting a safe and suitable living environment. Public facilities improvements of this nature undertaken to benefit low- and moderate income primarily residential Census Tract Groups are consistent with the goals of the Strategic Plan and various other planning documents of the Public Works Department.

The projects are funded from a variety of sources such as the General Fund, Community Development Block Grant, Measure I, SB 1 and other local and federal grants.

### **How were these needs determined?**

Infrastructure and Public Facility Improvement needs were identified through citizen participation responses from the Community Needs Survey, reviews of recent planning documents, and Census data. The City Manager's Office, Parks and Recreation Department, Public Works Department, and Community Services Department were consulted for input, and the City's Capital Improvement Plan and Housing Element were reviewed. Priority is given to capital projects that address public health and safety or meet federal and state legal requirements. Emphasis is placed on projects that maintain current service levels or prevent damage to critical property or service disruptions. Projects that enhance services or improve efficiency beyond industry standards are prioritized secondarily.

### **Describe the jurisdiction's need for Public Services:**

Public service activities are consistently ranked as a High priority by residents and other stakeholders. Pursuant to CDBG regulations, only 15 percent of the City's annual grant allocation (plus 15 percent of prior year program income) can be used for public service-type activities. Based on the Needs Assessment, the City proposes to focus funds on lower-income households in order to establish, improve, and expand existing public services, such as: youth and senior services, mental health services, transportation and childcare for working families. The City has several initiatives that the CDBG program can complement and consider when determining projects to fund in the next five including: Food Assistance, Counseling, fair housing, shelter, case management, and graffiti abatement.

### **How were these needs determined?**

Public service needs are based on the City's desire to ensure that high quality services are provided to residents to maintain a high quality of life and to promote the well-being of all residents- particularly low and moderate-income residents. As a result of the citizen participation and consultation process and in consideration of the local nonprofits and City Departments offering services, the City considers public services benefitting low- and moderate-income residents a high priority in the Strategic Plan.

Residents rated anti-crime programs, homeless services, and youth services as high priority needs in the Community Needs Survey. Also, a review of the City's Consolidated Annual Performance Report (CAPER), shows that the City partnered with several non-profits, which confirms need and use of the services.

Within the Consolidated Plan, High priority is given to public service projects that primarily benefit and accommodate the needs of low- and moderate-income residents, special needs groups in particular. Only public service projects that meet CDBG eligibility requirements align with the goals of the Strategic Plan, and address a CDBG National, will be considered for funding in the Annual Action Plans during the FY 2025-2029 Consolidated Plan.

# Housing Market Analysis

## MA-05 Overview

### Housing Market Analysis Overview:

This section looks at the supply of housing in Chino by looking at the number of housing units within the jurisdiction. The cost of housing is also examined here along with the tenure and the condition of housing stock in the City of Chino. Community facilities that are also part of the assessment, looking at the other needs that anchor the quality of life within this jurisdiction.

The facilities available to homeless individuals and families are also assessed here, determining not only how many shelters serve this vulnerable group but also available transitional housing and other programs meant to improve their standard of living. The population in Chino is likely to grow from an estimated 86,757 to 95,606 between 2020 and 2025 with an average growth rate of 1.7% per annum. This growing population requires a growing housing market that caters to all income categories. This section is broken down as follows:

- Examine the current number of different types of housing and projects future housing needs that cater to the population within the city.
- Look at the cost of housing, putting into consideration projections of home values and comparing HOME rents as well as Fair housing rents.
- The age of housing is looked at here to determine the quality of the housing stock.
- The availability of affordable housing units and any growth potential for low-income households.
- This is a follow-up from the needs assessment outlining the programs and initiatives that support homeless persons within the jurisdiction.
- This is also an extension of the Needs assessment that further explores the facilities and service available to the special needs groups such as seniors and the disabled.
- This area looks at how government regulations can also prevent growth of the housing market by preventing timely construction and/or rehabilitation of housing stock.
- The labor force as an asset towards economic development is examined. The relationship between academic attainments, income level and ability to afford housing is examined here.
- This section attempts to visualize the location of households that experience housing conditions or low-income areas within the jurisdiction. The Market analysis also gives insights into the housing needs in the City of Chino and how regional and state agencies through their programs actualize local goals to improve housing in the jurisdiction.

## MA-10 Number of Housing Units – 91.210(a)&(b)(2)

### Introduction

Single Family residence (1-unit detached) structures represent the majority of housing type in the jurisdiction by a significant margin at 68%, while attached or multi-family housing represents 30%, and Mobile homes are the least at 2.6%. The average household size is 3.47 persons which may indicate why the highest number of homes have three or more bedrooms. Approximately 62% of households are owner-occupied, while 38% are renter-occupied. Of the bedroom size the majority of the housing stock is three- bedrooms or higher. Owners have very limited options for smaller housing size with only 1% each of studio and one-bedroom options. Even two- bedrooms represent only 12% for owners contrasting to 37 percent renters. In contrast, 87 percent of owner-occupied units are three- bedrooms or more and 42 percent for renters.

### All residential properties by number of units

| Property Type                   | Number        | %           |
|---------------------------------|---------------|-------------|
| 1-unit detached structure       | 16,680        | 68%         |
| 1-unit, attached structure      | 1,920         | 8%          |
| 2-4 units                       | 1,485         | 6%          |
| 5-19 units                      | 1,800         | 7%          |
| 20 or more units                | 2,290         | 9%          |
| Mobile Home, boat, RV, van, etc | 495           | 2%          |
| <b>Total</b>                    | <b>24,670</b> | <b>100%</b> |

| 3 or more bedrooms | 12,395        | 87%         | 3,710        | 42%         |
| <b>Total</b>       | <b>14,275</b> | <b>101%</b> | <b>8,785</b> | <b>100%</b> |

**Table 28 – Unit Size by Tenure**

Data Source: 2016-2020 ACS

**Describe the number and targeting (income level/type of family served) of units assisted with federal, state, and local programs.**

The housing programs are administered through the Housing Authority of the County of San Bernardino (HACSB).

1. The Housing Choice Voucher Program - The program is funded by the federal government through HUD. The purpose is to create opportunities for affordable rental housing by low-income families to ensure the availability and affordability of safe housing units. This program also involves private owners and rentals. The total tenant payment is the highest of:

- 30% of adjusted income
- 10% of the total monthly income
- the welfare rent
- minimum rent (\$50)

2. The Chino Affordable Housing Community- affordable housing site with 50 units managed by the Housing Authority of the County of San Bernardino. Public housing is considered permanent affordable housing.

3. HOME Affordable Housing Program- This program is available to low and moderate-income households. This program ensures reasonable housing choices for individuals and families.

4. Homeownership Assistance Program- interested participants find an appropriate mortgage lender and work with the assistance of the HASBC who takes the participant through the process of buying a home. The HACSB Manages and/or owns about 10,000 housing units. Out of this number, the following are in the City of Chino:

- 50 units-Affordable Housing Community
- 577 units (5 mobile home parks) - Rent stabilized units
- 110 Units- Section 8 Housing
- 651 Units- Publicly Assisted Rental Housing

**Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.**

Based on the current City of Chino housing element (2021-2029), there are a total of 651 publicly assisted rental housing units located in the City. Currently, ten projects are at risk of losing their affordability, totaling 132 units, which are due to expire during the planning period. While they are expected to be extended, the likelihood of their conversion rates to market costs is high. They are, therefore, treated as projects at risk of being lost from the affordable housing inventory. The majority of the units are one- and

two- bedrooms, which will disproportionately affect seniors, singles and small families experiencing worst case housing needs.

### **Does the availability of housing units meet the needs of the population?**

The cost of housing and income determines the availability of housing. The Regional Housing Needs Allocation (RHNA) is a mandated state quota for increasing housing stock within different jurisdictions. The City has been allocated 6,978 units to increase the housing stock between 2021 and 2029.

### **Describe the need for specific types of housing:**

There are thousands of persons on the affordable housing waitlist, which indicates that there is a great need for low-income housing in the City of Chino. The RHNA has broken down the number of units per income category as follows:

- Extremely Low/Very Low-Income (0-50% of AMI): 2,113 units (30 %)
- Low-Income (51%-80% of AMI): 1,284 units (18 %)
- Moderate-Income (81%-120% of AMI): 1,203 units (17 %)
- Above Moderate-Income (more than 120% of AMI): 2,378 units (34 %)

### **Discussion**

The City's housing stock is comprised primarily of single units. State and regional planners have established goals for all jurisdictions to create an environment to allow for the creation of housing that is affordable to different income levels. While the City has encouraged the development of many housing units, there appears to be a need for additional units, particularly affordable to lower-income households.

As the City's population continues to age, there may be less pressure on the housing market for larger homes and greater need for smaller, more affordable homes, since a small portion of the housing stock is made up of efficiencies and one-bedrooms. Additionally, there are very limited ownership opportunities for these smaller units (2%) that would benefit seniors and single households; thus, balance will be needed when approving development projects.

In the last decade, the City has continued to pursue affordable housing development; however, the lack of monetary resources available to create new affordable housing units of adequate size and lack of current inventory, housing affordability and overcrowding problems for Small Families will continue to be a challenge to the community during the period of the FY 2025-2029 Consolidated Plan.

## MA-15 Housing Market Analysis: Cost of Housing - 91.210(a)

### Introduction

The cost of housing has a significant impact on affordability. It is also an indicator of the quality of life in the jurisdiction based on the cost burden. High housing costs can also cause other housing problems, including overcrowding and inability to maintain quality of housing stock by ensuring good plumbing and kitchen facilities are available. According to table 33 below, the median home value has increased 37 percent since 2010, which is similar to surrounding cities.

Table 34 shows the rent values also increased by 24%, showing that some of the previous homeowners who had sold or lost their homes became renters, increasing the market value of rentals.

### Cost of Housing

|                      | Base Year: 2009 | Most Recent Year: 2020 | % Change |
|----------------------|-----------------|------------------------|----------|
| Median Home Value    | 348,400         | 476,800                | 37%      |
| Median Contract Rent | 1,269           | 1,576                  | 24%      |

## Monthly Rent

| Monthly Rent (\$)     | Efficiency (no bedroom) | 1 Bedroom | 2 Bedroom | 3 Bedroom | 4 Bedroom |
|-----------------------|-------------------------|-----------|-----------|-----------|-----------|
| Fair Market Rent 2025 | 1,776                   | 1,852     | 2,306     | 3,079     | 3,745     |
| High HOME Rent        | 1,148                   | 1,231     | 1,478     | 1,699     | 1,876     |
| Low HOME Rent         | 897                     | 961       | 1,152     | 1,332     | 1,486     |

**Table 32 – Monthly Rent**

Data Source Comments:

## Is there sufficient housing for households at all income levels?

In reference to the needs assessment, these are the most common housing problems in Chino.

1. Housing cost burden greater than 50% of income
2. Housing cost burden greater than 30% of income
3. Overcrowded - With 1.01-1.5 people per room

Overpayment and overcrowding are indicators that the cost of housing is high, especially among lower-income households, and overcrowding may also be an indicator that the cost of housing is high, especially for large families. There needs to be more housing for lower-income households, evidenced by the RHNA for the city. According to table 35 above, Renter units are the lowest among households with an income 30% of the HAMFI with no owner unit data available. Households with an income 50% of the HAMFI have the lowest units available (180) among owners. Renters earning 0-30 percent

## How is affordability of housing likely to change considering changes to home values and/or rents?

According to CAR's Housing Affordability Report for 2024, only 18% of all Californians earned the minimum income needed to purchase a median-priced home in 2024, down from 19 percent in 2023. At the same time, housing affordability for White/non-Hispanic households fell from 23 percent in 2023 to 21 percent in 2024. In 2024, 10 percent of Black households and 9 percent of Hispanic/Latino households could afford a median-priced home — figures that remained unchanged from the previous year. The significant difference in housing affordability for Black and Hispanic/Latino households illustrates the homeownership gap and wealth disparity for communities of color, which could worsen as the economy slows and rates remain elevated in 2025. Housing affordability was better for Asians but also declined from the prior year, with the index registering 27 percent of Asian homebuyers who could afford the median-priced home in 2024, down from 29 percent in 2023, according to C.A.R.'s Housing Affordability Index.

While statistics specific to Chino are not available, in San Bernardino County housing affordability is slightly higher than the State; though patterns are similar, with Hispanic and Black communities having a

lower index than White and Asian. The index for the County is 35 overall, 37 for White, 47 for Asian, 32 for Hispanic and 25 for Black. In San Bernardino County the Median home price is \$485,000, minimum monthly payment is \$3,100 per month and the minimum income needed to qualify is \$124,000. In contrast for California these figures are \$865,000, \$5,530 and \$221,200 respectively.

While interest rates are projected to dip slightly in 2025, the gap in housing affordability among ethnic groups will likely remain wide this year as home prices are expected to grow moderately in the next 12 months.

In an effort to address California's growing housing affordability crisis and racial homeownership divide, C.A.R. continues to partner with nonprofit housing organizations to offer Downpayment Assistance, as do various lenders, and the City is exploring those options as well.

Housing affordability is determined by various factors, including housing supply, housing cost, and vacancy rate. Overpayment is the most significant housing problem in the city. According to the 2013-2017 ACS data, about 58.5% of renters and 35.8% of owners spend 30% or more of their income on housing. Data from the regional MLS shows that housing costs are significantly high and depend on bedroom size. Data shows the average sale prices and rental rates in Chino are as follows:

| Average Sales Price      | Average Rent         |
|--------------------------|----------------------|
| 1-bedroom is \$459,900   | 1-bedroom is \$1,669 |
| 2-bedroom is \$495,941   | 2-bedroom is \$2,613 |
| 3-bedroom is \$709,237   | 3-bedroom is \$4,448 |
| 4-bedroom is \$841,210   | 4-bedroom is \$3,674 |
| 5-bedroom is \$1,023,280 | 5-bedroom is \$4,161 |
| 6-bedroom is \$1,109,333 | 6-bedroom is \$4,800 |

Source: CRMLS April and May 2025

Given homes usually appreciate in value, it is unlikely that these prices will go down during the five -year period. In addition, market price rental rates are very high, and typically do not decrease.

### **How do HOME rents / Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?**

The Fair market rent is determined by the housing demand and supply in an area while the HOME Rent is what beneficiaries of the affordable housing programs pay. High Home rents for Efficiency (no bedroom), 1 Bedroom and 2 Bedroom units are the same as fair market rates. High HOME rents are significantly lower than the fair market rents. The average rent for a 3 bedroom (which makes up 87% of the bedroom type for owners and 42% of renters) is about \$4,448. This is substantially higher than the Fair Market rent of \$3,079 for 2025 and \$1,858 high HOME rent for 3-bedroom units as determined by HUD. Even if Section 8 was used to help with affordability, the payment standard is much less at \$3,410 for a 3-bedroom unit; thus a landlord would likely be unwilling to participate in the program. There is still a good opportunity

to increase the affordable housing inventory through the RHNA, though focus on different bedroom sizes/types is likely needed. While the Fair Market Rents have increased by an average of \$322 per type over the last year, they are still under market value. With interest rates on purchases higher than previous years, the rental market will continue to be tight as many renters cannot afford to move into ownership-housing. Below are the fair market rents, difference from the prior year, and Section 8 Payment Standards; all of which illustrate the high cost of rental housing in the City.

| Bedroom                 | 0       | 1       | 2       | 3       | 4       |
|-------------------------|---------|---------|---------|---------|---------|
| Fair Market Rent 2025   | \$1,776 | \$1,852 | \$2,306 | \$3,079 | \$3,745 |
| Fair Market Rent 2024   | \$1,517 | \$1,611 | \$2,010 | \$2,707 | \$3,304 |
| Difference              | \$259   | \$241   | \$296   | \$372   | \$441   |
| Sect 8 Payment Standard | \$1,925 | \$2,477 | \$3,028 | \$3,410 | \$3,960 |

## Discussion

Refer to the discussion above.

## MA-20 Housing Market Analysis: Condition of Housing – 91.210(a)

### Introduction

Assessing housing conditions in the City provides the basis for developing strategies to maintain and preserve the quality of the housing stock. Housing units need to be maintained to ensure reinvestment, safety, and quality of housing. There are four conditions examined under the ACS data estimates to determine the need for rehabilitation:

- lacking complete plumbing facilities,
- lacking complete kitchen facilities,
- with 1.01 or more occupants per room,
- selected monthly owner costs as a percentage of household income greater than 30 percent, and
- gross rent as a percentage of household income greater than 30 percent.

The age of housing informs the City of Chino of the rehabilitation needs for its housing stock.

### Describe the jurisdiction's definition of "standard condition" and "substandard condition but suitable for rehabilitation":

According to the California housing law and regulations, a housing unit is considered substandard when its condition endangers “the life, limb, health, property, safety, or welfare of the public or the occupants.” These conditions include inadequate or lack of sanitation facilities such as poor water supply, lavatory, and shower; Structural Hazards such as poor or deteriorating flooring, foundations, and walls and poor condition of wiring and plumbing to name a few. Based on the definition of selected conditions, Table 37 shows that 35 percent of owner-occupied households in the City have at least one selected condition and 58 percent of all renter-occupied households in the City have at least one selected condition. This translates to 4,950 owner households and 5,100 renter households respectively that may need some type of housing assistance based on housing conditions.

### Condition of Units

| Condition of Units             | Owner-Occupied |             | Renter-Occupied |             |
|--------------------------------|----------------|-------------|-----------------|-------------|
|                                | Number         | %           | Number          | %           |
| With one selected Condition    | 4,795          | 34%         | 4,550           | 52%         |
| With two selected Conditions   | 155            | 1%          | 515             | 6%          |
| With three selected Conditions | 0              | 0%          | 35              | 0%          |

| Abandoned REO Properties | 0                           | 0                               | 0     |

**Table 36 - Vacant Units**

Data Source: 2005-2009 CHAS

## Need for Owner and Rental Rehabilitation

As with most cities, there is a need for both owner and rental rehabilitation based on the condition and age of the jurisdiction's housing. The 2019-2023 ACS data shown in Table 37 above, more than half of renters have at least one selected condition problem 4,550 (52%) and an additional 4,795 (34%) of owners reported having at least one condition.

Table 38 shows that approximately two thirds of the housing stock is over 30 years old. According to the City's Housing Element, housing older than 30 years of age will require minor repairs and modernization improvements. Housing units over 50 years of age are more likely to require significant rehabilitation such as roofing, plumbing, and electrical system repairs. Lastly, after 70

years of age, a unit is generally deemed to have exceeded its useful life. According to the standards from the City's Housing Element, there is a demand for different levels of housing repair from minor to primary. Table 38 above also indicates that 43% of owner-occupied housing units and 38% of renter-occupied housing units (approximately half of Chino's housing stock) were built between 1950 and 1979, indicating the needs of both minor and moderate renovation and repairs, since the units are 40 to 70 years old. Additionally, 4.2% of Chino's housing stock was built at least 71 years ago; therefore, a small percentage of units have exceeded its useful life. While the age of housing is a general indicator of rehabilitation needs, it does not take into account private actions by property owners to maintain and upgrade their properties. The City understands the need to preserve its aging and growing housing stock and will continue to provide rehabilitation assistance to income-qualified residents.

The American Community Survey (ACS), 5-Years Estimates, 2016-2020 reported 1,608 vacant units; though it is unknown whether they are suitable for rehabilitation or not. The remaining data requested via the HUD generated Table 40 above for Vacant Units has not been made available since 2009. Public data shows 32 vacant single-family homes were reported in the City as of April 2025.

#### **Estimated Number of Housing Units Occupied by Low or Moderate Income Families with LBP Hazards**

As shown in Table 39, the total number of housing units constructed prior to 1980 includes 3,375 renter-occupied units, which constitute 38.0% of the pre-1980 housing stock. Of these renter-occupied units, 1,470 (17%) are households with children present. Furthermore, there are 6,115 owner-occupied units (43%) built before 1980 that are also susceptible to the presence of lead-based paint hazards. Of those owner-occupied units, 2,740 (19%) are households with children present. This data highlights a health threat requiring attention through owner and rental rehabilitation programs, especially for low-to-moderate income households. According to 2016-2020 ACS Data, it is estimated that 1,800 (19%) low-to-moderate households reside in the overall total of the 8,855 housing units in the City of Chino that were constructed prior to 1980. According to the County Health Department, roughly 27 children were reported with elevated blood levels during the last 5 years.

#### **Discussion**

There has been a decrease in the number of units with at least one housing condition when compared to older ACS data on housing conditions. Additionally, the City of Chino still has a high number of housing units at least 40 years old. The City must continue to work towards upgrading their older housing stock, assisting households in financial need as well as working to eliminate lead-based paint hazards, especially in units with children present.

## MA-25 Public and Assisted Housing – 91.210(b)

### Introduction

The Housing Authority of the County of San Bernardino (HACSB) was established in 1941. It operates 1,321 public housing units and provides rental assistance to 8,678 families through the Section 8 Housing Choice Voucher Program with a total of 8,126 tenant-based housing vouchers and 552 project-based vouchers. According to the HACSB 2018 report, there are 220 Voucher program units, 50 authority-owned units, and 20 housing partner units located in Chino.

### Totals Number of Units

|  | Certificate | Mod-Rehab | Public Housing | Program Type |                |               |                                     |                            |            |
|--|-------------|-----------|----------------|--------------|----------------|---------------|-------------------------------------|----------------------------|------------|
|  |             |           |                | Vouchers     |                |               |                                     |                            |            |

Table 37 – Total Number of Units by Program Type

Data Source: PIC (PIH Information Center)

### Describe the supply of public housing developments:

### Describe the number and physical condition of public housing units in the jurisdiction, including those that are participating in an approved Public Housing Agency Plan:

According to the 2020 Analysis of Impediments to Fair Housing Choice, the City has one 50-unit public housing developments. Of these 50 units of public housing, two are five-bedroom units, six units have four bedrooms, 16 are three-bedroom units, 18 units have two bedrooms, and eight are

one-bedroom units. Approximately 70 children, 12 seniors, 77 adults, and 21 persons with disabilities live within the public housing units. Vacancy at the property is limited. In addition, the publicly assisted rental housing stock in Chino includes:

- Seasons Senior Villas: 102 affordable senior units complex constructed with subsidies from Redevelopment Housing Set-Aside funds and the Low-Income Housing Tax Credit (LIHTC) program.
- Villa Del Sol Apartments: 10 affordable family units constructed with Redevelopment Housing Set-Aside funds.
- Ivy at College Park: 133 affordable family units built with Redevelopment Housing Set Aside funds. Ivy College Park II: 330 affordable family units
- Steelworkers Oldtimers: 84-unit housing for seniors and disabled persons; project was constructed with HUD Section 202/811 funds and maintained a Section 8 contract.
- Vista Park Chino: 40-unit family housing was built with a HUD Section 221d4 mortgage financing and maintains a Section 8 contract.
- Meadow Square: 250 affordable family units built with Redevelopment Housing Set Aside funds.

Additionally, there are 577 affordable housing units within the City's five mobile home parks. These units remain affordable through the City's rent stabilization ordinance, which is exempt from the 1995 Costa Hawkins Rental Housing Act (AB 1164) that permits the decontrol of rent upon vacancy of units by tenants. These mobile home units are considered a source of permanently affordable housing in the community. Tenants at these mobile home parks are predominantly senior households.

## Public Housing Condition

| Public Housing Development | Average Inspection Score |
|----------------------------|--------------------------|
|                            |                          |

Table 38 - Public Housing Condition

### Describe the restoration and revitalization needs of public housing units in the jurisdiction:

The County Housing Authority adheres to HUD's Asset Management Program, which requires housing authorities to model their public housing portfolio after the private sector model. The HASBC continues to audit the physical condition, rehabilitation, and revitalization needs of public housing projects within the County. The majority of public housing units in the area have been upgraded in recent years to new-energy efficient water sub-metering, plumbing fixtures, thermostats, lighting, windows, and xeriscaping. Through innovative, more environmentally friendly technology, all the upgrades provide substantial water, energy, and cost savings immediately upon implementation for both the Housing Authority and its residents.

### Describe the public housing agency's strategy for improving the living environment of low- and moderate-income families residing in public housing:

Residents in public housing are allowed to take part in leadership roles, as resident councils, a program promoted through HASBC. Resident councils focus on improving the quality of life and resident satisfaction through self-help initiatives. These initiatives allow residents to build a positive living environment for those residing in public housing. In addition to its public housing programs, the Housing Authority offers programs designed to promote economic self-sufficiency including the Family Self Sufficiency (FSS) Programs, Homeownership Preparation and Education (HOPE) Program, Resident Services Program and Neighborhood Networks.

### Discussion:

Refer to the discussion above.

## MA-30 Homeless Facilities and Services – 91.210(c)

### Introduction

This is a follow-up from the needs assessment outlining the programs and initiatives that support homeless persons within the jurisdiction.

### Facilities and Housing Targeted to Homeless Households

**Table 39 - Facilities and Housing Targeted to Homeless Households**

Data Source Comments:

**Describe mainstream services, such as health, mental health, and employment services to the extent those services are used to complement services targeted to homeless persons**

Supportive Housing Programs for Individuals Transitioning from Mental and Physical Health Institutions in the City of Chino are as follows:

- Case Management Services: The City offers free case management for low-income residents, including: Housing assistance, Public benefits enrollment (e.g., Medi-Cal, IHSS), Referrals to supportive services Available at the Neighborhood Activity Center and the Senior Center.
- Permanent Local Housing Allocation (PLHA) Program: Provides: Long-term rental assistance Intensive case management Focus on families with children enrolled in the Chino Valley Unified School District
- Housing for Health (Los Angeles County: Offers interim and permanent supportive housing Includes recuperative care and case management serves individuals with complex medical and behavioral health needs
- Behavioral Health Services Act (Proposition 1): Requires 30% of county mental health funding to support housing targets individuals with serious mental illness at risk of or experiencing homelessness Supports development of housing units and treatment facilities
- Supportive Housing Models: Fairweather Lodge Program Shared independent housing for adults with mental illness emphasizes peer support and communal living and the Fountain House Clubhouse Model Community-based psychosocial rehabilitation Offers housing, employment, and education support promotes recovery through member participation
- Local Transitional Housing Options (Nearby Cities): The Guided Path (Ontario, CA) has a Sober living environment Provides 12-step support and job assistance; Your Life Sober Living (Pomona, CA) Structured housing focused on long-term sobriety; and Miracle House of Pomona (Pomona, CA) Transitional homes for individuals in recovery Offers safe, supportive environments for men and women

**List and describe services and facilities that meet the needs of homeless persons, particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. If the services and facilities are listed on screen SP-40 Institutional Delivery Structure or screen MA-35 Special Needs Facilities and Services, describe how these facilities and services specifically address the needs of these populations.**

While there are no shelters within the City, the following shelters are located in neighboring cities:

- Foothill Family Shelter Inc Upland
- Inland Valley Hope Partners Pomona
- Place of Comfort Chino Hills
- Ontario Access Center Ontario

## MA-35 Special Needs Facilities and Services – 91.210(d)

### Introduction

Special needs groups were discussed in detail within the Needs Assessment portion of this document. This section outlines the facilities available for specific special needs groups.

**Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify, and describe their supportive housing needs**

- Seniors - Senior/elderly persons are likely to have disabilities, limiting their ability to function independently. Additionally, senior households usually have a fixed income, restricting their financial abilities. The needs of this population include long-term supportive housing, including long-term assisted living, health services, transportation, and nursing care.

i. San Bernardino County's Department of Aging and Adult Services (DAAS) - Chino works in conjunction with DAAS to provide services to the senior population. These services include adult protective services, family caregiver support, in-home supportive services, nutrition services, and senior community services employment program.

ii. Licensed Residential Care Facilities - Chino has 14 licensed residential care facilities for the elderly with a combined capacity of 491 beds. The definition of a "Residential Care Facility for the Elderly" is a residential home for seniors aged 60 and over who require or prefer assistance with care and supervision. Residential Care Facilities for the Elderly may also be known as Assisted Living facilities, retirement homes and board and care homes. The City has one new skilled nursing facility.

iii. SMART Shuttle service - provides elderly and disabled residents door-to-door transportation to the Senior Center. The SMART shuttle is also available on a reservation basis once a week for elderly and disabled individuals that require transportation to medical appointments within Chino. Additionally, the Senior Center also operates a Senior Companion Program, which is designed to match the frail elderly with able seniors to assist with grocery shopping, paying bills, and other supportive activities.

- Persons with Disabilities - Some persons with disabilities may have a fixed income, need for accessible housing, proximity to transportation, services, long-term permanent supportive housing, or assisted living.

i. Licensed Care Facilities - According to the State Department of Social Services, there are a total of 22 licensed residential care facilities in Chino with a total capacity of 117 beds to accommodate persons with disabilities.

ii. Affordable Housing / Public Housing/ Section 8- The Housing Authority owns 2,106 units that people with disabilities may apply for to receive affordable housing. Additionally, the Housing Authority owns

and operates 216 permanent supportive housing units as well as a Section 8 Voucher program that is administered at the County level to more than 10,000 households.

- Persons with HIV/AIDS and their Families- Stability in housing that is affordable provides the best opportunity for persons with HIV/AIDS to have access to therapies, treatments, and supportive services to enhance the quality of life for themselves.

i. Affordable Housing / Public Housing/ Section 8- Similar to persons with disabilities and senior households, multiple housing programs exist for persons with HIV/AIDS to apply for.

ii. Services - located in proximity to Chino include County of San Bernardino – Ontario (health education, medical case management, pharmacy); Foothill AIDS Project – Claremont (food, housing, emergency financial, transportation); and AIDS Healthcare Foundation – Rancho Cucamonga (Medical Care).

### **Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing**

Affordable housing, permanent supportive housing, licensed care facilities, and Section 8 Housing Vouchers all serve as forms of appropriate supportive housing and have been discussed in detail above as well as in the Needs Assessment portion of this document. Furthermore, the City of Chino does not receive funding from the Federal sources and, therefore, is not required to implement supportive housing programs for persons returning from mental and physical health institutions.

At the State level, California law requires hospitals/regional hospital associations to have protocols for homeless patients. The Hospital Association of Southern California, National Health Foundation, and Illumination Foundation's Recuperative Care Program must provide post-hospital healthcare services to homeless patients moving from acute care. Services include housing location assistance, residential, medical, and social support. The San Bernardino County 10-Year Strategy to End Homelessness recommends the formalizing of discharge planning protocols and improved coordination among the different agencies with discharge responsibilities.

Local and regional programs that support individuals returning from mental and physical health institutions to stable, supportive housing in Chino include:

- Case Management Services The City offers free case management for low-income residents, including: Housing assistance Public benefits enrollment (e.g., Medi-Cal, IHSS) Referrals to supportive services Available at the Neighborhood Activity Center and the Senior Center.
- Permanent Local Housing Allocation (PLHA) Program Provides: Long-term rental assistance Intensive case management Focus on families with children enrolled in the Chino Valley Unified School District
- Regional and State Programs include: Housing for Health (Los Angeles County) Offers interim and permanent supportive housing Includes recuperative care and case management Serves individuals with complex medical and behavioral health needs; Behavioral Health Services Act (Proposition 1) Requires 30% of county mental health funding to support housing Targets

individuals with serious mental illness at risk of or experiencing homelessness Supports development of housing units and treatment facilities

- Supportive Housing Models: Fairweather Lodge Program Shared independent housing for adults with mental illness Emphasizes peer support and communal living Fountain House Clubhouse Model Community-based psychosocial rehabilitation Offers housing, employment, and education support Promotes recovery through member participation Local Transitional Housing Options (Nearby Cities); The Guided Path (Ontario, CA) Sober living environment Provides 12-step support and job assistance; Your Life Sober Living (Pomona, CA) Structured housing focused on long-term sobriety; Miracle House of Pomona (Pomona, CA) offers transitional homes for individuals in recovery. Offers safe, supportive environments for men and women Reentry Support for Formerly Incarcerated Individuals
- Anti-Recidivism Coalition (ARC) Operates transitional housing programs in L.A. County Offers trauma counseling, employment help, and life skills training May serve individuals released from Chino-area institutions

**Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 91.315(e)**

According to the Annual Action Plan for Chino, the City will continue to use CDBG funding to support public service agencies that address the special needs of the underserved. These groups include the elderly and frail elderly and persons belonging to protected classes that have been the victims of housing discrimination. This will be done through goals, including fair housing services, landlord-tenant mediation services, family services association senior nutrition programs, food assistance programs, and other social service support.

**For entitlement/consortia grantees: Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. (91.220(2))**

Not applicable to the City of Chino.

## **MA-40 Barriers to Affordable Housing – 91.210(e)**

### **Negative Effects of Public Policies on Affordable Housing and Residential Investment**

Negative Effects of Public Policies on Affordable Housing and Residential Investment. While it is critical to have policies and ordinances that ensure the highest standards for housing, it may, at times, become a hindrance when developing housing structures. These governmental constraints may also affect the affordability of housing in the City. They include the following:

**Parking Standards:** The City's Zoning Ordinance demands that duplex units that are at least 950 square feet in the area have two covered parking spaces per unit. Parking standards for multi-family units are based on the size of the unit, with an average of one parking space per bedroom as well as additional spaces for guest parking. On a case-by-case basis, this City reviews parking requirements when considering a potential constraint to development and thus allows for reductions in parking requirements. Additionally, projects with affordable housing units may meet the California Density Bonus requirement for parking, allowing for a decrease in parking based on the number of bedrooms.

**AB 1482:** Expands rent control to cover units built over 15 years ago and places an annual cap on rent to 5% plus inflation. AB 1482 was signed by Governor Newsom on October 8, 2019, but did not go into effect until January 1, 2020. The unintended consequence of the passing of this bill has been the surge of eviction notices and a substantial increase in rent towards tenants, specifically for low- income households.

**Land use controls:** The designations in the City's Zoning Ordinance include new high-density residential (RD 30) and several mixed-use designations (Mixed Use Medium Density and High Density). Since the adoption of the General Plan, the City also updated the Zoning Ordinance to implement the Mixed-Use designations (MU 20 and MU 30). However, a new zoning district to implement the High-Density Residential designation has not yet been created. This could incentivize the development of more affordable housing units due to the lower land costs per unit per acre. This is due to the density bonuses, which would see smaller units costing less to build than larger ones, therefore increasing the affordable housing costs.

**Public policy loopholes:** The tenant protection act (AB 1482) was enacted in October 2019, protecting renters from paying high rents. However, the law came into effect on January 1, 2020, since it did not receive a two-thirds majority vote. During the 85 days wait period, there has been a need to issue Temporary Eviction Moratoriums across the state of California by various cities to stop the eviction of tenants since a 30-day notice period is required for eviction. This, in turn, has rendered several lower-income renters homeless and in need of emergency housing.

**Growth Management:** Measure M requires that the maximum density of any land designated for residential use shall not exceed the density for such land established by the zoning map and zoning ordinance, or any development agreements in effect before November 8, 1988. Under Measure M, the City Council retains authority to reduce the density of residential land. The Council may also convert any residential land to any other non-residential use and may change uses among lands designated for non-

residential uses, with the exception of senior housing projects. It also prohibits the conversion of any land designated for a non-residential use to residential use, excepting school sites designated in the General Plan or in a specific plan, or development agreements approved by the City Council before November 8, 1988.

## MA-45 Non-Housing Community Development Assets – 91.215 (f)

### Introduction

This section shows how the level of education affects employment type. This, in turn, affects the level of income and the type of housing a household can afford to occupy. While affordable housing is greatly dependent on income, the level of income is also influenced by factors such as age and level of education. The nature of the sectors and business activities in the area also impact the housing needs and determine the income levels of the workforce.

### Economic Development Market Analysis

## Education:

### Educational Attainment by Employment Status (Population 16 and Older)

| Educational Attainment                      | In Labor Force    |            | Not in Labor Force |
|---|-------------------|------------|--------------------|
|   | Civilian Employed | Unemployed |                    |
| Less than high school graduate              | 3,955             | 150        | 5,280              |
| High school graduate (includes equivalency) | 7,355             | 330        | 4,775              |
| Some college or Associate's degree          | 11,570            | 700        | 6,040              |
| Bachelor's degree or higher                 | 9,975             | 250        | 2,455              |

**Table 44 - Educational Attainment by Employment Status**

Data Source: 2016-2020 ACS

## Educational Attainment by Age

|   | Age       |           |           |           |         |
|---|-----------|-----------|-----------|-----------|---------|
|   | 18–24 yrs | 25–34 yrs | 35–44 yrs | 45–65 yrs | 65+ yrs |
| Less than 9th grade                       | 135       | 310       | 1,195     | 1,960     | 1,305   |
| 9th to 12th grade, no diploma             | 1,075     | 1,215     | 1,470     | 3,235     | 1,155   |
| High school graduate, GED, or alternative | 2,135     | 3,955     | 2,980     | 5,525     | 2,525   |
| Some college, no degree                   | 2,440     | 4,335     | 3,805     | 5,695     | 2,495   |
| Associate's degree                        | 400       | 1,305     | 1,285     | 1,880     | 800     |
| Bachelor's degree                         | 670       | 2,910     | 3,105     | 3,370     | 1,420   |
| Graduate or professional degree           | 34        | 715       | 1,215     | 1,370     | 685     |

**Table 45 - Educational Attainment by Age**

Data Source: 2016-2020 ACS

## Educational Attainment – Median Earnings in the Past 12 Months

| Educational Attainment                      | Median Earnings in the Past 12 Months |
|---|---------------------------------------|
| Less than high school graduate              | 24,283                                |
| High school graduate (includes equivalency) | 35,560                                |
| Some college or Associate's degree          | 38,207                                |
| Bachelor's degree                           | 56,663                                |
| Graduate or professional degree             | 81,319                                |

**Table 46 – Median Earnings in the Past 12 Months**

Data Source: 2016-2020 ACS

## Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

Major Employment Sectors in the City of Chino include: Management, business and financial and Sales and office, each employ over 9,000 people making up more than half of the workforce. Additionally, Arts, Entertainment, Accommodations and Education and Health Care Services employ a large segment of the workforce with Chino Valley Medical Center being a key provider and local employer, Manufacturing has a large base with over 4,000 jobs, which is a key driver of local employment. Logistics & Warehousing has a strong presence due to proximity to major transport routes, Government & Corrections: Home to two major state prisons employing hundreds. Retail & Services includes over 4 million sq. ft. of retail space, which supports strong service-sector jobs.

## Describe the workforce and infrastructure needs of the business community:

Workforce Infrastructure Needs in the City of Chino include:

- Talent Development

- Skills training programs
- Sector-based career pathways supported by the County Workforce Development Board.
- Infrastructure & Business Environment
- Business-friendly policies: low costs, streamlined permits.
- Strategic location near major transportation and logistics hubs (e.g., Watson Commerce Center).
- Collaborative Partnerships. Partnerships with schools and workforce agencies for training and small business support.
- Participation in regional/state economic initiatives like California Jobs First.

**Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.**

The City of Chino is undergoing significant economic transformations that are poised to impact job creation, business development, and infrastructure. These initiatives encompass public and private sector investments, urban revitalization projects, and strategic planning efforts aimed at fostering sustainable growth and enhancing quality of life. The following initiatives are being developed:

- The Chino Airport Development will address job creation, business attraction, regional growth impacting aviation training, infrastructure upgrades
- The Farm at Euclid Redevelopment will address regional retail and entertainment hub impacting urban planning, transportation improvements
- The Mixed-Use Development at Schaefer and Euclid will address housing and commercial space expansion impacting Construction labor, retail and service sector employment
- The Capital Improvement Program will address enhanced infrastructure for growth impacting engineering, construction, and public works expertise
- The Public Safety and Essential Services Measure will address improved public services and amenities impacting emergency services personnel, utility and IT infrastructure
- The Small Business Assistance Tool will address support for local entrepreneurs, business development services, and financial literacy programs
- The CDBG Program addresses community development and support, social services, housing development, and infrastructure needs and impacts those sectors.
- The Chino 2045 General Plan Update addresses sustainable and inclusive urban development impacting urban planners, environmental specialists, transportation experts

These initiatives collectively aim to transform Chino into a dynamic and sustainable city, fostering economic growth, enhancing quality of life, and creating diverse opportunities for residents and businesses alike.

**How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?**

The skills and education levels of Chino's workforce are aligning with the city's evolving employment opportunities, particularly in healthcare, logistics, professional services, and public sector roles.

**Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.**

Chino actively supports workforce development through a variety of initiatives led by community colleges, local adult education programs, and regional workforce organizations. The following programs are available:

- Chaffey College's Chino Information Technology Center: Provides training in computer systems, telecommunications, and user applications, offering over 30 certificates in high-tech fields.
- West End Corridor Consortium is a collaboration among Chaffey College, Chaffey Adult School, and other local adult education providers, offering programs in: Career Technical Education (CTE), English as a Second Language (ESL), Citizenship and Parenting classes.
- Chino Valley Chamber of Commerce Programs include: HIRE Grant that provides on-the-job training support for businesses hiring justice-involved individuals; Employment Training Panel (ETP) that offers funding for customized employee training programs; Talent Pipeline Management (TPM) that aligns educational programs with industry needs in sectors like clean energy, healthcare, and logistics; and the Internships & Job Board that facilitates internship programs and job placements in partnership with Chaffey College.
- Youth Workforce Development WIOA Youth Programs offer services like career exploration, leadership development, mentoring, and work experience for youth aged 16–24.

These initiatives aim to equip Chino's workforce with the skills needed to meet the demands of growing industries, fostering economic development and employment opportunities in the region.

**Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?**

No

**If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.**

**Discussion**

N/A see above

## **MA-50 Needs and Market Analysis Discussion**

### **Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")**

The most common problems for both renters and household owners are overpayment and overcrowding. Housing cost burden greater than 50% of income is the most prevalent, followed by a housing cost burden greater than 30% of income (and none of the above problems), overcrowded households are considered the third largest problem. HUD defines a minority concentration as a neighborhood with a Census tract or other defined geographic area in which the percentage of residents who are racial or ethnic minorities is at least 20 percentage points higher than the percentage of minority residents in the Metropolitan Statistical Area (MSA) (or jurisdiction not in an MSA) as a whole. Approximately 50% of low-income households and 15% of moderate-income households have a housing cost burden greater than 50%. It is very likely that the geographic distribution of the cost burden housing problem mirrors that of the low and moderate-income population. Also, housing quality problems are correlated with the age of housing. However, the number of housing units requiring housing rehabilitation is not extensive and could be as few as a dozen.

### **Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")**

HUD defines concentration as a minority group that has a disproportionate need, which exceeds the average by 10% or more. In Chino, a low or moderate- income concentration means an area where at least 61% of the population is low/moderate income. Only two block groups meet this definition and are illustrated on the maps in Figures 1 and 2. Approximately 7 tracts are considered low- and moderate income, all of which also include minority concentrations, although other more affluent tracts have minority concentrations as well. Chino is an exception criteria grantee as designated by HUD which means that any tract with more than 44.4% low- and moderate- income residents would be a target tract.

### **What are the characteristics of the market in these areas/neighborhoods?**

Characteristics of the market in these areas are similar to housing problems, as discussed above. These include cost burden, crowding, quality. Additionally, housing costs have increased significantly since the last Consolidated plan for both ownership and rental markets. These neighborhoods tend to contain more of the higher density residential housing and are also near the commercial corridors.

### **Are there any community assets in these areas/neighborhoods?**

According to the zoning ordinance, every residential area has access to community centers, parks, and senior and youth centers. There are senior centers, youth centers, as well as parks and recreational areas.

### **Are there other strategic opportunities in any of these areas?**

Development opportunities are covered in the RHNA plans to develop more affordable housing units. Other community assets will also be improved through the housing element and annual development plans for the City. The City of Chino Development Services Department will require all sub-recipients under the CDBG program to submit a quarterly grantee performance report, documenting the number, income, race/ethnicity, and household characteristics of the persons/households assisted. In addition, the Department will conduct annual site visits to sub-recipients to ensure the quality and location of services and the targeted beneficiaries are consistent with CDBG program guidelines, as well as the contracted scope of services that will be specified in the agreements with the City.

## **MA-60 Broadband Needs of Housing occupied by Low- and Moderate-Income Households - 91.210(a)(4), 91.310(a)(2)**

### **Describe the need for broadband wiring and connections for households, including low- and moderate-income households and neighborhoods.**

The California Emerging Technology Fund (CETF), in collaboration with the state of California, has conducted annual surveys since 2008 to assess the rate of internet use in the state. The most recent study performed by the CTEF was in 2023, in collaboration with the University of Southern California, which is known as the 2023 Statewide Digital Equity Survey. As part of this study, it was identified that broadband adoption is continuing to increase throughout the State of California, wherein some of the largest growth trends are amongst historically disadvantaged groups. This however does not mean that goals intended for Digital Equity are without challenges. According to the report, of the 10 counties survey, including the Inland Empire (San Bernadino and Riverside County) the following estimates were provided for the populations believed to still be unconnected: Non-English Speaking (14.8%), Low Income (13.0%), Rural (10.8%), 60 or Older (9.2%), Reported Disability (8.7%), Veteran (7.7%), Women (6.6%), and Identifies as LGBTQIA+ (6.6%). The report also states that the most common deciding factor in a household's decision to adopt broadband services is cost. The average cost of broadband services was reported at approximately \$83.60/month and was noted to be in line with the average cost identified amongst most surveys, such as the FCC 2023 survey that reported an average cost of \$82.40/month. The average cost of broadband services in the Inland Empire (San Bernadino and Riverside Counties) has an average cost of \$85.90/month. With respect to low-income households, nearly 70% spend an estimated that 3.3% of disposable income is spent on broadband services, which is higher than the 2% recommended by the FCC. This data makes it critical for low-income households to be aware of such programs that provide cost relief for broadband services such as the Affordable Connectivity Program (ACP). Of the individuals surveyed in the Inland Empire, it was found that only 27% of the households surveyed were aware of the program. Specific to the City of Chino, the following ACP data has been identified for eligible households:

**Zip Code 91708** – 3% of Total Households are eligible for ACP Enrollment. Of those households 100% are currently enrolled in the program (858 Households Enrolled out of 42 Households ACP Eligible).

**Zip Code 91710** – 25% of Total Households are eligible for ACP Enrollment. Of those households 100% are currently enrolled in the program (6,650 Households Enrolled out of 5,718 Households ACP Eligible).

### **Describe the need for increased competition by having more than one broadband Internet service provider serve the jurisdiction.**

By fostering increased competition among internet providers, we can achieve both improved internet service quality (with faster speeds and expanded access) and more affordable broadband options. This is essential for individuals currently lacking internet connectivity or facing inadequate access at home. As previously mentioned, most low-income households in the Inland Empire pay an average of \$85.90/per

month which is higher than the FCC's reported average payment of \$82.40/month. Increased competition can assist households, particularly low-income households, with achieving more affordable monthly service rates. Given that the high cost of broadband connectivity services is the leading cause of households not having connectivity to such services, which make increased competition beyond vital to the City of Chino and surrounding cities.

### **Organizations Addressing the Digital Divide**

The digital divide refers to the growing gap between the underprivileged members of society, especially the poor, rural, elderly and handicapped portion of the population who do not have access to computers or the internet, and the wealthy, middle-class and young residents living in urban and suburban areas who have access. The ability to fully access the internet is creating disparity and segregation throughout the nation and can be seen not only an economic issue but also an issue of social justice. Below is a summary of actions happening at the state level and regionally to narrow the digital divide: State of California: The State of California passed Executive Order 73-20 that will create a new State Broadband Action Plan by December 2020. The plan will serve as a road map to accelerate deployment and adoption of broadband by state and local governments, require download speeds of 100 mph cross the state, leverage the state's contract authorities as resources to further statewide broadband access and adoption, identify funding opportunities for broadband deployment and adoption, expand broadband infrastructure to enhance public safety and disaster response, and leverage utility infrastructure to increase access to existing fiber. Inland Empire Regional Broadband Consortium (IERBC): The IERBC is made up of regional government agencies, cities, non-profits, health care providers, ISPs, technology and engineering companies, schools and universities and undertakes issues regarding broadband technology access, planning, service reliability, affordability, infrastructure requirements costs and needs within San Bernardino and Riverside Counties. In November of 2014 the IERBC adopted the Broadband Infrastructure and Access Plan for the Inland Empire Region. The Action Plan focuses on needed capital improvement projects, programs to address underserved/disadvantaged residents, government policy improvements/best practices, advocacy efforts/grant funding for the region, economic development Broadband, Smart Region policies, programs and implementation. Through this plan it is the IERBC vision to enhance economic vitality and growth and improve the quality of life within the Inland Empire to remove the digital divide by providing a collaborative opportunity for regional broadband infrastructure, access, low internet costs, and broadband planning in the region. Housing Authority of the County of San Bernardino (HACSB): Is the largest affordable housing provider in San Bernardino County. As a designated Moving to Work housing authority designs housing and support services that promote self-sufficiency among assisted families, works to achieve programmatic efficiency and reduce costs and increases housing choice for low-income households. In February 2019, HACSB, in partnership with Great Harvest Community Center, Inc., was awarded \$484,830 by the California Advanced Services Fund (CASF) Broadband Public Housing Account to bridge the digital divide for as many as 2,760 residents in 26 public housing locations across the county by offering digital literacy and computer-based job skills trainings. HACSB will provide these trainings through seven Digital Literacy Centers that are available to residents of the following housing developments and members of the public: Parkside Pines, 772 Pine Street, Colton, CA/ 13088 Monte Vista Ave, Chino CA /803 W. Brockton, Redlands CA/ 421 South 7th Ave, Barstow CA/

Summit Walk, 1206 West 4th Street, Ontario, CA /Sunset Vista, 755 E. Virginia Way, Barstow, CA/Sunset Pointe, 501 E. Virginia Way, Barstow, CA. Because HUD-assisted households have low connectivity rates, limited device access, and other specific barriers to Internet access, HUD-assisted housing offers a promising platform to significantly increase digital inclusion rates and improve residents' quality of life.

### **Current Internet Service Providers (ISP) Environment**

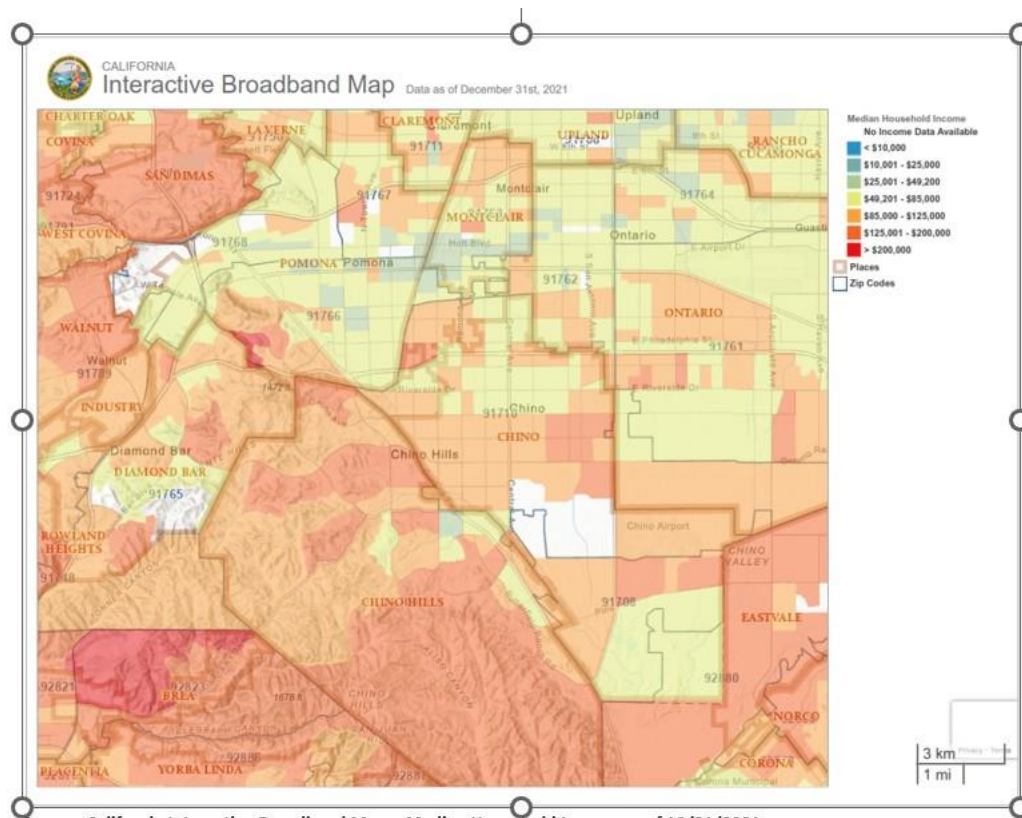

The City of Chino is the 42nd most connected city within California with 21 internet providers. Below is a partial listing of residential and business internet service providers (ISP) throughout the City of Chino:

#### **Provider Residential / Business Type Coverage Speed**

- Frontier Communications Residential Fiber & DSL 98.7%+ 100 Mbps
- Charter Spectrum Residential Cable 100% 940 Mbps
- Consolidated Smart Broadband Systems Residential Fiber 2.5%+ 100 Mbps
- Viasat Internet Residential Satellite 100% 35 Mbps
- HughesNet Residential Satellite 100% 25 Mbps
- Frontier Business Residential Fiber and DSL 100% 100 Mbps

#### **Spectrum Business Business Cable and Fiber 98.6%+ 940 Mbps**

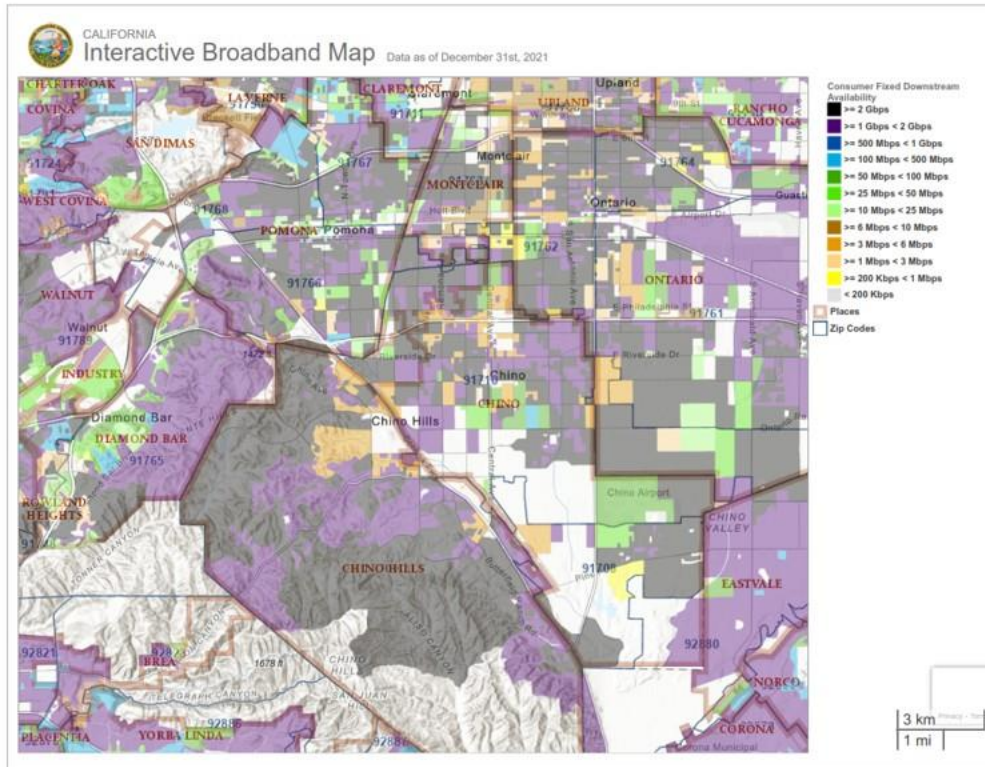

- MHO Networks Business Fixed Wireless 100% 1,000 Mbps
- One Ring Networks Business Fixed Wireless 100% 1,000 Mbps
- TPx Communications Business Cooper 27.6%+ 100 Mbps
- Verizon Business Cooper 17.3%+ 100 Mbps
- Fusion Business Cooper 15.5%+ 50 Mbps
- GTT Communications Business Cooper 15.4%+ 8 Mbps
- CenturyLink Business Fiber 10.2%+ 1,000 Mbps
- Consolidated Communications Business Fiber 1.6%+ 40 Mbps
- NetFortris Business Cooper 1.1%+ 1.5 Mbps

Source: California Interactive Broadband Map – Median Household Income as of 12/31/2021

## Chino Broadband Map

Source: California Interactive Broadband Map –Consumer Fixed Downstream Availability as of 12/31/2021

### Chino Broadband Map 3

## **MA-65 Hazard Mitigation - 91.210(a)(5), 91.310(a)(3)**

### **Describe the jurisdiction's increased natural hazard risks associated with climate change.**

Predicting precise future climate change impacts for a specific region is complex, with long-term projections inherently less certain than short-term ones. Water resource managers are already observing significant changes due to the following: Historical hydrologic patterns are no longer reliable for future forecasting; shifting precipitation and runoff patterns increase uncertainty in water supply, flood management, and ecosystem health; and the increasing frequency of extreme weather events necessitates improved flood protection, drought preparedness, and emergency response.

