PLANNING DIVISION CONDITIONS OF APPROVAL**

---

**DATE:** May 20, 2026

**PROJECT FILE NO.:** PL25-0067 (Site Approval), PL25-0068 (Tentative Parcel Map No. 20794)

**LOCATION:** Southwest corner of Riverside Drive and Magnolia Avenue (APN: 1020-111-01 and -02)

**APPLICANT:** Regent Land Company

---

**1.0 TIME LIMITS:**

1.1. The above-referenced Site Approval shall expire on May 20, 2027 if Building Permits are not obtained. The above-referenced Tentative Parcel Map shall expire on May 20, 2028, if the final map is not recorded. The expiration date may be extended upon written request by the applicant on a City application form. The request must be received by the Director of Development Services at least 30 days prior to expiration of the application.

**2.0 GENERAL REQUIREMENTS:**

- 2.1. Failure to comply with any conditions of approval shall be deemed just cause for revocation of project approval by the Planning Commission.
- 2.2. The project shall proceed only in accordance with approved plans on file with the Development Services Department, the conditions contained herein and the Chino Municipal Code.
- 2.3. Approval of this request shall not waive compliance with all sections of the Chino Municipal Code, all applicable provisions of the Chino Municipal Code, other City ordinances, and applicable specific plans, except to the extent such requirements are superseded by the project's vested rights pursuant to SB 330 (Housing Crisis Act of 2019) and applicable provisions of State Density Bonus Law
- 2.4. All conditions of approval shall be completed to the satisfaction of the Director of Development Services.

- 2.5. Pursuant to Government Code Section 66020, the applicant is informed that the 90-day period in which the applicant may protest the fees, dedications, reservation or other exaction imposed on this project through the conditions of approval has begun.
- 2.6. In the event that any condition contained herein is determined to be invalid or legally unenforceable, then all remaining conditions shall remain in force.
- 2.7. In the event that any condition imposing a fee, exaction, dedication, or other mitigation measure is challenged by the project sponsors and/or other parties in an action filed in a court of law, which action is brought within the time period provided for by law, this approval shall be suspended pending dismissal of such action, the expiration of the limitation period applicable to such action, or final resolution of such action. If any condition is invalidated by a court of law, the applicable section of the entire project shall be reviewed by the City and substitute conditions may be imposed.
- 2.8. The applicant shall indemnify the City and its elected boards, commissions, officers, agents and employees and will hold and save them and each of them harmless from any and all actions, claims, liabilities, losses, damages, penalties, obligations and expenses, including but not limited to attorneys' fees and costs, (collectively "claims") against the City for any such claims and shall be responsible for any judgment arising therefrom. The City shall provide the applicant with notice of the pendency of such action and shall request that the applicant defend such action. The applicant may utilize the City Attorney's office or use legal counsel of its choosing, but shall reimburse the City for any necessary legal cost incurred by City, including for the City's required participation in defense of the claims. The applicant shall provide a deposit in the amount of 100% of the City's estimate, in its sole and absolute discretion, of the cost of litigation, including the cost of any award of attorney's fees, and shall make additional deposits as requested by City to keep the deposit at such level. If the applicant fails to provide or maintain the deposit, the City may abandon the action and the applicant shall pay all costs resulting therefrom and City shall have no liability to the applicant.
- 2.9. The City of Chino has an exclusive contract with Waste Management for all solid waste collection and hauling services within the City. The applicant shall be responsible for making arrangements with Waste Management for disposal of any/all construction debris or trash generated as a result of this permit. Waste Management can be reached at 1-800 423-9986.

- 2.10. Pursuant to Public Resources Code Section 21089 and Fish and Wildlife Code Section 711.4, the developer shall provide those fees marked [X] below in the form of a check made payable to the **San Bernardino County Clerk of the Board of Supervisors**. **Project approval shall not be complete until the required fee(s) is (are) paid:**

[ ] \$50 for the Notice of Determination filing fee.

[x] \$50 for the Notice of Exemption filing fee.

[ ] \$2,548.00 for the California Department of Fish and Wildlife Mitigated Negative Declaration fee.

[ ] \$3,539.25 for the California Department of Fish and Wildlife Environmental Impact Report fee.

**3.0 PRIOR TO RECORDATION OF THE FINAL MAP:**

- 3.1. Three copies of Covenants, Conditions, and Restrictions (CC&R's) for the subdivision shall be prepared in and submitted for review and approval by the Development Services Department, Planning and Engineering Divisions, and the City Attorney. The approved CC&Rs shall be recorded concurrently with the final map and a recorded copy submitted to the Director of Development Services. The following items shall be included in the final CC&Rs.

