Subject: [EXT EMAIL] City Regarding Fireworks

Dear Counsel,

Last 4th of July, Neighbors using Illegal and legal FIREWORKS, caught my bush on fire, big time (see Pics attached), Fire Dept. and Police came and did a report. My neighbor compensated me 300 dollars, but not nearly enough to cover a 28 year old Golden Arborvitaes.

I would really wish, ask, that Chino STOP allowing fireworks, not only the fire danger, but ALSO all the mess that is left in the streets. If Chino continues to allow this, maybe they should cover All the costs involved with damage and clean up. Every year I always have to clean up the streets around my house.

Why does Chino have to Burden to Firework Mess.

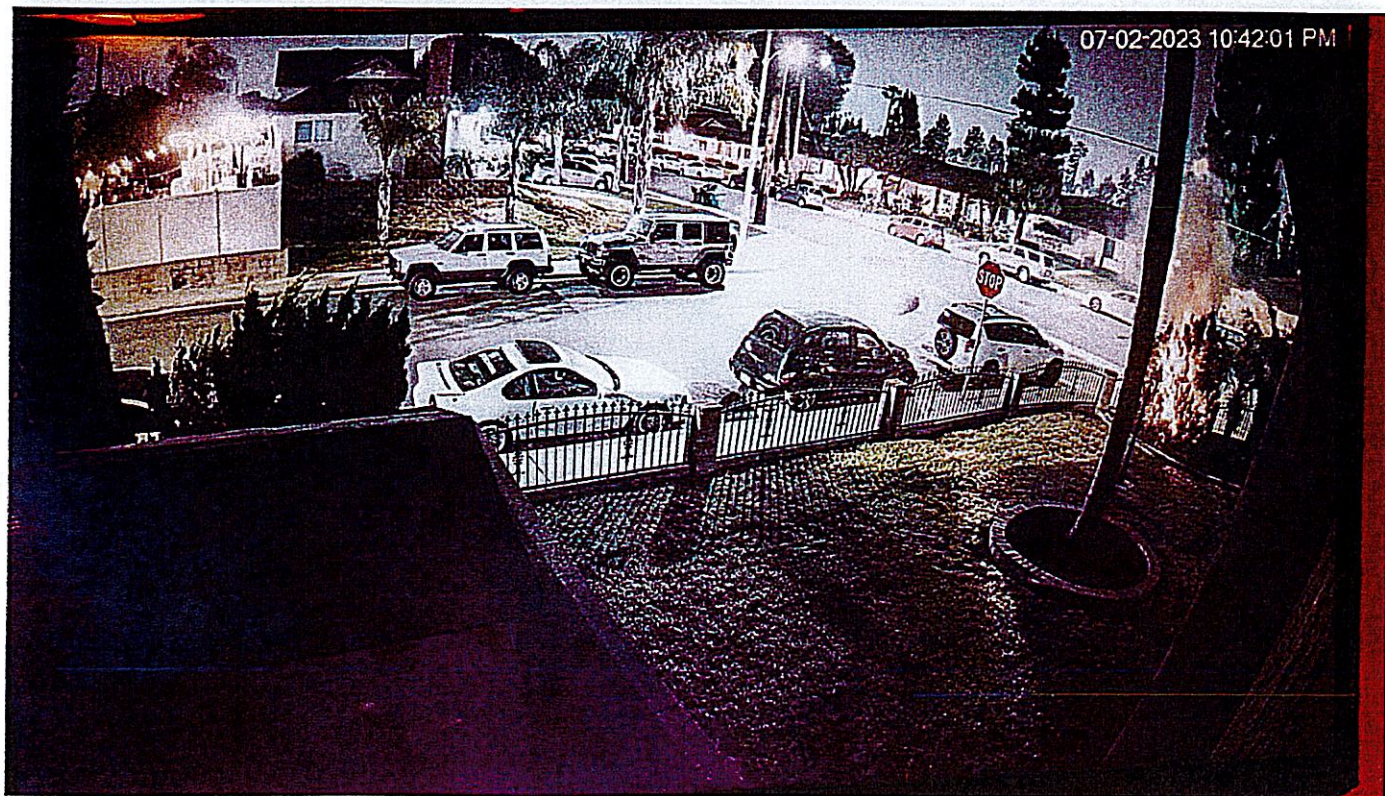

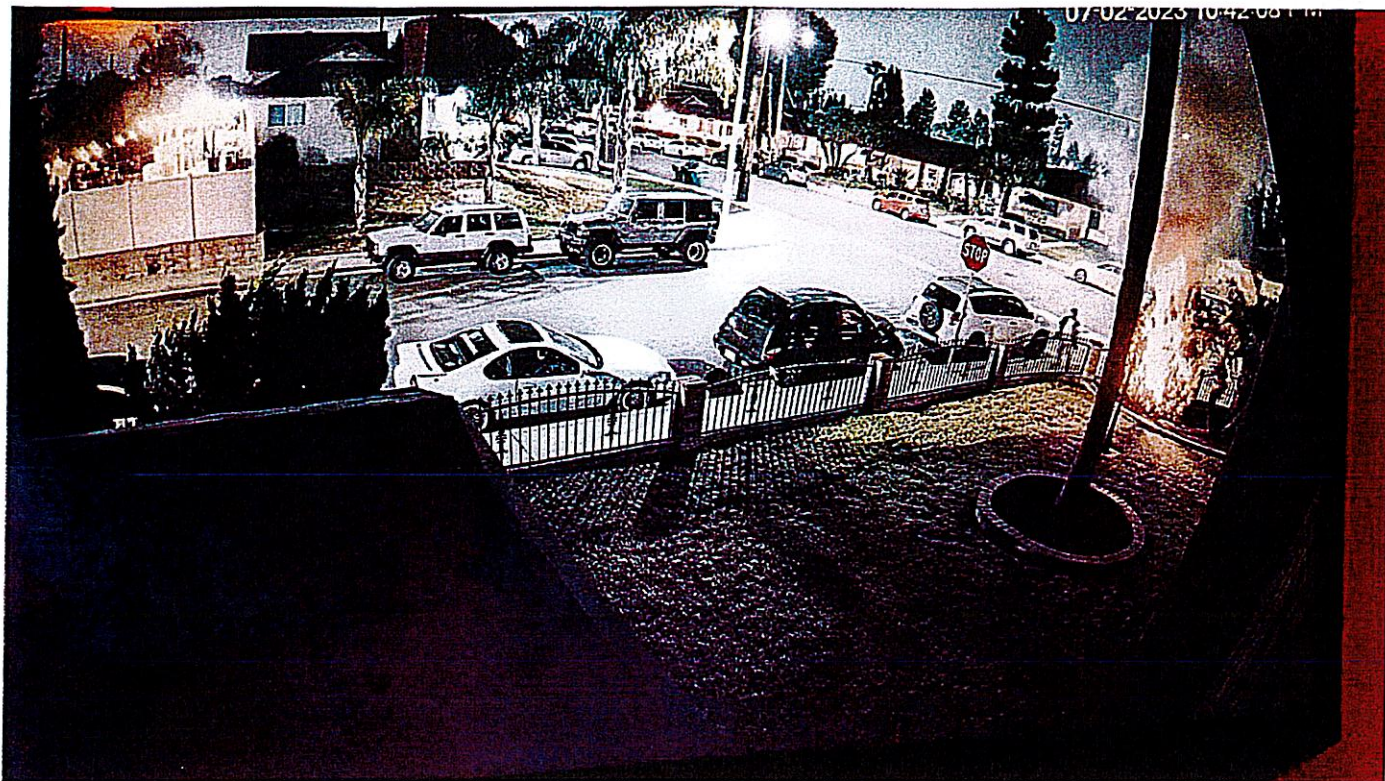

- Thanks,

Gary Leonardo

Subject: [EXT EMAIL] Illegal fireworks being blown off after the Fourth of July

Dear Mrs Ulloa,

I have made multiple phone calls to the Chino police department as well as emailed app. I live on Chino Avenue between Oaks and Magnolia. It sounds like a war zone here every single night and it goes on until the sunrise is getting out of control and something needs to be done. Alarms are constantly going off. I believe that the fines for this illegal fireworks need to start reflecting like Moreno Valley where they're charging \$3500 in citations for illegal fireworks. I am pleaing with you to see if you can help with the situation. It is every night starting with a week before the Fourth of July and until now it is 12:38 AM and I'm still hearing what sounds like bombs are going off loud bombs. I look forward to your response to see what you can do to help out in this matter.

Sincerely,

Carmella