Given the City of Chino's Mediterranean climate, characterized by hot, dry summers and mild, wet winters, climate change is projected to exacerbate existing natural hazard risks. Specifically:

**Increased Wildfire Risk:** Rising average temperatures and prolonged periods of drought, intensified by climate change, will significantly increase the risk of wildfires. The already hot, dry summers, where temperatures frequently exceed 100°F and humidity is low, will become even more extreme. This creates drier vegetation, acting as increased fuel for fires, and prolongs the wildfire season.

**Intensified Heat Waves:** The frequency and intensity of heat waves are expected to rise. More frequent days exceeding 100°F will pose significant health risks, particularly to vulnerable populations.

**Enhanced Flood Risk:** While annual precipitation may not drastically change, climate change is expected to increase the intensity of rainfall events. The City of Chino's winter rainfall, which often occurs in short, intense storms, could become even more extreme, leading to increased flood risks. This is of particular concern given the existing pattern of concentrated rainfall between November and March.

**Potential for Debris Flows:** Following intensified wildfires, the risk of debris flows during heavy rainfall events is amplified. The loss of vegetation due to fires destabilizes slopes, making them more susceptible to erosion and mudslides during intense storms.

### **Describe the vulnerability to these risks of housing occupied by low- and moderate-income households based on an analysis of data, findings, and methods.**

The city is exposed to a variety of local hazards, encompassing extreme heat, landslides, wildfires, flooding, windstorms, earthquakes and infectious diseases, which collectively pose a considerable risk to both commercial and residential infrastructure. Of particular concern is the heightened vulnerability of low- and moderate-income residents to these natural hazards. Although the median income for the City of Chino as of the 2020 Census hovers at approximately \$103,845, there are still disadvantaged households in the community, with approximately 7.4% of the Chino's population living in poverty. This population will have increased proximity to hazardous conditions and diminished access to resources

during a natural disaster and/or state of emergency. They may also have increased risk of such negative impacts related to food scarcity, illness, housing instability, and inadequate access to other basic essential resources. Although such agencies, such as the Federal Emergency Management Agency (FEMA) has resources available in the event of such impactful climate-related events, the resources necessary for low-income households to timely recover would be nowhere near enough to provide disadvantaged households with timely relief.

# Strategic Plan

## SP-05 Overview

### Strategic Plan Overview

During development of the City's FY 2025-2029 Consolidated Plan, which forms the basis for establishing objectives and outcomes in the Strategic Plan and five subsequent Annual Action Plans, the following priority needs, and objectives were established:

**Priority 1- Affordable Housing (DH-2) [High Need]:** The City will fund programs for First-time Homebuyers Assistance and Housing Rehabilitation.

- *The quantifiable five-year goal is to assist approximately 50 households (10 per year).*

**Priority 2: Community Facilities and Infrastructure (SL-1) [High Need]:** The City will fund facilities and infrastructure improvement projects that serve low- and moderate-income neighborhoods and residents.

- *The quantifiable five-year goal is to assist approximately 5,000 low- and moderate-income people (1,000 per year from one project per year).*

**Priority 3: Public Services (SL-1) [High Need]:** The City will fund public services for low- and moderate-income persons and those with special needs, as well as prevent and eliminate homelessness.

- *The quantifiable five-year goal is to assist approximately 5,000 low- and moderate-income people (1,000 per year).*

**Priority 4: Community Preservation Services (SL-3) [High Need]:** The City will fund code enforcement, graffiti removal, and other programs that address the preservation of low- and moderate-income neighborhoods in the target areas.

- *The quantifiable five-year goal is to assist approximately 2,500 households (500 per year).*

**Priority 5: Economic Development (EO-1) [Moderate Need]:** The City will fund economic development projects that address the needs of low- and moderate-income persons and neighborhood target areas.

- *The quantifiable five-year goal is to create/retain approximately 50 jobs and assist 50 businesses (10 per year for each type).*

**Priority 6- Administration and Planning (SL-1) [High Need]:** The City will fund administration and planning activities to develop housing and community development strategies and programs needed to carry out actions that address identified needs in the Consolidated Plan in accordance with HUD regulations and that provide Fair Housing services for all residents.

- *The quantifiable five-year goal is to assist approximately 50 households (10 per year).*

These Priority Needs form the basis for allocating investments geographically within the jurisdiction during the next five-year period, beginning July 1, 2025, and ending June 30, 2029. They are a result of various community outreach efforts and consultation meetings developed under the Citizen Participation process. During the course of the next five years the City anticipates receiving approximately \$540,000 of CDBG annually to address the above-mentioned activities to meet the priorities and corresponding goals of the Consolidated Plan, all of which were determined to be a High Priority needs level.

All of the priorities are consistent with HUD's national goals for the CDBG program to provide decent housing opportunities, maintain a suitable living environment, and expand economic opportunities for low- and moderate-income residents. The City is able to provide these programs through collaboration and coordination with local nonprofit agencies that provide direct services to Chino residents. Over the next five years, the City will continue this emphasis and will also use these resources to support City sponsored programs and activities that support the goals and objectives of this Plan and to meet the worst-case needs of residents.

## SP-10 Geographic Priorities – 91.215 (a)(1)

### Geographic Area

Table 47 - Geographic Priority Areas

|   |  |  |
|---|--|--|
| 1 | Area Name:   | Area benefit neighborhoods             |
|   | Area Type:   | Local Target area                      |
|   | Other Target Area Description:   |  |
|   | HUD Approval Date:   |  |
|   | % of Low/ Mod:   |  |
|   | Revital Type:  | Other                                  |
|   | Other Revital Description:   | >51% AMI                               |
|   | Identify the neighborhood boundaries for this target area.   | Low- and moderate-income neighborhoods |
|   | Include specific housing and commercial characteristics of this target area.   |  |
|   | How did your consultation and citizen participation process help you to identify this neighborhood as a target area? |  |
|   | Identify the needs in this target area.  |  |
|   | What are the opportunities for improvement in this target area?  |  |
|   | Are there barriers to improvement in this target area?   |  |
| 2 | Area Name:   | City-wide                              |
|   | Area Type:   | Local Target area                      |
|   | Other Target Area Description:   |  |
|   | HUD Approval Date:   |  |
|   | % of Low/ Mod:   |  |
|   | Revital Type:  | Comprehensive                          |
|   | Other Revital Description:   |  |
|   | Identify the neighborhood boundaries for this target area.   |  |
|   | Include specific housing and commercial characteristics of this target area.   |  |
|   | How did your consultation and citizen participation process help you to identify this neighborhood as a target area? |  |

|  |  |  |
|--|--|--|
|  | <b>Identify the needs in this target area.</b>                         |  |
|  | <b>What are the opportunities for improvement in this target area?</b> |  |
|  | <b>Are there barriers to improvement in this target area?</b>          |  |

## General Allocation Priorities

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

Certain CDBG-funded activities, such as public improvements, must take place in areas that benefit neighborhoods. Code enforcement must take place in deteriorated and deteriorating areas within the low- mod income areas in the City. Other CDBG-funded activities such as public services are based on income eligibility and occur on a city-wide basis.

The basis for allocating investments reflects the results of input from the following:

- Community Services Commission public hearings held during the development of the
- Consolidated Plan
- Results of the Housing and Community Development Survey
- Public Consultation (homeless assistance providers, fair housing providers)
- City Departments – Development Services, Community Services, and Public Works
- Housing market conditions and influences
- City of Chino 2021-2029 Housing Element

## SP-25 Priority Needs - 91.215(a)(2)

### Priority Needs

Table 48 – Priority Needs Summary

|   |                                    |   |
|---|------------------------------------|---|
| 1 | <b>Priority Need Name</b>          | Affordable Housing  |
|   | <b>Priority Level</b>              | High  |
|   | <b>Population</b>                  | Extremely Low<br>Low<br>Moderate<br>Large Families<br>Families with Children<br>Elderly   |
|   | <b>Geographic Areas Affected</b>   | City-wide   |
|   | <b>Associated Goals</b>            | Improve existing housing through code enforcement<br>Rehabilitate the existing housing stock  |
|   | <b>Description</b>                 | Promote, preserve, and assist in the development of affordable housing for low- and moderate- income residents, special needs groups, those at-risk of homelessness, and disproportionately impacted residents. |
|   | <b>Basis for Relative Priority</b> | The City's Housing Element indicates there is a need for affordable housing and rehabilitation, and the Community Needs Survey also ranked that as a High Need.   |
| 2 | <b>Priority Need Name</b>          | Community Facilities and Infrastructure   |
|   | <b>Priority Level</b>              | High  |
|   | <b>Population</b>                  | Extremely Low<br>Low<br>Moderate<br>Non-housing Community Development   |
|   | <b>Geographic Areas Affected</b>   | Area benefit neighborhoods  |
|   | <b>Associated Goals</b>            | Improve/upgrade public infrastructure & facilities  |
|   | <b>Description</b>                 | Improve and expand facilities and infrastructure that serve low- and moderate-income neighborhoods and residents.   |

|          |                                    |  |
|----------|------------------------------------|--|
|          | <b>Basis for Relative Priority</b> | The Community Needs Survey and consultations with City Departments indicated a need to improve and expand facilities and infrastructure that serve low- and moderate- income neighborhoods and residents.  |
| <b>3</b> | <b>Priority Need Name</b>          | Public Services  |
|          | <b>Priority Level</b>              | High   |

|   | <b>Population</b>                  | Extremely Low<br>Low<br>Moderate<br>Elderly<br>Elderly<br>Frail Elderly   |
|   | <b>Geographic Areas Affected</b>   | City-wide   |
|   | <b>Associated Goals</b>            | Improve existing housing through code enforcement<br>Rehabilitate the existing housing stock                            |
|   | <b>Description</b>                 | Provide for the preservation of low- and moderate-income neighborhoods in the target areas.                             |
|   | <b>Basis for Relative Priority</b> | The Community Needs Survey and coordination with City Departments demonstrated a high need for community preservation.  |
| 5 | <b>Priority Need Name</b>          | Economic Development  |
|   | <b>Priority Level</b>              | High  |
|   | <b>Population</b>                  | Extremely Low<br>Low<br>Moderate<br>Non-housing Community Development   |
|   | <b>Geographic Areas Affected</b>   | City-wide<br>Area benefit neighborhoods   |
|   | <b>Associated Goals</b>            | Encourage economic development  |
|   | <b>Description</b>                 | Provide for the economic development needs of low- and moderate-income persons and neighborhood target areas.           |
|   | <b>Basis for Relative Priority</b> | The Community Needs Survey and consultation with City Departments showed a high need for economic development programs. |

|   |                                    |  |
|---|------------------------------------|--|
| 6 | <b>Priority Need Name</b>          | Administration and Planning  |
|   | <b>Priority Level</b>              | High   |
|   | <b>Population</b>                  | Extremely Low<br>Low<br>Moderate<br>Large Families<br>Families with Children<br>Elderly<br>Other   |
|   | <b>Geographic Areas Affected</b>   | City-wide  |
|   | <b>Associated Goals</b>            | Achieve fair housing for all<br>Effective grant administration   |
|   | <b>Description</b>                 | Provide for administration and planning activities to develop housing and community development strategies and programs needed to carry out actions that address identified needs in the Consolidated Plan in accordance with HUD regulations and provide Fair Housing services for all residents. |
|   | <b>Basis for Relative Priority</b> | The Community Needs Survey, Consultation with City Departments and Service Providers, as well as the Housing Element and Analysis of Impediments to Fair Housing Choice all indicated a high priority need.  |

### Narrative (Optional)

Priority needs for the expenditure of CDBG funds have been assigned according to the following ranking:

- **High Priority:** Activities to address this need will be funded by the City using CDBG funds during the five-year period.
- **Medium Priority:** If CDBG becomes available, activities to address other needs may be funded by the City during this five-year period. This may be accomplished by the Community Services Commission's annual review of CDBG funding applications or by a substantial amendment to the Strategic Plan and/or Annual Action Plan.
- **Low Priority:** CDBG funds will not be utilized for these activities.

## SP-30 Influence of Market Conditions – 91.215 (b)

### Influence of Market Conditions

| Affordable Housing Type               | Market Characteristics that will influence the use of funds available for housing type   |
|---------------------------------------|--|
| Tenant Based Rental Assistance (TBRA) | <p>NA – CDBG cannot be used for this type of activity.</p> <p>The TBRA program is eligible for HOME funds, but the City of Chino does not get HOME funds. The City relies on the rental assistance programs from the Housing Authority of the County of San Bernardino.</p>  |
| TBRA for Non-Homeless Special Needs   | <p>NA – CDBG cannot be used for this type of activity.</p> <p>The TBRA program is eligible for HOME funds, but the City of Chino does not get HOME funds. The City relies on the rental assistance programs from the Housing Authority of the County of San Bernardino.</p>  |
| New Unit Production                   | <p>CDBG typically cannot be used for this type of activity; however, funds can be used for certain pre-development costs or off-site public improvements. The Needs Assessment and the Housing Market Analysis indicate there is a shortage of housing units affordable to lower-income households; however, due to the size of the City’s annual CDBG allocation, it is unlikely funds will be used for this purpose. A substantial amendment to the Consolidated Plan may be necessary if future funding is allocated for this type of activity.</p> |
| Rehabilitation                        | <p>Based on the data provided in the Needs Assessment and the Market Analysis, the City’s housing stock is generally in good condition; however, there is a need for rehabilitating a portion of the City’s older housing stock. Approximately 50% of Chino’s housing stock was built prior to 1980, therefore making those tenants at risk of lead based-paint. The city understands the housing stock is in need of a range of repairs from minor to major and plans to use CDBG funding towards home improvement programs.</p>                      |
| Acquisition, including preservation   | <p>According to data provided in the Needs Assessment, extremely low-income households experience severe housing cost burden. Based on this data, the City could consider utilizing housing resources to improving the City’s older residential properties as a means of expanding housing opportunities for lower income households. The City will continue to work with other agencies to acquire funding sources to acquire and preserve existing affordable housing.</p>   |

**Table 49 – Influence of Market Conditions**

## SP-35 Anticipated Resources - 91.215(a)(4), 91.220(c)(1,2)

### Introduction

Anticipated resources available to address the need and priorities of the FY 2025-2029 Consolidated Plan include CDBG funds. The City anticipates receiving CDBG funds in the amount of \$2,700,000 during the five-year period of the Consolidated Plan and \$585,259 in FY 2025-2026. The City will also have \$81,080.01 of unexpended prior year carryover funds available. The City does not receive HOME or ESG funds.

### Anticipated Resources

| Program | Source of Funds  | Uses of Funds  | Expected Amount Available Year 1 |                    |                          |              | Expected Amount Available Remainder of Con Plan \$ | Narrative Description   |
|---------|------------------|--|----------------------------------|--------------------|--------------------------|--------------|--|---|
|         |                  |  | Annual Allocation: \$            | Program Income: \$ | Prior Year Resources: \$ | Total: \$    |  |   |
| CDBG    | public - federal | Acquisition<br>Admin and Planning<br>Economic Development<br>Housing<br>Public Improvements<br>Public Services | \$585,259.00                     | \$0.00             | \$81,080.01              | \$666,339.00 | \$2,114,741.00                                     | The estimated amount of CDBG funds over the 5-year Con Plan period is \$2,700,00. |

Table 50 - Anticipated Resources

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

CDBG funds support the Housing Improvement Grant Program. To supplement this Federal funding, the City has obtained CalHOME funds in the past. The City continues to seek this funding and other potential replacement funding sources. The CDBG Program does not require a match. Although the HOME Program requires a match, the City does not receive funding from this program.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

The City owns one property that house low-income families. This single-family home has been made available to address the CDBG housing and non-housing community development needs. This property is currently vacant and in the process of being rehabilitated.

**Discussion**

See narratives above.

## SP-40 Institutional Delivery Structure – 91.215(k)

Explain the institutional structure through which the jurisdiction will carry out its consolidated plan including private industry, non-profit organizations, and public institutions.

| Responsible Entity                                | Responsible Entity Type | Role   | Geographic Area Served |
|---|-------------------------|--|------------------------|
| City of Chino                                     | Government              | Economic Development<br>Non-homeless special needs<br>Ownership<br>Planning<br>neighborhood improvements<br>public facilities<br>public services | Jurisdiction           |
| Housing Authority of the County of San Bernardino | PHA                     | Public Housing<br>Rental   | Region                 |

**Table 51 - Institutional Delivery Structure**

### Assess of Strengths and Gaps in the Institutional Delivery System

The City of Chino staff has an abundance of experience in implementing CDBG-funded programs. Additionally, the City collaborates with seasoned affordable housing developers to address the community's housing needs. During the Consolidated Plan period, City staff will continue to work and coordinate with County, State and Federal organizations. Among these agencies are: Housing Authority of the County of San Bernardino; Area Agency on Aging; County of an Bernardino Homeless Partnership; and San Bernardino Office of Homeless Services. Homeless prevention, street outreach and supportive services are provided by contracted agencies with the City of Chino.

### Availability of services targeted to homeless persons and persons with HIV and mainstream services

| Homelessness Prevention Services        | Available in the Community | Targeted to Homeless | Targeted to People with HIV |
|---|----------------------------|----------------------|-----------------------------|
| <b>Homelessness Prevention Services</b> |                            |                      |                             |
| Counseling/Advocacy                     | X                          | X                    |                             |
| Legal Assistance                        | X                          | X                    |                             |
| Mortgage Assistance                     | X                          |                      |                             |
| Rental Assistance                       | X                          | X                    |                             |
| Utilities Assistance                    |                            |                      |                             |

| Street Outreach Services           |   |   |   |
|------------------------------------|---|---|---|
| Law Enforcement                    | X | X |   |
| Mobile Clinics                     | X | X |   |
| Other Street Outreach Services     | X | X |   |
| Supportive Services                |   |   |   |
| Alcohol & Drug Abuse               | X |   |   |
| Child Care                         | X |   |   |
| Education                          | X | X |   |
| Employment and Employment Training | X | X |   |
| Healthcare                         | X | X |   |
| HIV/AIDS                           |   |   | X |

| Mental Health Counseling           | X | X |   |
| Transportation                     | X | X |   |
| Other                              |   |   |   |
|                                    |   |   |   |

**Table 52 - Homeless Prevention Services Summary**

**Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)**

Homelessness prevention services, street outreach services and supportive services are available within the community as well as the highly targeted homeless community. The City of Chino does not directly provide homeless services and is not responsible for the service delivery system. San Bernardino County's leading authority addressing the region's homeless population is the San Bernardino County Homeless Partnership (SBCHP)

SBCHP is comprised of non- profit organizations, educational institutions, community and faith-based organizations, private industry, and federal, state and local governments. The purpose of SBCHP is to promote a strong collaboration across agencies to strategize and execute the County's 10- Year Strategy to end chronic homelessness. The County of San Bernardino Office of Homeless Services (OHS), on behalf of SBCHP submits applications to HUD for federal Continuum of Care (CoC) assistance to administer important services to aid the homeless population in the County of San Bernardino. Additionally, the County takes the "Housing First" approach with regards to homelessness, seeking projects to assist homeless households with children to obtain Rapid Re Housing, a version of permanent supportive housing. The County also seeks projects to housing the chronic homeless population with permanent supportive housing. One method used by the City of Chino to address homelessness is to support the County of San Bernardino's comprehensive strategy to address homelessness. This strategy is comprised

of activities to address the following three priorities: Emergency and transitional housing Persons at risk of becoming homeless Persons in transition from homelessness to permanent housing.

One method used by the City of Chino to address homelessness is to support the County of San Bernardino's comprehensive strategy to address homelessness. This strategy is comprised of activities to address the following three priorities:

- Emergency and transitional housing
- Persons at risk of becoming homeless
- Persons in transition from homelessness to permanent housing

The City also adopted zoning provisions to facilitate the development of transitional and supportive housing. Such housing is intended to help the homeless transition to permanent housing. The City of Chino has no emergency shelters, transitional housing, or permanent supportive housing located within its boundaries. Finally, while the City of Chino does not directly provide homeless services, SBCHP has published a Guide to Homeless Services, sharing resources to help those facing homelessness.

**Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above**

As previously noted above, the City does not directly provide services to the homeless. The City does coordinate with and has contributed to homeless planning efforts.

Special needs populations in the City of Chino include: Elderly, Persons with Disabilities, Persons with Alcohol/Drug Addiction, Persons with HIV/AIDS and their families, and Public Housing residents.

Services provided for the special needs population include:

- Adult Residential Facilities: There are 21 total facilities, providing residential homes for adults aged between 18- 59 with mental health care needs as well as those who have a developmental or physical disability, and prefer or require assistance with care and supervision.
- Sober Living Homes: Provide a safe place for people to live while recovering from drug and alcohol addiction. There are two facilities located in cities adjacent to Chino: Rancho Cucamonga (Forward Sobriety) and Fontana (Fontana Ranch).
- Foothill AIDS Project and AIDS Healthcare Foundation: these organizations are located adjacent to Chino and provide services including food, housing, emergency financial services, transportation and medical care.
- Public Housing Units: Chino provides 50 public housing units to support those in need of housing.

**Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs**

The Development Services Department continues to maintain and strengthen the existing structure for the delivery of programs and services funded by CDBG. The Department coordinates with the agencies responsible for administering a CDBG-funded activity: Development Services, Community Services, Department of Public Works as well as the public service agencies.

The City also developed the institutional structure for the delivery of housing assistance by the County of San Bernardino Housing Authority. The Housing Authority assists local residents through the Section 8 Housing Choice Voucher Program and also owns 50 public housing units located in Chino. The City enhanced the delivery of housing assistance to Chino residents by working with the local Ontario Housing Authority Office to obtain information on Section 8 assisted families.

## SP-45 Goals Summary – 91.215(a)(4)

### Goals Summary Information

| Sort Order | Goal Name  | Start Year | End Year | Category                                  | Geographic Area            | Needs Addressed                                       | Funding            | Goal Outcome Indicator   |

**Table 53 – Goals Summary**

## Goal Descriptions

|   |                         |  |
|---|-------------------------|--|
| 1 | <b>Goal Name</b>        | Improve existing housing through code enforcement  |
|   | <b>Goal Description</b> | The City will provide funding to ensure that its housing stock is decent, safe and sanitary, with the objective/outcome of providing for decent housing/sustainability.  |
| 2 | <b>Goal Name</b>        | Rehabilitate the existing housing stock  |
|   | <b>Goal Description</b> | The City will provide funding to improve the housing stock through housing rehabilitation, with the objective/outcome of providing for decent housing/affordability.   |
| 3 | <b>Goal Name</b>        | Improve the well-being of low-income persons   |
|   | <b>Goal Description</b> | The City will provide financial support to public service agencies addressing food insecurity, childcare and other needs of low-income persons and families, with the objective/outcome of providing for a suitable living environment/availability and accessibility.         |
| 4 | <b>Goal Name</b>        | Improve/upgrade public infrastructure & facilities   |
|   | <b>Goal Description</b> | The City will install ADA compliant ramps/sidewalks, streetlights and park renovation to improve public facilities in a primarily residential low- and moderate-income neighborhood, with the objective/outcome of providing for a suitable living environment/sustainability. |

|   |                         |   |
|---|-------------------------|---|
| 5 | <b>Goal Name</b>        | Encourage economic development  |
|   | <b>Goal Description</b> | The City will fund activities that contribute to the success of local businesses, with the objective/outcome of providing for economic opportunity/availability.  |
| 6 | <b>Goal Name</b>        | Achieve fair housing for all  |
|   | <b>Goal Description</b> | The City will continue to fund a fair housing provider that will investigate housing discrimination complaints and tenant/landlord issues, with the objective/outcome of providing for decent housing/availability and accessibility.   |
| 7 | <b>Goal Name</b>        | Effective grant administration  |
|   | <b>Goal Description</b> | The City will provide funds for Grant Administration including all regulatory compliance, sub-recipient monitoring, Annual Action Plans, annual CAPERs, Five-year Consolidated Plans, Analysis of Impediments to Fair Housing etc., with the objective/outcome of providing for a suitable living environment/availability and accessibility. |

**Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)**

The City estimates providing rehabilitation assistance to 10 low- and moderate-income homeowners annually. In addition, the City will work with non-profit and private affordable housing developers to explore opportunities to expand the affordable housing inventory.

