

PUBLIC WORKS CONDITIONS OF APPROVAL
PROJECT NO. PL26-0015 (SA) & PL26-016 (SCUP)

DATE: May 11, 2026 PC MEETING DATE: May 20, 2026

PROJECT DESCRIPTION: New Temporary Charter School, 5 Modular Buildings at existing Church Site

PROJECT LOCATION: 5500 Francis Avenue (Frances Ave. & Vernon Ave.)

APPLICANT: Gonzalez Dev. Consulting PROJECT ENGINEER: Jorge Alvarado

PRIOR TO THE THREE MAJOR DEVELOPMENT EVENTS, THE APPLICANT SHALL SATISFY AND FULFILL ALL CONDITIONS OUTLINED BELOW. FAILURE TO COMPLY WITH ANY CONDITIONS OF APPROVAL SHALL BE DEEMED JUST CAUSE FOR REVOCATION OF PROJECT APPROVAL BY THE PLANNING COMMISSION. HOWEVER, THE PUBLIC WORKS DIRECTOR SHALL HAVE THE AUTHORITY TO APPROVE MINOR DEVIATIONS IN THE CONDITIONS OF APPROVAL, AND ALL PLANS INCLUDING THE CONSTRUCTION DRAWINGS.

1.0 GENERAL CONDITIONS:

- 1.1. The temporary use and buildings are approved for a maximum of **three** years from the date of this approval. Upon, or prior to, the expiration of the temporary use/building approval, the temporary use/building, and all appurtenances including all BMPs thereto, shall be removed from the affected property and the property shall be returned to its original condition.
- 1.2. Should a similar use be requested to be established at this location after the temporary use expires, permanent on and off-site improvements will be required to be constructed and installed in accordance with City Municipal Code

2.0 PRIOR TO ISSUANCE OF BUILDING OR CONSTRUCTION PERMITS:

- 2.1. All required plans and studies shall be prepared by a Registered Professional Engineer and submitted to the Project Engineer for review and approval. All project plans must be approved by the City Engineer's office before a Building Permit will be issued. All maps, studies, calculation sheets, reports, etc. must be on and/or folded in an 11-inch by 8½-inch standard format.
- 2.2. Prepare and submit a final grading plan showing building footprints, pad elevations, finished grades, drainage routes, retaining walls, erosion control, slope easements and other pertinent information in accordance with Appendix J of the California Building Code, latest edition.
- 2.3. Provide a certificate, from a Registered Civil Engineer, certifying that the finished grading has been completed in accordance with the City approved grading plan.
- 2.4. Submit a soils/geology report in accordance with Appendix J of the California Building Code, latest edition to the project engineer for review and approval.
- 2.5. All improvements shall comply with federal, state, and local accessibility regulations and standards.
 - a. The review or approval of plans and specifications by the City does not permit the violation of any section of the federal law, state law, building code, or local ordinance.
 - b. Where accessibility standards are contradictory, the provision that provides the most accessible (restrictive) condition shall apply.

- c. Where the project's conditions of approval conflict with accessibility regulations and standards, the prevailing provision shall be determined by City's Accessibility Coordinator and City Engineer.

Pedestrian facilities (privately or publicly owned) that are open to the public shall comply with the City's Policy on Accessible Pedestrian Facilities, accessibility standards in the CBC, and ADA regulations at Part 36 of Title 28, which include the 2010 (ADA) Standards.

Accessibility of existing and proposed building improvements will be evaluated by the City's building department. Those comments and requests are in addition to those provided herein.

- 2.6. Comply with all applicable requirements of the City Code.
- 2.7. The project must ensure that all pedestrian facilities (private or publicly owned) that are open to the public shall comply with accessibility standards in the City's Policy on Accessible Pedestrian Facilities, the current edition of the CBC in effect at the time of building permit issuance or, if no permit, the date construction commences, and Part 36 of Title 28 of the Americans with Disabilities Act (ADA) regulations, which include the 2010 ADA Standards. This includes the following structures and facilities:
 - a. Walks within the development
- 2.8. Pay all applicable fees pursuant to City Code including, but not limited to, the Development Impact Fees (DIF) and Sewage Facilities Development Fee (SFDF). The actual amount of fees due to the City will be based on the fee schedule in place on the date that the fees are due, or the date that they are paid, whichever occurs last. The fee amount stated in this notice is subject to change based on (1) annual adjustments for inflation, pursuant to Chino Municipal Code Section 3.40.100 or 3.45.100, (2) revisions to the Chino Municipal Code, and (3) updates to the fee studies and nexus reports adopted by the City.