3.1.1. Reciprocal agreement to assure maintenance of all common areas, including landscaping, site access points and off-street parking areas, and to assure common ingress and egress between parcels. The intent of the CC&R's is to assure that the entire project is designed and maintained in a uniform and comprehensive manner.

- 3.2. A Homeowners Association (HOA) shall be formed for the maintenance of private facilities held in common ownership, such as project landscaping and maintenance, lanes, private parks, entries, community facilities and project lighting.

**3.3. Special Affordable Housing Overlay Conditions:**

3.3.1. As a condition for the approval of a density bonus and additional incentive or incentives, the applicant shall agree to enter into a density bonus agreement with the City in a form approved by the

City Attorney and consistent with the requirements of Government Code section 65915 and other applicable state law. The City Manager is authorized to execute the density bonus agreement on behalf of the City. The executed density bonus agreement shall be recorded on the parcel or parcels designated for the construction of qualifying units, or donated for the purpose of constructing qualifying units. The approval and recordation shall occur prior to final map approval. The density bonus agreement shall be binding upon all future owners and successors in interest.

3.3.2. Since the project is utilizing the Affordable Housing Overlay component, the applicant shall enter into an Affordable Housing Overlay agreement with the City in a form approved by the City Attorney. This agreement may be combined with the density bonus agreement in the discretion of the City Attorney.

3.3.3. All fees, including City Attorney fees, associated with drafting and negotiating the density bonus agreement and Affordable Housing Overlay agreement shall be paid by the developer.

**4.0 PRIOR TO THE ISSUANCE OF A BUILDING AND/OR GRADING PERMIT:**

4.1. The developer shall pay development impact fees at the established rate, pursuant to Government Code Section 66007, the applicant shall make payment of fees at the time of impact. Additionally, all applicable fees shall comply with the fee protections established under the Senate Bill No. 330. Such fees may include, but not be limited to, new construction fee, park or open space fees, school fees, drainage fees, sewer fees, building permit and plan check fees

4.2. Comply with the City's "New Home Construction" Ordinance.

4.3. Revised plans, incorporating all conditions of approval, shall be submitted for review and approval by the Director of Development Services.

4.4. All plans shall be coordinated for consistency.

4.5. The developer shall submit one set of structural plans/construction documents. Said plans shall include one set of structural calculations, one set of Title 24 energy calculations, and one soils report. The developer shall also submit the above documents in digital format to the Building Division once approved prior to building permit.

- 4.6. A construction-phasing plan shall be submitted to and approved by the Deputy Director of Development Services prior to building permit issuance. This plan shall show which homes will be completed in which phases, and how each completed phase will be closed off from phases under construction so as to minimize conflict between construction vehicles, construction equipment, employees and residents, as applicable.
  
- 4.7. A construction management plan shall be submitted for review and approval by the Director of Development Services. The plan shall coordinate and address construction activities that may impact residents and/or surrounding businesses on site and in adjacent areas. Elements of the plan would contain, but not be limited to, the following:
  - a. Routing of construction equipment
  - b. Hours of operation
  - c. Dust control
  - d. Vector control
  - e. Vehicle, equipment, and personnel staging
  - f. Pre-construction meetings
  - g. Contractor/subcontractor acknowledgement, obligations, and penalties
  - h. Traffic control and coordination
  - i. Security and interim fencing
  - j. Signs posted on the site with a contact number for the job site construction manager and the City's Code Enforcement Division. Signs shall measure at least four feet by eight feet and shall be posted along every street frontage. The developer shall contact the City immediately upon any change in contact numbers.
  
- 4.8. A precise wall plan indicating the design, location and construction details of all walls and fences shall be submitted for review and approval by the Planning and Building Divisions. All perimeter and street-facing walls, including retaining walls, and pilasters shall be decorative in nature and shall comply with Chapter 20.10.080 of the Chino Municipal Code.
  