## **SP-50 Public Housing Accessibility and Involvement – 91.215(c)**

### **Need to Increase the Number of Accessible Units (if Required by a Section 504 Voluntary Compliance Agreement)**

The City of Chino does not have a Housing Authority nor own public housing units that need to increase accessibility. The City does participate in the County's Section 8 Housing Voucher rental assistance program that provides financial assistance to extremely- low and very low-income families. Additionally, the Housing Authority of the County of San Bernardino manages one 50-unit public housing site that is located in Chino. These units house approximately 70 children, 12 seniors, 77 adults and 21 persons with disabilities. The affordable housing waitlist currently includes 798 households, of which 509 are extremely low income, showing a need for more public housing.

These public housing units have been updated in recent years with new plumbing fixtures, thermostats, windows, lighting and energy efficient water metering. Upgrades provide a substantial saving on water, energy and costs.

### **Activities to Increase Resident Involvements**

Resident involvement is achieved through Resident Council roles, which is promoted through the Housing Authority of the County of San Bernardino. Resident Councils focus on improving the quality of life and resident satisfaction through self-help initiatives. Such initiatives allow residents to build a positive living environment for individuals and families living in public housing.

### **Is the public housing agency designated as troubled under 24 CFR part 902?**

No

### **Plan to remove the 'troubled' designation**

The Housing Authority of the County of San Bernardino is not a "troubled" public housing agency.

## **SP-55 Barriers to affordable housing – 91.215(h)**

### **Barriers to Affordable Housing**

Negative Effects of Public Policies on Affordable Housing and Residential Investment. While it is critical to have policies and ordinances that ensure the highest standards for housing, it may, at times, become a hindrance when developing housing structures. These governmental constraints may also affect the affordability of housing in the City. They include the following:

**Parking Standards:** The City's Zoning Ordinance demands that duplex units that are at least 950 square feet in the area have two covered parking spaces per unit. Parking standards for multi-family units are based on the size of the unit, with an average of one parking space per bedroom as well as additional spaces for guest parking. On a case-by-case basis, this City reviews parking requirements when considering a potential constraint to development and thus allows for reductions in parking requirements. Additionally, projects with affordable housing units may meet the California Density Bonus requirement for parking, allowing for a decrease in parking based on the number of bedrooms.

**AB 1482:** Expands rent control to cover units built over 15 years ago and places an annual cap on rent to 5% plus inflation. AB 1482 was signed by Governor Newsom on October 8, 2019, but did not go into effect until January 1, 2020. The unintended consequence of the passing of this bill has been the surge of eviction notices and a substantial increase in rent towards tenants, specifically for low- income households.

**Land use controls:** The designations in the City's Zoning Ordinance include new high-density residential (RD 30) and several mixed-use designations (Mixed Use Medium Density and High Density). Since the adoption of the General Plan, the City also updated the Zoning Ordinance to implement the Mixed-Use designations (MU 20 and MU 30). However, a new zoning district to implement the High-Density Residential designation has not yet been created. This could incentivize the development of more affordable housing units due to the lower land costs per unit per acre. This is due to the density bonuses, which would see smaller units costing less to build than larger ones, therefore increasing the affordable housing costs.

**Public policy loopholes:** The tenant protection act (AB 1482) was enacted in October 2019, protecting renters from paying high rents. However, the law came into effect on January 1, 2020, since it did not receive a two-thirds majority vote. During the 85 days wait period, there has been a need to issue Temporary Eviction Moratoriums across the state of California by various cities to stop the eviction of tenants since a 30-day notice period is required for eviction. This, in turn, has rendered several lower-income renters homeless and in need of emergency housing.

**Growth Management:** Measure M requires that the maximum density of any land designated for residential use shall not exceed the density for such land established by the zoning map and zoning ordinance, or any development agreements in effect before November 8, 1988. Under Measure M, the City Council retains authority to reduce the density of residential land. The Council may also convert any residential land to any other non-residential use and may change uses among lands designated for non-

residential uses, with the exception of senior housing projects. It also prohibits the conversion of any land designated for a non-residential use to residential use, excepting school sites designated in the General Plan or in a specific plan, or development agreements approved by the City Council before November 8, 1988.

### **Strategy to Remove or Ameliorate the Barriers to Affordable Housing**

Participants of the City's Housing Element Outreach efforts were asked to identify barriers or constraints to the development of and access to housing within the City of Chino. The following constraints were provided: Lack of Resources, Housing availability, Permit Streamlining, Access to Funding, Development Standards, and Housing Fees.

The City of Chino 2021-2029 Housing Element Housing Plan describes the specific goals, policies, and programs aimed at providing additional housing opportunities, removing governmental constraints to affordable housing, improving the condition of existing housing, and providing equal housing opportunities for all residents.

The Southern California Association of Governments (SCAG) drafted a Regional Housing Needs Assessment (RHNA) to determine the City's share of the regional housing allocation. The RHNA quantifies the City of Chino's local share housing needs for the region by income category. Income categories are based on the most current Median Family Income (MFI) for San Bernardino County. The City's 2021-2029 RHNA growth need is as follows:

- 2,113 units - Very low-income (0-50% of County MFI)
- 1,284 units – Low-income (51-80% of County MFI)

## **SP-60 Homelessness Strategy – 91.215(d)**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The City recognizes the importance of awareness and outreach to reduce the risk of homelessness in our community. To aid in this effort, a Quality-of-Life Team and two Homeless Outreach Coordinators have recently been implemented as a new component of the City's strategy to assist individuals/families who are most at risk. The Quality-of-Life Team and Outreach Coordinators is a collaborative effort between the City of Chino Police Department, non-profit and faith-based organizations, case management staff, and medical/mental health facilities. As Chino Police Officers or Outreach Coordinators encounter homeless individuals, this team intervenes quickly by arranging for emergency shelter, providing medical or mental health resources, counseling, and other intervention needed to enable a holistic approach to meet the needs of this special population. The City also collaborates with faith-based groups, nonprofits, business, and community members to effectively address and reduce the homeless population. The team will provide homeless prevention activities to individuals and families at-risk of homelessness. The Outreach Coordinators will provide consistent and intensive case management services to individuals living on the streets. Assisting these most vulnerable and service resistant individuals will result in direct savings to city facilities and staff, law enforcement, paramedics/fire, business and improve the overall quality of life for the City of Chino.

Goals and actions over the next year include: the enhancement of the Homeless Outreach Team's community involvement, and increased promotion and education to staff about the sensitivity and growing concerns revolving around the homeless population, organized Outreach Clinics fostering relationships with community partners that provide comprehensive resources related to physical/mental health, transitional and affordable housing, employment, education, social services and case management.

In addition to the new efforts of our Homeless Outreach Team as described above, City staff will continue to assist Chino Valley Unified School District students as identified as homeless by McKinney-Vento, by working to minimize educational disruptions and providing care packages, family emergency hotel vouchers, rental deposit assistance and utility payment assistance and in obtaining transitional and affordable housing through City programs and partnerships with County and local housing agencies, referrals to mental or physical health agencies, job resources, and case management. High school students are also provided assistance in completing job applications, obtaining work permits, writing resumes, and interviewing techniques to aid in securing employment. These efforts aim to educate our youth and low-income families to aid in homelessness prevention.

### **Addressing the emergency and transitional housing needs of homeless persons**

Additionally, the City has eight case managers who provide referral services, follow-up, and ongoing support for clients at no charge. Outreach is promoted at various community and promotional events. City staff also assist children in the Chino Valley Unified School District who have been identified as

homeless, as determined by McKinney-Vento, by helping them with minimizing educational disruptions. City staff distributes care packages to the identified students and also provide referrals to mental or physical health agencies and follow up on the progress of the students.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.**

The City recently adopted zoning provisions to facilitate the development of transitional and supportive housing. The City supports the efforts of the San Bernardino County Interagency Council on Homelessness to help individuals make the transition to permanent housing and independent living. Additionally, the City supports new strategies such as the Housing First Model and Rapid Re-housing to house homeless persons. Community Services staff (Case Managers/Supervisors) attend meetings at the Office of Homeless Services. The City has partnered with a few organizations to address the city's homeless issues. The Police Department has formed a (Quality of Life Team) which Community Services Homeless Outreach Coordinators and PD approach the homeless on the street and counsel them and provide them with resources for assistance. Community Services staff also partners with the Chino Unified School District (HOPE Program) to provide services needed to homeless students. Community Services staff also attend meetings with San Bernardino County Homeless Partnership Provider Network. City staff has formed a Homeless Subcommittee with faith-based groups to address the homeless issues in the city and provide assistance. All the above information is available on the city website and counter staff at City Hall has handouts for anyone that comes into City Hall to inquire.

**Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs**

As stated above, a Homeless Outreach Team (HOT) has recently been implemented as a new component of the City's strategy to assist individuals/families who are at risk or face homelessness. This team intervenes quickly with the homeless population, arranging for emergency shelter, providing medical or mental health resources, counseling, and other interventions needed to enable a holistic approach to meet the needs of this special population.

Rental assistance is a component of the City's strategy to prevent homelessness by individuals and families who are at risk of homelessness. The City administers a Rental Security Deposit, Rental Payment and Utility Payment Assistance Program to assist residents in jeopardy of losing their housing or loss of utility service. Among this group are extremely low-income renters who are spending more than 50% of their

income on housing costs. Also, among the people who are threatened with homelessness are the persons and families on the Section 8 waiting list. During the Program year, the City continued to support the HACSB Housing Choice Voucher (Section 8) rental assistance program. In addition, the City encouraged the HACSB's landlord outreach efforts in Chino.

In addition, the City's fair housing provider assisted homeowners in jeopardy of losing their housing. They mediated landlord/tenant complaints and worked with the tenant in formulating a plan, such as a rent repayment plan, and mediated with the landlord in accepting the terms so that the tenant was not evicted.

## **SP-65 Lead based paint Hazards – 91.215(i)**

### **Actions to address LBP hazards and increase access to housing without LBP hazards**

To reduce lead in existing housing, and in order to prevent possible exposure to lead in City rehabilitation projects, Chino will adhere to HUD guidelines for lead-safe work practices in all rehabilitation and minor home repair projects funded with CDBG and/or non-federal funds. The HUD Guidelines state that all contractors must follow these procedures:

- Contain work area
- Minimize dust
- Clean up thoroughly
- Require that contractors performing renovation, repair and painting projects that disturb lead-based paint provide to owners and occupants of child care facilities and to parents and guardians of children under age six that attend child care facilities built prior to 1978 the lead hazard information pamphlet Renovate Right: Important Lead Hazard Information for Families, Child Care Providers, and Schools.

### **How are the actions listed above related to the extent of lead poisoning and hazards?**

Units built prior to 1980 hold risk of having lead-based paint hazard in them. ACS Data from 2016-2020 demonstrates 46% (6,480 owners, 3,225 renter) of Chino's housing stock was built prior to 1980, making them susceptible to lead based paint hazards. Whenever the City is involved in rehabilitation work, the City will provide notification, conduct a lead inspection for units constructed prior to 1978, will hire qualified contractors to do lead hazard reduction, and will issue a final report on the work. The City also adheres to the State lead-based paint (LBP) regulations. Additionally, the City educates the public on the hazards of lead-based paint as part of the Home Improvement Grant process.

### **How are the actions listed above integrated into housing policies and procedures?**

The City educates the public on the hazards of lead-based paint as part of the Home Improvement Grant process.

## **SP-70 Anti-Poverty Strategy – 91.215(j)**

### **Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families**

The City of Chino recognizes that a reduction in poverty will contribute to the economic well being of families and individuals. Households whose income increases above the poverty level will be able to live independent of public and private assistance. Goals, policies and programs are outlined below:

**Goal:** To reduce poverty level incomes below current levels by 2025. This goal will be monitored by tracking the results of the annual American Community Survey.

**Policy:** To continue to support and coordinate with public and private efforts aimed at preventing and reducing poverty level incomes.

**Policy:** To conduct outreach with public and private agencies whose mission is to reduce poverty level incomes. Agencies include House of Ruth, County of San Bernardino Housing Authority, The County's Continuum of Care, The County of San Bernardino Office of Homeless Services and The San Bernardino County Homeless Partnership.

**Program:** To support and coordinate with the organizations who directly or indirectly contribute to a reduction in poverty such as the Community Action Partnership of San Bernardino and the County of San Bernardino Housing Authority.

**Program:** Workforce development programs help households by providing them with jobs and training. Programs include the Workforce Innovation and Opportunity Act Youth Programs and Services which provides youth ages 16-24 access to a variety of career and education services, enhancing job skills, leadership training, peer mentoring and building one's portfolio of work experiences.

**De-Concentration and Income Mixing:** The City's Analysis of Impediments to Fair Housing Choice (2020) discusses income mixing and de-concentrating neighborhoods high in poverty. This strategy was introduced by the Housing Authority and includes:

- Providing free counseling to families with school age children who are located in high poverty areas and encouraging these individuals to explore housing opportunities in low poverty areas.
- Offering information to prospective tenants regarding high and low poverty areas and encouraging tenants to locate in low poverty areas.

### **How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan**

In order to contribute to a reduction of poverty income level families, the City will carry out the following anti-poverty actions in coordination with its affordable housing plan:

- The City will continue to support the Section 8 Housing Choice Voucher Program and public housing units located within the community.
- The City will coordinate with the Housing Authority of the County of San Bernardino to increase the number of households who obtain rental assistance.
- The City will work with the Housing Authority of San Bernardino County to encourage families receiving Section 8 rental assistance and living in public housing units to participate and graduate from the Family Self-Sufficiency Program (FSS).
- The City will periodically request information from the Housing Authority on FSS participation and graduation levels.
- The City will provide funding for childcare services. Access to childcare is a policy that contributes to helping the working poor to make ends meet and avoid poverty.

## **SP-80 Monitoring – 91.230**

**Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The City of Chino Development Services Department will require all sub-recipients under the CDBG program to submit a quarterly grantee performance report, documenting the number, income, race/ethnicity, and household characteristics of the persons/households assisted. In addition, the Department will conduct annual site visits to sub-recipients to ensure the quality and location of services and the targeted beneficiaries are consistent with CDBG program guidelines, as well as the contracted scope of services that will be specified in the agreements with the City.

## Expected Resources

### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

Anticipated resources available to address the need and priorities of the FY 2025-2029 Consolidated Plan include CDBG funds. The City anticipates receiving CDBG funds in the amount of \$2,700,000 during the five-year period of the Consolidated Plan and \$585,259 in FY 2025-2026. In addition, \$81,080.01 of unexpended prior year carryover will be available. The City does not receive HOME or ESG funds.

#### Anticipated Resources

| Program | Source of Funds  | Uses of Funds  | Expected Amount Available Year 1 |                    |                          |              | Expected Amount Available Remainder of Con Plan \$ | Narrative Description  |
|---------|------------------|--|----------------------------------|--------------------|--------------------------|--------------|--|--|
|         |                  |  | Annual Allocation: \$            | Program Income: \$ | Prior Year Resources: \$ | Total: \$    |  |  |
| CDBG    | public - federal | Acquisition<br>Admin and Planning<br>Economic Development<br>Housing<br>Public Improvements<br>Public Services | \$585,259.00                     | \$0.00             | \$81,080.01              | \$666,339.01 | \$2,114,741.00                                     | The estimated amount of CDBG funds over the 5-year Con Plan period is \$2,700,000. |

**Table 54 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

CDBG funds support the Housing Improvement Grant Program. To supplement this Federal funding, the City has obtained CalHOME funds in the past. The City continues to seek this funding and other potential replacement funding sources. The CDBG Program does not require a match. Although the HOME Program requires a match, the City does not receive funding from this program.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

The City owns one property that house low-income families. This single-family home has been made available to address the CDBG housing and non-housing community development needs. This property is currently vacant and in the process of being rehabilitated.

**Discussion**

See narratives above.

## Annual Goals and Objectives

### Goal Descriptions

|   |                  |  |
|---|------------------|--|
| 1 | Goal Name        | Improve existing housing through code enforcement  |
|   | Goal Description | The City will provide funding to ensure that its housing stock is decent, safe and sanitary, with the objective/outcome of providing for decent housing/sustainability.  |
| 2 | Goal Name        | Rehabilitate the existing housing stock  |
|   | Goal Description | The City will provide funding to improve the housing stock through housing rehabilitation, with the objective/outcome of providing for decent housing/affordability.   |
| 3 | Goal Name        | Improve the well-being of low-income persons   |
|   | Goal Description | The City will provide financial support to public service agencies addressing food insecurity, childcare and other needs of low-income persons and families, with the objective/outcome of providing for a suitable living environment/availability and accessibility.         |
| 4 | Goal Name        | Improve/upgrade public infrastructure & facilities   |
|   | Goal Description | The City will install ADA compliant ramps/sidewalks, streetlights and park renovation to improve public facilities in a primarily residential low- and moderate-income neighborhood, with the objective/outcome of providing for a suitable living environment/sustainability. |

|   |                         |   |
|---|-------------------------|---|
| 5 | <b>Goal Name</b>        | Achieve fair housing for all  |
|   | <b>Goal Description</b> | The City will continue to fund a fair housing provider that will investigate housing discrimination complaints and tenant/landlord issues, with the objective/outcome of providing for decent housing/availability and accessibility.   |
| 6 | <b>Goal Name</b>        | Effective grant administration  |
|   | <b>Goal Description</b> | The City will provide funds for Grant Administration including all regulatory compliance, sub-recipient monitoring, Annual Action Plans, annual CAPERs, Five-year Consolidated Plans, Analysis of Impediments to Fair Housing etc., with the objective/outcome of providing for a suitable living environment/availability and accessibility. |

## Projects

### AP-35 Projects – 91.220(d)

#### Introduction

For FY 2025-2026, the City will receive an allocation of \$585,259 in CDBG entitlement. In addition, \$81,080.01 of prior year unexpended carryover is available. The available CDBG funds have been allocated to projects that contribute to achieving the priority needs and goals established by the 5-Year Strategic Plan. The projects are consistent with the citizen input received during the development of the Consolidated Plan.

One of the greatest challenges in meeting the underserved needs of low- and moderate-income persons is having limited financial resources. The City will continue to use CDBG funding to support public service agencies that address the special needs of the underserved, including the elderly and frail elderly and persons belonging to protected classes that have been the victims of housing discrimination.

The City also proactively seeks additional resources to better meet the underserved needs.

#### Projects

| #  | Project Name   |
|----|--|
| 1  | CDBG Administration                                    |
| 2  | Fair Housing Services                                  |
| 3  | Chino Neighborhood House                               |
| 4  | Family Services Association Senior Nutrition Program   |
| 5  | Inland Valley HOPE Partners                            |
| 6  | House of Ruth  |
| 7  | Human Services - Family Counseling Program             |
| 8  | Sunrise Church of California Food Distribution Program |
| 9  | Public Works Graffiti Abatement                        |
| 10 | Code Compliance Program                                |
| 11 | NPHS Home Improvement Grants                           |
| 12 | Public Improvements Program- Monte Vista Park Project  |
| 13 | Landlord Tenant Mediation Services                     |

**Table 55 – Project Information**

#### **Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

For FY 2025-2026, CDBG funds have been allocated to projects that contribute to achieving the priority needs and goals established by the 5-Year Strategic Plan. The projects are consistent with the citizen input received during the development of the Consolidated Plan. One of the greatest challenges in meeting the

underserved needs of low- and moderate-income persons is having limited financial resources. The City will continue to use CDBG funding to support public service agencies that address the special needs of the underserved, including the elderly and frail elderly and persons belonging to protected classes that have been the victims of housing discrimination. The City also proactively seeks additional resources to better meet the underserved needs. The City has a detailed list of approved Capital Improvement Projects that demonstrate a general public need though funding is scarce. Federal funds are used to serve the target areas, meet the established goals for these funds, and to serve the greatest number of members of the community. The City will use its funds to provide First Time Homebuyer assistance, Acquisition and Rehabilitation of existing housing stock for affordable housing, preservation of affordable housing, and new construction of affordable housing. For public services, the City utilizes CDBG funds. CDBG regulations, limit the amount the City can spend on public services and is capped at 15% of the City's annual entitlement. The City provides funding to non-profit organizations that demonstrate an ability to provide needed services that directly benefit the residents of the City. The use of CDBG funds for public services enables non-profit organization and City Departments to leverage these funds with other funding sources for projects and activities that serve the greatest number of residents with the limited amount of funding.

|   | <b>Needs Addressed</b>   | Administration and Planning   |
|   | <b>Funding</b>   | CDBG: \$97,051  |
|   | <b>Description</b>   | Funds will be used to provide CDBG Program Administration.  |
|   | <b>Target Date</b>   | 6/30/2026   |
|   | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | All residents will benefit from the administration of the CDBG program, approximately 14,953 of which are considered low- and moderate-income.  |
|   | <b>Location Description</b>  | This project is available citywide and is administered by the City's Development Services Department located at 13220 Central Avenue Chino, CA 91710.   |
|   | <b>Planned Activities</b>  | Funds are used for general management, monitoring, and oversight of the CDBG Program, including the preparation of the 5-Year Consolidated Plan, Analysis of Impediments to Fair Housing, Annual Action Plan and CAPER. |
| 2 | <b>Project Name</b>  | Fair Housing Services   |
|   | <b>Target Area</b>   | City-wide   |
|   | <b>Goals Supported</b>   | Achieve fair housing for all  |
|   | <b>Needs Addressed</b>   | Achieve fair housing for all<br>Administration and Planning   |
|   | <b>Funding</b>   | CDBG: \$20,000.00   |

|   |  |  |
|---|--|--|
|   | <b>Description</b>   | The Inland Fair Housing and Mediation Board offers comprehensive fair housing services and investigates/processes housing discrimination complaints.                 |
|   | <b>Target Date</b>   | 6/30/2026  |
|   | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 20 low- and moderate-income households will benefit.   |
|   | <b>Location Description</b>  | Services are available citywide, and the program is administered by Inland Fair Housing and Mediation Board located at 3175 D. Sedona Ct. Suite 2, Ontario, CA 91764 |
|   | <b>Planned Activities</b>  | Investigate and process housing discrimination complaints.   |
| 3 | <b>Project Name</b>  | Chino Neighborhood House   |
|   | <b>Target Area</b>   | City-wide  |
|   | <b>Goals Supported</b>   | Improve the well-being of low-income persons   |
|   | <b>Needs Addressed</b>   | Public Services  |
|   | <b>Funding</b>   | CDBG: \$11,558   |
|   | <b>Description</b>   | Non-profit public service program to assist families who are homeless or on the verge of homelessness with food and clothing assistance.                             |
|   | <b>Target Date</b>   | 6/30/2026  |
|   | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 1,110 low- and moderate-income people will benefit.  |
|   | <b>Location Description</b>  | Services are available citywide, and this program is administered by Chino Neighborhood House located at 13130 6th Street Chino, CA 91710.                           |
|   | <b>Planned Activities</b>  | The City will contract with Chino Neighborhood House to provide food and clothing assistance.  |
|   | <b>Project Name</b>  | Family Services Association Senior Nutrition Program   |

|   |  |   |
|---|--|---|
| 4 | <b>Target Area</b>   | City-wide   |
|   | <b>Goals Supported</b>   | Improve the well-being of low-income persons  |
|   | <b>Needs Addressed</b>   | Public Services   |
|   | <b>Funding</b>   | CDBG: \$11,558.00   |
|   | <b>Description</b>   | This program provides meals to seniors, including home delivered.   |
|   | <b>Target Date</b>   | 6/30/2026   |
|   | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 455 seniors will benefit.   |
|   | <b>Location Description</b>  | Services are available citywide at the Chino Senior Center and the program is administered by Family Services Association located at 21250 Box Springs Rd., Ste. 212 Moreno Valley, CA 92557. |
| 5 | <b>Planned Activities</b>  | Services provided at the Chino Senior Center and meals provided to homebound seniors. The City will contract with the Family Services Association to administer this program.                 |
|   | <b>Project Name</b>  | Inland Valley HOPE Partners   |
|   | <b>Target Area</b>   | City-wide   |
|   | <b>Goals Supported</b>   | Improve the well-being of low-income persons  |
|   | <b>Needs Addressed</b>   | Public Services   |
|   | <b>Funding</b>   | CDBG: \$10,000.00   |
|   | <b>Description</b>   | Non-profit public service program families who are homeless or on the verge of homelessness with food, shelter and clothing assistance.   |
|   | <b>Target Date</b>   | 6/30/2026   |

|   |  |   |
|---|--|---|
|   | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 400 low- and moderate-income people will benefit from this activity.  |
|   | <b>Location Description</b>  | Services are available citywide and this program is administered by Inland Valley HOPE Partners located at 5581 Daniels St. Unit F, Chino, CA 91710.  |
|   | <b>Planned Activities</b>  | The City will contract with the Inland Valley HOPE Partners to provide food, shelter and clothing assistance.   |
| 6 | <b>Project Name</b>  | House of Ruth   |
|   | <b>Target Area</b>   | City-wide   |
|   | <b>Goals Supported</b>   | Improve the well-being of low-income persons  |
|   | <b>Needs Addressed</b>   | Public Services   |
|   | <b>Funding</b>   | CDBG: \$11,557.00   |
|   | <b>Description</b>   | This program assists persons who are victims of domestic violence by providing short-term shelter and transitional housing, counseling, outreach, education, and prevention services to battered and abused spouses and their children. |
|   | <b>Target Date</b>   | 6/30/2026   |
|   | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 55 low- and moderate-income people will benefit from this activity.   |
|   | <b>Location Description</b>  | Services are available citywide, and the program is administered by the House of Ruth located at 599 N. Main Street, Pomona, CA 91768.  |

|   |  |   |
|---|--|---|
|   | <b>Planned Activities</b>  | This program assists persons who are victims of domestic violence by providing short-term shelter and transitional housing, counseling, outreach, education, and prevention services to battered and abused spouses and their children. |
| 7 | <b>Project Name</b>  | Human Services - Family Counseling Program  |
|   | <b>Target Area</b>   | City-wide   |
|   | <b>Goals Supported</b>   | Improve the well-being of low-income persons  |
|   | <b>Needs Addressed</b>   | Public Services   |
|   | <b>Funding</b>   | CDBG: \$11,558.00   |
|   | <b>Description</b>   | City operated public service program to assist families with resolving family problems and disputes with specific emphasis on those that have been victims or are potential victims of family violence.                                 |
|   | <b>Target Date</b>   | 6/30/2026   |
|   | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 300 low- and moderate-income people will benefit from this activity.  |
|   | <b>Location Description</b>  | Services are available citywide and the program is administered by the Human Services Department located at 13201 Central Avenue, Chino, CA 91710.  |
| 8 | <b>Planned Activities</b>  | Program will assist families with resolving family problems and disputes with specific emphasis on those that have been victims or are potential victims of family violence.  |
|   | <b>Project Name</b>  | Sunrise Church of California Food Distribution Program  |
|   | <b>Target Area</b>   | City-wide   |
|   | <b>Goals Supported</b>   | Improve the well-being of low-income persons  |
|   | <b>Needs Addressed</b>   | Public Services   |
|   | <b>Funding</b>   | CDBG: \$10,000.00   |