Developer is solely responsible for remaining informed about changes in the fee amounts. City shall have no obligation to inform Developer of changes in the fee amounts unless Developer requests notice of such changes, pursuant to Government Code Section 66019(b) and Chino Municipal Code Section 3.40.080(B) or 3.45.080(B).
- 2.9. Pursuant to Santa Ana Regional Water Quality Control Board Order Number R8-2010-0036, NPDES Permit No. CAS618036, prepare a project-specific Water Quality Management Plan (WQMP) and submit to the project engineer for review and approval. To address NPDES Permit requirements to the maximum extent practicable, the project shall be designed to specify preferential use of Low Impact Development Best Management Practices that reduce pollutants and runoff volume through structural measures (e.g., infiltration, harvesting, and bio-treatment) and non-structural measures (e.g., preserving natural areas, clustering development, and reducing impervious areas). The WQMP shall conform to the requirements of the San Bernardino County Stormwater Program, 2013 WQMP Technical Guidance Document and include the Trash Order Implementation Plan requirements.
- 2.10. Convey ownership of any and all existing onsite water wells to the City and convert to monitoring wells as directed by the City's Water Utilities Supervisor. Prepare and record any necessary easements to provide the City with access to the monitoring wells. Any existing water wells that cannot be feasibly converted to monitoring wells shall be destroyed per City Standard No. 465.
- 2.11. City staff shall determine the type of water (potable or recycled) to be used for grading operations, dust control activities, and common area/public landscape irrigation at the time of permit issuance.
- 2.12. Submit to the City electronic files, in Adobe Acrobat PDF format, of all submittals, including reports, studies, improvement plans and City redlines of previous submittals.

2.13. Comply with all requirements of the Focused Traffic Assessment dated March 26, 2026 including any construction of required improvements, if applicable.

3.0 **PRIOR TO REQUEST FOR AND RELEASE OF OCCUPANCY PERMITS:**

3.1. The applicant's Civil Engineer shall field verify that all BMPs are designed, constructed, and functional in accordance with the approved WQMP. BMPs shall also be inspected by Public Works Environmental staff. Coordinate inspection with staff and submit a completed City of Chino BMP field verification form for review and approval.

3.2. Pay all remaining applicable fees pursuant to City Code.

PROJECT NO. PL26-0015 (SA) & PL26-0016 (SCUP)

PROJECT ENGINEER: Jorge Alvarado

DATE: 5/11/2026

A COPY OF THIS CHECK LIST MUST BE PROVIDED ALONG WITH A COMPLETED PLAN CHECK REVIEW APPLICATION TO THE ENGINEERING TECHNICIAN WHEN MAKING AN APPOINTMENT FOR FIRST PLAN CHECK SUBMITTAL

- Copy of Development Engineering Division Conditions of Approval
- Plan Check Fee Calculation Form
- Maps (Subdivision Only)
- Preliminary Title Report (no older than six months) (Subdivision Only)
- Closure Calculations (Subdivision Only)
- Referenced Maps (Subdivision Only)
- Preliminary Soils Report (no older than sixty days)
- Lot line adjustment certificate
- Lot merger
- Right-of-way dedication (Corner Cut-Off)
- Rough Grading Plans
- Precise Grading Plans (PGP)
- Storm Drain Plans (May be included in the Precise Grading Plan)
- Hydrology and Hydraulic Calculations with Backup Data (Signed and Sealed by a Registered Civil Engineer)
- Engineering Cost Estimate (On City Forms) with Engineer's Wet Signature and Stamp
- Street Improvements Plans (Driveway and ADA Ramp Improvements may be shown on the PGP)
- Cross-Sections (if street plans are required) at 50' intervals and extended a minimum of 100' beyond limits of improvements
- Sewer Plans (Delta Revision as required)
- Domestic Water Plans (Delta Revision as required)
- Recycled Water Plans
- Street Light Plans
- Voltage Drop Calculations (Signed and Sealed by a Registered Engineer)
- Signing and Striping Plans (As required)
- Traffic Signal Interconnect Plans
- Traffic Signal Plans
- Water Quality Management Plan
- Construction Management Plan