- 4.9. Prior to the issuance of any precise grading permit, detailed on-site landscaping and irrigation construction drawings along with a copy of the Planning Commission approved conceptual landscape plans and a copy of the conditions of approval shall be submitted for review and approval by the Director of Development Services. A grading permit will not be issued until the City's outside plan checker has completed one review of detailed landscape and irrigation plans for the development. Payment of the Landscape & Irrigation Plan Review Fee shall be due at the time of submittal. Plans shall be prepared to comply with the City's Water Efficient

Landscape Ordinance, adopted on October 6, 2015, Ordinance No. 2015-008, meet the requirements for a Landscape Documentation Package in accordance with Section 20.19.030 of the Landscape Ordinance, and shall bear the seal of a landscape architect registered with the state of California. If the site includes areas proposed to be placed within a City-maintained Landscape Maintenance District, plans shall be prepared on City of Chino, Engineering Division base sheets, and shall bear the seal of a landscape architect registered with the state of California. Original mylars shall be submitted to the City upon approval of plans by the City Engineer.

- 4.10. All ground-mounted utilities, including but not limited to cable television facilities, and telephone/fiber optic facilities, shall be undergrounded. Equipment that is not placed underground such as SCE transformers, backflow prevention devices, irrigation valves and controllers used for common landscape areas shall be placed in areas out of public view and sufficiently screened. The location and method of screening of said utilities shall be reflected in a plan and shall be subject to the review and approval by the Director of Development Services.
- 4.11. All electrical panels and cabinets shall be completely screened. All electrical panels and cabinets shall be fully enclosed and integrated into and architecturally compatible with the building to the satisfaction of the Director of Development Services. The locations of the electrical panels and cabinets shall be reflected on a site plan and elevation(s) to be reviewed and approved by the Director of Development Services.
- 4.12. Prior to the issuance of a building permit, the approved grading plans shall be attached to the construction plan set. The project shall be built according to the plans approved by the Planning Commission on May 20, 2026, as prepared by KTG Architecture and Planning and C&V Consulting, Inc. Any substantial modification to the project shall require Planning Commission review and approval. If minor in nature, the modification may be reviewed and approved by the Development Services Director.
- 4.13. Upon submittal of construction drawings to the Building Division for plan check review, all departmental conditions of approval for the project shall be included on the sheet following the title sheet, or the first sheet of the plans. A site plan shall also be attached to all sets of construction drawings. This condition shall be a minimum requirement for acceptance of construction drawings for the Building plan check review.

4.14. Mailboxes shall not interfere with free ingress or egress to the project site. The applicant shall contact the U.S. Postal Service to determine the appropriate type and location of mailboxes. The location and design of mailbox standards shall be indicated on the required landscape and irrigation plans. The design of the mailboxes shall be subject to the review and approval of the Director of Development Services.

4.15. **Special Conditions:**

4.15.1. A Water Quality Management Plan shall be prepared in accordance with County of San Bernardino requirements and submitted for review and approval by the City.

4.15.2. Approval of the conceptual landscape plan by the Planning Commission does not constitute final approval. The final landscape approval (during the plan check process and/or following installation) shall be subject to the review and approval of the City's Landscape Architect Consultant and the Director of Development Services. The City Landscape Architect or Director of Development Services may require additional/fewer trees, shrubs, vines, and ground cover as necessary, based on final site conditions during the landscape plan check process or field review process in order to mitigate any site conditions that were not apparent during either the Planning Commission review or plan check review process provided such changes remain in substantial conformance with the approved conceptual landscape plan.

4.15.3. Along the project's southern boundary adjacent to the existing single-family residences where landscape areas are available outside of the private yard spaces of each unit, the applicant shall install and maintain a continuous row of vertical landscape screening, consisting of Podocarpus or a comparable species of similar size. Plantings shall be spaced to form an effective visual screen and shall be capable of reaching a minimum height of ten (10) feet at maturity to provide adequate buffering. Final landscape design, including plant selection and spacing, shall be subject to the review and approval of the Director of Development Services.

4.15.4. Provide sufficient permanent landscape material at building entries and at garages, with particular emphasis on entries located between garage doors. Container or potted plants shall not be considered as meeting this requirement. All landscaping

shall be in substantial conformance with approved conceptual landscape plan.