|           |  |   |
|-----------|--|---|
|           | <b>Description</b>   | This program provides food distribution to needy families.  |
|           | <b>Target Date</b>   | 6/30/2026   |
|           | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | This program will provide food distribution to approximately 400 needy families.  |
|           | <b>Location Description</b>  | Services are available citywide, and this program is administered by Sunrise Church located at 5559 Park Place, Chino CA 91710  |
|           | <b>Planned Activities</b>  | The City will contract with Sunrise Church to provide food distribution to needy families.  |
| <b>9</b>  | <b>Project Name</b>  | Public Works Graffiti Abatement   |
|           | <b>Target Area</b>   | City-wide   |
|           | <b>Goals Supported</b>   | Improve the well-being of low-income persons  |
|           | <b>Needs Addressed</b>   | Public Services   |
|           | <b>Funding</b>   | CDBG: \$10,000.00   |
|           | <b>Description</b>   | This program removes incidents of graffiti in order to avoid slum/blight.   |
|           | <b>Target Date</b>   | 6/30/2026   |
|           | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 13,000 incidents of graffiti will be removed benefitting the residents of the low- and moderate-income areas.   |
|           | <b>Location Description</b>  | This activity is undertaken in the low- and moderate-income areas and is administered by the Public Works Department located at 13220 Central Avenue, Chino, CA 91710 |
|           | <b>Planned Activities</b>  | This program removes incidents of graffiti in order to avoid slum/blight.   |
| <b>10</b> | <b>Project Name</b>  | Code Compliance Program   |
|           | <b>Target Area</b>   | Area benefit neighborhoods  |

|    |  |   |
|----|--|---|
|    | <b>Goals Supported</b>   | Improve existing housing through code enforcement   |
|    | <b>Needs Addressed</b>   | Community Preservation Services   |
|    | <b>Funding</b>   | CDBG: \$40,000.00   |
|    | <b>Description</b>   | CDBG funding is used by City staff to implement the code enforcement program to eliminate slum/blight conditions.   |
|    | <b>Target Date</b>   | 6/30/2026   |
|    | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 435 cases/housing units will be inspected in the low- and moderate-income areas.  |
|    | <b>Location Description</b>  | Activity will occur in the low- and moderate-income areas and is administered by the Code Enforcement Division located at 13220 Central Avenue Chino, CA 91710. |
|    | <b>Planned Activities</b>  | Proactively enforce codes protecting the public health, safety, and welfare of Chino residents.   |
| 11 | <b>Project Name</b>  | NPHS Home Improvement Grants  |
|    | <b>Target Area</b>   | City-wide   |
|    | <b>Goals Supported</b>   | Rehabilitate the existing housing stock   |
|    | <b>Needs Addressed</b>   | Affordable Housing  |
|    | <b>Funding</b>   | CDBG: \$70,000.00   |
|    | <b>Description</b>   | This program funds home rehabilitation of qualified senior citizen households or homeowners with mobility disabilities.   |
|    | <b>Target Date</b>   | 6/30/2026   |
|    | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 15 housing units owned by low- and moderate-income families will be repaired.   |

|           |  |   |
|-----------|--|---|
|           | <b>Location Description</b>  | This program is available citywide and is administered by Neighborhood Partnership Housing Services located at 9551 Pittsburgh Ave, Rancho Cucamonga, CA 91730.                                   |
|           | <b>Planned Activities</b>  | The City will provide grants to low- and moderate-income homeowners to facilitate housing rehabilitation.   |
| <b>12</b> | <b>Project Name</b>  | Public Improvements Program- Monte Vista Park Project   |
|           | <b>Target Area</b>   | Area benefit neighborhoods  |
|           | <b>Goals Supported</b>   | Improve/upgrade public infrastructure & facilities  |
|           | <b>Needs Addressed</b>   | Community Facilities and Infrastructure   |
|           | <b>Funding</b>   | CDBG: \$270,419.00  |
|           | <b>Description</b>   | The City's Public Works Department will be provided funds to improve Monte Vista Park parking lot and pedestrian access to the park, which is located in a low- and moderate-income neighborhood. |
|           | <b>Target Date</b>   | 6/30/2026   |
|           | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | This activity will benefit approximately 755 low- and moderate-income people in Census Tract 5.03 block group 1 will benefit  |
|           | <b>Location Description</b>  | Activity will occur at Monte Vista Park located 13196 Monte Vista Ave., Chino CA 91710 and will be administered by the Public Works Department.   |
| <b>13</b> | <b>Planned Activities</b>  | This program will accomplish the renovations at Monte Vista Park.   |
|           | <b>Project Name</b>  | Landlord Tenant Mediation Services  |
|           | <b>Target Area</b>   | City-wide   |

|  |  |  |
|--|--|--|
|  | <b>Goals Supported</b>   | Improve the well-being of low-income persons   |
|  | <b>Needs Addressed</b>   | Public Services  |
|  | <b>Funding</b>   | CDBG: \$11,558.00  |
|  | <b>Description</b>   | The City will contract with the Inland Fair Housing and Mediation Board to provide landlord-tenant mediation services.   |
|  | <b>Target Date</b>   | 6/30/2026  |
|  | <b>Estimate the number and type of families that will benefit from the proposed activities</b> | Approximately 100 low- and moderate-income people will benefit.  |
|  | <b>Location Description</b>  | Services are available citywide, and the program is administered by Inland Fair Housing and Mediation Board located at 3175 D. Sedona Ct. Suite 2, Ontario, CA 91764 |
|  | <b>Planned Activities</b>  | The City will contract with the Inland Fair Housing and Mediation Board to provide landlord tenant mediation services.   |

## **AP-50 Geographic Distribution – 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

Assistance will be primarily directed to low- and moderate-income persons or households citywide, though all public facility and infrastructure improvement project funds will be directed to the low- and moderate-income residential neighborhoods of the City.

### **Geographic Distribution**

| <b>Target Area</b>         | <b>Percentage of Funds</b> |
|----------------------------|----------------------------|
| City-wide                  | 35                         |
| Area benefit neighborhoods | 45                         |

**Table 56 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

Geographic distribution of funding is based on the nature of the activity to be funded. The City intends to fund activities in areas most directly impacted by the needs of low- and moderate-income residents and those with other special needs. Approximately 15 percent of the City's CDBG allocation will be provided for public service activities, which are provided to low- and moderate-income residents throughout the community. An additional 20 percent will be allocated to Administration and Planning and a fair housing provider. The remaining 65 percent, and any unexpended funds from the prior year will be designated for Public Facilities and Infrastructure Projects administered by the Public Works Department which take place in the primarily residential low- and moderate-income areas. As previously stated, the assignment of priority levels is primarily a result of input from public and private agencies responding to the City's Housing and Community Development Needs Survey, consultation interviews, and statistical data compiled from the Needs Assessment. Only eligible activities that received a High priority level in the Consolidated Plan, will be funded.

### **Discussion**

See narratives above.

## Affordable Housing

### AP-55 Affordable Housing – 91.220(g)

#### Introduction

The Section 8 Housing Voucher rental assistance program provides assistance to approximately 347 extremely low and very low-income families. In addition, 50 public housing units are located in Chino. Approximately 10 low- and moderate-income households will receive Home Improvement Grants. Tables 64 and 65 show these affordable housing goals.

| One Year Goals for the Number of Households to be Supported |     |
|---|-----|
| Homeless  | 0   |
| Non-Homeless  | 357 |
| Special-Needs   | 0   |
| Total   | 357 |

**Table 57 - One Year Goals for Affordable Housing by Support Requirement**

| One Year Goals for the Number of Households Supported Through |     |
|---|-----|
| Rental Assistance   | 347 |
| The Production of New Units                                   | 0   |
| Rehab of Existing Units                                       | 10  |
| Acquisition of Existing Units                                 | 0   |
| Total   | 357 |

**Table 58 - One Year Goals for Affordable Housing by Support Type**

#### Discussion

Refer to the table and narrative above.

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

The City of Chino does not have a Housing Authority. The Housing Authority of the County of San Bernardino owns the 50 public housing units located in the City.

### **Actions planned during the next year to address the needs to public housing**

The Housing Authority of the County of San Bernardino has prepared a five-year Strategic Plan and an Annual Plan. The Plans guide the actions of the Housing Authority in addressing the needs of extremely low and very-low-income families and include goals to increase the supply of affordable housing, promote self-sufficiency and asset development, ensure equal opportunity and affirmatively further fair housing, and in achieving consistency with each jurisdiction's Consolidated Plan. The City will continue to monitor the Housing Authority's Plans and provide input as it pertains to Chino residents in an effort to increase the supply of affordable housing.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

The Housing Authority of the County of San Bernardino's Community Development Initiatives Department connects residents and participants to services and activities that encourage self-sufficiency and supports a mission of enhancing the quality of life. The Career and Technology Centers (Public Computer Centers) offer free access to high-speed internet and staff to help individuals search for employment, build resumes, and access other resources. The Community Development Initiatives Department strives to provide a supportive environment for individuals to access local services and resources and help them achieve self-sufficiency. Housing Authority staff helps interested participants find an appropriate mortgage lender and works with the participant through the process of buying a home. In order to qualify to participate in the Homeownership Assistance Program, a person must:

- Reside in San Bernardino County for at least 1 year before applying to the program.
- Participate at least 1-year in the Housing Choice Voucher Program or Public Housing Program.
- Be in good standing with the Housing Authority.
- Have no previous homeownership history within the past 3 years.
- Must be currently employed full time for at least 2 years earning more than \$14,500 a year (2000 hours at Federal minimum wage). This requirement does not apply to disabled or elderly (62 years or older) participants.
- Be credit worthy to secure their own mortgage financing through a lender, including no outstanding collection accounts, judgments or liens and at least 2 years since the discharge of a bankruptcy.
- Have a gross household income of at least 2 times the HACSB payment standard for the unit size

(this requirement does not apply to disabled or elderly participants).

- Can contribute a total down payment of 3% of the purchase price. The program requires at least 1% of the down payment must come from the participant. The other 2% can be gifts, contributions and grants.

Once the family/individual has met the above homeownership eligibility criteria the home purchasers must complete a minimum of 8 hours of homebuyer's education from a HUD-approved counseling program.

**If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

The Housing Authority of the County of San Bernardino is not a troubled PHA.

**Discussion**

Refer to the above narratives.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

In order to effectively address homelessness in a comprehensive manner, HUD asks cities to form Continuums of Care. A Continuum of Care refers to an overall plan to coordinate the efforts of all involved parties to meet the needs of homeless persons and persons at risk of homelessness. The components of a continuum include:

- Homeless prevention
- Emergency shelter
- Transitional shelter
- Permanent supportive housing
- Supportive services

The overall objective is to move homeless persons and families outside the service delivery system into emergency housing, then to transitional housing, and finally to self-sufficiency or permanent supportive housing. One of the methods used by the City of Chino to address homelessness is to support the County of San Bernardino's comprehensive strategy to address homelessness. This strategy is comprised of activities to address the following three priorities:

- Emergency and transitional housing
- Persons at risk of becoming homeless
- Persons in transition from homelessness to permanent housing

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

Outreach assistance is a component of the City's strategy to prevent homelessness by individuals and families who are at risk of homelessness. The City has 8 case managers who will provide referral services, follow-up, and ongoing support for clients at no charge. Outreach is promoted at various community and promotional events. City staff also assist children in the Chino Valley Unified School District who have been identified as homeless, as determined by McKinney-Vento, by assisting them with minimizing educational disruptions. City staff distributes care packages to the identified students and also provide referrals to mental or physical health agencies and follow up on the progress of the students.

The City recognizes the importance of awareness and outreach to reduce the risk of homelessness in our community. To aid in this effort, a Quality-of-Life Team and two Homeless Outreach Coordinators have recently been implemented as a new component of the City's strategy to assist individuals/families who

are most at risk. The Quality-of-Life Team and Outreach Coordinators is a collaborative effort between the City of Chino Police Department, non-profit and faith-based organizations, case management staff, and medical/mental health facilities. As Chino Police Officers or Outreach Coordinators encounter homeless individuals, this team intervenes quickly by arranging for emergency shelter, providing medical or mental health resources, counseling, and other intervention needed to enable a holistic approach to meet the needs of this special population. The City also collaborates with faith-based groups, nonprofits, business, and community members to effectively address and reduce the homeless population. The team will provide homeless prevention activities to individuals and families at-risk of homelessness. The Outreach Coordinators will provide consistent and intensive case management services to individuals living on the streets. Assisting these most vulnerable and service resistant individuals will result in direct savings to city facilities and staff, law enforcement, paramedics/fire, business and improve the overall quality of life for the City of Chino.

Goals and actions over the next year include: the enhancement of the Homeless Outreach Team's community involvement, and increased promotion and education to staff about the sensitivity and growing concerns revolving around the homeless population, organized Outreach Clinics fostering relationships with community partners that provide comprehensive resources related to physical/mental health, transitional and affordable housing, employment, education, social services and case management.

In addition to the new efforts of our Homeless Outreach Team as described above, City staff will continue to assist Chino Valley Unified School District students as identified as homeless by McKinney-Vento, by working to minimize educational disruptions and providing care packages, family emergency hotel vouchers, rental deposit assistance and utility payment assistance and in obtaining transitional and affordable housing through City programs and partnerships with County and local housing agencies, referrals to mental or physical health agencies, job resources, and case management. High school students are also provided assistance in completing job applications, obtaining work permits, writing resumes, and interviewing techniques to aid in securing employment. These efforts aim to educate our youth and low-income families to aid in homelessness prevention.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

Forty-three (43) is Chino's most recent count of unsheltered homeless persons according to the San Bernardino County 2024 Homeless Count and Subpopulation Survey: Final Report, January 2024. Per the Report, six (6) steps that the San Bernardino County Continuum of Care should take to help end homelessness, which are aligned with the County of San Bernardino 10-Year Strategy to End Homelessness and are also aligned with several evidence-based and best practices that have helped achieve unprecedented decreases in the total number of homeless persons, particularly among families, chronic -homeless persons, and veterans, across the country since 2005 include:

1. Encourage each city to adopt their unsheltered homeless count numbers as baseline numbers

2. Completely align with a Housing First model and low-barrier approach for chronically homeless individuals and families
3. Completely align with a rapid rehousing and low-barrier approach for non chronically homeless individuals and families.
4. Align the current homeless services delivery system with a goal of ending homelessness among unaccompanied women by 2025.
5. Increase the Number of Permanent Supportive Housing Units.
6. Increase Rapid Rehousing Assistance

The City will continue to coordinate with County efforts to end homelessness.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The City recently adopted zoning provisions to facilitate the development of transitional and supportive housing. The City supports the efforts of the San Bernardino County Interagency Council on Homelessness to help individuals make the transition to permanent housing and independent living. Additionally, the City supports new strategies such as the Housing First Model and Rapid Re-housing to house homeless persons.

Community Services staff (Case Managers/Supervisors) attend meetings at the Office of Homeless Services. The city has partnered with a few organizations to address the city's homeless issues. The Police Department has formed a team (HOT Program) which Community Services staff and PD approach the homeless on the street and counsel them and provide them with resources for assistance. Community Services staff also partners with the Chino Unified School District (HOPE Program) to provide services needed to homeless students. Community Services staff also attend meetings with San Bernardino County Homeless Partnership Provider Network. City staff has formed a Homeless Subcommittee with faith-based groups to address the homeless issues in the city and provide assistance.

All the above information is available on the City website and counter staff at City Hall has handouts for anyone that comes into city hall to inquire.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services,**

## **employment, education, or youth needs**

Rental assistance is a component of the City's strategy to prevent homelessness by individuals and families who are at risk of homelessness. The City administers a Rental Security Deposit, Rental Payment and Utility Payment Assistance Program to assist residents in jeopardy of losing their housing or loss of utility service. Among this group are extremely low-income renters who are spending more than 50% of their income on housing costs. Also, among the people who are threatened with homelessness are the persons and families on the Section 8 waiting list. During the Program year, the City continued to support the HACSB Housing Choice Voucher (Section 8) rental assistance program. In addition, the City encouraged the HACSB's landlord outreach efforts in Chino.

In addition, the City's fair housing provider assisted homeowners in jeopardy of losing their housing. They mediated landlord/tenant complaints and worked with the tenant in formulating a plan, such as a rent repayment plan, and mediated with the landlord in accepting the terms so that the tenant was not evicted.

The City of Chino does not receive funding from Federal sources that require the implementation of supportive housing programs for persons returning from mental and physical health institutions.

California law requires hospitals/regional hospital associations to have protocols for homeless patients. The Hospital Association of Southern California, National Health Foundation, and Illumination Foundation's Recuperative Care Program must provide post-hospital healthcare services to homeless patients moving from acute care. Services include housing location assistance, residential medical and social support. The San Bernardino County 10-Year Strategy to End Homelessness recommends the formalizing of discharge planning protocols and improved coordination among the different agencies with discharge responsibilities.

## **Discussion**

The City's priority is to assist families with children who are at-risk of becoming homeless. The specific annual objective is to assist 1,200 people/families through the Chino Neighborhood House Food Assistance Program and Inland Valley HOPE Partners. Additionally, approximately 40 people will be assisted by the House of Ruth, particularly victims of domestic violence, many of which are homeless. There are no obstacles to providing these funds and reaching the objectives as the City has provided funding to the Chino Neighborhood House, Inland Valley HOPE Partners and House of Ruth in recent program years. In the coming year, the City will continue to provide funds to these programs. Other one-year goals pertaining to homelessness are included in the narrative above, though only activities receiving funding are assigned quantifiable goals.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction:**

The City evaluated barriers and constraints to the development of affordable housing as a critical component of the 2021-2029 Housing Element. The California Department of Housing and Community Certified Chino's Housing Element.

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

To facilitate residential development, the City will provide development pre-application review and will offer a one-stop processing system that simplifies and expedites development processing. The City also will offer priority processing of affordable and special needs housing applications.

The City will consider fee deferrals for affordable and special needs housing on a case-by-case basis, if requested by the project owner/developer; work to identify a new funding source to finance fee waivers for affordable and special needs housing; and pursue funding for infrastructure improvements needed to support affordable and special needs housing.

### **Discussion:**

Refer to the above narratives.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

The following describes other program-specific requirements. During FY 2025-2026 the City will take actions in the following areas:

- Address obstacles to meeting underserved needs
- Foster and maintain affordable housing
- Reduce lead-based paint hazards
- Reduce the number of poverty-level families
- Develop institutional structure
- Enhance coordination between public and private housing and social service agencies

### **Actions planned to address obstacles to meeting underserved needs**

Actions to address obstacles to meeting underserved needs will include:

- The City will obtain data from the Housing Authority of San Bernardino County (HASBC) on the number of Section 8 households assisted by race, ethnicity, age, and disability status. The City will compare who is being served to the demographic characteristics of the community. In this way, the City will be able to estimate more precisely underserved populations.
- The City will encourage and support the efforts of the HASBC to seek additional Section 8 Housing Choice Vouchers.
- The City will encourage and support the efforts of non-profit housing development corporations to seek funding from federal, state, and local sources for special needs housing.

### **Actions planned to foster and maintain affordable housing**

Actions planned to foster and maintain affordable housing include:

- CDBG funds in the amount of \$70,000 will be expended on the rehabilitation of 10 homes/housing units.
- CDBG funds in the amount of \$40,000 will be expended on the Code Enforcement Program to maintain health and safety in the low- and moderate-income neighborhoods.
- The Housing Authority of the County of San Bernardino will provide rental assistance to approximately 270 extremely low- and very low-income families.
- The City Council has adopted an updated Housing Element of the General Plan. The Housing Element includes a program to preserve the affordability of existing affordable housing

developments.

### **Actions planned to reduce lead-based paint hazards**

To reduce lead in existing housing, and in order to prevent possible exposure to lead in City rehabilitation projects, Chino will adhere to HUD guidelines for lead-safe work practices in all rehabilitation and minor home repair projects funded with CDBG and/or non-federal funds.

Whenever the City is involved in rehabilitation work, the City will provide notification, conduct a lead inspection for units constructed prior to 1978, will hire qualified contractors to do lead hazard reduction, and will issue a final report on the work. The City also adheres to the State lead-based paint (LBP) regulations.

Additionally, the City educates the public on the hazards of lead-based paint as part of the Home Improvement Grant process.

### **Actions planned to reduce the number of poverty-level families**

In order to contribute to a reduction of poverty income level families, the City will carry out the following anti-poverty actions in coordination with its affordable housing plan:

- The City will continue to support the Section 8 Housing Choice Voucher Program and public housing units located within the community.
- The City will coordinate with the Housing Authority of the County of San Bernardino to increase the number of households who obtain rental assistance.
- The City will work with the Housing Authority of San Bernardino County to encourage families receiving Section 8 rental assistance and living in public housing units to participate and graduate from the Family Self-Sufficiency Program (FSS).
- The City will periodically request information from the Housing Authority on FSS participation and graduation levels.
- The City will provide funding for childcare services. Access to childcare is a policy that contributes to helping the working poor to make ends meet and avoid poverty.

### **Actions planned to develop institutional structure**

The Development Services Department will continue to maintain and strengthen the existing structure for the delivery of programs and services funded by CDBG. The Department will coordinate with the departments responsible for administering a CDBG-funded activity: Development Services, Community Services, and Public Works as well as the public service agencies.

The City will develop the institutional structure for the delivery of housing assistance by working with the County of San Bernardino Housing Authority. The Housing Authority will assist local residents through the

Section 8 Housing Choice Voucher Program and also by providing 50 public housing units located in Chino. The City will enhance the delivery of housing assistance to Chino residents by working with the local Ontario Housing Authority Office to obtain information on:

- Geographic distribution/concentration of Section 8 assisted housing units
- Number of families enrolled in the Family Self-Sufficiency Program (FSS)
- Number of graduates from the FSS program
- Plans for maintenance and modernization of public housing units
- Admission preferences for local residents

The City requested this information from the Housing Authority. The Housing Authority responded by indicating that voucher holder data at the census tract level was unavailable. Also, the Housing Authority has no voucher holders on the FSS program within the City of Chino. Modernization and physical improvements have been made to the public housing units located in Chino.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

During the development of the Consolidated Plan the City consulted and coordinated with numerous agencies. The private and governmental health, mental health, and service agencies that were consulted included: American Heart Association, Assure Pregnancy Clinics, Children's Fund, Inc., Chino Neighborhood House, Chino Valley Unified School District, Community Development Corp, Community Senior Services, House of Ruth, Inland Fair Housing & Mediation Board, Legal Aid Society of San Bernardino, LUPUS Foundation of America, Inc., Pomona Valley Habitat for Humanity, San Bernardino Co. Library, San Bernardino Co. Preschool Services, Chino Valley Fire Foundation and Family Service Association to name a few.

The City has developed a list of contact persons as well as a library of planning documents prepared by these agencies. The City will use the Annual Action Plan process to maintain contact with these agencies in an ongoing effort to enhance coordination.

### **Discussion:**

Refer to the narratives above.

## Program Specific Requirements

### AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

#### Introduction:

The following narratives describe how the City of Chino addresses Program Specific Requirements. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70 percent of CDBG funds is used to benefit persons of low- and moderate-income. Specifically, one year covers this Annual Action Plan: FY 2025-2026.

#### Community Development Block Grant Program (CDBG)

##### Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

|  |          |
|--|----------|
| 1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed  | 0        |
| 2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. | 0        |
| 3. The amount of surplus funds from urban renewal settlements  | 0        |
| 4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan   | 0        |
| 5. The amount of income from float-funded activities   | 0        |
| <b>Total Program Income:</b>   | <b>0</b> |

#### Other CDBG Requirements

|   |       |
|---|-------|
| 1. The amount of urgent need activities   | 0     |
| 2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. | 0.00% |
| 1. If applicable to a planned HOME TBRA activity, a description of the preference for persons with special needs or disabilities. (See 24 CFR 92.209(c)(2)(i) and CFR 91.220(I)(2)(vii)).   |       |

## Appendix - Alternate/Local Data Sources

**MEMORANDUM  
CITY OF CHINO  
PUBLIC WORKS DEPARTMENT**

---

**CITY COUNCIL MEETING DATE: JUNE 17, 2025**

**TO: LINDA REICH, CITY MANAGER**

**FROM: HYE JIN LEE, PE, DIRECTOR OF PUBLIC WORKS**

---

**SUBJECT**

Adoption of Resolution 2025-030 – Annual Adjustment of Development Impact Fees, Park Development Fees & Administrative Fee for Fiscal Year 2025-26.

**RECOMMENDATION**

1) Conduct a duly noticed public hearing in accordance with Government Code Section 66016; 2) find that the City's Development Impact Fee (DIF) program continues to represent the most expedient and equitable mechanism for financing the construction and improvement of public facilities necessitated by development; 3) adopt Resolution No. 2025-030 authorizing: (a) the annual adjustment of DIF based on the applicable Engineering News-Record (ENR) Construction Cost Index escalator, consistent with the City's adopted passthrough methodology; (b) the reduction of the Capital Administration Fee from 12% to 3% to reflect actual costs incurred by the City for administering the DIF program; and (c) the update of Residential Park Development Fees pursuant to the provisions of Title 18 of the Chino Municipal Code; and 4) authorize staff to implement the adjusted fees effective 60 days after adoption of Resolution No. 2025-30, in accordance with Government Code Section 66017.

**FISCAL IMPACT**

The proposed updates to the DIF and Residential Park Development Fees have no impact on the General Fund. These fees are restricted for infrastructure and park improvements.

However, following the recent User Fee Study, the City reallocated overhead costs to the appropriate development-related user fees. As a result, the existing 12% administrative fee on DIF collections is no longer justified. The DIF Administrative Fee will be reduced to 3%, reflecting only the direct costs of managing the DIF program.

This adjustment does not reduce overall cost recovery. It shifts overhead expenses away from DIF collections and into the user fees where those costs are incurred and assessed.

Because DIFs generate significantly higher revenue than user fees, the City expects a net decrease in General Fund revenue. The reduction, estimated at approximately \$3 million, is reflected in the revised estimated General Fund revenue within the Fiscal Year 2025-26 Proposed Budget, scheduled for adoption on June 17, 2025.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above further the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Financial Stability
- Responsible Long-Range Planning

## **BACKGROUND**

A Development Impact Fee (DIF) is a charge imposed by a government agency on new development to offset the cost of public infrastructure necessitated by that development. The legal framework governing DIF is established in California Government Code §§ 66000–66025 (the “Mitigation Fee Act”), adopted in 1987. The Mitigation Fee Act requires that fees demonstrate a reasonable relationship or “nexus” between the purpose of the fee, the use of the fee, and the type of development project on which the fee is imposed.

The City’s first DIF program was established in 1989 by Revenue and Cost Specialists. A major update occurred in 2003 with the adoption of the Citywide DIF Nexus and Calculation Report and Master Facilities Plan (2003 Report) through Resolution No. 2003-10. In 2004, the program was expanded to cover The Preserve area with the adoption of Ordinance No. 2004-13 and the corresponding Preserve DIF Nexus and Calculation Report and Master Facilities Plan (2004 Report).

Following the 2010 adoption of the updated General Plan, incorporating The Preserve and College Park Specific Plans and introducing significant land use changes, the City continued applying annual adjustments using Engineering News-Record (ENR) indices. However, the need for a comprehensive update was identified. On February 6, 2018, the City Council adopted Resolution No. 2017-068, approving the updated DIF Nexus and Calculation Report and Master Facilities Plan (2017 Report) to reflect these changes.

In 2022, the City Council approved a significant update to the 2017 Report focused on The Preserve. The update revised cost estimates for remaining infrastructure projects, reconciled DIF credits with cash contributions made by developers, and updated the Land Use Database to reflect the current inventory of undeveloped land. These changes ensured that the remaining project costs would be equitably allocated across future development, and that sufficient revenue would be collected to fund all required improvements.

Today, most of the Citywide DIF Program is built out, with limited remaining infill development potential. The Preserve, by contrast, is approximately 60% built and continues to require significant infrastructure investment, particularly in circulation, water, sewer, and storm drain facilities. These needs have been intensified by recent construction cost escalation due to inflation.

To address these demands and maintain the integrity of the DIF program, the City is initiating a new DIF Nexus Study beginning in June 2025, with completion anticipated within 8 to 12 months. The study will evaluate several key factors affecting future development, including airport-related growth, the potential relinquishment of Euclid Avenue, and the City’s planned acquisition and redevelopment of the 130-acre Heman G. Stark Youth Correctional Facility located at 15180 Euclid Avenue. Redevelopment of this site is a cornerstone of the City’s long-term growth strategy and will be a central consideration in the new Nexus Study.

Concurrently, the City is updating its Sewer, Water, and Drainage Master Plans to better reflect current and future infrastructure needs. These updated plans will be incorporated into the upcoming Nexus Study, with a focus on correcting past water demand assumptions and ensuring fair and accurate cost allocation.

In the interim, it is important to note that DIF rates have not increased since July 2022. To preserve the program’s cost recovery function, the City is proposing an interim adjustment based on the applicable ENR cost escalation indices outlined in the 2017 Report and codified in

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: ADOPTION OF RESOLUTION 2025-030 - ANNUAL ADJUSTMENT OF DEVELOPMENT IMPACT FEES, PARK DEVELOPMENT FEES & ADMINISTRATIVE FEE FOR FISCAL YEAR 2025-26.

PAGE: 3

Chapters 3.40 and 3.45 of the Chino Municipal Code. This pass-through adjustment aligns current fees with actual infrastructure costs as the broader Nexus Study and master planning efforts progress.

### **ISSUES/ANALYSIS**

In compliance with Government Code § 66016 and § 66018, the City provided written notice of proposed fee updates to all parties who previously requested notification. Notices were delivered via email, mail, or both to the Building Industry Association (BIA), Lewis Management Corporation (Master Developer), Southern California Edison, and the Gas Company on or before the required 14-day noticing deadline for the June 17, 2025, public hearing. In addition, the City noticed the public hearing by publication in the Chino Champion newspaper on June 7, 2025, and June 14, 2025.

City staff met with the BIA to address concerns regarding the proposed fee adjustments. The BIA expressed specific concerns about the 12% Administrative Fee and the substantial increase in Park Development Fees within The Preserve. Following these discussions, staff provided documentation substantiating a reduction to the administrative fee and clarified that the Park Fee increase is a direct pass-through based on the standardized calculation method set forth in Title 18 of the Chino Municipal Code, as outlined below.

### **ANNUAL DIF ADJUSTMENT CITYWIDE & PRESERVE DIF**

The 2017 Report recognizes three primary cost indices, each reflecting different categories of construction and acquisition of goods. Since the last DIF adjustment occurred in July 2022, the City is proposing to increase both the Citywide and The Preserve DIF based on the percentage increases shown in the table below. These adjustments are consistent with the methodology outlined in the 2017 Report and codified in Chapters 3.40 and 3.45 of the Chino Municipal Code. For reference, see Resolution No. 2025-030, included as Exhibit 1, which formally adopts the updated DIF and related development fees.

| <b>Index</b>                                   | <b>Increase</b> | <b>Applicable DIF Category</b>   |
|--|-----------------|--|
| Consumer Price Index (CPI) as of February 2025 | 3.1%            | Law Enforcement  |
| Construction Cost Index (CCI) as of April 2025 | 4.8%            | Circulation, Congestion Management Program, Water, Sewer, Storm Drain, & Miscellaneous Residential Amenities |
| Building Cost Index (BCI) as of April 2025     | 11.8%           | Fire Facilities, General Facilities, & Public Use Facilities   |

In accordance with Government Code § 66000 et seq. (Mitigation Fee Act), DIFs may only be used to fund infrastructure required by new development and may not be used to address existing deficiencies. Improvements related to system maintenance, rehabilitation, or replacement will be funded through other sources such as the General Fund and Enterprise Funds.

### **OTHER RELATED DEVELOPMENT FEES**

#### **Residential Park Development Fees and Parkland Valuation**

Park Development Fees for Fiscal Year 2025–26 have been updated pursuant to Title 18 of the Chino Municipal Code, which establishes the methodology for calculating parkland acquisition and construction costs associated with new residential development.

The fees are based on the following standardized formulas:

a) **Acquisition Formula:**

$$DU \times DF \times 3 \text{ acres} \times FMV \div 1,000 = \text{Acquisition Cost}$$

b) **Construction Formula:**

$$DU \times DF \times 3 \text{ acres} \times (1.12 \times FMV) \div 1,000 = \text{Construction Cost}$$

(Where *DU* = Dwelling Units; *DF* = Density Factor; *FMV* = Fair Market Value)

To support the FY 2025–26 update, Epic Appraisals LLC completed a series of land valuation studies during Fiscal Year 2024–25. Based on the appraisals, the following Fair Market Values are being applied:

- \$880,000 per acre for development outside The Preserve (General City Area)
- \$1,140,000 per acre for development within The Preserve

Staff reviewed the appraisal data and confirmed that these land values are appropriate for use in the FY 2025–26 Park Development Fee calculations. It is important to note that these fees are not governed by the City's 2017 Development Impact Fee Nexus Study but are updated independently pursuant to Title 18.

During the 14-day public comment period, the City received formal comments from the BIA) in response to the proposed 90% increase to the Park Development Fees in The Preserve. The BIA raised concerns that such a steep increase could discourage new housing construction, especially given current economic conditions, such as high interest rates, rising home insurance costs, and broader market uncertainty.

The BIA also noted that slowing down new residential development could make it more difficult for the City to meet its state-mandated housing goals. At the halfway point of the current housing cycle, only 13% of the City's total Regional Housing Needs Allocation (RHNA) has been permitted, which highlights the importance of maintaining policies that support ongoing housing development.

Although the City's Title 18 formula for park fees is based on the cost of a fully built and amenitized park, this standard may not match the more conventional park types typically assumed when setting fees under state law, specifically the Mitigation Fee Act. To better understand how Chino's current fees compare, staff reviewed similar park fees in the Cities of Ontario, Rancho Cucamonga, and Fontana. The findings showed that Chino's current fees are generally in line with Ontario's, while Rancho Cucamonga and Fontana have lower fees overall.

In response to concerns raised during the public comment period, the City worked with the BIA to develop a more phased approach. As a result, the City is proposing a reduced interim increase of 11%, as shown in the table below. In parallel, the City will be updating the park fee structure through the upcoming Development Impact Fee Nexus and Calculation Report. This comprehensive update will incorporate revised land and construction cost estimates, regional comparisons, and current development trends to establish a new fee schedule. This approach allows the City to address immediate funding needs while ensuring long-term alignment with market conditions and statutory requirements. A summary of the proposed Park Development

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: ADOPTION OF RESOLUTION 2025-030 - ANNUAL ADJUSTMENT OF DEVELOPMENT IMPACT FEES, PARK DEVELOPMENT FEES & ADMINISTRATIVE FEE FOR FISCAL YEAR 2025-26.

PAGE: 5

Fees is provided in Exhibit 1 of Resolution No. 2025-030, which authorizes the adoption of these fees for the upcoming fiscal year.

| New Fees FY 2026       | Current Fee | Fee per Title<br>18 | % + / - | Proposed  |
|------------------------|-------------|---------------------|---------|-----------|
| Preserve Single Family | \$ 13,928   | \$ 26,464           | 90%     | \$ 15,442 |
| Preserve Multi-Family  | \$ 10,799   | \$ 20,519           | 90%     | \$ 11,973 |
| Citywide Single Family | \$ 22,494   | \$ 20,428           | -9%     | \$ 20,428 |
| Citywide Multi-Family  | \$ 17,441   | \$ 15,839           | -9%     | \$ 15,839 |
| Citywide Mobile Home   | \$ 15,037   | \$ 13,656           | -9%     | \$ 13,656 |

Fees vary based on housing type (Single Family, Multi-Family, Mobile Home) and location (The Preserve vs. General City), reflecting differences in land values.

#### **Administrative Fee**

As part of the recently completed User Fee Study, the City captured both direct and indirect administrative overhead costs associated with general development-related activities. Direct costs include staff time, materials, consultant services, and other resources directly tied to processing development applications, permits, and inspections. Indirect costs reflect broader support services such as departmental management, IT, Finance, and facility overhead that enable these functions to operate effectively.

Given this shift, the 12% administrative surcharge currently applied to DIF collections is no longer fully warranted. Accordingly, the City proposes to reduce the DIF administrative fee from 12% to 3%. This revised rate reflects only the staff and consultant time directly attributable to DIF-related analysis, program implementation, and administration.

The reduction to the DIF Administrative Fee does not represent a loss in cost recovery; rather, it reflects a reallocation of overhead expenses to the appropriate user fees where those costs are now fully captured. In effect, this shifts the cost burden away from DIF collections and into the individual development-related services where the overhead actually occurs. The revised 3% DIF Administrative Fee will take effect 60 days after City Council approval, to coincide with the implementation of the updated User Fees, pending City Council approval on June 17, 2025.

This recommendation is made in response to developer feedback received in 2022 and during the recent User Fee meeting and represents a good-faith effort to align fees more accurately with actual costs. While this interim reduction addresses current concerns, a more comprehensive evaluation will be conducted during the upcoming Nexus Fee Study. That process will allow the City to refine the fee based on detailed data and ensure long-term fiscal responsibility and transparency.

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: ADOPTION OF RESOLUTION 2025-030 - ANNUAL ADJUSTMENT OF DEVELOPMENT IMPACT FEES, PARK DEVELOPMENT FEES & ADMINISTRATIVE FEE FOR FISCAL YEAR 2025-26.

PAGE: 6

---

Although administrative costs will now be recovered through user fees, the change is expected to result in a net decrease in General Fund revenue, given the higher revenue typically generated by DIF collections. For Fiscal Year 2025–26, the estimated reduction is approximately \$3 million.

### **CONCLUSION**

The proposed adjustments to the DIF, Park Development Fees, and Administrative Fee for Fiscal Year 2025–26 is necessary to maintain the fiscal integrity and legal compliance of the City's development financing programs. These adjustments ensure that fees remain aligned with current infrastructure costs, land valuations, and actual administrative expenditures. By implementing an interim inflation-based update in accordance with the 2017 Nexus Study and reducing the Administrative Fee to reflect true program costs, the City demonstrates a continued commitment to transparency, equity, and responsible long-range planning. Adoption of Resolution No. 2025-030 will allow the City to sustain critical infrastructure investment as the comprehensive Nexus Study and related master plan updates move forward.

Attachments: Exhibit 1 – Resolution 2025-030

## RESOLUTION NO. 2025-030

### A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHINO, CALIFORNIA, AUTHORIZING THE ANNUAL ADJUSTMENT OF DEVELOPMENT IMPACT FEES, PARK DEVELOPMENT FEES, AND ADMINISTRATIVE FEE FOR FISCAL YEAR 2025-26, IN ACCORDANCE WITH CHAPTERS 3.40 (DEVELOPMENT IMPACT FEES), 3.45 (PRESERVE DEVELOPMENT IMPACT FEES), AND TITLE 18 (PARK LAND DEDICATION AND PARK DEVELOPMENT FEES) OF THE CHINO MUNICIPAL CODE

**WHEREAS**, the City of Chino imposes Development Impact Fees (DIF) pursuant to Chapters 3.40 and 3.45 of the Chino Municipal Code to finance the construction and improvement of public infrastructure necessary to mitigate the impacts of new development; and

**WHEREAS**, the City's DIF program is supported by the 2017 Development Impact Fee Nexus and Calculation Report and associated Master Facilities Plan, which together establish the proportional cost allocation methodology in compliance with the Mitigation Fee Act (Government Code § 66000 et seq.); and

**WHEREAS**, the adopted Nexus Study provides for annual fee adjustments based on changes to established construction cost escalation indices, including those published by Engineering News-Record (ENR) and the U.S. Bureau of Labor Statistics; and

**WHEREAS**, the City has reviewed the most recent index values and determined the following escalation factors for Fiscal Year 2025–26:

| <u>Index</u>                                | <u>Increase</u> | <u>Applicable DIF Category</u>   |
|---|-----------------|--|
| CPI (Consumer Price Index)<br>February 2025 | 3.1%            | Law Enforcement  |
| CCI (Construction Cost Index)<br>April 2025 | 4.8%            | Circulation, Congestion Management Program, Water, Sewer, Storm Drain, and Miscellaneous Residential Amenities |
| BCI (Building Cost Index)<br>April 2025     | 11.8%           | Fire Facilities, General Facilities, and Public Use Facilities   |

**WHEREAS**, the Parkland Acquisition Fees have been recalculated in accordance with the adopted fee formula based on updated appraised land values as follows:

- a) \$880,000 per acre for development outside The Preserve (General City Area)
- b) \$1,140,000 per acre for development within The Preserve

**WHEREAS**, Park Development Fees for Fiscal Year 2025–26 have been updated in accordance with Title 18 of the Chino Municipal Code and are calculated using the following formulas:

a) **Acquisition Formula:**

$$DU \times DF \times 3 \text{ acres} \times FMV \div 1,000 = \text{Acquisition Cost}$$

b) **Construction Formula:**

$$DU \times DF \times 3 \text{ acres} \times (1.12 \times FMV) \div 1,000 = \text{Construction Cost}$$

*(Where DU = Dwelling Units; DF = Dwelling Factor; FMV = Fair Market Value)*

**WHEREAS**, during the 14-day public comment period, the City received formal comments from the Building Industry Association (BIA) in response to the proposed 90% increase to the Park Development Fees in The Preserve; and

**WHEREAS**, the BIA expressed concern that such a significant increase could discourage new housing construction, particularly due to current economic challenges, including high interest rates, escalating home insurance costs, and broader market uncertainty; and

**WHEREAS**, although the City's Title 18 formula for Park Development Fees is based on the cost of a fully built and amenitized park, this standard may differ from the more conventional park development assumptions used in fee calculations under the Mitigation Fee Act; and

**WHEREAS**, in response to the concerns raised during the public comment period, the City engaged with the BIA to develop a more phased approach and is therefore proposing a reduced interim fee increase of 11%; and

**WHEREAS**, the City is concurrently updating the Park Development Fee structure through the forthcoming Development Impact Fee Nexus and Calculation Report, which will include revised land and construction cost estimates, regional comparisons, and an updated schedule of fees reflecting current market conditions and statutory requirements; and

**WHEREAS**, the City's recent User Fee Study captured both direct and indirect administrative overhead costs associated with development-related services. Direct costs include staff time, materials, consultant services, and other resources directly tied to processing applications, permits, and inspections. Indirect costs include broader support services such as department management, IT, finance, and facility operations; and

**WHEREAS**, as a result of this cost redistribution, the 12% administrative surcharge on DIF collections is no longer fully justified. The City therefore proposes reducing the DIF Administrative Fee from 12% to 3%, which reflects only the staff and consultant time directly attributable to DIF program administration and oversight; and

**WHEREAS**, this reduction does not diminish the City's cost recovery efforts, but instead reallocates overhead expenses to applicable user fees, ensuring accurate assignment of costs to the development services where they occur. The revised 3% DIF Administrative Fee will take effect on 60 days after City Council approval, to coincide with the implementation of the updated user fee schedule, pending City Council approval on June 17, 2025; and

**WHEREAS**, On June 17, 2025, the City Council conducted a duly-noticed public hearing in accordance with Government Code Section 66016, considered all documentary and oral evidence, closed the public hearing and approved this Resolution.

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CHINO AS FOLLOWS:**

**SECTION 1.** The City Council hereby authorizes the implementation of the updated Development Impact Fee schedule, as calculated in accordance with the adopted Nexus and Calculation Report, utilizing the Fiscal Year 2025–26 escalation rates specified herein. The revised fees shall become effective 60 days after City Council approval, and shall apply to all building permits and entitlements deemed complete and accepted for processing on or after that date.

**SECTION 2.** The updated Parkland Acquisition component of the Park Development Fee shall utilize the Fair Market Values specified herein:

- a) The final fee amounts shall be reflected in Exhibit A, which is incorporated herein by reference and available for public inspection in the Office of the City Clerk.

**SECTION 3.** The City Clerk shall certify to the adoption of this Resolution and ensure that it is posted and published in accordance with applicable law.

**PASSED, APPROVED, AND ADOPTED THIS 17<sup>th</sup> DAY OF JUNE 2025.**

---

EUNICE ULLOA, MAYOR

ATTEST:

---

NATALIE GONZAGA, CITY CLERK

State of California                    )  
County of San Bernardino        ) ss  
City of Chino                        )

I, Natalie Gonzaga, City Clerk of the City of Chino, do hereby certify the foregoing Resolution was duly adopted by the Chino City Council at a regular meeting held on the 17<sup>th</sup> day of June 2025, by the following votes:

AYES:     COUNCIL MEMBERS:

NOES:     COUNCIL MEMBERS:

ABSENT: COUNCIL MEMBERS:

---

NATALIE GONZAGA, CITY CLERK

**Resolution No. 2025-030****Fiscal Year 2025–26****Development Impact Fees ("DIF"), Park Development Fees, and Administrative Fee****CITYWIDE DIF**

DIF apply to residential, commercial, industrial, office/business park, and institutional or meeting place developments located outside The Preserve area.

**Payment Requirement:**

DIF payments are due at the time the building permit is issued by the City of Chino.

**Additional Area-Specific Fees:**

Projects located in East Chino and the Eucalyptus Business Park Areas are subject to additional fees in addition to the Citywide DIFs listed in this section.

**[100-7000-56400] Administrative Fee (CAPFEE):**

An administrative fee is charged to recover the City's cost of administering the DIF program. This fee is equal to three percent (3%) of the total DIF obligation across all categories, excluding Park Development Fees.

**Summary of Total DIF by Land Use:**

The table below summarizes the total DIF for each land use category. These fees reflect the cost of providing necessary infrastructure and public services, including transportation, sewer, storm drain, and other facilities. A 3% administrative fee is added to the total DIF amount, excluding park development fees, which are not subject to the administrative charge.

| Land Use:                           | Unit / SF | Current Fee  | New Fee      | 3% Admin  |
|-------------------------------------|-----------|--------------|--------------|-----------|
| Detached Low Density Residential    | Unit      | \$ 17,141.00 | \$ 18,387.08 | \$ 551.61 |
| Detached Medium Density Residential | Unit      | \$ 16,250.00 | \$ 17,453.33 | \$ 523.60 |
| Attached Medium Density Residential | Unit      | \$ 12,200.00 | \$ 13,122.64 | \$ 393.68 |
| Attached High Density Residential   | Unit      | \$ 10,486.00 | \$ 11,326.32 | \$ 339.79 |
| Mobile Home                         | Unit      | \$ 10,432.00 | \$ 11,193.60 | \$ 335.81 |
| Commercial Lodging                  | Unit      | \$ 8,053.00  | \$ 8,440.93  | \$ 253.23 |
| Commercial/Retail                   | SF        | \$ 13.73     | \$ 14.45     | \$ 0.43   |
| Office/Business Park Uses           | SF        | \$ 10.93     | \$ 11.52     | \$ 0.35   |
| Industrial Uses                     | SF        | \$ 3.63      | \$ 3.81      | \$ 0.11   |
| Institutional/Meeting Places        | SF        | \$ 9.17      | \$ 9.62      | \$ 0.29   |

***Note: Park Development Fees are calculated and presented separately from the Citywide Development Impact Fees.***

***For details, see Section No. 10.***

[End of Citywide Development Impact Fees Schedule]

**Resolution No. 2025-030****Fiscal Year 2025–26****Development Impact Fees ("DIF"), Park Development Fees, and Administrative Fee****THE PRESERVE DIF**

DIF apply to residential, commercial, industrial, office/business park, and institutional or meeting place developments located within The Preserve Specific Plan Area.

**Payment Requirement:**

DIF payments are due at the time the building permit is issued by the City of Chino.

**[100-7000-56400] Administrative Fee (CAPFEE):**

An administrative fee is charged to recover the City's cost of administering the DIF program. This fee is equal to three percent (3%) of the total DIF obligation across all categories, excluding Park Development Fees.

**Summary of Total DIF by Land Use:**

The table below summarizes the total DIF for each land use category. These fees reflect the cost of providing necessary infrastructure and public services, including transportation, sewer, storm drain, and other facilities. A 3% administrative fee is added to the total DIF amount, excluding park development fees, which are not subject to the administrative charge.

| Land Use:                              | Unit / SF | Current Fee  | 3% Admin    |
|--|-----------|--------------|-------------|
| Detached Low Density Residential       | Unit      | \$ 39,828.00 | \$ 1,194.84 |
| Detached Medium Density Residential    | Unit      | \$ 36,091.00 | \$ 1,082.73 |
| Attached Medium Density Residential    | Unit      | \$ 28,502.00 | \$ 855.06   |
| Attached Dwelling RD 16/20 Residential | Unit      | \$ 28,348.00 | \$ 850.44   |
| Attached Dwelling RD/CC 30 Residential | Unit      | \$ 22,277.00 | \$ 668.31   |
| Commercial Lodging                     | Unit      | \$ 19,173.00 | \$ 575.19   |
| Commercial/Retail                      | SF        | \$ 34.34     | \$ 1.03     |
| Office/Business Park Uses              | SF        | \$ 27.33     | \$ 0.82     |
| Industrial Uses                        | SF        | \$ 10.66     | \$ 0.32     |
| Institutional/Meeting Places           | SF        | \$ 22.57     | \$ 0.68     |

***Note: Park Development Fees are calculated and presented separately from the Citywide Development Impact Fees.***

***For details, see Section No. 11.***

**MEMORANDUM  
CITY OF CHINO  
FINANCE DEPARTMENT**

---

**CITY COUNCIL MEETING DATE: JUNE 17, 2025**

**TO: LINDA REICH, CITY MANAGER**  
**FROM: KIM SAO, DIRECTOR OF FINANCE**

---

**SUBJECT**

Comprehensive User Fee Study.

**RECOMMENDATION**

Conduct a public hearing to consider the proposed Resolution No. 2025-029 to adopt new and changed City fees for service per the Comprehensive User Fee Study Report.

**FISCAL IMPACT**

The revenue generated by the adoption of these fees will offset the associated costs of providing these City services. Staff will monitor and provide an update on user fee revenue estimates at the FY 2025-26 midyear budget review.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above further the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Financial Stability

|              |               |

| Transfer In: | Transfer Out: |

## **BACKGROUND**

In 1988, pursuant to Article XIII B of the California Constitution, the City Council adopted an ordinance requiring the ascertainment and recovery of costs reasonably borne from user fees and charges levied in providing services to the public. Costs reasonably borne consist of all applicable direct and indirect costs associated with the provision of those services, as well as overhead costs for support services, as defined in Chino Municipal Code Section 3.50.030.

Since 1999, an analysis of existing fees is conducted by City staff annually, utilizing current budget information and updated staffing allocations. Each service associated with a significant fee change has been scrutinized to ensure staff time is accurately represented.

On November 2, 2010, California voters passed Proposition 26. This proposition reclassified some fees as taxes and placed additional requirements to establish or raise taxes without voter approval. City staff reviewed the City's user fees and confirmed that these fees are not taxes, and that the City is in compliance with Proposition 26.

In September 2021, the City contracted with Willdan Financial Services (Willdan) to prepare a Comprehensive User Fee Study (CUFS) to determine the true costs of City provided services, and recommendations for changes in the fees charged for those services. The CUFS required input from virtually every City department to determine the direct, indirect and overhead costs of each service.

A notice of public hearing was published in the Chino Champion on June 7, 2025 and 14, 2025 and all requesting parties were sent written notice 14 days in advance of the public hearing pursuant to California Government Code Section 66016 and 66018.

## **ISSUES/ANALYSIS**

The City charges user fees for various services provided by the departments. The majority of the fees, both in number and in dollar impact, are in the Planning, Building and Engineering Divisions. The CUFS prepared by Willdan analyzed the cost of providing those services. By State law, the City cannot charge more than the cost of the service.

The City has not had a comprehensive fee study conducted since the late 1980's. All fees within the CUFS were reviewed to identify existing and potential new fees, resulting in the elimination of some and adjustments of others. Based on the actual costs to provide services, the CUFS was updated to capture 100% of the costs for most services.

The proposed fees are based on the estimated costs of each department or division performing the service as presented in the City's Fiscal Year 2024-25 Mid-Term Budget as well as salary adjustments pertaining to the Classification and Compensation Study approved at the June 18, 2024, City Council Meeting. The resolution would authorize an annual CPI adjustment to the fees moving forward. This annual adjustment will ensure fees cover the established level of cost recovery set forth at this time. Any new fees, increase to the cost recovery level of current fees, or elimination of existing fees would be brought before the City Council for separate action.

The proposed changes in fees have been discussed with the various stakeholders, such as the Building Industry Association (BIA) and various Developers. Their comments, if any, will be transmitted to the City Council in a separate report.

Included in the CUFS are comparisons of the proposed fees with the fees charged in neighboring jurisdictions.

CITY COUNCIL MEETING DATE: JUNE 17, 2025

TITLE: COMPREHENSIVE USER FEE STUDY.

PAGE: 3

---

It is recommended that the City Council conduct a public hearing, consider the adoption of Resolution 2025-029 to approve new and changed City user fees, effective July 1, 2025, with development fees effective 60 days after approval by the City Council.

## RESOLUTION NO. 2025-029

### A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHINO, CALIFORNIA, ADOPTING NEW AND UPDATED USER FEES AND CHARGES PERTAINING TO CITY SERVICES (REPLACING RESOLUTION NO. 2022-007)

**WHEREAS**, the City has established a policy of recovering the costs reasonably borne of providing services; and

**WHEREAS**, the City adopted a fee schedule by Resolution 2022-007 on January 4, 2022, and now desires to adopt new and adjust certain fees and charges based on the costs reasonably borne by the City to provide such services; and

**WHEREAS**, the State of California Government Code Section 66014 et.al. allows local agencies to charge fees for various activities as long as those fees do not exceed the estimated reasonable cost of providing the services for which the fee is intended; and

**WHEREAS**, pursuant to State of California Government Code Section 66016 and 66018, notice regarding the user fee update was sent to interested parties on June 3, 2025, and public notice was published on June 7, 2025, and June 14, 2025, in the Chino Champion newspaper; and

**WHEREAS**, the City conducted a duly noticed public hearing on June 17, 2025, where the public was allowed to comment and provide input on the proposed fees and charges for services.

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CHINO DOES HEREBY RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:**

SECTION 1. Fee Schedule. The City Council hereby approves Exhibit A, a comprehensive list of the City's fee and service charges, and the percentage of costs reasonably borne, to be recovered in providing the listed regulation, product, or service. The fees and charges established by the Resolution do not exceed the estimated reasonable costs of providing the services for which the fee or charge is levied.

SECTION 2. User Fee Study Report. The City Council hereby approves Exhibit B User Fee Study Report, prepared to reflect current costs of the City to provide the Services and adopts the methodology for calculating and collecting the fees and charges established therein, attached as Exhibit B.

SECTION 3. Engineering Cost Estimate. By this Resolution, the City's Engineering Cost Estimate, attached hereto in Exhibit A, is hereby authorized for use in the calculation of various land development-related fees.