- 4.15.5. The existing walls and fences along the project's southern shared boundary shall be removed, subject to the consent of all affected property owner(s). If unanimous consent is not obtained and any portion of the existing wall remains resulting in a double wall condition, the developer shall provide a continuous, durable seal between the walls to prevent the accumulation of water, debris, and other materials. Additionally, the applicant shall provide mailed notice to adjacent residential property owners to the south and west at least 30 days prior to constructing any perimeter wall and submit a copy of the notice to the Development Services Department. If the wall is proposed to be constructed on the property line between the properties, that applicant shall obtain approval by the residential property owners, to the satisfaction of the Building Official.
- 4.15.6. A detailed on-site exterior lighting plan shall be submitted for review and approval by the Director of Community Development. Plans shall be designed pursuant to Chino Municipal Code Section 20.10.090 (*Outdoor Lighting*) and shall indicate fixture design, illumination (photometric), location, height and method of shielding, so as not to adversely affect adjacent properties.
- 4.15.7. The applicant shall install light standards that shall be architecturally compatible with the exterior building design and color. Special consideration shall be given to the lighting along the south and west property boundaries to mitigate potential impacts to the adjacent residential properties, to the satisfaction of the Development Services Director.
- 4.15.8. Prior to building permit approval, the applicant shall prepare and submit a parking management plan to the Director of Development Services for review and approval. The plan may include, but is not limited to provisions such as requiring homeowners to utilize garage parking, conducting inspections of garage spaces, issuing guest parking permits, and establishing enforcement measures, penalties, and towing procedures. Upon City Approval, the applicant shall incorporate the approved parking management plan into the CC&Rs.
- 4.15.9. The buildings with balconies that side onto the south property line shall be designed and constructed to prevent direct views into the

rear yards of adjacent residential properties. No balcony openings, doors, or guardrails shall face the south property line. A solid wall shall be provided along the south side of each balcony, subject to review and approval by the Director of Development Services.

**5.0 PRIOR TO START OF CONSTRUCTION:**

- 5.1. A pre-construction meeting, scheduled with the Building Division, shall be held with all applicable City staff members, developer, contractor, superintendent, and all subcontractors prior to start of construction.
- 5.2. The approved construction management plan shall be distributed to all contractors and subcontractors and shall be maintained on-site through the duration of construction.
- 5.3. The applicant is required to contact the West Valley Mosquito and Vector Control District to determine if an inspection or field survey of potential vectors and their ectoparasites is necessary. If the District so determines, an inspection or field survey shall be conducted by the District, at the applicant's expense, prior to demolition or grading in order to protect the health of and reduce the risk of neighboring residents to vector-borne diseases. Based on the inspection or survey results, the applicant shall take appropriate vector control methods as recommended by the District.

**6.0 PRIOR TO THE ISSUANCE OF A CERTIFICATE OF OCCUPANCY:**

- 6.1. Detailed landscape and irrigation plans for the development shall be approved by the Director of Development Services. The fee for review of these plans by the City's outside plan checker shall be paid by the developer, including the City's Landscape & Irrigation Plan Review Fee.
- 6.2. All landscaping and irrigation shall be installed in accordance with plans on file with the Development Services Department, and irrigation systems fully operational. Furthermore, all landscaped areas shall be free of trash and debris.
- 6.3. A licensed landscape architect or contractor, or other licensed certified professional in a related field shall conduct a final field inspection and shall prepare a certificate of completion, which shall be filed with the Director of Development Services. The certificate of completion shall be prepared in accordance with Section 20.19.030.J of the Landscape Ordinance, and shall specifically indicate that plants were installed as specified by the landscape design plan, that the irrigation system was installed as specified

by the irrigation design plan, and that an irrigation audit has been performed. All landscape and irrigation audits shall be conducted by a landscape irrigation auditor. Landscape audits shall not be conducted by the person who designed the landscape or installed the landscape.

- 6.4. A landscape maintenance program for the entire project site shall be reviewed and approved by the Director of Development Services. The maintenance program shall include general landscape maintenance provisions for pruning, trimming, the replacement of any dead, decayed, or diseased vegetation, ongoing weed abatement, and replacement/repair of the irrigation system, when necessary. The landscape maintenance program shall be included with the contract with the landscape maintenance company to ensure they implement the maintenance program. In addition, the maintenance program should include provisions for periodic inspections to ensure the irrigation system is working properly, and all landscaping is being properly maintained.
- 6.5. To minimize damage to paved areas due to tree root growth, trees located within five (5) feet of any paved surface area shall be provided with root barriers unless it can be demonstrated, to the satisfaction of the Planning Division, that the root growth characteristics of the type of tree proposed does not warrant their installation.
- 6.6. A 6-foot-high decorative masonry block wall shall be constructed along the west and south perimeter of the tract and at all street side yards on the interior of the tract. Furthermore, decorative fencing and walls shall be installed along the front property line and around all private yard areas for each unit as defined by and in accordance with the project's fence and wall plans with appropriate gates for rear yard access. All gates shall utilize decorative materials to tie in with the architecture of the adjacent unit and shall be steel-framed with a seal coat to protect against weather depreciation.
- 6.7. All residential units shall have Category 5e wiring or similar data-transfer/network wiring system installed throughout the unit, including the kitchen, bedrooms, and office/tech centers.
- 6.8. Prior to issuance of a certificate of occupancy for the final unit, any temporary sales and/or construction office buildings/trailers shall be removed from the site.
- 6.9. Air conditioning condenser units shall be placed in areas out of public view or shall be sufficiently screened subject to the review and approval by the Director of Development Services..