SECTION 4. Building Valuation Data Table. By this Resolution, the most recent version of the published Building Valuation Data Table, attached hereto in Exhibit A is hereby adopted for use in the calculation of various building-related fees under the provisions of the California Building Code.

SECTION 5. Parking Fines. By this Resolution, the City's Parking Fines, attached hereto in Exhibit A, is hereby authorized for use in parking enforcement under the provisions of the Chino Municipal

Code (CMC), California Vehicle Code (CVC) and County Code (CC). State and County Surcharges attached hereto in Exhibit A, are authorized per Government Code sections GC 70372 (b), GC 76000 (b) and GC 76000.3.

SECTION 6. Permitted Tow Service Operator Fees. By this Resolution, the City's Permitted Tow Service Operator Fees, attached hereto in Exhibit A, is hereby authorized for use by City permitted tow operators to charge for towing fees under the provisions of the Chino Municipal Code Section CMC 5.36.

SECTION 7. Effective Date. The schedule of fees and charges attached hereto as Exhibit A is hereby adopted to be applied effective July 1, 2025, with fees related to Development applied effective 60 days after City Council approval and collected for the listed services when provided by the City or its designated contractors.

SECTION 8. Consumer Price Index (CPI). The user fees shall be subject to an automatic annual adjustment on February 1 of each year with the first adjustment on February 1, 2026, based on the Consumer Price Index (CPI)-All Urban Consumers- Riverside, San Bernardino-Ontario, CA, not to exceed 4%, as of February of the preceding year. Fees related to development will have a 60-day waiting period applied. The City Manager is hereby authorized to implement the CPI adjustment each year without further action of the City Council.

SECTION 9. California Environmental Quality Act (CEQA). The adoption of this Resolution is exempt from CEQA, (Public Resources Code Sections 21000 et seq.), because it approves and sets forth a procedure for determining fees for the purpose of meeting the operating expenses of City departments, as set forth in Public Resources Code Section 21080(b)(8)(A).

SECTION 10. Severability. If any section, subsection, sentence, clause, phrase, or portion of this Resolution is held invalid or unconstitutional by any court of competent jurisdiction, such determination shall not affect the validity of the remaining portions of this resolution. The City Council declares that it would have enacted this resolution and each section, subsection, sentence, clause, or phrase hereof irrespective of any determination of invalidity.

SECTION 11. Prior Actions. All resolutions and other actions of the City Council, including Resolution No. 2022-007, in conflict with the contents of this resolution are hereby superseded by this Resolution.

SECTION 12. Adoption. The City Clerk shall certify to the adoption of this Resolution.

PASSED, APPROVED AND ADOPTED THIS 17<sup>th</sup> DAY OF JUNE, 2025.

\_\_\_\_\_  
EUNICE M. ULLOA, MAYOR

ATTEST:

\_\_\_\_\_  
NATALIE GONZAGA, CITY CLERK

I, NATALIE GONZAGA, City Clerk of the City of Chino, do hereby certify that the foregoing Resolution was duly adopted by the City Council at a regular meeting held on the 17th day of June 2025 by the following votes:

ABSENT: COUNCIL MEMBERS:

## Executive Summary

---

The City of Chino engaged Willdan Financial Services (Willdan) to determine the full costs incurred by the City to support the various activities for which the City charges user fees. Due to the complexity and the breadth of performing a comprehensive review of fees, Willdan employed a variety of fee methodologies to identify the full costs of individual fee and program activities. This report and the appendices herein identifies 100% full cost recovery for City services and the recommended level of recovery as determined through discussion with departmental staff.

The reality of the local government fee environment is that significant increases to achieve 100% cost recovery can often not be feasible, desirable, or appropriate depending on policy direction —particularly in a single year. The recommended fees identified herein are either at or less than full cost recovery.

# User Fee Background

---

## Background

As part of a general cost recovery strategy, local governments adopt user fees to fund programs and services that provide limited or no direct benefit to the community as a whole. As cities struggle to maintain levels of service and variability of demand, they have become increasingly aware of subsidies provided by the General Fund and have implemented cost-recovery targets. To the extent that governments use general tax monies to provide individuals with private benefits, and not require them to pay the full cost of the service (and, therefore, receive a subsidy), the government is limiting funds that may be available to provide other community-wide benefits. In effect, the government is using community funds to pay for private benefit. Unlike most revenue sources, cities have more control over the level of user fees they charge to recover costs, or the subsidies they can institute.

Fees in California are required to conform to the statutory requirements of the California Constitution, Proposition 218, and the California Code of Regulations. The Code also requires that the City Council adopt fees by either ordinance or resolution, and that any fees in excess of the estimated total cost of rendering the related services must be approved by a popular vote of two-thirds of those electors voting because the charge would be considered a tax and not a fee.

## California User Fee History

Before Proposition 13, California cities were less concerned with potential subsidies and recovering the cost of their services from individual fee payers. In times of fiscal shortages, cities simply raised property taxes, which funded everything from police and recreation to development-related services. However, this situation changed with the passage of Proposition 13 in 1978.

Proposition 13 established the era of revenue limitation in California local government. In subsequent years, the state saw a series of additional limitations to local government revenues. Proposition 4 (1979) defined the difference between a tax and a fee: a fee can be no greater than the cost of providing the service; and Proposition 218 (1996) further limited the imposition of taxes for certain classes of fees. As a result, cities were required to secure a supermajority vote in order to enact or increase taxes. Since the public continues to resist efforts to raise local government taxes, cities have little control and very few successful options for new revenues. Compounding this limitation, the State of California took a series of actions in the 1990's and 2000's to improve the State's fiscal situation—at the expense of local governments. As an example, in 2004-05, the Educational Revenue Augmentation Funds ("ERAF") take-away of property taxes and the reduction of Vehicle License Fees have severely reduced local tax revenues.

In addition, on November 2, 2010, California voters approved Proposition 26, the "Stop Hidden Taxes Initiative", which is aimed at defining "regulatory fees" as a special tax rather than a fee, thus requiring approval by two-thirds vote of local voters. These regulatory fees are typically intended to mitigate the societal and environmental impacts of a business or person's activities. Proposition 26 contains seven categories of exceptions. The fees analyzed as part of this study fell under categories one through five consisting of charges for specific benefits, government service, regulatory need, for use of government property, or a fine/penalty.

## Additional Policy Considerations

The recent trend for municipalities is to update their fee schedules to reflect the actual costs of certain public services primarily benefitting users. User Fees recover costs associated with the provision of specific services benefiting the user, thereby reducing the use of General Fund monies for such purposes.

In addition to collecting the direct cost of labor and materials associated with processing and administering user services, it is common for local governments to recover support costs. Support costs are those costs relating to a local government's central service departments that are properly allocable to the local government's operating departments. Central services support cost allocations were incorporated using the resulting indirect overhead percentages determined through the Cost Allocation Plan. This plan was developed prior to the User Fee study to determine the burden placed upon central services by the operating departments in order to allocate a proportionate share of central service cost.

As labor effort and costs associated with the provision of services fluctuate over time, a significant element in the development of any fee schedule is that it has the flexibility to remain current. Therefore, it is recommended that the City include an inflationary factor in the resolution adopting the fee schedule to allow the City Council, by resolution, to annually increase or decrease the fees.

The City may employ many different inflationary factors. The most commonly used inflator is some form of the Consumer Price Index (CPI) as it is widely well known and accepted. A similar inflator is the implicit price deflator for GDP, which is much like the CPI except that while the CPI is based on the same "basket" of goods and services every year, the price deflators' "basket" can change year to year. Since the primary factor for the cost of a City's services is usually the costs of the personnel involved, tying an inflationary factor that connects more directly to the personnel costs can be suitable if there is a clear method, or current practice of obtaining said factor.

Each City should use an inflator that they believe works the best for their specific situation and needs. It is also recommended that the City perform this internal review annually with a comprehensive review of services and fees performed every three to five years, which would include adding or removing fees for any new or eliminated programs/services.

## Study Objective

As the City of Chino seeks to efficiently manage limited resources and adequately respond to increased service demands, it needs a variety of tools. These tools provide assurance that the City has the best information and the best resources available to make sound decisions, fairly and legitimately set fees, maintain compliance with state law and local policies, and meet the needs of the City administration and its constituency. Given the limitations on raising revenue in local government, the City recognizes that a User Fee Study is a very cost-effective way to understand the total cost of services and identify potential fee deficiencies. Essentially, a User Fee is a payment for a requested service provided by a local government that primarily benefits an individual or group.

The total cost of each service included in this analysis is based on the full cost of providing City services, including direct salaries and benefits of City staff, direct departmental costs, and indirect costs from central service support. This study determines the full cost recovery fee for the City to provide each service; however, each fee is set at the City's discretion, up to 100% of the total cost, as specified in this report.

The principal goal of the study was to help the City determine the full cost of the services that the City provides. In addition, Willdan established a series of additional objectives including:

- Developing a rational basis for setting fees
- Identifying subsidy amount, if applicable, of each fee in the model
- Ensuring compliance with State law
- Developing an updatable and comprehensive list of fees
- Maintaining accordance with City policies and goals

The study results will help the City better understand its true costs of providing services and may serve as a basis for making informed policy decisions regarding the most appropriate fees, if any, to collect from individuals and organizations that require individualized services from the City.

## Scope of the Study

The scope of this study encompasses a review and calculation of the user fees charged by the following Chino departments and fee groups:

- |                      |                                   |
|----------------------|-----------------------------------|
| • Administration     | • Police                          |
| • Finance            | • Development Services – Planning |
| • Business License   | • Development Services - Building |
| • Community Services | • Public Works                    |
| • Parking            |                                   |

The study involved the identification of existing and potential new fees, fee schedule restructuring, data collection and analysis, orientation and consultation, quality control, communication and presentations, and calculation of individual service costs (fees) or program cost recovery levels.

---

## Aim of the Report

The User Fee Study focused on the cost of City services, as City staff currently provides them at existing, known, or reasonably anticipated service and staff levels. This report provides a summary of the study results, and a general description of the approach and methods Willdan and City staff used to determine the recommended fee schedule. The report is not intended to document all of the numerous discussions throughout the process, nor is it intended to provide influential dissertation on the qualities of the utilized tools, techniques, or other approaches.

---

# Project Approach and Methodology

---

## Conceptual Approach

The basic concept of a User Fee Study is to determine the “reasonable cost” of each service provided by the City for which it charges a user fee. The full cost of providing a service may not necessarily become the City’s fee, but it serves as the objective basis as to the maximum amount that may be collected.

The standard fee limitation established in California law for property-related (non-discretionary) fees is the “estimated, reasonable cost” principle. In order to maintain compliance with the letter and spirit of this standard, every component of the fee study process included a related review. The use of budget figures, time estimates, and improvement valuation clearly indicates reliance upon estimates for some data.

## Fully Burdened Hourly Rates

The total cost of each service included in this analysis is primarily based on the Fully Burdened Hourly Rates (FBHRs) that were determined for City personnel directly involved in providing services. The FBHRs include not only personnel salary and benefits, but also any costs that are reasonably ascribable to personnel. The cost elements that are included in the calculation of fully burdened rates are:

- Salaries & benefits of personnel involved
- Operating costs applicable to fee operations
- Departmental support, supervision, and administration overhead
- Indirect City-wide overhead costs calculated through the Cost Allocation Plan

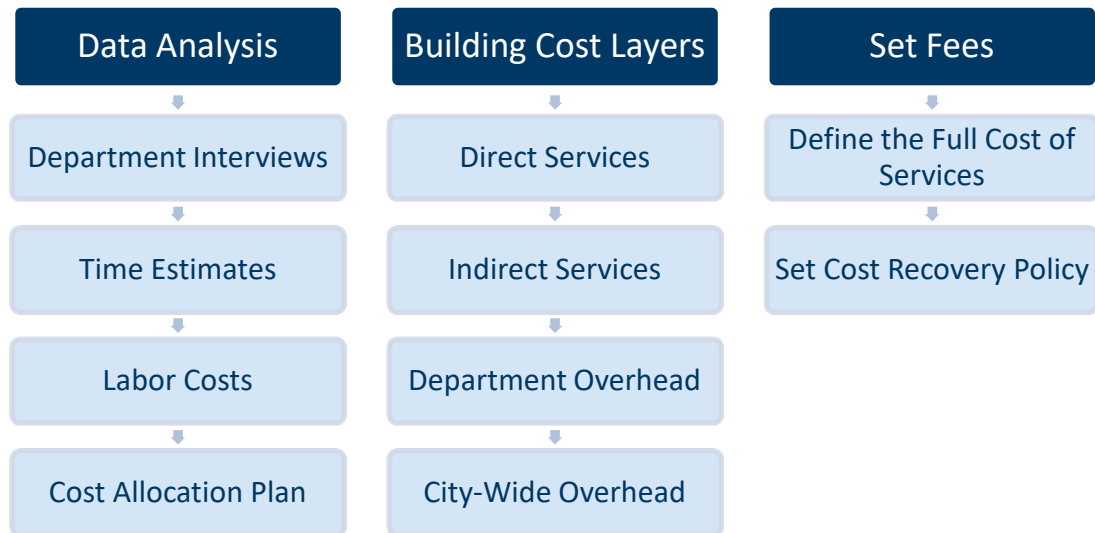

An important factor in determining the fully burdened rate is in the calculation of productive hours for personnel. This calculation takes the available workable hours in a year of 2,080 and adjusts this figure to account for calculated or anticipated hours’ employees are involved in non-billable activities such as paid vacation, sick leave, emergency leave, holidays, and other considerations as necessary. Dividing the full cost by the number of productive hours provides the FBHR.

The FBHRs are then used in conjunction with time estimates, when appropriate, to calculate a fee’s cost based on the personnel and the amount of their time that is involved in providing each service.

## Summary Steps of the Study

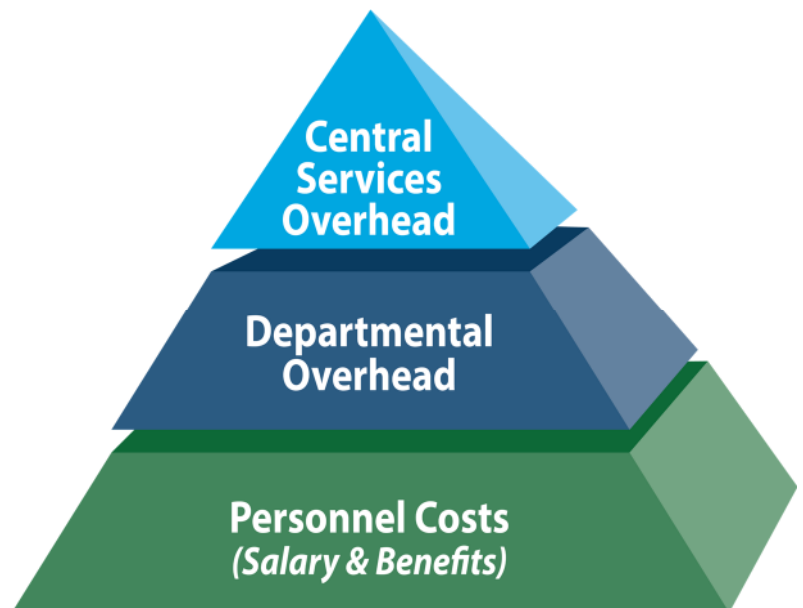

The methodology to evaluate most User Fee levels is straightforward and simple in concept. The following list provides a summary of the study process steps:

## Allowable Costs

This report identifies three types of costs that, when combined, constitute the fully burdened cost of a service (**Appendix B**). Costs are defined as direct labor, including salary and benefits, departmental overhead costs, and the City's central services overhead, where departmental and central service overhead costs constitute support costs. These cost types are defined as follows:

- **Direct Labor (Personnel Costs):** The costs related to staff salaries for time spent directly on fee-related services.
- **Departmental Overhead:** A proportional allocation of departmental overhead costs, including operation costs such as supplies and materials that are necessary for the department to function.
- **Central Services Overhead:** These costs, detailed in the City's Cost Allocation Plan, represent services provided by those Central Services Departments whose primary function is to support other City departments.

---

## Methodology

The three methods of analysis for calculating fees used in this report are the:

**Case Study Method (Standard Unit Cost Build-Up Approach):** This approach estimates the actual labor and material costs associated with providing a unit of service to a single user. This analysis is suitable when City staff time requirements do not vary dramatically for a service, or for special projects where the time and cost requirements are easy to identify at the project's outset. Further, the method is effective in instances when a staff member from one department assists on an application, service or permit for another department on an as-needed basis. Costs are estimated based upon interviews with City staff regarding the time typically spent on tasks, a review of available records, and a time and materials analysis.

**Programmatic Approach:** In some instances, the underlying data is not available or varies widely, leaving a standard unit cost build-up approach impractical. In addition, market factors and policy concerns (as opposed to actual costs) tend to influence fee levels more than other types of services. Willdan employed a different methodology where appropriate to fit the programs' needs and goals. Typical programmatic approach cases are facility use fees, penalties, and instances where a program cost is divided over the user base to obtain a per applicant cost for shared cost services.

**Valuation Based Fees:** This manner of collection is used when the valuation of the improvement can be used as a proxy for the amount of effort it would take for City staff to complete the service provided. More specifically, this approach is commonly used for certain User Fees in the Building Division. It is generally accepted that as a project's size scales up, the cost of the project increases, and the amount of effort needed to review and inspect also increases. Using a valuation-based fee provides for a system that can adjust as project sizes scale. Land is not included in the valuation.

## Quality Control/Quality Assurance

All study components are interrelated, thus flawed data at any step in the process will cause the ultimate results to be inconsistent and unsound. The elements of our Quality Control process for User Fee calculations include:

- Involvement of knowledgeable City staff
- Clear instructions and guidance to City staff
- Reasonableness tests and validation
- Normalcy/expectation ranges
- Internal and external reviews
- Cross-checking

## Reasons for cost increases/decreases over current fees

Within the fee tables in **Appendix D** the differences are identified between the full costs calculated through the study and the fee levels currently in effect. The reasons for differences between the two can arise from a number of possible factors including:

- Previous fee levels may have been set at levels less than full cost intentionally, based on policy decisions
- Staffing levels and the positions that complete fee and service activity may vary from when the previous costs were calculated
- Personnel and materials costs could have increased at levels that differed from any inflationary factors used to increase fees since the last study
- Costs that this study has identified as part of the full cost of services may not have been accounted for in a previous study
  - Departmental overhead and administration costs
  - Internal Service fund charges and maintenance support costs
  - Indirect overhead from the Cost Allocation Plan
- Changes in processes and procedures within a department, or the City as a whole

## City Staff Contributions

As part of the study process, Willdan received tremendous support and cooperation from City staff, which contributed and reviewed a variety of components to the study, including:

- Budget and other cost data
- Staffing structures
- Fee and service structures, organization, and descriptions
- Direct and indirect work hours (billable/non-billable)
- Time estimates to complete work tasks
- Review of draft results and other documentation

A User Fee Study requires significant involvement of the managers and line staff from the departments—on top of their existing workloads and competing priorities. The contributions from City staff were critical to this study. We would like to express our appreciation to the City and its staff for their assistance, professionalism, positive attitudes, helpful suggestions, responsiveness, and overall cooperation.

---

# Chino User Fees

---

## Cost Recovery

The cost recovery models, by department/division fee type, are presented in detail in **Appendix D**. Full cost recovery is determined by summing the estimated amount of time each position (in increments of minutes or hours) spends to render a service. Time estimates for each service rendered were predominately determined by Willdan and City Staff through a time and materials survey conducted for each department/division fee included in the study. The resulting cost recovery amount represents the total cost of providing each service. The City's current fee being charged for each service, if applicable, is provided in this section, as well, for reference.

It is important to note that the time and materials survey used to determine the amount of time each employee spends assisting in the provision of the services listed on the fee schedule is essential in identifying the total cost of providing each service. Specifically, in providing services, a number of employees are often involved in various aspects of the process, spending anywhere from a few minutes to several hours on the service.

A primary goal of this study was to identify the cost of City services, to provide information to help the City make informed decisions regarding the actual fee levels and charges. The responsibility to determine the final fee levels is a complicated task. City staff must consider many issues in formulating recommendations, and the City Council must consider those same issues and more in making the final decisions.

City staff assumes the responsibility to develop specific fee level recommendations to present to the City Council. Unfortunately, there are no hard and fast rules to guide the City, since many of the considerations are based on the unique characteristics of the City of Chino, and administrative and political discretion. However, in setting the level of full cost recovery for each fee, one should consider whether the service solely benefits one end user or the general community.

## Subsidization

Recalling the definition of a user fee helps guide decisions regarding subsidization. The general standard is that individuals (or groups) who receive a wholly private benefit should pay 100% of the full cost of the services. In contrast, services that are simply public benefit should be funded entirely by the general fund's tax dollars. Unfortunately, for the decision makers, many services fall into the range between these two extremes.

Further complicating the decision, opponents of fees often assert that the activities subject to the fees provide economic, cultural, "quality of life," or other community benefits that exceed the costs to the City.

It is recommended the City consider such factors during its deliberations regarding appropriate fee levels.

Of course, subsidization can be an effective public policy tool, since it can be used to reduce fees to encourage certain activities (such as compliance inspections to ensure public safety) or allow some people to be able to afford to receive services they otherwise could not at the full cost. In addition, subsidies can

be an appropriate and justifiable action, such as to allow citizens to rightfully access services, without burdensome costs.

Despite the intent, it is important for the City and public to understand that subsidies must be covered by another revenue source, such as the General Fund. Therefore, the general taxpayer will potentially help to fund private benefits, and/or other City services will not receive funds that are otherwise directed to cover subsidies.

## Impact on Demand (Elasticity)

Economic principles of elasticity suggest that increased costs for services (higher fees) will eventually curtail the demand for the services; whereas lower fees may spark an incentive to utilize the services and encourage certain actions. Either of these conditions may be a desirable effect to the City. However, the level of the fees that would cause demand changes is largely unknown. The Cost of Service Study did not attempt to evaluate the economic or behavioral impacts of higher or lower fees; nevertheless, the City should consider the potential impacts of these issues when deciding on fee levels.

## Summary

If the City's principal goal of this study were to maximize revenues from user fees, Willdan would recommend setting user fees at 100% of the full cost identified in this study. However, we understand that revenue enhancement is not the only goal of a cost of service study, and sometimes full-cost recovery is not needed, desired, or appropriate. Other City and departmental goals, City Council priorities, policy initiatives, past experience, implementation issues, and other internal and external factors may influence staff recommendations and City Council decisions. In this case, the proper identification of additional services (new or existing services) and creation of a consistent and comprehensive fee schedule was the primary objective of this study. City staff has reviewed the full costs and identified the "recommended fee levels" for consideration by City Council. The attached appendices exhibit these unit fees individually.

The preceding sections provide background for each department or division and the results of this study's analysis of their fees. For the full list of each fee's analysis, refer to **Appendix D** of this report.

---

## Administration

---

The Administration Department ensures that City Council policies and directions are carried out and provides for support to the City Council in areas such as municipal management; public and intergovernmental relations; economic development; special projects; and other issues affecting the City's interests. Additionally, the Department directs, oversees, and supports the efforts of all City Departments. The Administration Department includes the City Manager's and City Clerk's offices, Public Information, Legislative Advocacy, City Attorney, Economic Development, and Information Technology.

## Analysis

Willdan individually reviewed the services associated with the Administration Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of the Administration services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and the pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that current fees are not in line with the full cost of providing services. Staff is recommending the fees be adjusted as detailed in [Appendix D](#). As a result, there would be:

- A \$3 increase for 1 fee, Administrative Decision Appeal;
- the remaining 12 fees would remain as currently set, and;
- the average estimated fee increase would be around 1%.

---

## Finance

---

The Finance Department manages the fiscal operations of the City and maintains financial records in conformance with generally accepted accounting principles and in compliance with State and Federal laws. The Department's primary functions include maintaining effective systems for financial planning, disbursement control, budget development and implementation, budget monitoring, revenue administration, accounting and reporting, cash management, long-term debt administration, redevelopment accounting, purchasing, payroll, investing and utility billing.

The Finance Department is divided into the Fiscal & Accounting Services Divisions, whose purpose it is to develop, enhance, and manage a sound financial structure, enabling the City to provide quality services to the community while effectively controlling and monitoring the receipt and disbursement of public funds. The Purchasing/Warehouse Division procures equipment, supplies, and services at the most competitive prices, for all City departments, while remaining within State and municipal procurement regulations and guidelines. The Utility Billing Services Division collects funds to support the operations of the City's water, sewer, and storm drain systems, along with collecting funds for contracted sewage treatment, refuse collection, recycling, street sweeping services, and business licenses.

## Analysis

Willdan individually reviewed the services associated with the Finance Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of the Finance services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and the pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that most flat rate fees are currently set below the full cost of providing the service. Staff has suggested reasonable fee adjustments to the fee schedule limiting increases to 25% maximum and they are detailed in [Appendix D](#). As a result, there would be:

- an increase to 20 fees;
- 3 fees would remain as currently set, and;
- the average estimated fee increase would be around 15%.

---

## Business License

---

The Utility Billing Services Division collects funds to support the operations of the City's water, sewer, and storm drain systems, along with collecting funds for contracted sewage treatment, refuse collection, recycling, street sweeping services, and business licenses.

### Analysis

Willdan individually reviewed the services associated with Business License. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of the Business License services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and the pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that most flat rate fees are currently set below the full cost of providing the service. Staff has suggested reasonable fee adjustments to the fee schedule limiting fee increases to 25% maximum and they are detailed in [Appendix D](#). As a result, there would be:

- an increase to 15 fees;
- 3 fees will decrease;
- 4 fees would remain as currently set, and;
- the average estimated fee increase would be around 9%.

---

## Community Services

---

The Community Services, Parks & Recreation Department provides residents with a wide range of recreational opportunities, parks, and facilities for the constructive use of leisure time. The Department also provides a unique balance of social services programs to assist individuals, youth, seniors, and families.

The Department's Recreation and Social Services programs focus on children and families with an emphasis on providing positive alternatives and directions. Services for senior citizens, youth, and teens are provided in a safe and friendly atmosphere with a balance of recreational, fitness, and social activities offered. The Healthy Chino program strives to increase healthy lifestyle options and the quality of life for all community members. Social services provided by the Department include prevention and intervention programs, case management, and counseling services.

The Department also hosts several Citywide special events for the community each year and operates the Chino Youth Museum in conjunction with the Chino Youth Museum Board of Directors and the Old Schoolhouse Museum in conjunction with the Chino Valley Historical Society.

The Parks and Facilities Division is responsible for park and facility planning and development, as well as maintaining all City facilities.

## Analysis

Willdan individually reviewed the services and programs associated with the Community Services Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of most Community Services programs encompassed facility rentals and other recreation services. The fee for use for government owned facilities and property can be set discretionally by the City, typically based on past usage characteristics, policy goals, and surrounding jurisdiction comparison. The cost of capital acquisition, maintenance, repair, and upgrade to the City and subsequently the public is offset through rental or use fees. As such these fees should be set using the knowledge of activity use for the facilities, policy desires of the City, and market factors when desirable. It is generally accepted that some Parks and Recreation programs provide a measure of public benefit to the residents and City as a whole, and as such is it common for services to bear significant subsidies. In addition, cities generally want to ensure that their programs and services remain affordable to the community at large, and that the programs remain competitive with surrounding jurisdictions. Therefore, full cost recovery is typically not the primary goal of fee setting. Staff has suggested reasonable fee adjustments to the fee schedule and they are detailed in [Appendix D](#). As a result, there would be:

- An increase for 100 fees;
- 10 new fees would be added, and;
- 47 fees would remain as currently set as detailed in [Appendix D](#).

---

## Parking Fines

---

Parking fines include Municipal Code violations, Vehicle Code violations, and County Code violations.

### Analysis

Willdan included the penalties associated with the Parking Fines in the fee tables. Fines are set to deter the listed activities and the fee levels are suggested by staff to remain unchanged as detail in [\*Appendix D\*](#).

---

## Police

---

The Chino Police Department provides for the public safety response needs of the community through services that support the Department's commitment to Organizational Excellence. Through these efforts, the Police Department strives to meet the community's needs for the protection of life and property and enhance the quality of life for those who work, live, and play in Chino.

### Analysis

Willdan individually reviewed the services and programs associated with the Police Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The services included in Police are a mixture of citations and user fees. The fines are set to deter the listed activities, and the analysis of the user fee relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and the pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that most of the current fees are underfunding the cost of providing services. Staff is recommending the fees be adjusted as detailed in [Appendix D](#). As a result, there would be:

- an increase to 11 fees;
- 2 fees would decrease;
- 5 fees would change to at contract rate from a flat fee;
- 19 fees would remain as currently set, and;
- the average estimated fee increase would be around 11%.

---

## Development Services - Planning

---

The Chino Planning Division is responsible for providing guidance for the safe and orderly physical development of the City. As part of the Development Services Department, the Planning Division's duties include assisting citizens, businesses, and other City Departments in managing land to ensure that land uses comply with the City's General Plan, Specific Plans and Zoning regulations, while meeting the needs of the City and its citizens.

The Planning Division coordinates with the Planning Commission to process and review development projects and subdivision maps, and approves land use and other zoning applications. In addition, the Division works with the Planning Commission and City Council to modify and update the City's General Plan, Specific Plans, and Zoning Ordinance from time to time as needed, or to address new State legislation.

The General Plan defines the long-range goals and intentions regarding the nature and direction of future development within the City. It contains elements related to physical development of the community including land use, transportation, park and recreation, noise, air quality, safety, housing, and community character and health, as well as details regarding the City's zoning.

### Analysis

Willdan individually reviewed the services and programs associated with the Planning Division. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Planning services relied primarily upon a standard unit cost build-up approach, whereby the reasonable cost of each fee occurrence was determined using staff time involved in providing services to recover the direct cost of staff and the pro-rata share of departmental costs, including indirect costs for City central services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that services are currently set below the full cost of providing them. It is recommended that the City increase most Planning fees to improve cost recovery as detailed in [Appendix D](#), with some specific fees set to retain subsidies. As a result, there would be:

- an increase to 59 fees;
- 1 fee would decrease;
- 11 new fees would be added;
- 7 fees would remain as currently set, and;
- the average fee change would be an increase of 37% for current fees.

---

## Development Services - Building

---

The Building Division is mandated by Health and Safety Code State laws and is responsible for enforcing the Uniform Building, Plumbing, Mechanical, and National Electrical Codes. Each set of these codes provides for minimum standards to safeguard life, health, property, and the public welfare. Our duties also include monitoring construction activity, and determining that ongoing construction projects have the required permits and conform to the approved plans, any conditions of approval, and all applicable municipal codes and standards. The Building Division is also responsible for enforcing State-mandated requirements such as disability access and energy conservation regulations.

The Building Division issues building permits and takes in plans for review. Inspectors field verify compliance with various codes and ordinances. The inspectors are responsible for both residential and commercial structures.

### Analysis

Willdan individually reviewed the services and programs associated with the Building Division. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Building services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City central services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that services are currently set below the full cost of providing them. It is recommended that the City increase cost recovery at or near 100% for Building services as detailed in [Appendix D](#). As a result, there would be:

- an increase to 11 fees;
- 1 fee would decrease;
- 1 fees would remain as currently set; and,
- the average fee change would be an increase of 23% for current flat fees.

In addition to the above referenced fees listed under Building, the Building Permit fee program is also provided by this division. For the Building Permit fees, valuation is used as a proxy for measuring the amount of effort needed to provide services on a case by case basis. This method is an industry standard widely used by other jurisdictions to evaluate the cost of providing service. It is generally understood that the larger and more complex a project is, more time and effort that is required to provide the service. Project valuation also follows that trend, and so by using a combination of either project valuation or historical revenue figures along with a multiplier or cost recovery analysis for historical and anticipated future construction trends, current cost recovery along with variability in charges due to project type and scale is determined. The result of the cost analysis completed using fee activity from 2017 through 2024 for Building Permits and found that the program is currently operating at 97% cost recovery. It is suggested that the fees be increased to raise cost recovery to 100%, which would require a 3% increase. Current and new fees are detailed in [Appendix D](#).

---

## Public Works - Engineering

---

Engineering oversees improvements to City streets and public infrastructure. Engineering staff prepares design documents for contractor bidding and manages the construction of those improvements. Examples of typical projects include new turn lanes and traffic signals, sewer and water pipeline repair or rehabilitation, traffic signing and striping shoulder widening, and pavement overlays.

### Analysis

Willdan individually reviewed the services and programs associated with the Engineering Division. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Engineering services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and the pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that current fee levels are subsidizing the cost for most services. It is recommended that the City increase most Engineering fees to improve cost recovery as detailed in [Appendix D](#), with some specific fees set to retain subsidies. As a result, there would be:

- an increase to 32 fees;
- 8 new fees will be added;
- 10 fees would remain as currently set;
- 7 fees, Grading Plan Check, would change to a per sheet from a tiered structure fee;
- 10 fees would decrease, and;
- the average estimated increase for current fees would be around 38% for flat fee services.

---

## Public Works

---

As a full-service City, the Public Works Department provides excellent maintenance and operations service of City's assets in the public right-of-way for the quality of life for Chino's residents, businesses and visitors. The primary duties of the Department are to maintain and improve the City's streets, traffic signal systems, landscaping, street lighting, water, sewer, storm drain systems, and City-owned facilities. The Department also provides civil engineering, traffic engineering, environmental compliance and inspection services, administers the City's capital improvement projects, the Used Oil and Beverage Container Recycling Programs, manages the City's water resources, and maintains the City's fleet of vehicles and other equipment. The Public Works Department also administers Solid Waste franchise agreement with Waste Management.

### Analysis

Willdan individually reviewed the services and programs associated with the Public Works Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Public Works services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and the pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis found that current fee levels are subsidizing the cost for most services. It is recommended that the City increase most Public Works Services fees to improve cost recovery as detailed in [Appendix D](#), with fee increases limited to 50% or full cost, whichever is less. As a result, there would be:

- an increase to 25 fees;
- 1 new fee will be added;
- 1 fee would remain as currently set, and;
- the average estimated increase for current fees would be around 36% for flat fee services.

---

## Appendix A – Fee Comparisons

---

### **This appendix is included in the report for information Purposes Only**

Below is a fee comparison for a limited selection of some facility use fees with some surrounding cities. Cities included in the comparison were: Ontario, Montclair, Pomona, Chino Hills, and Eastvale. This comparison is not an extensive survey of all fees but is meant to compare a select number of common fees as indicators for a broader comparison with surrounding jurisdictions. Comparisons are often used as a tool to measure a city's fees against others. Because of the variability that exists between cities themselves there are a great many variables to keep in mind, that cannot usually be accounted for in a comparison, that underlie the basis for how each city sets its fees. Below is a sample of some of the most common variables to keep in mind for a fee comparison:

- It is often unknown whether a compared city has done a full cost study, or if theirs are based on historical or other subjective factors;
- Subsidy rates of compared cities are often unknown;
- Same-labeled fees of other cities are unknown to include the same level of services, and may include more or less service or services;
- A same labeled fee may be providing for a different service altogether;
- There may be additional charges for a listed service that is levied by other departments (the fee seen may not be the full charge for a type of service);
- Different policy goals and considerations of a City will usually be unknown and will affect the cost recovery levels set by each city;
- The unit base (per hour, team, etc.) used to charge a fee could often differ city to city;
- Even if all the above is taken to be equal to the City, the actual cost inputs will differ from City to City, for example:
  - The salary and benefits of the employees and positions involved in providing services will vary;
  - Various overhead levels will be different city to city;
  - Staffing levels will differ and affect not only who works on fees, but from a program cost approach, will change the cost needed to be recovered;
  - Service levels will differ from city to city, so that while one city may have X amount of participation, another will have Y which may yield different cost structures for each city;
  - The efficiency of the employees themselves may differ from city to city, which will cause differences in cost or time estimations.

## Appendix B – Total Allowable Cost to be Recovered

Below are the total allowable costs that may be recovered through User Fees; however, only a percentage of the total cost is realized as staff doesn't just work on services related to User Fees, but also work on an array of other City functions during the operational hours of the City. The amounts listed below will not reconcile to City budgets as costs that should not be included in overhead for personnel in the application of determining fully burdened hourly rates were excluded. Examples of these costs are capital, debt, monetary transfers, passthrough contract costs, and any other costs that is charged directly to the service requestor.

### City of Chino - User Fee Overhead Rate Calculations

## Appendix C – Fully Burdened Hourly Rates

---

Below are fully burdened hourly rates of staff positions that provide for the services detailed in [Appendix D](#). The FBHRs were used to determine the full cost of each service. They include the salary and benefit costs for each position as well as all applicable overhead amounts for each position. For positions in central service departments, such as the City Clerk and Finance, what is shown is the salary and benefit rate only, as the overhead of central service departments is recovered through the cost allocation plan. When a central service department position works on a fee or project in the purview of an operating department, the overhead rates of the operating department (shown in [Appendix B](#)) will be applied to that central service positions' salary and benefit rate for full cost recovery. For any user fee service request that is outside the scope of the fees detailed in [Appendix D](#), or for services for which there is no fee currently set, the City can charge up to the full cost of the FBHR for personnel involved.

## City of Chino - User Fee

### Fully Burdened Hourly Rate Calculation

| Department           | Position   | Fully Burdened Hourly Rate |
|----------------------|--|----------------------------|
| CITY CLERK           | Clerk - Assistant City Manager                     | \$316.54                   |
| CITY CLERK           | Clerk - Assistant to the City Manager              | \$164.17                   |

---

## Appendix D – Cost Recovery Analysis

---

The following tables provide the results of the analysis, resulting full cost recovery amount, and recommended fees. For fees, services, and penalties in which the full cost, existing fee and suggested fee is listed as “NA”, the amount or percentage was not calculable based on cost data or variable fee structure. This is most common when either the current or the suggested fee includes a variable component that is not comparable on a one-to-one basis, a full cost was not calculated (for penalties, fines, market-based fees, or items not included in the study), or when there is not a current fee amount to compare against.

All services and fees analyzed as part of this study fall under one or multiple categories one through five of the exemptions defined in Proposition 26. As such a cost analysis was performed to calculate the estimated reasonable full cost of each service, and suggested fees are recommended at or below those amounts. Estimated reasonable full costs were calculated based on City expenditures and time estimates.

To provide a thorough list of all fees and services, the schedules also includes items that were not part of the scope of this study. Examples of such items are utility rates, taxes, in-lieu fees, and developer impact fees.

**MEMORANDUM  
CITY OF CHINO  
FINANCE DEPARTMENT**

**CITY COUNCIL MEETING DATE: JUNE 17, 2025**

**TO: MAYOR AND CITY COUNCIL MEMBERS, CITY OF CHINO**

**FROM: LINDA REICH, CITY MANAGER**

**SUBJECT**

Fiscal Year 2025-2026 Budget Adoption.

**RECOMMENDATION**

1) Adopt Resolution No. 2025-034, approving the Fiscal Year (FY) 2025-26 Proposed Budget; 2) adopt Resolution No. 2025-035, approving the Appropriations Limit for Fiscal Year 2025-26; and 3) authorize the City Manager to execute all necessary documents on behalf of the City.

**FISCAL IMPACT**

The City's total budget for FY 2025-26, excluding the Successor Agency, reflects a comprehensive financial plan ensuring fiscal sustainability across municipal operations. The total City budget stands at \$325,463,781 in revenue and \$266,048,003 in expenditures. Total transfers in and out between funds amount to \$61,885,305, supporting interfund allocations and operational needs. Total capital projects across all funds amount to \$8,986,653, ensuring continued investment in infrastructure and municipal improvements.

As the primary operating fund of the City, the General Fund supports essential municipal services, including public safety, administration, and community programs. The FY 2025-26 General Fund Budget includes updated revenue estimates, expenditures, capital projects, and fund transfers. General Fund revenue is projected at \$131,036,755, with \$100,167,052 in expenditures and \$287,000 allocated for capital projects. Transfers include \$1,841,662 in incoming funds and \$27,900,879 in outgoing allocations, resulting in an estimated net surplus of \$4,523,486.

The Successor Agency budget totals \$3,276,688 in revenue and \$3,343,403 in expenditures, reflecting its financial obligations to wind down the activities of the former redevelopment agency.

**CITY OF CHINO MISSION / VISION / VALUES / STRATEGIC ISSUES**

The recommendation detailed above furthers the City's values and strategic issues that serve as key pillars on which identified priorities, goals, and action plans are built, by fostering:

- Financial Stability
- Responsible Long-Range Planning

## **BACKGROUND**

On May 22, 2025, the City Council held a Budget Workshop to review and discuss the proposed budget for FY 2025-26. Since that workshop, additional budget adjustments have been made to reflect updated expenditure priorities, operational needs, and strategic initiatives.

## **ISSUES/ANALYSIS**

Following the Budget Workshop on May 22, 2025, the following changes have been incorporated into the final proposed budget. These adjustments reflect feedback, updated financial projections, and operational refinements. A full list of changes is attached for reference, with key highlights outlined below. Some of these budget adjustments were previously approved by the City Council through separate agenda items, while others will be presented tonight for consideration in individual discussions.

### Estimated Revenue Adjustments:

The General Fund revenue estimate has been reduced by \$3,000,000 due to changes in the administrative charge for Development Impact Fees (DIFs). The administrative fee for DIFs has been lowered from 12% to 3%, resulting in the revenue reduction. This adjustment will be discussed in further detail as a separate agenda item during tonight's City Council meeting.

### Projected Expenditure Adjustments:

#### General Fund 100

- Civic Center Paint Project – \$50,000 – Council Budget Workshop Request  
Staff has included funding for the painting of the City Hall Building. A preliminary cost estimate of \$2.5 million was obtained; however, to initiate the design process, \$50,000 has been allocated in the FY 2025-26 proposed budget.

To ensure funding availability when the project moves forward, \$2,450,000 will be designated from the FY 2024-25 General Fund balance to be allocated once the design phase is complete and final cost estimates are available.

#### Other Funds and changes:

- Preserve Teen Center Programming - \$168,475 – Council Workshop Request
  - Staffing/Supplies - \$78,475 (CS Fund 330)
  - Van IE268 - \$90,000 (Equip Mgt Fund 660)
- West End Regional Navigation Center – \$200,000 (Affordable Housing Fund 310)
- Title Change – Management Analyst to Permit Center Coordinator in Development Services – no fiscal impact for this change.

#### Incomplete and Ongoing Projects

In addition to the new appropriations for FY 2025-26, the budget includes a revised estimated \$87,740,797 in continuing appropriations for ongoing projects that remain incomplete as of June 30, 2025. These carryover funds ensure that essential initiatives continue without disruption. Importantly, they are sourced from fund balance savings, not the FY 2025-26 operating budget.

To streamline financial operations, staff will automatically carry over these funds at the close of FY 2024-25 into FY 2025-26, allowing uninterrupted project progress without requiring additional Council action.

#### Labor Negotiations

The City is currently in negotiations with various bargaining units, recognizing that its employees are a vital investment in delivering quality services to the community. While the associated costs have not yet been included in the proposed budget, once agreements are finalized, adjustments may be necessary to reflect changes in compensation and benefits, ensuring continued support for the workforce.

#### Appropriations Limit

Article XIII-B of the State Constitution (as amended by Proposition 111) requires the City to adopt an annual limit on the appropriation of tax proceeds, which defines the amount of tax revenues the City can allocate in a given year. For FY 2025-26, the City's appropriations limit has been calculated in accordance with State guidelines. This calculation was made by using the Per Capita Personal Income change at 6.44% and the City's annual population change of 1.76 %, which is in accordance with the provisions of Article XIII-B of the State Constitution.

The appropriations limit for FY 2025-26 for the City of Chino is \$3,779,762,440.13. Tax revenue budgeted for this fiscal year that is subject to the appropriations limit is \$115,952,197.32, which places the FY 2025-26 City budget \$3,663,810,242.81 under the limit. The difference represents the amount of tax revenue that the City could appropriate if the revenue is available. Resolution No. 2025-035 sets the City's Appropriations Limit (Gann Limit) for FY 2025-26.

Tonight, staff is pleased to present the FY 2025-26 Proposed Budget for City Council's consideration.

# CITY OF CHINO

## MEMORANDUM

### ADMINISTRATION DEPARTMENT

DATE: May 22, 2025

TO: Honorable Mayor and Members of the City Council

FROM: Linda Reich, City Manager  
Kim Sao, Director of Finance

SUBJECT: FY 2025-26 Proposed Budget & 5-Year Capital Improvement Program (CIP) Budget

We are pleased to present the FY 2025-26 Proposed Operating and Capital Improvement Project Budget. Included with the budget is a 5-Year Capital Improvement Plan. This document is the product of many staff working collaboratively to align resources that are consistent with the City Council's priorities, while continuing to maintain fiscal responsibility. In the development of the City Council's budget, our team incorporated our organizational values, teamwork, and collaboration on tough decisions while focusing on the improvement of the community we serve.

At tonight's budget workshop, staff will present an overview of the FY 2025-26 Proposed Budget, including a breakdown of revenues, expenditures, and detailed presentations from each department. The City Council will have the opportunity to review and discuss the proposed budget, ask questions, and consider public input. This workshop will guide any necessary modifications to the Proposed Budget in preparation for its formal adoption, scheduled for the regular City Council meeting on June 17, 2025.

### **GENERAL FUND BUDGET OVERVIEW**

For Fiscal Year 2025-26, the proposed General Fund budget totals \$127,724,081 comprising \$99,977,861 for operating expenditures, \$287,000 for capital projects, and \$27,746,220 in transfers to other funds.

On the revenue side, the General Fund is projected to receive \$134,083,136 in operating revenues, along with \$1,841,662 in transfers in, bringing total available resources to \$135,924,798. As a result, the budget anticipates a surplus of \$8,200,717, reflecting the City's continued financial stability and responsible fiscal management

|                            | Estimated                | FY 2025-26 Budget          |                                   |                           | Estimated                 |
|----------------------------|--------------------------|----------------------------|-----------------------------------|---------------------------|---------------------------|
|                            | Fund Balance<br>7/1/2025 | Revenues &<br>Transfers In | Expenditures<br>Transfers Out/CIP | Net Surplus/<br>(Deficit) | Fund Balance<br>6/30/2026 |
| General Fund               |                          |                            |                                   |                           |                           |
| Unassigned Fund Balance    | 35,389,344               | 135,924,798                | 127,724,081                       | 8,200,717                 | 43,590,061                |
| Non-Spendable Fund Balance | 2,305,413                | -                          | -                                 | -                         | 2,305,413                 |
| <b>Ending Fund Balance</b> | <b>\$ 37,694,757</b>     | <b>\$ 135,924,798</b>      | <b>\$ 127,724,081</b>             | <b>\$ 8,200,717</b>       | <b>\$ 45,895,474</b>      |

The surplus of \$8.2 million is primarily driven by new revenue from the Measure V sales tax, which took effect on July 1, 2024. This additional funding has allowed revenues to exceed expenditures, increasing the estimated ending fund balance from \$37,694,757 to \$45,895,474 by June 30, 2026.

During the budget process, staff conducted a comprehensive review of expenditures to identify potential cost savings and mitigate the risk of overspending. This approach reinforces the City's commitment to conservative budgeting, ensuring financial resources are allocated efficiently while maintaining long-term fiscal sustainability.

Additionally, City staff carefully examined operating expenditures to sustain existing services while preventing unnecessary budget growth. The City remains focused on avoiding reliance on one-time revenues, recognizing that long-term financial stability depends on aligning expenditures with ongoing revenue sources to preserve fiscal resilience in the years ahead.

### **Transfers In/Out**

Interfund transfers represent the movement of financial resources between funds. In FY 2025-26, of the \$27.7 million transfers out from the General Fund to other funds, \$24.1 million reflects ongoing allocations to support funds with operating revenue shortfalls, and the remaining \$3.6 million is for capital projects. For example, the Community Services Department has historically been categorized as a Special Revenue Fund, requiring annual General Fund transfers to offset funding gaps.

As part of the FY 2025-26 budget process, staff will evaluate fund structures and implement adjustments to minimize reliance on interfund transfers. Beginning in FY 2025-26, the Community Services program will transition to the General Fund, aligning it with standard budgeting practices applied to other General Fund departments. This change enhances transparency by presenting the full cost of General Fund operations more clearly, while also improving accounting efficiency by maintaining distinct and accountable financial sources and uses.

### **Fund Balance Summary**

On June 21, 2011, the City Council adopted a fund balance policy establishing a 15% operating reserve and an Emergency Contingency Reserve of up to \$10 million. While the policy allows for a higher emergency reserve, the City has maintained it at 2.5%, resulting in total reserves of 17.5%. This aligns with the Government Finance Officers Association's (GFOA) best practice of maintaining at least two months' worth of operating expenditure (16.7%) to address economic uncertainties. In accordance with the City's current policy, these reserves are classified as Unassigned Fund Balance in the Annual Comprehensive Financial Report (ACFR).

The table below summarizes the General Fund balance for the fiscal year ending June 30, 2024, along with projected estimates for 2025 and 2026. As of June 30, 2024, the audited unassigned fund balance is \$30.1 million, which includes an operating reserve of \$14.7 million and an emergency reserve of \$2.3 million, bringing the total reserves to \$17 million.

|                            | 6/30/2024            | 6/30/2025            | 6/30/2026            |
|----------------------------|----------------------|----------------------|----------------------|
|                            | FY2023-24            | FY2024-25            | FY2024-25            |
| General Fund Balance       | Audited              | Estimated            | Estimated            |
| Unassigned                 | 30,151,505           | 35,389,344           | 43,590,061           |
| Non-Spendable              | 2,305,413            | 2,305,413            | 2,305,413            |
| <b>Ending Fund Balance</b> | <b>\$ 32,456,918</b> | <b>\$ 37,694,757</b> | <b>\$ 45,895,474</b> |

Staff plans to evaluate potential revisions to the fund balance policy, including the reclassification of reserves and the establishment of new target levels, should the City Council opt to pursue changes. These adjustments would aim to enhance financial flexibility while maintaining prudent fiscal safeguards.

## Employee Position Updates

For Fiscal Year 2025-26, the Proposed Budget includes several position adjustments for City Council consideration, with an associated fiscal impact of \$135,566 in salaries and benefits. These changes reflect necessary staffing modifications to ensure operational efficiency while maintaining financial oversight.

| Dept   | Proposed Position Changes                          | Action Taken | Major Funding Source | Salary & Benefits Cost |

## OTHER FUNDS

### Special Revenue Funds

Special Revenue Funds are designated to account for revenues that are legally restricted or committed to specific purposes. Unlike the General Fund, which supports a broad range of municipal functions, Special Revenue Funds are used exclusively for defined programs or services, ensuring that financial resources are allocated appropriately and transparently. These

funds often rely on dedicated revenue sources such as grants, taxes, or fees that must be used for their intended purpose.

The City allocates a substantial portion of General Fund dollars to subsidize essential programs within Special Revenue Funds, including Community Services Parks & Recreation, Transportation, and Landscape Maintenance.

- **Community Services Parks & Recreation** has a wide variety of programs encompassing youth sports, senior, teens, camps, counseling services, and special programs that provide support to individuals facing mental health challenges or substance abuse issues.
- **Transportation Programs** focus on maintaining city streets and enhancing traffic flow to improve mobility and infrastructure efficiency.
- **Landscape Maintenance** ensures thoroughfares and neighborhood streets are well-maintained and aesthetically enhanced through proper landscaping efforts.

For Fiscal Year 2025-26, total Special Revenue expenditures, including transfers out and capital projects, amount to \$78,399,497, while total revenue and transfers in total \$107,081,969. Transfers In of \$24.1 come from the City's General Fund to support these services. This financial commitment reflects the City's ongoing effort to sustain critical public services while balancing funding needs across various programs.

## Enterprise Funds

For Fiscal Year 2025-26, the total Enterprise Fund budget includes expenditures, capital projects, and transfers out totaling \$72,953,961, while operating revenues and transfers in total \$85,798,199, resulting in a net surplus of \$12,844,238. The City's Enterprise Funds support essential utility services, including water, sewer, storm drain, and sanitation, ensuring reliable service for residents and businesses. These services are funded through monthly utility rates charged to customers to cover both operational costs and capital improvements, while sanitation utility rates are designed to cover operational costs only.

To maintain the long-term financial sustainability of these utility services, the City will conduct a comprehensive rate study during FY 2025-26. This analysis is critical to ensure that utility rates remain sufficient to cover rising operational expenses, infrastructure maintenance, and future capital investment needs. By evaluating revenue adequacy, cost recovery, and rate structures, the study will provide a transparent and equitable framework for setting rates that support high-quality service while minimizing financial strain on ratepayers.

Additionally, the City is committed to maintaining and improving the infrastructure necessary to deliver utility services efficiently. As of FY 2024-25, \$31 million has been appropriated for water capital improvements to enhance system reliability, address aging infrastructure, and support long-term sustainability. For FY 2025-26, an additional \$201,000 has been requested to further these efforts and ensure continued investment in critical water infrastructure.

### **Internal Service Funds**

The City's Internal Service Funds are used to allocate costs for centralized services across various departments, ensuring that each department contributes proportionally based on the services it receives. The City's Internal Service Funds include Central Services, Liability Insurance, Employee Benefits, Building Management, and the Equipment Management Fund. These funds are replenished annually to cover operational expenses and provide financial stability for unexpected costs.

As of June 30, 2026, the Internal Service Funds are projected to have a combined total fund balance of \$21.4 million. City staff will continue to evaluate these funds to ensure they maintain an adequate balance to meet long-term financial needs while supporting essential municipal operations.

### **Conclusion**

The FY 2025-26 Proposed Budget reflects the City's commitment to fiscal responsibility, sustainable financial planning, and continued investment in essential services. Through prudent budgeting practices, strategic resource allocation, and a focus on long-term financial stability, the City ensures the efficient delivery of services while maintaining accountability and transparency.

Staff will incorporate any revisions directed by the City Council and finalize the budget for adoption at the regular City Council meeting on June 17, 2025.

# FUND BALANCE SUMMARY

## FY 2025-26 Proposed Budget

| Fund No. | Fund Description                             | Estimated Beg. Balance 7/1/25 | Total Revenues     | Operating Expenditures | Capital Projects | Transfers In     | Transfers Out       | Net Surplus/ (Deficit) | Estimated Fund Balance 6/30/26 |