6.10. In order to inform new homeowners of various impacts they may experience, the applicant is required to provide the following disclosure notices. Every homeowner shall sign these notices, acknowledging that they have reviewed and understand their contents, and copies of the signed notices shall be provided to the Planning Division prior to the issuance of a certificate of occupancy for each respective unit:

6.10.1. Notification of the existing land use, zoning and general plan land use designation for properties within 1,320 feet of the proposed subdivision shall be presented to all customers and future homeowners. The notice, as well as posting and signature requirements, shall conform to Sections 15.40.020 and 5.04.220 of the Chino Municipal Code.

**7.0 ENVIRONMENTAL REQUIREMENTS & MITIGATION MEASURES:**

7.1. A preconstruction survey shall be conducted no more than 72 hours prior to ground disturbance including clearing, grubbing or grading of the site to ensure that no burrowing owls are occupying the project area.

**8.0 OTHER REQUIREMENTS:**

8.1. All existing buildings or structures on the project site that are proposed to be demolished shall be removed or razed prior to issuance of a grading permit. The Director of Development Services may approve an extension of time to complete the demolition, based on evidence that the applicant has exercised reasonable progress.

8.2. The project site shall be cleared of all trash, debris, weeds, and other discarded items in compliance with CMC 8.50.040.

8.3. All signs, including subdivision and/or realty signs proposed for this development shall be designed to conform to the Sign Ordinance and shall require separate application and approval by the Planning and Building Divisions prior to installation.

8.4. All building drainage gutters, down spouts, vents, etc., located on the exterior walls shall be architecturally compatible with the exterior building design and color, to the satisfaction of the Director of Development Services, or shall be completely concealed from view.

8.5. Any revision to plotting and/or elevation changes for residential projects shall be subject to review and approval by the Director of Development

Services. If the proposed revisions are substantial, then the Director may require that the Planning Commission review and approve them. To ensure that the appropriate variation of units is maintained, the applicant shall, at a minimum, submit a revised colored site plan, a table identifying the revised unit count, and an exhibit showing the revised streetscene(s). Additional information may be required depending on the nature of the changes.

8.6. The community open space area with play equipment shall be fully constructed prior to occupancy of any residential unit within Tract 20794. A 30-day time extension may be permitted subject to approval by the Director of Development Services.

8.7. **Special Conditions:**

8.7.1. Special landscape features, such as raised planters, boulders, rockscapes, pavers and intensified landscaping, shall be provided where new local streets intersect with existing arterial or collector streets for the purpose of defining the neighborhood entry. Furthermore, special landscape features shall be provided at Riverside Drive, in accordance with the landscape plans.

8.7.2. Stone, brick, and other masonry veneers, where used, shall be applied to within four inches of the finished grade.

8.8. **Phased Projects:**

8.8.1. All required street improvements and a minimum of 10 feet of landscaping on private property shall be installed in conjunction with the construction of Phase 1 of the proposed project. The landscaping within this area shall be included in the landscape maintenance program, which shall be provided pursuant to Condition No. 6.4.

8.8.2. Prior to the first occupancy permit, all undeveloped building pads shall be improved according to the following requirements:

8.8.2.1. For an undeveloped building pad located adjacent to the street or main drive aisle of the site, the area shall be landscaped with a planting scheme consisting of a low-maintenance drought tolerant erosion control mix of Cucamonga brome (20 lbs /acre), tomcat clover (4 lbs/acre and small fescue (8 lbs/acre) at a minimum of 85 percent PLS (pure live seed). The irrigation system

shall consist of low precipitation sprinkler heads and/or drip system. In addition, shrubs may be required to provide screening from the street, if determined needed by the Director of Development Services. Said treatment shall be incorporated into the required landscape and irrigation plans, and the landscape maintenance program, as required by Condition No. 3.14.4.

- 8.8.2.2. For a larger phased area located on the interior of the site, a construction fence/green screen may be provided in lieu of the landscape treatment. The fence shall be maintained in good condition at all times.
- 8.9. All new residential development shall comply with the mandatory measures contained in Chapter 4 of the California Green Building Code and the selected voluntary measure contained in Appendix A4 and identified in Section 15.45.030 (Residential Development) of the Chino Municipal Code.
- 8.10. Consistent with Section 15.45.050 (Model Homes) of the Chino Municipal Code, at least one model home/unit for each residential development shall offer and display energy-saving options and signage identifying standard and optional features that contribute to the overall efficiency of the home. Handout materials shall be made available in the model home describing the optional features, including costs, benefits, energy savings, etc.
- 8.11. Per Section 15.45.070 of the Chino Municipal Code, demonstrate consistency with the Chino Climate Action Plan by implementing one of the following three options:
  - a) Exceed the mandatory California Energy Code Title 24, Part 6 standards in effect at the time of application submittal by 5%; or
  - b) Achieve an equivalent reduction through voluntary measures in the California Green Building Standards Code, Title 24, Part 11 (CALGreen) in effect at the time of application submittal; or
  - c) Provide other equivalent greenhouse gas (GHG) reductions through measures including but not limited to, non-vehicle transportation infrastructure, transit, ZEV (zero emission vehicle) infrastructure or other incentives, waste diversion, water conservation, tree planting, renewable energy option packages, or any combination of these or other measures such that GHG emissions are reduced by 0.74 MT CO<sub>2</sub>e per residential dwelling unit per year and/or per TSF of commercial/industrial use per year.

Applicants that choose Option a described above will be required to verify that their project meets the 5% improvement above the mandatory standards through the appropriate certificate of compliance form for residential construction (CF-1R) or for commercial/industrial construction (PERF-1C). Applicants that choose Options b or c described above will be required to utilize the GHG Performance Standard Checklist developed by the City, or provide other valid documentation, such as CalEEMod or other methodologies, as verified by the Director of Development Services to demonstrate the required GHG reductions consistent with the City's CAP.

**9.0 CONSTRUCTION SITE SECURITY:**

- 9.1. Each site shall be completely encircled by a minimum 6' tall security-quality chain link fence once precise grading has been completed or as determined by the Deputy Director of Development Services.
- 9.2. Tennis court or similar screening material shall be securely attached for the length of the fence, excluding gates and 10' on either side of gates.
- 9.3. Each site shall have only one entry/exit gate, or as approved by the Planning Division.
- 9.4. Gate hinge pins shall be spot-welded or altered in such a way as to prevent easy removal.
- 9.5. Each gate shall have a casehardened lock and chain, or other equivalent security hardware.
- 9.6. "No Trespassing" signs shall be attached to the exterior of the fence at a minimum distance of a third of a mile and at all entrances.
- 9.7. On or near the exterior of each gate will be a sign with the address of the site in no less than 6" letters. Both the number and street name will be listed on the sign. The address posted will be used for the entire site until the fence is removed and individual addresses assigned.
- 9.8. Office trailers and tool bins shall be placed adjacent to gates inside the property to allow observation from outside.
- 9.9. Lighting on trailers and bins is desirable but shall be directed into the property so as not to impede outside observation or endanger nearby traffic with glare.

- 9.10. Tool bins shall be secured with casehardened locks, preferably with lock guards.
- 9.11. A sign stating that theft is not acceptable on the site and will be reported to the police, or wording to that effect, will be displayed prominently near each entrance.
- 9.12. Each site will have an assigned Crime Prevention Manager who is responsible for the following:
  - a. Providing his/her name and 24-hour telephone access number to the Chino Police Department.
  - b. Have available at all times the names and 24-hour contact numbers for all subcontractors.
  - c. Have the authority to speak for the development/owners on matters concerning trespassing and other criminal matters.
  - d. Complete routine fence inspections and arrange for prompt repairs or removal of any damage, graffiti, or loose screening.
  - e. Ensure that no work or maintenance of construction equipment is being performed on the site between 8 p.m. and 7 a.m.
  - f. Ensure that all above security requirements are complied with, and that all security hardware, fencing, and lighting are maintained in working order.
  - g. Ensure that thefts are immediately reported to the police department and that reasonable steps are taken, if evident, to prevent future similar incidents.
